

Cruel Heart Lover Novel

Chapter 771

"What's wrong with me? I'm not demanding at all, okay? When I asked you what the person you liked was like, you still said that he was stepping on colorful auspicious clouds!"

Saul snorted, then suddenly remembered something and stared at her and said, "By the way, I suddenly remembered something, why don't you let my brother hook you up! It's more convenient for him to come, it will take seven days, I guess it's a secret glance That's enough! You know how to order me!"

Selena glanced at him like an idiot, "Nonsense! Your brother is in charge, I won't allow it!"

Saul: "...If you abuse the dog again, I won't do it!"

Selena hurriedly patted Saul's dog's head, "Oh oh oh, don't abuse me anymore, be good! Have you read the script I wrote for you?"

As soon as Saul mentioned this, his head was full of black lines, "What kind of broken script? It's so bloody that there is no creativity or difficulty at all! Didn't it mean that this girl is difficult to hook up? Is it really possible?"

"It's difficult for others! Don't worry! Don't say she's a girl, even if she's a mother of a few children, she will definitely fall for you! Go Pikachu!" Selena said, and slapped Saul. On his shoulders, he finally pushed this guy who had been thinking about it to get down to business.

On the stage, Yang Shirou was playing the piano.

And Saul was stuffed by Selena with a restrained and low-key white rose representing purity and innocence, and he was walking towards Yang Shirou on the stage step by step.

At the moment, Saul is wearing a Bluetooth headset on his ear, and Selena is controlling him remotely, "Go ahead, I don't ask your eyes to be too playful, just put the rose on the piano, and your task for today will be completed Already!"

Selena was afraid that Saul's cheating ba5tard would make a fuss, so she stared nervously at him.

Fortunately, Saul's performance was pretty good. After Yang Shirou finished playing a piece, the gentleman put the white rose beside her piano, and looked at it affectionately with his peach eyes before turning and leaving.

Selena observed Yang Shirou's expression, amazed, shocked, hidden disbelief and ecstasy, pretending to be calm and indifferent...

Basically everything she expected.

"Okay! Done! Call it a day! I invite you to have a barbecue..." At the same time, Selena straightened up and left the restaurant to catch up with Saul.

Saul muttered in dissatisfaction, "I still think it's too simple. You mobilized everyone to sacrifice a high-level shikigami, and you only asked me to slap you?"

Selena scolded unbearably, "Aren't you abusive? Isn't it good to be simple? Do you want me to treat you like a cow or a horse? You are my future brother-in-law anyway, and I won't cheat anyone. I might cheat you, but I can still abuse you?"

"Although this is a good word...but why do I feel like I've been abused again..."

After leaving the western restaurant, the two sat down at a roadside stall and ordered some fried chicken and beer.

"I really don't need to be more coquettish? Otherwise, how would she know my identity?" Saul was still worrying about it.

"What do you know, self-reported family is too low, where is your demeanor, she will definitely find out by herself! Tomorrow and the day after tomorrow, you continue to come here at this time, and you only need to send a white rose every time, on the fourth day, the timing is almost right, you send a nine hundred and ninety-nine flowers, and then book out the entire restaurant, treat her to dinner, of course, I will pay for all the costs of buying flowers and booking the room! "

Chapter 772

Saul curled his lips, "You really have spent enough money, so you never thought about what to do if you fail?"

Selena shrugged, and said indifferently, "What else can I do, let me beat you up..."

"Dmn! You just said that I am your dear future brother-in-law and won't abuse me!"

The two chatted for a while, and Saul suddenly became startled again. While counting with his fingers, he said, "It's over! It's over, it's over, it's over!"

"What the hell?" Selena looked at him speechlessly.

"Today is the seventh day of your relationship with my brother! It's the seventh day, right!" Saul had an expression of the end of the world.

"Yeah, what's wrong?" Selena was puzzled.

Saul put the chicken leg in his hand, "Selena... I... I don't want your full banquet, and I don't want glutinous rice ribs anymore. Can you break up with my brother? My brother really likes you!"

Selena was confused, "I'll go! Are you drunk after just a few sips of beer? When am I going to break up with your brother?"

Saul looked at her with tears in his eyes, "But, it's been seven days! Didn't the person you dated before never last more than seven days?"

Selena: "..."

No wonder Daniel celebrated the five-day anniversary of their relationship suddenly before, no wonder she always felt that there was something wrong with Daniel...

Are these guys all thinking this way?

She was... completely speechless...

A six-star hotel in the imperial capital.

"Oh, brother Guan, long time no see!" Lu Chongshan enthusiastically went up to hold the man's hand.

Guan Rui was also full of joy, and said with a smile, "Brother Lu hasn't seen you for so many years, and he hasn't changed much. He's still so young! Just look at it and don't worry!"

Guan's mother on the side smiled and said, "With two such good sons, naturally don't worry about it!"

"No way, our two sons are bothering each other, how can your daughter be so caring!" Yan Ruyi grabbed Guan Ziyao's hand next to him, her face was full of satisfaction, "Ziyao, this girl, is really sweet!" The longer and the prettier it is!"

After exchanging pleasantries, the two families sat down at the dinner table.

"Did Zihao not come back this time?"

"No, we rushed back immediately after sending us back. The company cannot do without people!"

"Fortunately, Ziyao is by your side!"

"Yes!"

"This girl, it's incredible. I heard that she just got a master's degree in business administration? A girl's family, so young, so motivated! It's really not easy!" Yan Ruyi kept praising.

While the parents were chatting, Guan Ziyao and Daniel had a good atmosphere.

"Daniel, Gao Zhuo, do you remember? We were classmates in middle school, the president of the student union at the time." Guan Ziyao casually brought up a topic. Although they were separated by seven years, they had countless things in common. remember. That is something that nothing can erase.

"Ok."

"Some time ago, Gao Zhuo invested in technology stocks, but he lost all his money." Guan Ziyao sighed.

"Although it is the age of the technology bubble, many technology companies have limited defense depth, and it is too difficult to find the final winner early, and it is difficult to make a reasonable valuation of them."

"There are indeed risks. In addition, there are two other types, companies with large capital needs but insufficient profit potential, and companies that are too young. Generally, I don't dare to get involved."

"There are exceptions."

Chapter 773

"Of course, such as i7 and i7, although they also have deep defense depth, they have abundant cash flow and a long-term profit history. Back then, you used 30 million US dollars to buy i7 at a unit price of 356 US dollars per share. Three years later, i changed its business strategy and began to withdraw funds to invest in the production of smartphones. Now the unit price of the stock has risen to 328 US dollars, a full 10 times increase. You are still amazing, dare to play in any field ..."

"It's just luck."

"It's fine if you're modest with others, but you don't have to pretend with me!"

...

The parents on both sides looked at the two children with satisfaction.

"Look, these two children can chat so well! Hey, you don't know, my family usually talks to him at home, and he can only reply me with an 'um'. It's rare that someone can say it well. Talk!"

"Don't mention it, my family is not the same! I remember that these two children got along very well when they were young..."

Guan Rui originally complained about Daniel already having a son and a girlfriend he was dating.

However, when he thought about Lu Chongshan's promise, and looked at the Lu family's huge family business after Daniel took over, it had multiplied several times compared to seven years ago, and suddenly felt that these were small things.

Most importantly, this marriage will bring immeasurable benefits to the Guan family.

In fact, Lu Chongshan was not the most satisfied with Guan Ziyao.

What he was most satisfied with, of course, was Travis, the eldest lady of the dealer, who was the real root.

Even Guan Ziyao, after all, grew up in a family of merchants, too shrewd and snobbish.

It's a pity that recently, the dealer seemed to have suddenly turned cold towards them, which made Lu Chongshan quite regretful.

After all, the Zhuang family is a family of officials, and all the marriages in the past dynasties are from the same family as them, and there are very few marriages with merchants. This kind of thing cannot be forced.

In the end, the meal was a feast for the host and guest. Lu Chongshan and Yan Ruyi finally relaxed their minds for the time being. They just waited for Daniel to change their minds, but they didn't know that their son was as tough as a cattail grass and could not be moved by a rock...

Pearl River Royal View.

After returning to the apartment, Selena had just finished taking a shower and was about to go to bed when the doorbell rang.

Seeing Daniel outside the door, Selena was a little surprised, "Daniel, why are you here so late? Come in!"

After entering the room, Selena was about to get him slippers when she was hugged.

"what happened?"

"I'm sorry, for some reason, I can't change their attitude in the short term. However, whether it's love or marriage, it's a matter between the two of us. You don't have to worry about and please anyone. No matter what happens, don't hide it I'll handle it alone, leave it to me. Do you understand what I'm saying?"

"Yes, I understand." Selena nodded.

It turned out that I was afraid that she would mind, so I came here to smooth her hair at night...

"Actually, it's easy to solve it over there," Daniel said.

"You have a solution?" Selena immediately asked suspiciously, since there is a solution, why didn't you say it earlier?

Daniel nodded, "There is the most effective method, and it's very simple, but it's just not available yet."

"Really? What method?" Selena became more and more curious as she listened.

Daniel: "Create a human being."

Selena scratched her head, "Huh? Make... What?"

Daniel looked at her belly meaningfully.

Noticing Daniel's gaze, Selena's old face blushed immediately, "Dmn! Daniel, why are you dirty again!"

Daniel: "Where is the dirt?" Isn't this a very sacred thing?

Selena: "The process of making it was dirty!!!"

Chapter 774

Daniel patted her dirty little head helplessly, "I'm leaving."

Selena was a little dumbfounded, "Huh? Are you leaving now?" Did he come here on purpose just to say a few words?

"Ok."

Selena frowned slightly, "Are you really leaving? Are you sure? Are you afraid that I will break up with you when you wake up tomorrow morning? It's the seventh day! It's been a week! The death day of breaking up?"

Hearing this, Daniel's back froze instantly...

Seeing Daniel's reaction, Selena stroked her forehead, she didn't know what to say, "Hey, what should I say about you! Boss, you have such a high IQ, why do you even say that ba5tard Saul? Believe it! I said it all, you are special..."

Daniel was about to walk, but he stopped, "What's so special?"

"Everywhere is special..." Selena said smoothly.

Daniel looked at her steadfastly, and suddenly asked, "Better than the person you liked before?"

"Huh?" Selena was taken aback.

Isn't the person I like is you?

He was about to blurt it out, but suddenly realized that the "that person" Daniel said could be referring to...that guy, right?

Thinking of this, Selena suddenly shivered suddenly, the hairs all over her body almost stood on end, "It's late at night, can we not mention that person?"

Terrible panic...

It's hard to get rid of his shadow...

Daniel's eyes darkened slightly, and his arm around her tightened unconsciously, "Okay."

"The person I like at this very moment is you, don't let your wild thoughts come to you... Let's stay tonight... Then when we wake up tomorrow morning, we can celebrate our eighth anniversary..." Selena happily suggested.

"it is good."

Lying on the bed at night, Selena couldn't fall asleep. She got up and turned to look at him with her arms propped up. "Daniel, "The World" will premiere in Imperial Capital in a few days. Will you go see it?"

Daniel: "No."

Selena straightened up slightly immediately, "Ah! Why?"

Daniel looked at her, helped her tuck the quilt up, and said nothing.

Selena, on the other hand, looked disappointed, pointing her finger pitifully, "This is the first movie I've ever made, and it's the first movie I've made since I was recruited by you, the boss. It's very meaningful. I want you to see how good I am, why not..."

It feels like I got 100 points in the test, but Papa doesn't want to read her test paper...

"Because, I might not be able to resist taking it off the shelves." Daniel glanced at her, and then said expressionlessly.

Selena: "Huh...???"

In the next second, her heart skipped a beat, and she suddenly understood.

Could it be because she played a couple with Louis in it?

However, haven't all the bed scenes and k!ss scenes been deleted, and all of them have been expressed in a stream-of-consciousness way? The only first love k!ss was through a mask...

This doesn't work either.

It's terrible to be taken off the shelves!

"Master Boss! Please don't look at it!" Selena changed her words decisively.

Anyway, after getting along for a while, Selena understood somewhat that Daniel was definitely not as harmless as he appeared on the surface, on the contrary, he was a terrifyingly possessive person.

To be able to do what she is doing now, without breaking her legs and locking her on the bed, and let her jump around outside, knowing that I will be jealous, I will at most not watch her plays, it is already true love...

Chapter 775

The morning sun was shining through the window sills, and the girl's skin was shattered under the sun's rays, and the soft and lovely fluff could almost be seen.

Daniel leaned against the head of the bed, gently touching the girl's cheek with his fingers.

A string had been stretched in his heart before, and it was only at this moment that he finally let go.

It had been a week since Dibu came back, and he was finally sure that the girl in front of him was really with him.

Selena woke up on time according to the biological clock. As a result, when she opened her eyes, she saw a face that was as handsome as a god and was extremely beautiful. Hugging him in the same way, his voice sounded like he had just woken up, "Well, Mr. Boss, you're awake... Good morning..."

"morning."

The quilt was so warm, it was so comfortable, Selena subconsciously slept for a while longer.

After a while, he suddenly opened his eyes, "By the way...you left Rick alone at home again, wouldn't it be bad? Rick won't be angry, right?"

Daniel: "No, I'm doing business."

Selena: "Business...?"

Daniel: "There is still half a mother who needs to work hard."

Selena: "Uh..."

Khan, does he usually lie to Rick like this?

...

In the past few days, apart from following the road show of "The World", Selena is busy with the studio, preparing for the upcoming spring and summer fashion week. After all, whether their fame and market can be opened up, the outcome depends on it. .

Finally, after Saul sent white roses for three days, the plan to attack Yang Shirou reached the most critical fourth day.

Night fell.

Yang Shirou went to work in the restaurant as before, feeling excited and apprehensive.

After catching a glimpse of the man who gave her the white rose on the first day, she could hardly believe it. Except for those top figures in the imperial capital who never appeared too low-key in newspapers and magazines, she knew all the celebrities in the imperial capital, let alone the high-profile Lu The second son of the family.

However, she really couldn't believe that such a person would have something to do with her, so she inquired about it secretly, and finally confirmed that this man was actually Saul, the second son of the Lu Group.

A well-known gossip magazine made a ranking before, and Saul was rated as No. 1 in the list of men with whom all women in the imperial capital most want to have a one-night stand. This shows the charm of this man.

Of course, it also shows that such a man can play around, but if you are serious, you will lose.

In a hidden corner of the restaurant, Selena flipped through a gossip magazine while teasing Saul on the other end of the bluetooth headset, "Pfft... Saul, you were actually voted as the list of men girls most want to have a one-night stand with." No1, all the girls only want to date you and never marry you, you really deserve to be single for the rest of your life!"

"Hmph! What's wrong with wanting to fcuk me! What's wrong! It's my master's ability to want to fcuk me!" Saul said in a proud tone.

"Yes, yes... your ability... So, you have to behave better today. You can't use the way you used to chase girls. Don't make Yang Shirou feel like you're just playing around. Make her feel that you're right. She's serious, and she's unique, get it?"

"Got it, got it, you've said it 800 times...By the way, isn't my brother missing from that list?" Saul asked curiously.

Chapter 776

Selena looked at it, "Of course there is, your brother is No. 1 on the list of men girls most want to marry ... Is there even a need to ask?"

"Aw! I'm mad at you!"

"Hahahaha... Don't be angry, Louis is the No. 1 man girls want to have sex with! Does this give you some comfort?"

"Comfort me!" There are at least more hookups than one-night stands!

"Okay, okay... Yang Shirou is here, get ready and get down to business!"

...

The door of the restaurant was pushed open.

After Yang Shirou opened the door and came in, her face was full of bewilderment.

Because the entire restaurant was dimly lit and empty.

what happened?

Didn't the restaurant close today without notifying her?

If it's closed...then...wouldn't it be impossible to see that person today...

She had been trying her best to tell herself to be calm and calm. Even if a man like Saul really fell in love with her, it was probably just a whim.

It's just that the ambition and desire that were eager to move in the depths of my heart were still severely touched...

Although her family is poor, she has a naturally good figure and good looks. With these, she has never been short of men's pursuit.

However, how could she have taken a liking to those ordinary people? Later, she finally found a chance and caught Yan Junhao, a big fish. This man allowed her to completely get rid of the past and enter the world she yearned for.

What's more, not only his family background but also he is as gentle and handsome as a prince in a fairy tale world, meeting all her requirements.

Therefore, she made up her mind that even if she died, she must seize this opportunity.

As for his wife, after she becomes the official wife of the media, who will remember how she got this man?

However, when the white rose appeared, Yang Shirou's even greater greed and desire in the depths of her repression were awakened at once.

The human heart is the most insatiable...

Yan Junhao is very good, but she suddenly discovered that there is even better than Yan Junhao!

And her natural beauty actually deserves better...

Once Pandora's box is opened, it cannot be closed. This kind of thought is out of control, and with the second and third white roses, it becomes more and more intense...

So, even knowing the danger behind it, I still can't help the crazily spreading and growing like vines of greed...

The closure of the restaurant made Yang Shirou frowned, his expectations at the peak suddenly fell to the bottom, and his brows were full of disappointment.

She was going to make a phone call to the supervisor to ask.

However, as soon as he took out his mobile phone, the originally dark restaurant suddenly lit up, and the super luxurious crystal lamp above his head, which was usually only turned on on important days, also lit up.

The next second, she saw, wait a minute, a man appeared in the dazzling crystal.

The man was wearing a formal black suit, a dark red bow tie, and a vintage pocket watch chain hanging on his left chest. Inside was a British-style brown vest and white shirt, and he held a large bouquet of white roses in his arms. He walked down like a canvas character.

Not surprisingly, Yang Shirou was completely stunned, and could hardly believe her eyes.

Immediately afterward, the piano she used to perform every day was already being played by other people, and there was even an entire professional band beside her, playing romantic and soothing music.

On the only candle-lit table next to it, there are fresh flowers and delicate delicacies.

Chapter 777

A second ago, she was still disappointed that she couldn't see this man today, but she didn't expect that he would appear in front of her with such a posture in the next second. Such ecstasy almost made her heart burst.

Just like that, her heart beat faster and faster, and she watched the man walk up to her step by step, and then handed the bunch of ninety-nine white roses to her.

Yang Shirou stared blankly at the man in front of him, and it took him a long time to calm himself down, showing a look of surprise and confusion, "Sir, thank you for your gift of flowers a few days ago, I didn't know you were..."

"Hello, my surname is Lu. I'm sorry to take the liberty to make such a move, but after struggling for a long time, I still can't control this impulse... It doesn't matter who I am, I like your performance very much, you can play I treat it as... well, your fan, I wonder if I have the honor to invite you to dinner?"

Yang Shirou hesitated for a few seconds, then reached out and took the bouquet of flowers, pretending to be ignorant of the world and completely ignorant of what he meant for her, "Sir, you are too polite, I am not a professional, come here Playing the piano at the same time is just a living."

Saul took advantage of the opportunity to pull the chair away for her, and stared at her unblinkingly, "No, I'm not talking about the piano, but the piano player."

Yang Shirou's heart skipped a beat.

In the corner, so far, Selena has been very satisfied, but after waiting for a long time, she couldn't wait for Saul's next line.

Then, she saw the guy touch his hair.

This code means that he forgot the words.

Selena twitched the corner of her mouth speechlessly, and acted as a teleprompter: "I've never seen a girl like you..."

Not far away, upon hearing Selena's reminder, Saul continued, "I've never seen a girl like you, the first time I saw you, I couldn't take my eyes off of you... "

Selena reminded anxiously: "Saul, pay attention to your demeanor! Don't be so calm, okay? Be a little nervous for me! Do you know what it's like to fall in love with someone for the first time? Show the feeling of first love ok?"

Saul's face darkened a little calmly. First love is a fart... Although he has been in love so many times, he doesn't even know what first love feels like, okay?

He has always been loved by others!

"If you really can't, just stutter, squeeze your fingers tighter, or knock things over, and show it through these small details!" Selena could only teach her hands.

Fortunately, Saul's comprehension is quite high. He squeezed his cup tightly, took a sip of wine, looked nervous, and stammered a little, "I've met many girls, but I've never seen one like you, really. The thing is... it's weird... I can't say what it feels like... I think... if I get closer to you... I can understand. I... I don't know what I'm talking about... you Do you understand me?"

Seeing that such a high-ranking man like Saul actually looked like a young boy in love in front of him, Yang Shirou's originally nervous mood suddenly calmed down, and he felt a sense of satisfaction that everything was under control and his vanity and self-confidence To great satisfaction.

She smiled lightly, and said ambiguously, "It's probably because we are destined."

After that, everything went smoothly, and the atmosphere of the meal was ambiguous, which basically achieved the effect Selena wanted.

Then, it's time to find the next critical moment.

Chapter 778

Normally, Yan Junhao would come to pick her up when Yang Shirou got off work, so when Saul offered to take her home, Yang Shirou naturally refused immediately, saying that he had an appointment with a girlfriend and wanted to wait for her to come over.

Therefore, Saul left first.

But in fact, Saul didn't leave at all, but waited in the dark.

Soon, a Porsche drove over in the parking lot.

Yan Junhao got out of the car, came to pick up Yang Shirou as usual, and kissed her lips affectionately, "Are you tired from work?"

"Saul! It's your turn! This is an eye scene, you have to be shocked, shocked and heartbroken. It's unbelievable to lose a loved one. It's okay to be exaggerated! You know?" Selena repeatedly urged.

The corners of Saul's mouth twitched slightly, and he gave her a blank look, "Why don't you switch careers and become a director?"

"Because I'm afraid that if there are too many actors like you, I'll be pissed off!"

"You! The young master's acting is obviously very good, okay?"

"Okay, okay, the first time is already great! Go, go! They're almost done kissing!" Selena pushed him out anxiously.

It's a ghost if he plays well!

Obviously, I have been in love so many times, but the result is as if I have no love experience at all, and I don't care about it at all! Anyone with a discerning eye can tell at a glance that he is just playing around!

No wonder the girls only want to have sex with him...

According to the prearranged script, Saul dropped the car keys on the ground with a "pop", and then looked at the scene in front of him in disbelief...

A sad expression that just thought he had met true love, only to find out that true love already has someone he loves.

After seeing Saul, Yang Shirou's expression turned pale all of a sudden, obviously, he didn't expect Saul to leave and come back...

"I'm going! I told you to be flamboyant, but I didn't let you be so flamboyant. Your eyes are too wide open. Your performance is not good enough. Stop standing there, or you will be seen as a flaw, so just turn around and leave!" Selena urged.

it's finally over...

In the car, Saul was lying on the seat like a dead dog, "Acting is really difficult, it's so difficult, I feel like my body is going to be hollowed out..."

"Of course, this is technical work..."

"What else am I going to do tomorrow?"

"The foreshadowing is enough. You don't have to do anything tomorrow and the day after tomorrow, just leave her alone, and the day after tomorrow we will wrap up after our last scene..."

"Thank you Director Ning..."

"Hey, I'll give you bigger chicken legs in the box lunch..."

...

In the evening, when Selena returned to the apartment, she had just parked the car when she accidentally saw two acquaintances outside the car.

The ones cuddling up close under the streetlight...it seems to be Susie and Roman?

Susie seldom lived here in the apartment. In addition, after the fire, she bought a villa immediately and came back even less. She didn't expect to meet her today.

"Roman, my father said that after this fashion show, I will take this opportunity to tell my grandfather about letting me join the company. When my father mentioned it last time, my grandfather was already unhappy. I won't be more angry, after all, Grandpa still seems to want to wait for my sister to come back..." Susie asked with a face full of embarrassment.

"How come, Grandpa will definitely change his mind when he sees that you are so good!"

Susie sighed softly, "Actually, I don't really want to go, after all, my status is embarrassing, but I really can't bear to refuse my father, I have refused many times before, I am afraid that my father will be disappointed, and I am too I really want to share the burden for my father and grandpa, but..."

Chapter 779

"Then go, after all, you entered with your own strength, didn't you? No one will say anything!"

"But, my sister...would she think that I was robbing her? I really don't want to fight her for anything, otherwise I wouldn't start my own company..."

"You, you just think too much. You deserve these, so how can you say it was a robbery? I have already entrusted someone to deliver the dress to Qin Shengyue for you, so there shouldn't be any problem."

"Roman, actually you don't have to do so much for me..."

"Fool, you are my future wife, if I don't help you, who else can I help?"

...

In the blink of an eye, it was the last day agreed with Qin Shengyue.

Seeing that it was already night and Selena was still with the old god, Saul couldn't hold his breath in the end, "Hey, time is running out, aren't you trying to let me fail? I've already sent someone to inquire about it." , that Yang Shirou and Yan Junhao are still in love these few days, and they have no intention of breaking up at all!"

"Of course it's impossible for her to break up with Yan Junhao. Do you think she would be so foolish as to kick your previous family before she is sure that she can handle your next family?"

"Then what to do?"

Selena checked the time on her phone, waited for another half an hour, and then changed her clothes slowly, and put on a makeup look that was glamorous at first glance.

In the end, she glanced at the radiant Saul, raised her forehead and said, "Didn't I tell you not to shave these few days?"

"That will affect my young master's appearance!" Saul said with a serious face.

Selena dragged him over speechlessly, so she could only put some makeup on him.

Ten minutes later, Saul, who was originally in high spirits, immediately looked extremely haggard.

Saul looked at Selena, then at himself in the mirror, with a look of surprise, "I'll go! Selena, your makeup skills are really comparable to disguise skills! My brother is so lucky..."

"How did it involve your brother?"

"Every time you change your makeup, you become a different person. It's like changing your girlfriend every day. How fresh and exciting is it?"

This guy's focus is really different!

...

When Selena and Saul came to the restaurant again, it was only half an hour before Yang Shirou got off work.

Selena had already reserved a seat in advance.

Not too far from the piano stage, just enough to vaguely hear the conversation.

Saul glanced at Selena, who was all dressed up and holding his arm, "Why is it different from the previous script? Are you going to be a cameo?"

Selena gave him a blank look, "It's not because your acting skills are too bad, just in case, I have to go out and add fire!"

Yang Shirou, who was playing the piano, was surprised when he saw Saul, and then his expression changed suddenly when he saw the woman beside Saul.

Selena took Saul's arm and sat down at the reserved seat. The two ordered food and then started chatting.

Selena was constantly looking for topics to chat about with Saul.

However, Saul's eyes remained absent-mindedly on Yang Shirou who was playing the piano. Yang Shirou realized that Saul's heart was still on him, and he was extremely excited and looked at him affectionately.

Selena looked at Saul, then at Yang Shirou, stood up abruptly, poured half a glass of water on Saul, then turned and left angrily!

Saul showed a look of embarrassment and then left the restaurant.

Chapter 780

Finally, because of the certainty of Saul's feelings for him, coupled with the sense of crisis brought about by Selena's appearance, Yang Shirou's psychological defense finally collapsed completely, she stopped playing directly, and quickly chased after her...

On the side of the road, Saul was about to get into the car.

Behind him, Yang Shirou called out to him out of breath, "Mr. Lu...can we talk?"

In the corner, Selena squinted her eyes, finally able to close the net.

The restaurant box where Saul and Yang Shirou talked was a big bag, and there were compartments inside the big bag.

And Selena had already made an appointment with Yan Junhao, and at this moment, Yan Junhao was staying in that cubicle.

Selena invited Yan Junhao over as Yang Shirou's best friend, and said that she had something important to tell him, and Yan Junhao rushed over immediately.

After waiting for a while, two people's footsteps came from outside, and then a familiar voice came, it turned out to be Yang Shirou...

Yan Junhao was about to go out, but he heard a man's voice again, so, out of a man's instinct, he stared subconsciously with his breath held, and stopped in his tracks.

"Miss Yang, is there something for me?" Saul asked politely and distantly.

Yang Shirou was afraid that Saul would disappear again, so he couldn't wait to say, "Mr. Lu, you misunderstood! The man you saw in the parking lot that day had nothing to do with me... At that time... He was the one who forced me!"

"Who is that person?" Saul asked intentionally.

Yang Shirou explained more anxiously, "He is a customer I met at the place where I worked before. He is a very nice person and helped me a lot. I am also very grateful to him, but that's all. I know that he may treat me...some Other ideas, but I have always been grateful to him! I have been rejecting his pursuit! He already has a wife, how could I destroy his family!"

"You don't like him?"

"How could I like him!" Yang Shirou said anxiously, and finally said shyly, "Mr. Lu, I...I like you...Actually, I have liked you since the first time I saw you , It's just that you are too far away from me, I never thought that you would treat me..."

"Is that person Yan Junhao?" Saul asked.

Unexpectedly, Saul had already found out the identity of the other party. Yang Shirou's face froze slightly. Fortunately, he spoke first and seized the initiative, and said with a painful expression, "Yes...you know, he has power. I I can't resist at all, I can only hide and hide..."

The next second, with a bang, the door of the compartment was knocked open, Yan Junhao rushed out with scarlet eyes, and slapped Yang Shirou on the face, "b!tch..."

Seeing Yan Junhao, Yang Shirou was stunned, "Jun... Junhao... why are you here?"

"If I wasn't here, how would I know that you are such a ba5tard! You keep saying that I am your everything, and you keep saying that you can die for me..."

Hearing this, Yang Shirou's first reaction was to look at Saul nervously, "Mr. Lu, listen to my explanation..."

Yan Junhao also glared at Saul angrily, and then froze. Isn't this person... isn't he the second son of the Lu Group?

How could Yang Shirou get involved with such a person? Is there some misunderstanding?

Saul shrugged with an innocent expression on his face, "I just come to this restaurant to eat often, and we talked a little while admiring Ms. Yang's good piano playing, but Ms. Yang seems to have misunderstood me..."

Yang Shirou suddenly couldn't believe it, "What? You obviously...you obviously sent me flowers...and invited me to dinner..."

Saul: "And then?"

Then...?

Yang Shirou couldn't say a single word...

Saul never said anything outrageous, never did anything outrageous, and his character is to be merciful everywhere, the women he sent flowers to, don't want too many...

Is all this just wishful thinking on her part?
