

Cruel Heart Lover Novel

Chapter 761

Late at night, Platinum Emperor Palace.

After Daniel sent Selena back to the apartment, he received a call from Mo Lingtian as soon as he got home.

The person on the other end of the phone knew that he had drunk a lot just by hearing the sound, and his words were a little unclear. Fei yelled and told him to go to his house to drink, and then only heard a "bang" in the middle of the yelling, and then there was no sound. , seems to have fallen.

Daniel frowned. He had no choice but to pick up the car keys and drive to Mo Lingtian.

As a result, as soon as he arrived at the gate, he saw Mo Lingtian lying on the snowy ground at the gate...

If he didn't come, he probably could just lie there overnight.

Daniel pinched the center of his brows and lifted him up.

As a result, as soon as Mo Lingtian was lifted up, he leaned on Daniel's body with his drunken mouth, "Ziyao...Ziyao..."

Before Mo Lingtian kissed him, Daniel said, "Are you courting death?"

Mo Lingtian woke up instantly when he heard the cold voice beside his ear, "Dmn it! Why is it you!"

Then he muttered with dissatisfaction, "Why don't I just k!ss you, as for the expression of a chaste husband...I'm not a woman..."

Daniel loosened his collar and helped him into the room impatiently.

Mo Lingtian lay on the sofa like a dead fish, staring blankly at the crystal lamp above his head, "Daniel, you know, I like Ziyao..."

Daniel glanced at him, but said nothing.

"Oh, this is nonsense... Back then I even did not hesitate to retire early because of her, because I was afraid that she would be robbed by you when I was not around, but the fact is that even if I stayed by her side all the time, even followed her Going abroad, she is still not mine..."

When Guan Ziyao went abroad with his family, he immediately went through the transfer procedures and stayed abroad for three years. He finally came back until his family urged him to die. During this period, he often went abroad to see her and never broke up with her. connect.

After finally surviving until she returned to China, what she got was complete despair.

Mo Lingtian rambled on for a long time, and finally looked at Daniel and asked, "Have you ever liked Ziyao? If there was no little rabbit, would you be with her?"

Mo Lingtian's expression was somewhat nervous.

"No." Daniel didn't hesitate at all.

Mo Lingtian squeezed his fists, "Really? Do you dare to say that you have never liked Ziyao? You are so compatible in every aspect!"

"Before I met her, I never liked anyone."

As for his feelings for Guan Ziyao, it was no different from his feelings for Mo Lingtian.

Mo Lingtian naturally knew that the "she" Daniel was referring to was that little rabbit.

"You guy, you are really cruel..."

Ziyao's gaze was on him from beginning to end, and she regarded him as her biggest rival in love, but in the end this guy was always an outsider...

However, Daniel's attitude gave him a vague hope.

While Mo Lingtian was in a daze, Daniel took out a palm-sized black leather notebook from his arms, threw it into his arms, then turned and left.

"What the hell?" Mo Lingtian casually picked up the notebook, opened it and read it.

In the next second, the eyeballs almost popped out, and the expression on holding that book was like holding a Bible...

It was densely packed with Daniel's vigorous and familiar handwriting.

As for the content, it actually pointed out the major misunderstandings he had made in the pursuit of Guan Ziyao over the years.

Nima, this guy is so silent, when did he get this thing done?

Of course, he doesn't think this guy is because of brotherly love...

Even the little rabbit's rival in love has been solved by himself...

It's so amazing...

"fcuk! Why didn't you remind me earlier!!!" In the villa, Mo Lingtian roared at the top of his throat...

Chapter 762

Today is Saturday, school is closed.

Rick woke up early, and went through all his clothes in a rummaging manner. It took him more than two hours just to look at the clothes.

Saul, who had come here earlier, leaned against the little bun's door and yawned, "Honey, why are you changing clothes slower than girls? Also, the post-it notes on your clothes mean something what?"

Every time Rick dug out a set of clothes, he would stick a post-it note on that set of clothes, and write numbers one after another on the post-it notes.

It makes people completely confused, unable to understand the brain circuit of this little guy...

Rick naturally ignored his second uncle, and continued to rummage through his clothes, posting post-it notes, and so on.

After another half an hour, the little guy finally chose a set of clothes with the largest number on the post-it note from a pile of clothes.

Seeing Rick change into a very handsome royal blue suit contentedly, the corners of Saul's mouth twitched, and he turned his head and said to his brother, "Brother, it is said that a woman's heart is in the bottom of the sea...but your little treasure's heart...is really... The needles of the Mariana Trench..."

Daniel glanced at the numbers on the clothes, and said calmly, "Those numbers represent the number of times Selena k!ssed him when he saw Selena wearing those clothes."

Saul: "..."

Very good... this is a little treasure...

He probably couldn't come up with this answer even if he racked his brains!

What made him even more speechless was that Daniel could understand everything...

It really is real...

After the little bun changed his clothes, he immediately ran to Papa, raised his head, looked at him with sparkling eyes, and said, Papa, I'm ready, I can go to Auntie Xiaoxi.....

Daniel looked down at his son, and said calmly, "I'll take you to grandparents' place today. Auntie Xiaoxi has something to do today."

Rick's small face froze for a moment.

A bolt from the blue...that's all...

"Pfft..." Saul laughed unkindly when he was amused by the little guy's expression, "Brother, you are really cheating on your son! It took him two and a half hours to change clothes and you said you were going there, right?" His beloved Aunt Xiaoxi? Is this any different from opening a New Year's gift bag happily, only to find out that it's a three-year simulated five-year college entrance examination paper?"

The little bun said that his young heart had been seriously hurt, and he turned around and was about to run into the house.

At this moment, Daniel said behind him, "Auntie Selena will come home with your master on the weekend tomorrow."

Hearing this, the little bun who had just said "I don't believe in this world anymore" immediately came back to life.

So, Daniel led Rick out so smoothly.

Before leaving, the three of them were about to get into the car, but Daniel suddenly stopped and said to the old butler behind him, "Uncle Yuan."

"Young master, what are your orders?"

Daniel: "Go and bring Rick's bear here."

"Bear...?" The old butler thought that Daniel had something to tell him, but he was at a loss.

In the end, under Daniel's order, the old housekeeper and two servants carefully tied the big bear that Little Treasure had won in a parent-child event to the car.

"I'm going! Brother, what are you doing here? Why do you take this big bear with you when you go back to the old house?" Saul stroked his forehead, and really felt that when he was with his brother, It was really a test of his intelligence.

Chapter 763

old house.

"Hmph, one or two, if I don't call to remind you, none of you will remember to come back, right?"

In the living room, when Lu Chongshan saw the two sons, he had an angry expression on his face, but when his eyes fell on the little baby Daniel was holding in his hand, the expression on his face suddenly became softer and gentler, "Here comes the little treasure!"

Yan Ruyi didn't notice the two sons at all, and went straight to Rick.

"Rick, I haven't seen you for so long, do you miss grandma?"

"Where's grandpa? Do you want grandpa?" Lu Chongshan immediately asked not to be outdone.

Since the last time Rick was seriously ill and had a high fever, they agreed to hand over Rick to Daniel and would not intervene. They hadn't seen Rick in the meantime, and they had already thought about it too much.

Little Treasure looked at his grandpa, then at his grandma, buried his head and wrote two words on the clipboard: Think about it

Two thought, one for grandma and one for grandpa, very fair.

The second elder looked at Rick's word "Thinking", and immediately felt better physically and mentally, which was more effective than taking a panacea.

At the dinner table, Lu Chongshan and Yan Ruyi kept adding vegetables to Rick, and Rick's bowl was already piled up into mountains.

At any rate, Daniel was occasionally asked a few questions about Rick's daily life, while Saul became completely transparent.

"Mom, let me tell you... What on earth did you call me back for? You haven't even looked at me since just now!" Saul said with a sad face.

Yan Ruyi smiled and stared at Rick, who was eating obediently, without raising her head, "I see what you are doing? What's so interesting about you!"

Saul: Is it really my mother? Dare to call him just incidentally?

What a son without a son... like a grass...

After dinner, Saul finally came in handy.

Yan Ruyi and Lu Chongshan asked Saul to take Rick to play in the yard, and then left Daniel alone.

The faces of the two elders are all not very good, and it is the expression of Xingshi asking for guilt.

Yan Ruyi said with a disappointed face, "Daniel, if Xinyan hadn't called us yesterday to tell us, how long are you going to keep it from us?"

"I just said that they shouldn't have softened their hearts and let them take Rick away, now it's over!" Lu Chongshan looked at Yan Ruyi complainingly.

That woman must have used Rick to get close to his son in various ways during this period, and the development of the two of them was so fast...

"Can you blame me? Little Treasure was like this back then!"

...

The two of them were talking like they were having a criticism meeting, but suddenly they saw Rick running over. Besides, there was actually a huge stuffed bear beside Rick.

Saul poked his head out from behind the bear panting, "Emma is so heavy, I'm exhausted!"

"This is..." Lu Chongshan and Yan Ruyi looked at each other in blank dismay.

"Little Treasure participated in a parent-child activity for the first time at school, and won the first prize. It is very commemorative. I want to bring it here to show to my grandparents." Daniel said calmly.

As soon as the words fell, the second elder, who was still in a state of dread and wished to bring Rick back immediately, was overjoyed, "Oh, really! Our Rick is really good!"

"I also wanted to bring it to my grandparents to see..."

...

Saul: "..."

Well, I finally know the usefulness of this bear...

Parents obviously came here today after they knew about his relationship with Selena, and they were planning to ask the teacher for the crime. As a result, the son threw a bear at the head and face at the very beginning of the crime...

Chapter 764

During this time, Yan Ruyi refrained from seeing Rick because of guilt, while Lu Chongshan held the mentality of "I don't care what I think you can teach Rick to be".

In the end, they didn't expect Rick to be even better than they imagined.

It can be clearly seen that the little guy has gained weight again, and his energy has also recovered.

What they were most worried about was that Rick would not adapt to school after school, or that he would be bullied by other children because he couldn't speak, which would lead to a more withdrawn personality. In the end, none of the things they worried about happened...

Interrupted by Daniel, both of them were immersed in Rick's joy of adapting to school life, and in the end, they both forgot about business.

After the father and son left, Yan Ruyi couldn't help but said anxiously, "Both of them have grown to this point, what should we do now? Otherwise, I'll go directly to that Selena?"

"This is the next step. You also know your son's temperament. It is a last resort to touch that girl. The best way is to let your son change his mind!"

"Then why don't you just watch and do nothing? I thought this girl was sensible! Who knew I was wrong! If she really didn't mean anything, how could she develop with Daniel to this point... "

"What are you panicking about? Isn't it just a relationship between boyfriend and girlfriend? How strong do you think such a relationship is? Maybe after being together, the novelty wears off and you're separated. What's more, Ziyao has returned to China, and your son is not blind. Does he not know how to choose?" Lu Chongshan rarely showed his face, revealing a look of comfort.

"Yes... Ziyao! There's Ziyao too! Look how confused I am!"

Yan Ruyi felt relieved when she heard this, and said happily, "Fortunately, Ziyao came back in time! I grew up with that child. There were so many young girls in the circle at that time, and she was the best. Daniel and us are a good match in everything. If her family hadn't moved abroad seven years ago, maybe the two of them would have been married long ago. Why would I worry so much about it! After all, it's fortune-telling and It's a horoscope test, I found it on a blind date, how can it compare to someone who knows the basics!"

"That's the reason, and it's not too late for the unmarried man and the unmarried woman. We don't need to do anything, as long as we create a little chance for these two..."

"Then let's have a dinner with Guan's family on the weekend night! As the man, we should take the initiative and find out what Guan's family wants!" Yan Ruyi immediately suggested.

"Don't worry about it, Lao Guan has already talked with me on the phone, I think his voice must mean the same as ours." Lu Chongshan said proudly,

Yan Ruyi immediately beamed with joy when she heard the words, "That's great! Then shall I call Daniel right away?"

"Ok."

Yan Ruyi immediately dialed her son's phone number, "Hi, Daniel!"

"Mom, what's the matter?"

"I forgot to tell you today, you know that Uncle Guan's family is back, right?"

"Ok."

"Go and book a suitable restaurant. Find a suitable time to treat them to a meal another day. It's a cleansing." Yan Ruyi said in a normal tone as much as possible.

"it is good."

As soon as Yan Ruyi hung up the phone, Lu Chongshan asked nervously, "How is it?"

"My son agreed! I agreed!" Yan Ruyi was full of joy.

Lu Chongshan had an expected expression, "How is it? Let me tell you!"

"Hey, if it works this time, it will really solve my big worry..."

Chapter 765

At the same time, Zeling Studio.

On the sofa, Selena looked at the studio's monthly financial statement with a serious expression on her face.

Most of the 3 million funds have been spent, and the studio is still in a negative profit state.

Gong Shangze blamed himself all over his face, "I'm sorry boss, marketing... I'm really not very good at it..."

Although they won a heavyweight award with high gold content, the previous market has almost been completely captured by histoty, not to mention they are still secretly blocking their list.

Selena naturally knew this too.

After all, for a clothing studio, not only design is enough, but development, design, production, and sales are all indispensable.

"Based on the situation of our studio, although the self-operated model of a specialty store has fewer intermediate links and high profits, it is too expensive and requires too much human resources, so it is obviously not suitable for us." Selena mused.

Gong Shangze nodded, "Yes, the most suitable model for us now is the franchise and distribution model, and the most important prerequisite for this model is that our brand must have a convincing reputation!"

Otherwise, who would choose their brand to distribute and represent?

Previously, they had taken the most critical step to prove their strength.

What we have to do now is to show our strength and attract agents.

"So, what we need most now is a person with enough weight to advertise our brand... Hey, it's a pity that my reputation is too low now, otherwise I will save

more advertising fees... Shang Ze, do you have a suitable candidate? ?” Selena asked with a sigh, holding her chin.

For example, how did ancient clothing become popular? A favorite concubine in the palace, or even the empress, what kind of clothes the empress dowager wears, amazes the surroundings at a certain state banquet, and then quickly becomes popular, from dignitaries to folks...

This is the celebrity effect.

Gong Shangze hesitantly said a name: “Qin Shengyue.”

“Qin Shengyue...” Selena murmured, and immediately knew who Gong Shangze was talking about.

One of the most influential celebrities in Imperial City, she has multiple identities such as model, well-known blogger, publisher and clothing retailer. She has her own column in the most authoritative fashion magazine “fa” in China, and her name is well-known in the fashion circle. It can be described as thunderous, and it is not an exaggeration to say that it is a fashion vane.

If you can get her favor and let her wear Zeling’s clothes in this fashion week...the effect will definitely be better than any celebrity actress.

The most important thing is that Zeling is a high-end brand, and the starting point must be strong enough at the beginning. If the brand just started, the audience is all those little stars or even Internet celebrities, then it will be difficult to improve the grade in the future.

This step is very important.

“It’s just that we can think of it, and others can naturally think of it. There must be a lot of people looking for her this time. I tried to contact her before, and I went to her company in person. I couldn’t even meet her face to face...” Gong Shang Ze looked helpless.

"Don't worry, just concentrate on your design, and I'll think of a way. If it really doesn't work, if Qin Shengyue's path doesn't work, then I'll think of another way..."

After leaving Zeling's studio, Selena drove the car and planned to go to the company to find someone.

There were indeed a lot of people waiting to see Qin Shengyue. Selena waited from evening until late at night, and the people waiting around all left impatiently one after another. In the end, she was the only one left, and she still hadn't seen Qin Shengyue. .

Originally, she was just trying her luck without giving up, and it was expected that she would not see anyone, so Selena was going to go straight home.

In the parking lot, after getting into the car, she was just about to start the engine, but unexpectedly, she had an unexpected harvest...

Chapter 766

Sitting in the car, she saw that not far away, a man and a woman were arguing.

The woman was tall, with neat short hair, wearing wide-leg pants and a coat coat, with phoenix eyes, a high nose bridge, three-dimensional features, and a particularly good figure. She was exactly the person she had been waiting for, Qin Shengyue.

As for the handsome man in a gray suit opposite her, he seemed a bit like her husband...

The two were arguing loudly, so Selena could hear it clearly in the car.

"Yan Junhao! Are you fcuking crazy! You want to divorce me because of a prostitute?" Qin Shengyue looked at the man across from him in disbelief.

The man's expression was extremely ugly, "Shengyue, I've said it many times, Xiaorou is not a prostitute, she is a nice and clean girl, please don't insult her again!"

"Do you mean that I can't even compare to a woman who sings in a bar? Why... I want to know the reason! Give me a reason!"

"Shengyue, you can live well without me...but she is different...she only has me...she needs me more than you!"

"Ha! That's ridiculous. Are you saying that I deserve to be abandoned because I'm too strong and take care of myself?"

...

In the car, Selena clicked her tongue when she heard it, it's true that a late bird gets eaten by worms!

I didn't expect to learn such a big gossip by accident...

No wonder Qin Shengyue didn't see anyone these days, it turned out that there was something wrong with her marriage.

This...maybe it's a good breakthrough point...

The two on the opposite side quarreled a few more words, and then broke up unhappy.

The man closed the car door and drove away without looking back.

Qin Shengyue, who was so arrogant and kept yelling at the man just now, fell to the ground the moment the man left, her face was fragile, and she was crying so hard that she didn't have half the momentum she had before.

Selena got out of the car lightly and walked up to Qin Shengyue, "Well, I'm sorry Miss Qin, please excuse me...I'm from Zeling Studio..."

"Get out." Qin Shengyue reprimanded directly, obviously not wanting to be disturbed at this moment.

Selena stopped talking nonsense, and said directly, "Miss Qin, if I can help you change your husband's mind, can you wear our studio's clothes in this fashion week?"

Qin Shengyue gave a low laugh, "Heh, you can change my husband's mind? If you can change his mind... Don't talk about clothes... Even if I just put on a sack, it's fine..."

"Miss Qin, I'm serious. As long as you tell me the specific situation of that woman and how she and your husband got acquainted, give me three days, and I promise that your husband will come back to you crying and slap you. Begging for your forgiveness with a big mouth!"

Qin Shengyue is in an extremely bad mood right now. Originally, she didn't want to talk nonsense to this woman who appeared out of nowhere, but just as she was about to scold her, she changed her mind because of Selena's words...

Let Yan Junhao cry and go back to her and beg her for forgiveness? This is what she dreamed of!

But, oh, how is it possible...how is it possible...

Seeing that Qin Shengyue's expression seemed to be shaken, Selena quickly took out a dozen beers from the trunk of the car, "I have wine here, do you want a drink?"

Qin Shengyue took a look at her, then got into the car.

For that case of beer.

Or, what she needs more than wine is that she really needs someone to talk to at this moment...

Chapter 767

Qin Shengyue drank three bottles of beer before finally slowly opening her mouth to say, "Junhao and I are childhood sweethearts. We grew up together. Our relationship has almost no twists and turns. We fell in love and got married naturally. Life after marriage He has always been very sweet. I am impatient, but he has always been very tolerant of me, pampering me more than my parents, and usually entertaining every occasion, never messing around.

He is very good, really good... I don't know why he followed a demon this time, and was so fascinated by a bar singer... He even didn't hesitate to divorce me...

After I found out about them, I went straight to the bar, called the woman out and slapped her a few times, and it turned out... Heh, you know? He guarded that woman in front of me! After I came back that day, I filed for divorce..."

Selena supported her head and listened, her brows raised slightly, "Is that girl from a miserable background? Then she said that she came to the bar to work for a work-study program or something?"

"Yes, I've checked, and everything she said is true. Maybe, she is indeed a good girl... Could it be that I'm really too vicious?" Qin Shengyue said with her head in pain.

The corners of Selena's mouth twitched slightly, "Please, sister, would a good girl hook up with other husbands? Even if you take a step back and say you didn't know before, you've made trouble in the past, how can she still not know? Tell me, her current attitude What is it?"

"She knelt down in front of me and apologized to me, saying that she couldn't do anything because she loved him too much, that she would die without him, and that she committed suicide twice, and she almost died the second time, and the hospital issued a critical illness notice ..."

Talking up to this point, Selena had almost guessed the general situation. That girl must have had an extremely miserable life experience. She was probably only a student, and she said that she came to the bar to work and study to earn money for medical treatment for her family and so on.

As for Qin Shengyue's husband, I guess he is a older man with a more sense of justice and kindness. When he goes to a bar to socialize in the future, he will always order that girl to socialize. The two of them will get to know each other after a while. After that, the woman must have relied on and worshiped him as a benefactor or even as a God and a savior...

Although the routine is old, it is a classic routine, and it is most suitable for dealing with a man like Yan Junhao, not to mention that the opponent is a ruthless character who would risk his life...

"Okay, I got it, okay, this woman seems to be a bit high-ranking, maybe three days is not enough, one week, I'll give you back a clear-headed and good husband..."

Qin Shengyue looked at the woman in front of her with a confused and incomprehensible expression, "I don't know... Where did you get your confidence? Soft and hard, I've tried everything, but none of them worked! I'm going to be tough." She committed suicide, and she was soft enough to persuade her. Before she said anything, she knelt down and begged me. The relationship between my husband and me has reached a freezing point... I really dare not do anything..."

"Don't worry, I won't mess around, I won't do anything to hurt your husband, including that woman, and of course, it won't affect you in any way. But... if I do it, you will really wear us to work room clothes?"

This is what she cares most about.

"I said, whatever you want me to wear."

"Well, it's a deal!"

After Selena left, Qin Shengyue pinched the business card of Zeling Studio in her hand and felt that she must be crazy.

To actually believe a stranger's words casually, and still have a glimmer of hope for it...

Chapter 768

the next day.

Platinum Palace.

Early in the morning Selena led Karl to the door.

As soon as he walked to the door, he saw Rick was already waiting there early.

As soon as she saw Rick, Selena forgot about Karl, and immediately jumped over and opened her arms, "Wow... baby... I miss you so much... Give me a super big..... "

Little Treasure's eyes were as bright as the morning sun in the sky, he ran all the way and rushed over, then k!ssed Selena on the cheek...

Selena naturally returned a k!ss happily.

On the side, Karl looked at the pink and jade-carved little doll in front of him, his face full of bewilderment, "Dmn it! This is Daniel's son? That guy's son is so cute? It's unscientific! No wonder he kidnapped you !"

Selena looked at the startled Karl speechlessly, "The first rule of being a teacher is not to swear."

After speaking, he took Rick and introduced him softly, "Rick, come on, this uncle will be your master from now on, and you will follow him to learn how to protect yourself, you know?"

Rick blinked, then nodded seriously.

"Also, if you think there's something you don't like about this master, or if he doesn't teach well, please tell me in time, and I'll change it for you..."

"All right, all right... Don't talk nonsense... If I can't teach well, then no one can teach me well..." Karl didn't have any feeling about bringing apprentices at all, but now the more he looked at the little glutinous rice dumpling, the more it was so itchy that he snatched Rick straight away and started whispering to him.

"My boy, let me tell you, the most important thing in fighting is not to let yourself suffer. If you really can't fight, you can kick him in the balls, or you can kiss him when he is not prepared..."

"Dmn! Karl! How did you teach me!"

"I'm teaching him my lifelong skills!"

Selena kicked over, "Believe it or not, I kicked your ass..."

Before she finished speaking, Selena suddenly withdrew the foot she was about to kick out, and then took standard small steps, step by step, and walked up to the big devil, "Master Boss, you're up, have you had breakfast yet?"

Looking at Selena's 180-degree attitude, Karl almost spit out a mouthful of old blood...

"Is everything ready?" Daniel rubbed the girl's hair, then looked at Karl and asked.

"Ready, ready! Boss, please take a look..." Karl hurriedly handed over a folder, which actually contained a detailed lesson plan.

Selena almost spit out old blood when she saw it, Karl could actually write such things as proposals...

It was obvious that the two of them, who broke through the sky, were all obedient in front of the Great Demon King...

"Master Boss, then you should discuss it with your senior brother first. I'll go to the next door to find Saul, and I'll be back soon..."

"En." Daniel nodded.

When Selena ran over, Saul was humming and watering his precious Chinese cabbage in the yard. When he saw Selena, he immediately put on a vigilant expression, "What are you...what are you doing? Stealing my food? Stealing... is not impossible! But I want to eat too!"

The corners of Selena's mouth twitched slightly, "Whoever steals your food, can't I get down to business?"

Saul looked at her warily, "What business can you do?"

Selena jumped over, and the two brothers hooked his shoulders, "Dear little koi prince... help me hook up with a girl..."

Saul: "..."

"What did you say????"

Chapter 769

Saul looked at her with an expression of disbelief: "What did you say????"

"Help me hook up with a girl..." Selena repeated.

"Brother...sister-in-law, he fell in love with a girl...and asked me to help her hook up...brother, come quickly..." Saul, the crazy brother guard, immediately howled into the courtyard next door.

Selena's eyes almost popped out, "Dmn it! Saul, what are you yelling! When did I ask you to help me hook up girls!"

"You said it yourself just now!" Saul stared at her, his expression filled with righteous indignation.

"I... I'll go! I mean you help me hook up... Bah, no, I mean you..."

Selena was explaining that in the next yard, the big devil had already been howled by that ba5tard Saul, "What's wrong?"

Saul Li Xuan rushed over like an arrow and lay down on the fence, "Brother, she hooked up with a girl behind your back again, and asked me to help her hook up this time! I refused decisively and reported to you as soon as possible!"

Selena: Why don't you go to the sky!

In the end, Selena could only honestly explain the ins and outs of the incident.

Then, he turned his head and stared at Saul who was beside him, "How did your brain circuit grow, can you understand it like that?"

"Could it be my fault? It's not because you have too many previous convictions, so I let it take its course and misunderstood it!" Saul muttered.

"Yan Junhao?" Daniel showed a thoughtful expression.

"That's right, he has a good family background, good looks, and a good figure. With such a high-quality stock, if the woman hooks up with him, he must be stubborn. It's useless for ordinary people to hook up. Originally, I wanted to disguise myself as a man." Yes, but my status is not enough, and that woman is very vigilant, so she will definitely guard against this move, I think about it, only Saul is the most surefire!" Selena analyzed.

"Hmph, you have foresight! Of course, I'm foolproof! But, why should I sacrifice my appearance to help you? Are you so deceitful?"

"Who asked you to sacrifice your hue? I have written the script for you, and I guarantee that you won't let her touch it with a single finger."

Saul was full of doubts, "How is it possible? Could that woman be so stupid? Would she be willing to take the bait for no benefit?"

"That depends on whether the bait on the hook is big enough!" Selena rubbed her chin, staring at Saul quietly.

Saul was so stared at that he felt like a piece of fat on a chopping board, "What good will I gain after that happens?"

"We're all a family, so what's the benefit? Boss, are you right?" Selena climbed over the fence and hugged Daniel's arm.

Daniel: "Yes." A family.

Saul immediately looked sad and indignant: "Dmn! You are so shameless! Brother, are you just watching her betray me?"

"Don't worry, Xiaoyou, I will make your brother close his eyes!"

Saul: "..."

Seeing Saul's unrequited expression, Selena patted him on the shoulder, "Okay, okay, how can I not give you any favors... As long as you can do this job beautifully for me, I'll give it to you." You make a table full of Chinese people!"

"Really? Don't lie to me!"

"Why am I lying to you? Your brother is going to testify against this!"

In the end, Daniel said blankly, "A dish of glutinous rice ribs." How tiring it is to be a full banquet.

"Dmn! Am I worth a glutinous rice rib?"

"Stop arguing, help me get through this hurdle, and when I reach the peak of my life, marry your brother, and become your sister-in-law, I'll make whatever you want in the future!"

"There seems to be something wrong..."

Chapter 770

So, this Saturday, Karl was teaching Rick Kung Fu, and Selena was teaching Saul how to hook up with girls.

In the evening, Daniel called her to the yard.

"Master Boss, what do you need from me?" From Daniel's appearance, it seemed that he had something to tell her.

"Well, there is a dinner party tomorrow night, so I can't have dinner with you."

"Oh, it's okay, you are busy with your work, and I just want to take Saul to carry out the plan..."

"It's with the Guan family." Daniel reported the itinerary.

When Selena heard this, she raised her brows immediately, "Ah, it seems that your parents are thinking of going with me?"

She asked Saul to hook up with a girl, they were looking for a girl to hook up with Daniel...

Undoubtedly, the relationship between her and Daniel must have been known, so there must be some measures...

To be honest, even she herself didn't expect that she and Daniel would develop to this stage. There would definitely be many things to face in the future, but she never regretted it.

"Selena, do you believe me?" Daniel looked at her seriously.

Selena didn't say anything, she just tiptoed and kissed him on the lips.

...

On weekends, a high-end western restaurant in the imperial capital.

Selena and Saul picked a corner to sit.

"Here, the one who plays the piano is Yang Shirou. She used to work in a bar. Now Yan Junhao should have helped her find this job..." Selena pointed to the girl who was playing the piano on the stage. While looking at the girl, she gave Saul introduce the specific situation.

I saw Yang Shirou wearing a white dress, with black and smooth waist-length hair. At first glance, the retro, small and fresh gentle temperament is the type that easily arouses men's desire for protection.

When Saul saw Selena staring intently at the girl, he immediately darkened his face and stretched out to block her sight, "Hey, hey, have you seen enough! I already have my brother, and still staring at the girl like this Don't let it go, it's too much!"

Selena took his hand away and continued to watch, "I'm just observing the enemy!"

Saul's face was full of anger, "The devil will believe you! You can see straight! You superficial stinking men!"

The corners of Selena's mouth twitched slightly, "Hey, don't you think there is something wrong with this line?"

Only then did Saul blink his eyes, it seemed that something was wrong...

Selena rubbed her chin and looked at him thoughtfully, "However, Saul, to be fair, let alone other things, just from the appearance, this girl is really attractive to men! Don't tell me Don't you feel anything?"

Saul snorted contemptuously, "No! That's not my type!"

Selena immediately raised her eyebrows, "Yo, do you still have a favorite type? As far as I know, you've been out of the red world for a while and started a window of time. The hot girls you dated back then are too numerous to enumerate. Yan thin ring fat, what? Is there no type?"

Saul's face darkened, "Of course I have a type I like! Don't make it seem like I'm not picky at all, okay? I'm very picky, let me tell you! The type I really like is the kind who is open-minded, elegant, and elegant. Without lead, Huafu's body is swift and erratic, like a god, Lingbo, micro-steps, socks, dusty, speechless, like a secluded orchid, startled, like Pianhong, a fairy sister who doesn't eat the fireworks of the world!"

"Hehe, your face..." Selena rolled her eyes, waved her hand and said, "You should be single for the rest of your life!"

The criteria for choosing a mate for this guy are simple!
