## Chapter 76

After unplugging the data cable, Saul could no longer hear what Selena was saying, so he could only tell that she was telling Daniel to go back.

After hearing my brother's ruthless reply, I immediately screamed in my heart: Don't! Why is it even useless for Selena to go out! Could it be that God is going to kill me?

Selena's voice was softer, "But, if I take Rick alone, I don't know what to do. What if something unexpected happens? Rick definitely wants you to come back together! Come back, okay? Okay? ?"

Daniel was silent for three seconds, then said, "Okay, I'll be right back."

Saul was stunned for a moment, and then suddenly felt that he was illuminated by radiance, and he was about to ascend to heaven!

My sister-in-law is mighty and domineering!

I knew she could do it!

I thought his brother was so stubborn, but it turned out that he was just being arrogant!

After hanging up the phone, Daniel said two words: "The meeting is over."

Everyone below looked at each other in blank dismay, and couldn't believe that they escaped like this!

Saul snorted proudly, thank me for everything, I called the savior, you are all thanks to me!

As soon as the meeting ended, Saul was surrounded:

"Second young master! Did we hear wrong just now? There is a woman calling Mr. Lu!"

"Then who is calling? You can call Mr. Lu away from the meeting!"

"That's right! Isn't there someone around Mr. Lu? Which daughter is it? Second Young Master, please reveal it!"

...

Saul stared at them vigilantly, "What are you doing! Everyone is asking me who has any intentions? Want to hug my thigh? Impossible! My future sister-in-law's thigh can only be hugged by me alone! Don't even think about it!"

Everyone: Can't they just hug their toes?

...

In the corner of the film and television city, Selena hung up her phone with a sense of relief.

It's finally done...

It's okay now, right?

She is really selfless in things that obviously have nothing to do with her!

Just as he was about to leave, the phone rang, and it was Saul calling again.

"Second Young Master, what's the matter? Isn't it okay?"

"No, no, Selena, your beauty trick is really great! The crisis has been resolved perfectly!"

When Selena heard it, her face turned dark, "What kind of beauty trick! I used it so well that it was a trick to divert the tiger away from the mountain, okay? Do you have any culture!"

"Short oil! I understand, I understand! That's it, I'm dead! I'll treat you to dinner next time!"

Looking at the dead phone, Selena was speechless.

What does this guy know?

"Selena, what are you doing hiding here? Going to eat!" Louis came looking for him at some point.

Selena looked around anxiously and nervously, making sure that no one around her saw him coming looking for her, and then she relaxed. She leaned wearily against the big red palace pillar behind her and said, "Go and eat, I have something tonight, so I probably won't be able to go."

"What?" Louis's face immediately changed when he heard the words, "This is my reception, and I'm your CP! Why don't you come?"

Selena squeezed her brows, "I know, I know, I'm wrong about this, but I do have something very important today, next time I invite you alone, okay?"

"Not good!" Louis was not moved by her at all, and then he scanned her sharply, "What important matter do you have, who are you going to see tonight?"

Selena's tone was low when she heard the words, "Who I'm going to see doesn't seem to have anything to do with you, does it?"

As soon as he finished speaking, Louis's expression turned extremely ugly, "You're going to see Daniel, aren't you?"

## Chapter 77

Louis's torture-like tone made Selena frowned uncomfortably, "So what if you are? So what if you are not?"

Louis walked around violently, then stared at her, "Selena, you really don't want your life, even Daniel dares to play, aren't you afraid of playing with fire?"

"I'm happy to play with fire, can you control me?" Because she was dissatisfied with Louis's tone, Selena's attitude was not good either.

"You..." Louis almost ran away, and finally punched the pillar behind her, "Selena, I'm not trying to scare you, but I'm just kindly reminding you, otherwise you won't know how you died when the time comes! Don't you know? Do you know who Daniel is? Do you think he's the same as those dudes you used to hang out with?"

Selena rolled his eyes at him, "Do you think I'm an idiot? Of course I know!"

"I know you still..."

"What's wrong with me? Did you see me sleeping with Daniel or something?"

"You..." Louis gradually calmed down. In fact, he knew deep down that Selena couldn't be stupid enough to do such a thing, so he suppressed his anger, took a deep breath and said, "Then tell me, what is this?" What's the matter?"

Selena also felt that it was childish for her to argue with Louis, but seeing this guy was too much stimulated today, and her mood became irritable, and she exploded at once.

So he calmed down and explained to him, "I saved Rick before."

Louis looked slightly startled, "You saved Rick? What happened to Rick?"

"More than half a month ago, Little Treasure was taken to the bar by Saul. In order to escape the noisy crowd, he accidentally hid in the warehouse and was locked up by unsuspecting staff..."

The corners of Louis's mouth twitched slightly, "Take Rick to the bar? It's like what my unreliable second uncle did. And then? What does this have to do with you?"

"Didn't I come to audition for "The World" at that time, Janice locked me in that warehouse in order to prevent me from auditioning..." Selena briefly explained what happened afterward.

Louis listened patiently, "Okay, I understand, you only met Daniel because you saved Rick, then the next thing should be that the Lu family will give you a sum of money as a thank you, then ga-over, parting ways! Why? You still have contact with Daniel? You still live in his house!"

Selena omitted the part where Daniel proposed to give her body, "Because Rick was surprised, I rescued him and he was very dependent on me, so Daniel asked me to live in the Lu residence until Rick was emotionally stable. Serve as Rick's tranquilizer at any time, understand?"

Hearing this, the angry expression on Louis's face finally dissipated slowly, but he was still a little nervous, and muttered, "Are you sure it's just because of this? How many women want to marry into the Lu family, and now you are close to the water, and you are the first to get a month? Nothing extravagant?"

Selena raised her eyebrows, and said quietly, "If you want to talk about unreasonable thoughts, I have a lot of unreasonable thoughts about Rick. He is so cute. I really want to take him home and be my little lover!"

Louis glanced at her speechlessly, stroked his forehead, and said, "Anyway, you'd better not have any thoughts that you shouldn't have, the wealthy family is not what you imagined!"

Selena sneered, "Do you know what the wealthy family in my imagination is like?"

What she hates the most are those so-called upper-class circles, where hypocrisy and pretentiousness are all wearing false masks...

After finally leaving the Ning family, how could it be possible to jump into the fire pit again?

## Chapter 78

Seeing Selena's disgusted expression, Louis heaved a sigh of relief. He knew Selena well and knew that what she hated most was being restrained.

The background of the Lu family is probably as terrifying to her as a scourge...

"Okay, you're done asking, now it's my turn to ask you?" Selena crossed her arms and stared at him.

Louis shrugged, "What do you want to ask?"

"Didn't Daniel only have one younger brother and no sisters? Where did the nephew come from?" Selena asked.

Louis lit a cigarette, and said slowly, "I have no blood relationship with the Lu family, because my grandparents are family friends with the Lu family. They were adopted by the Lu family when my mother died in a car accident when I was very young. My mother recognized her as a foster daughter, so according to my seniority, I have to call Daniel uncle!"

"So it's like this..." Selena gave him a dissatisfied glance, "Quit smoking! Don't hook me!"

"Why quit smoking?" Louis frowned.

"Do you need a reason to quit a bad habit?"

"At the beginning, I don't know who told me that if you drink today, you will be drunk today, if you have cigarettes, you will smoke today, and those who quit drinking and smoking are all idiots..." Louis choked out his cigarette while complaining, "I can tell you I've told you everything, do you have anything else to ask?"

"Of course, yes!" Selena gritted her teeth and stared at him, "Tell me honestly, why did you take on the role of Sun Huanqing? Not only is it the male lead, but it's not the role you usually like to take at all!"

The implication is that this guy came to punish her on purpose!

Louis looked innocent, "What's wrong with me taking on the lead role? Who stipulated that I can't take on the lead role? What's wrong with me taking on Sun Huanqing? I want to change my way of acting and challenge myself, can't I? Always try one style more Boring? Didn't I perform well today? How happy you are to tease me!"

"I'm happy about your size!"

Tomorrow at the latest, she will cry...

"Okay, I won't talk to you anymore, I'm going back, I promised Rick that I will accompany him to eat hot pot today." Selena anxiously glanced at the time on her phone.

Louis looked unhappy, "Is my uncle also with me?"

"Of course we're together. I don't dare to take Rick out alone. If anything happens, whoever is to blame!"

Louis was so angry that he couldn't help but say, "You still know? Rick is the lifeline of the whole Lu family, especially the second elder, who hurts like an eyeball. If something goes wrong, I will bury you alive Anything is possible! Why do you insist on taking this hot potato?"

Selena was unhappy when she heard it, "What nonsense are you talking about, what a hot potato, my little treasure is so cute!"

Louis sneered, "I think you've been dazzled by someone's beauty! As soon as someone begs you, you forget everything!"

Selena told him impatiently, "It's done, stop talking, okay? Do I dare not agree to the request of the Great Demon King Lu? Would you dare to do it for you? Look at what you're afraid of, you're so afraid of me Become your aunt?"

"Uncle...Mom..." Louis was overwhelmed with pain by the word "aunt" and couldn't speak anymore.

"Good boy!" Selena patted someone's dog's head, took advantage of it, and ran away.

After taking her bag and explaining to the director and others that she had something to do and couldn't attend tonight, Selena said goodbye and left.

Looking at the back of the girl leaving in a hurry, Louis's face was covered with a thick layer of frost.

## Chapter 79

After work was over, Jia Qingqing finally found an opportunity to show her hospitality, and what was even more perfect was that Selena was not around, so she shyly approached Louis, "Brother Louis, where should we go to eat? How about going to Baichuan Hotel for seafood? My father is a member there, and he can directly enter the box when he goes there!"

Louis stretched out in disinterest, "Forget it, I'm too tired today!"

Jia Qingqing became anxious when she heard that, "Ah? But today is your first day on the set, so you should eat this meal!"

Louis's expression darkened when he heard this, "Who stipulated that you must eat on the first day? If you want to eat so much, go eat your own!"

In fact, everyone knew that Louis's temper was not very good in private.

When he is in a good mood, he will have a good temper. If he is in a bad mood, then...

But now, the little ancestor is obviously not in a good mood.

Jia Qingqing was rushed, and her eyes turned red on the spot, "I just think it's polite, brother Louis, why do you say that..."

What the hell, who is your brother Makino?

Louis was annoyed for a while, and was about to explode when Guo Qisheng, who was next to him, saw that the situation was not good, he made a timely rescue and said, "Let's try another day, Louis is really tired today. He should have had a rest on the first day to familiarize himself with the environment." , I didn't expect to shoot several scenes directly. Everyone go back to rest early today, and there is no rush for dinner!"

"Okay then..." After getting down the stairs, Jia Qingqing nodded reluctantly, and at the same time hated Selena again in her heart. She blamed Selena for taking over Brother Louis all day and making him so tired. He didn't even want to eat!

Jia Qingqing lowered her head and flipped through a few photos in her phone's album secretly, with a malicious smile on her lips.

Selena, just wait and see, I will definitely make you pay the price!

...

Lu house.

"Baby, I'm back!" As soon as she got home, Selena's exhaustion from the day was immediately swept away.

As soon as Rick heard her voice, he ran over to greet her, holding a glass of cold juice in his hand.

"Baby, you are so caring! I love you!" Selena took it over and gulped it down, then said happily, "Come on, come on, Auntie will take you to change into cute clothes, we're going out to eat later It's hot pot!"

Rick, who used to go to the attic as soon as he heard that he was going out, let Selena lead him up the stairs submissively and well-behaved.

In the bedroom, she let her try on clothes for him one by one.

"This one is too plain, this one is too dull, this one is too boring... My God! Who bought these clothes for you? What aesthetics! No need to ask, it must be your father! Did he forget Are you five instead of thirty-five?"

Selena searched while complaining, and finally found a satisfactory one from the bottom of the cabinet, "Wow! This is cute!"

A small white short-sleeved shirt with a hood, two long rabbit ears hanging from the hat, paired with overalls, and a big pocket on the overalls, like a Jingle cat.

"Look at the style, this must have been bought for you by your second uncle! Your second uncle is quite reliable in this regard, children should wear some cute and lively clothes!" Selena thought to herself She nodded in satisfaction, and then asked, "Baby, how is it? Do you like this one? If you don't like it, Auntie will find it for you again!"

Selena never forgot to seek Rick's opinion, although Rick always agreed with her every time.

Sure enough, Rick still nodded without hesitation this time.

So Selena cheerfully helped Rick change into his clothes.

## Chapter 80

After helping the little bun change, Selena also went into the room to change clothes.

Coincidentally, she also had a dress that was very similar to Rick's, so she turned it out and wore it immediately, and then matched it with a pair of denim overalls.

After Selena changed her clothes and came out, Rick's eyes lit up as soon as he saw her.

He looked at Selena, then at himself, his little face was full of happiness and satisfaction, and he reached out to touch the rabbit ears on her hat, obviously very happy to wear the same clothes as Aunt Selena.

After the two were ready, there was the sound of a car engine at the door.

Daniel is back.

The outside temperature was as high as 30 degrees, but Daniel walked into the living room with a cold and proud expression as if he came from a glacier and snow field.

When his eyes landed on the two people on the sofa who were wearing similar clothes, as if they were wearing mother-child outfits, starting from his cold eyes, the whole person melted like a glacier...

Rick's outfit is naturally very cute. As for Selena, the cute bunny ears and age-reducing bib overalls make her look younger, and sitting side by side with Rick looks more like a sibling.

Seeing Daniel come back, Selena immediately stood up holding Rick, "We are both ready, can we go?"

Daniel nodded, his eyes lingered on the girl for a few seconds before moving away, "Let's go."

After getting in the car, Selena asked excitedly, "Hey, Daniel, don't you think our little treasure's clothes are cute? I searched for a long time before I found this one."

"Cute." Daniel replied, looking at the girl in the rearview mirror.

Selena was proud, "I'll just say it! I should buy more cute clothes for Rick in the future!"

"En." Daniel hummed, then took out a black card from his pocket, and handed it to her.

"What... what is this for?" Selena blinked, looking at the legendary unlimited overdraft black card that she had only seen online.

Daniel: "Buy."

Selena: "Uh..."

Didn't she mean it?

Why are you throwing money at people without saying a word?

Forget it, since I gave it all, let's go buy some more beautiful clothes for Rick later!

After arriving at the place.

Daniel got out of the car first, then opened the car door for the two of them in a gentlemanly manner, glanced at Selena and asked, "Can you?"

After getting along for a long time, Selena gradually got used to Daniel's curt way of speaking, knowing that he meant to ask her if there was any problem in appearing in public like this.

Selena scratched her head, "It's okay! Few people know me now, and I still dress like this!"

After speaking, he took out a pair of round amber frames without lenses from his bag and put it on, "That's all right!"

"En." Daniel nodded.

The three of them walked to the hot pot restaurant together.

Selena's estimation of herself was quite correct, indeed no one recognized her.

However, she forgot about Rick and Daniel.

The father and son are simply too eye-catching, especially when the elder and younger stand together, they almost kill all eyes.

In fact, Selena was also very eye-catching today, because she was pretending to be a parent with Rick.

"Ah! Look at the father and son over there, they look too handsome! The big ones are handsome and the little ones are cute!"

"The older sister next to her is so pretty too! This family is so handsome! Does Dad take the siblings out? Where's Mom?"

Hearing this sentence, Daniel's face darkened obviously.

Fortunately, the man next to the woman said at this time, "What kind of father brings siblings! Is that a family of three? That girl is obviously the man's wife and the child's mother!"

"No way! That girl looks very young!"

"What do you know? It's just a husband and wife. The way the man looks at the girl is different, okay? It's obviously the way he looks at his wife!"

...
