

Cruel Heart Lover Novel

Chapter 796

"What are you doing here?" Ning Yaohua put on a straight face when he saw Selena, obviously he was afraid that she would do something bad at this critical moment.

"Sister, you're here. Come see grandpa. You don't usually come back. Grandpa misses you very much. You must be the person he wants to see the most!" Susie said while crying.

What this says...

The implication is nothing more than that she usually does not see people, and she came here only when people were dying.

"What are you looking at? Why are you pretending to be filial at this time?" Zhuang Lingyu said angrily.

Selena was so focused on the old man that she didn't bother to talk to these people, lying on the transparent glass of the ICU ward, she quietly looked at the old man in the ward.

She knew that Mama Wu was right, and it was her who worried Grandpa the most...

Ning Tianxin walked over, patted her on the shoulder to comfort her, and her face was full of guilt.

"How is grandpa?" Selena asked.

Ning Tianxin looked sad, "It has stabilized for the time being, but the doctor said... Grandpa's health is not optimistic... I'm afraid... he won't be able to survive this winter..."

"Selena, don't be too sad, at this age, there will always be such a day..." On the side, Roman comforted, and handed over a tissue.

Hearing Roman's words, Selena felt uncomfortable.

Grandpa isn't dead yet, so he said it as if grandpa was bound to die this time.

At this time, in the ward, Mr. Ning suddenly opened his eyes slowly, looked at Selena outside the window, and seemed to be struggling to speak...

The little nurse took off the respirator, listened to the old man for a while, then opened the door and came out, asking, "The patient said he wanted to see a lady named Selena, who are you?"

For a moment, everyone looked at Selena with complicated eyes.

"I am!" Selena said hastily.

"Come in with me, but the patient is still very weak, so don't talk to him for too long." The nurse urged.

"ok, I know, thank you!"

Seeing Selena go in like this, Susie was full of jealousy, this old man, she flattered him so much, he probably didn't even have a hair on Selena in his heart...

Of course, all that appeared on her face was dejection and loss.

Seeing this, Roman comforted, "Selena is not at home all year round, so the old man will inevitably miss her more."

Susie nodded reluctantly, "I understand..."

Ning Yaohua couldn't care about Susie at the moment, he was full of thoughts about what the old man called Selena in, but unfortunately the sound insulation in the ward was so good that he couldn't hear anything outside.

In the ward, Selena quickly grabbed the old man's hand, "Grandpa..."

The old man looked at her tremblingly, "Come on..."

Seeing the old man's weak and haggard face, Selena's heart twitched, "Grandpa, I'm sorry..."

"Silly boy, please say what I'm sorry." The old man stroked her hair, took a few breaths, and said directly to her, "Selena, grandpa has always hoped to wait until the day you take over the company." , In this way, while Grandpa is still there, I can help you clear the obstacles and secure this position, but now...Grandpa probably has no time...

Grandpa knows that you have your own career and life now... You are angry and don't want to come back... That's all... Grandpa won't force you...

In the will, grandpa left you 10% of the shares, which is enough for you to live comfortably for the rest of your life... I dare not give you too much... because... a man is not guilty, but a pregnant woman is guilty... will give you bring disaster..."

NEXT CHAPTER

Chapter 797

"Grandpa, stop talking, you will be fine!"

"Hey, you don't need to comfort grandpa. Grandpa knows his health well... I wanted to last a few more years...at least until you get married...cough cough cough..."

"Grandpa, stop talking! Get some rest!" Selena hurriedly said.

If there is even a glimmer of hope, he can wait a little longer, but Grandpa obviously knows that even if he waits a little longer, there will be no hope at all.

He didn't dare to deliver on the second room, but on the side of the big room, her attitude was so firm that it was impossible for her to return to Ning's house and join the company. Because of the nature of her work, getting married and having children was very unlikely...

One breath, once the support is gone, the body will inevitably step down quickly...

After leaving the ward, Selena's expression was extremely serious.

"What did your grandfather tell you?" Ning Yaohua asked immediately when she saw her come out.

"I didn't say anything." Selena said casually, and walked past everyone and left.

Ning Yaohua jumped in anger from behind, "What kind of attitude does she have!"

Seeing that no matter what, the property and company would definitely fall to Dafang, Ning Yaobang was naturally anxious, and pulled Ning Tianxin aside in a low voice, "Tianxin! Look at Selena, she can't go back several times a year. The old man still misses her so much, why can't you help me because you are also the granddaughter of the old man? If you don't fight, you will end up with nothing!"

Ning Tianxin glanced at him coldly, "I wish you could get nothing, then I want to see, when you have nothing, are those women out there still devoted to you!"

"you..."

"No matter what, uncle, at least he has never had a woman outside these years, but what about you, are you still a man?"

"You know what a fart! Do you know what Zhuang Lingyu's real identity is? He would like to, but how dare he! He wouldn't even dare if I borrowed him a hundred courage!"

...

Ning's villa.

After returning home, Ning Yaohua said solemnly, "Lingyu, I have something to discuss with you."

"What's the matter? About that girl?" Zhuang Lingyu frowned.

Ning Yaohua nodded and said hesitantly, "Otherwise... let's persuade Selena to let her come back? The old man will definitely give her a part of the shares in his will. If she is drawn over by someone else, it will be inevitable for me. It has influence... What's more, Susie is not biological after all, I will always have a trace of blood in the future..."

When Zhuang Lingyu heard this, her face immediately changed, "What do you mean? Susie wholeheartedly treats us as her biological parents! Are you worthy of her by saying these words? Blood relationship is so important? Let me tell you, blood relationship is nothing to me In any sense, in my heart, only Susie is my only daughter!

You forgot the ugly things that girl did, didn't you? You want to stomp your face on the ground yourself, don't drag me along! If she causes any trouble in the future, it has nothing to do with me! "

Ning Yaohua reassured helplessly, "Okay, okay, I just couldn't help but just casually mentioned, what are you doing so excited, besides, you just let her come back as an adopted daughter, and you didn't say to reveal her identity..."

"Don't make any crooked ideas about the shares that the old man gave her. I don't care about her little things. You can buy them with her directly. The money is enough for her to use for a lifetime. Although I didn't raise her, I don't care about her. Having given birth to her, I don't owe her anything, and I have done my best to her."

Chapter 798

Zhuang Lingyu said, looking at Ning Yaohua with a cold gaze, "If you care so much about blood, you can go outside and find a young girl to give birth to like my uncle!"

When Ning Yaohua heard this, he became anxious immediately, and quickly comforted him, "Hey, what nonsense are you talking about, how could I do such a thing! Don't you still know what I want for you?"

The two were talking in a low voice. In the kitchen, Susie came out with a bowl of soup.

"Dad, Mom... I'm afraid you will get angry, so I made some white fungus and lotus seed soup. You can drink it before going to bed! It will make you feel better! Grandpa is in the hospital now, you must pay attention to your health!"

Zhuang Lingyu hurriedly took the soup, her face full of kindness, "Hey, good... Good boy, you are so tired today. You are busy with fashion week during the

day, and you were called to the hospital just after the end. You haven't rested for a moment. Go to bed early. , these things, just leave it to the servants!"

"Mom, it's okay, I'm not tired!"

Zhuang Lingyu looked at her flawless daughter whom she brought up in front of her with a loving face, and sighed, "Susie, the old man probably won't make it through this time, and you will definitely join the company when the time comes. I'm afraid I'll be busier and more tired!"

After speaking, he gave Ning Yaohua a warning look, signaling him to give up those thoughts that he shouldn't have.

Ning Yaohua could only keep silent, after all, his status is not stable now, and he still has to count on Zhuang Lingyu and the Su family.

Susie hid the joy in her eyes when she heard the words, and said hastily, "Mom, I'm young now, and it's time for me to work hard. What is this bit of suffering and tiredness? Besides, as long as I can help my parents, I'm so happy!"

Zhuang Lingyu patted her hand and comforted her, "Mom knows you are the most obedient, don't worry, you will always be my mother's daughter, and you deserve all of this. As long as I am here, there will be no Anyone can underestimate you!"

Ning Yaohua coughed lightly, "Father is naturally the same!"

Susie lowered her eyes and choked with sobs, "Thank you mom, thank you dad... Ever since I found out about my life experience, I've been trembling and feeling like my sky is about to collapse. I really don't know what I did wrong. My home is no longer my home, and my beloved parents are not my parents anymore...I..."

Zhuang Lingyu's heart was pierced when she heard it, "How could it be, father is still your father, and mother is still your mother, none of this will change!"

Ning Yaohua was also a little moved, "You were brought up by your parents, so it doesn't matter if you are not your own. In our hearts, you are already our own daughter! There are so many unfilial sons out there, but they are our own. Well, but how can there be half a point comparable to you!"

"You are the pride of your parents, you are the little lucky star of our Ning family, have you forgotten? Don't have those messy thoughts in the future!"

...

Late at night, Platinum Emperor Palace.

Selena was planning to go back to the apartment, but she didn't expect to drive here before she knew it.

It's so late, I don't know if Daniel has slept yet...

Selena was hesitating outside the door, but the door in front of her suddenly opened by itself.

Daniel was wearing pajamas, standing at the door, "Ning..."

Before she finished speaking, Selena threw herself into his arms.

"What happened?" Daniel frowned and asked immediately.

The moment Selena saw him, she finally let go of her suppressed weakness and said hoarsely, "Grandpa is seriously ill. The doctor said that he might not survive this time..."

Chapter 799

"Don't worry, we'll talk when you come in." Daniel hurriedly brought her in, helped her to sit on the sofa, and poured her a cup of hot milk.

Selena held the milk and stared blankly for a while, before she finally made up her mind and said, "My grandfather is most worried about me, Daniel, I want to find someone... or rent a man and pretend to be my man Friend, bring it to my grandfather to meet, so that he can feel at ease."

"Why didn't you bring me?" Daniel asked.

"Uh...bring...you?" Selena was taken aback.

Daniel's face darkened, she hadn't thought of him at all?

Selena came to her senses and said hastily, "Hey, what I mean is, if I take you there... I guess it's not to reassure Grandpa, but to scare him..."

"At a time like this, if you take someone else there, he won't believe it. You can only take me." Daniel said in a firm tone.

"Um...is that so?"

"If you don't take me, who do you want to take?" Daniel looked at her and asked.

Selena gave him a weak look, "Do you want to tell the truth?"

"Ok."

Selena scratched her head, "Actually... I was going to ask Xi Shiqing to help me out. His status is more suitable, and grandpa has always liked him, so, in general..."

Before she could finish speaking, Selena was keenly aware of the danger, and hurriedly grabbed Daniel's arm, "Hey, I think Grandpa will definitely like you more! Let's go, I'll take you there, I'll take you there tomorrow!" "

Daniel glanced at her.

Of course he knows that her worry is justified. With his status, it is estimated that the old man will find it difficult to believe that he is sincere, and it is very possible that he will not even accept him.

"I'll take care of what you're worried about." Daniel looked at the girl and assured her.

"It's a pity that my boyfriend can take it with me right away, but it's impossible for my great-grandson to fulfill his wish..." Selena muttered sadly, "Even if we start now, it's too late!"

As Selena was talking, she suddenly thought of something and got up excitedly, "Daniel, that...can you lend me Rick?"

"Need not."

"Ah? What do you mean? No borrowing?"

"No need to borrow it, it's yours."

Selena was moved and burst into tears, "I don't know if it's right for me to do this...but I know...if I don't do anything, I will definitely regret it..."

She couldn't let her grandpa just leave with regret and anxiety...

So, the next morning.

Selena brought Daniel and Rick to the hospital.

Daniel should have already made arrangements. The ward area was quiet and there were no other people around. A doctor personally led them upstairs.

"Doctor, how is my grandfather's condition? Is he better today?" Selena asked anxiously.

The doctor shook his head solemnly, "It's very bad, I've been groggy all the time, if the situation continues to deteriorate like this, I'm afraid... it will only be two days..."

"What?" Selena's face suddenly changed.

Originally, he was still hesitating whether to use Rick to lie to Grandpa, but now, he can no longer care so much.

Selena took a deep breath and pushed open the door of the ward.

"Grandpa, I'm here to see you!"

I saw that on the hospital bed, the old man's spirit was even worse than yesterday. After hearing Selena's voice, he only raised his eyes slightly, "Selena..."

Chapter 800

"Grandpa, it's me..."

Selena stepped forward, "I'm sorry, Grandpa, I actually have something to hide from you. I've already met someone I like, and we're already together. It's just that I can't make it public because of my work. I haven't told anyone, but today I brought him here specially to show you..."

The old man didn't have the energy to open his eyes. After a while, he slowly asked, "How much did it cost?"

"what?"

"How much did you pay for the rent?"

"Uh...Grandpa, I didn't rent it! This is really my boyfriend!" Selena was speechless.

No wonder Grandpa wouldn't believe Daniel said he would take someone else...

The old man sighed, "I know you want to make grandpa feel at ease, but you don't need to..."

"Grandpa, I really didn't rent him! If you don't believe me, I'll prove it to you..." Selena said, pulling Daniel's neck down, and kissed him on the lips.

The old man saw what she had done in a daze, and stared anxiously, "You you you...you girl! How can you let others take advantage of you! It's too nonsense cough cough cough..."

Selena: Well, I still can't believe this is really her boyfriend!

"Grandpa, I haven't introduced myself yet. My surname is Lu, and my name is Daniel. I'm currently working in the Lu Corporation, and I'm indeed dating Selena." At this time, Daniel said.

Hearing the words, the old man froze for a moment, and at the same time tried to open his eyes, and slowly looked at the man in front of him, "Wait... wait, who did you say you were? Lu what?"

"Daniel...Grandpa, how much money do I need to afford Daniel?" Selena said helplessly.

"Is he Daniel?"

Daniel took out an ID card from his pocket and handed it to the old man.

Thus, the old man's expression changed from suspicious to shocked.

"By the way, Grandpa, I actually have one more thing to keep from you..." Selena said, and led out Rick who had been obediently behind Daniel just now, "Here... this is your great-grandson..."

The old man was still a little drowsy at first, and his brain was not so clear-headed, but now he suddenly saw Selena pull out a white and soft little bun from behind, and heard the word "great grandson", he stared at him immediately. Eyes widened, "What did you say?"

Seeing that the old man almost jumped up from the bed, Selena was startled, and hurried over to support him, "Grandpa, don't get excited, be careful!"

"How can I not be excited! You...you help me take this thing off...quick..." The old man was so anxious that he pulled the respirator on his face.

Selena had no choice but to take it away for him temporarily.

The old man immediately stretched out his hand tremblingly, staring at Rick without blinking, as if he was afraid that he would disappear, "Come... come to grandpa..."

Little Treasure turned his head to look at Selena, and then under Selena's encouraging eyes, he obediently walked to the old man's side, and stretched out his small hand to hold the old man's palm.

The moment that little hand held his palm, the old man's turbid tears fell instantly, and his body trembled violently uncontrollably, "This...is this really my grandson?"

Selena's eyes were also red, but she didn't know how to answer.

Daniel said, "Yes, Rick is my child and Xiaoxi's."

When Rick heard this, he nodded vigorously. He is the child of Papa and Mama!
