

Cruel Heart Lover Novel

Chapter 821

After Daniel came in, the lively atmosphere in the box suddenly subsided, so that it was quiet for a while, not like a party, but like a company meeting.

But the instigator, Daniel, did not have the slightest awareness that he had caused all this. He sat there calmly, holding his wife's little hand in private, admiring her small appearance of daring to be angry and daring to speak, looking carefree...

"Cough, what, don't stop, don't stop, keep going!" After the crisis was resolved, Saul immediately revived with full blood on the spot, and started to get excited again.

Anyway, with her own brother around, Selena will definitely not be at a disadvantage, and she can play as much as she wants...

After being coaxed together by Saul, everyone immediately relaxed a lot.

While playing, Roman came back, and after sitting down next to Susie, he couldn't help but look in Selena's direction from the corner of his eye.

The girl seemed to be a little afraid of Daniel, she sat there quietly with her head down, a little reserved, her cheeks were flushed from the wine, she seemed to be shy because of the k!ss just now...

At this moment, Selena's expression shot towards Roman's heart like a sharp arrow...

Since Selena returned to China, she seemed to be a different person. He couldn't remember how long he hadn't seen her so cute and timid.

Back then Selena was still a little girl, she would blush whenever she saw him, she didn't even dare to look him in the eyes...

But now, five years later, he finally saw the Selena he was familiar with, not because of him, but because of another man...

Could it be that she was against Daniel...

"Hahaha...Senior Jiang, you have fallen into my hands again! Truth or risk?"

At this moment, Louis was in a bad mood, and said casually, "Big adventure!"

"Senior Jiang, I just like your character! Then listen carefully! Please take off your shirt and do ten sets of push-ups on Plum Blossom A!"

"Oh oh oh..."

As soon as the words fell, everyone was so excited that they almost knocked off the roof...

"Push-ups, hahaha..." Everyone showed meaningful expressions.

"Aww, plum blossom a! Who is plum blossom a? It's so beautiful!"

"It can't be a man, hahaha!"

...

In the corner, Selena's face turned slightly dark.

Nima, what she drew was club A!

What to do?

Selena subconsciously glanced at the Great Demon King.

Sensing the girl's gaze, Daniel lowered his eyes and saw clearly the plum blossom a in Selena's hand.

"Huh? Where's Plum Blossom A? Come out!"

Everyone was already urging, and Selena was about to raise her hand, when her hand was suddenly empty. In the next second, the card in her hand had changed from the ace of clubs to the 8 of diamonds.

Immediately, someone next to him laughed and said, "No wonder Plum Blossom A has been silent! Second Young Master, it turned out to be you!"

Saul looked bitterly at his brother who took away his cards: "..."

Nima! Is there such a thing as cheating on your brother?

Forget it, who told him to play truth or dare!

Saul shrugged his shoulders towards Louis, "Come on!"

Everyone burst into laughter.

Louis was sitting next to Saul. He had seen Saul's card a long time ago. It wasn't an ace of clubs at all, but now it was an ace of clubs. He didn't need to guess who the real ace of clubs was...

In the end, Louis gave up directly, picked up the wine on the table, and drank three glasses.

Everyone was disappointed when they saw this.

Hey hey hey, no fun to watch!

Chapter 822

In the middle of the game, Selena was drawn again.

"Truth or Dare?"

Selena hesitated, "Speak the truth!"

The man seemed to be waiting for Selena to tell the truth, so he sneaked a glance at Daniel, and asked excitedly, "Well...how did you feel when Mr. Lu k!ssed you just now?"

Selena: Nima, it turns out that telling the truth is more dangerous than taking a risk!

As soon as this question came out, the eyes of all the little girls in the box lit up like a 500-watt light bulb, obviously, they were all very interested in this question.

When Daniel k!ssed Selena just now, they were already going crazy with jealousy! Especially the little girl who proposed to let Selena ask for a k!ss from the first man who entered the box, she was so regretful that she created such a good opportunity for other women...

All of a sudden, everyone's eyes fell on Selena.

Daniel was holding a red wine glass in his hand. Although he didn't look at anyone deliberately, his attention was obviously on her.

After struggling for a long time, Selena answered bravely, "To be honest...it was too sudden just now, I didn't have time to feel..."

"What! It must be true!"

"That's right! Do you really not feel it?"

...

"It's not that I didn't feel it! I mean, I didn't have time to feel it! It's really true!" Selena explained helplessly.

Everyone had no choice but to spare her this time unwillingly.

Finally escaped, the palms of her hands itched as Daniel's fingertips scratched against her palms.

Selena raised her eyes and stared at him, why?

Daniel didn't speak, but looked at her with unusually deep eyes.

Next, the person who was drawn was Susie.

"Susie, to tell the truth or take a big risk?" Janice asked.

"Let's take a big risk." Susie said confidently.

Because Janice was the one who got the big ghost, she would definitely not let her do anything excessive.

Then, Janice said, "My request is to sing a duet with Spade K."

Originally, this big adventure was not exciting at all, and everyone had nothing to pay attention to, but in the end, the K of Spades turned out to be... Daniel...

Saul was already ready for his brother to repeat his tricks, but Janice saw it first, "Oh, the king of spades is Mr. Lu!"

When everyone saw it, they all showed envious eyes, "I really want to hear Mr. Lu sing!"

It's just singing a song together, and it's also a game. This is perfectly normal, and Roman's side must be fine.

This was undoubtedly a good opportunity to build a relationship with Daniel.

So, Susie smiled generously, stood up gracefully, looked at Daniel and said, "Mr. Lu, come and order."

Susie was a little lucky, but fortunately, her singing skills are very good!

Everyone felt that Daniel would definitely agree. After all, Selena asked him to k!ss him just now, and he agreed to it. There is no reason to reject a song.

Janice has already handed over the microphone very attentively...

In the end, Daniel didn't even raise his hand, and said two words from his thin lips: "No."

All of a sudden, Janice's flattering smile froze on her face, and Susie, who was about to show off her singing voice, also stood awkwardly in the middle of the box...

How can you not sing...

Maybe he disdained to sing with a female star like Susie, and lost his status, right?

For a while, almost everyone thought so in their hearts.

Chapter 823

Susie never expected that the unfeminine Daniel would be able to k!ss Selena in public, a third-rate actress with a low status and face, but he was unwilling to sing a song with her...

Janice thought she had done a good job at first, and she was proud of it when the word Daniel came out, she didn't dare to say a word, and retreated embarrassingly with the microphone.

"That's it... then... I'll punish you with three drinks!" Susie could only pick up the glass.

There was still a glimmer of hope, thinking that Daniel would not have the heart to change his mind, but Daniel just sat there quietly, his expression not changing at all.

"Susie doesn't know how to drink, let me help her!" Roman got up, took the wine glass from Susie's hand, and helped her drink the three glasses of wine.

Only then did the atmosphere at the scene ease up a little, and Susie wasn't so embarrassed anymore.

After all, with Daniel's status here, it would be normal for him to refuse.

Daniel calmly glanced at Roman who was helping Susie out of the siege, a slight coldness flashed in his eyes.

Saul knew Daniel best, as long as he looked at him, he knew what he wanted to do. When he rolled his eyes, he immediately had an idea in his mind.

His brother is obviously jealous when meeting his rival, he can't get used to Roman, and wants to vent his anger on Selena...

After a few rounds, Saul got the big ghost, looked proudly at Xiao Wang's brother, and said maliciously, "Brother, tell the truth, or take a big risk?"

Daniel glanced at Saul, "Big adventure."

When Saul heard it, his eyes immediately lit up, ah, what a cooperation!

Do you know that he is preparing a strong assist?

The others looked at the two brothers with expressions of interest. Saul liked to play the most, and they didn't know how he planned to punish his brother, but would he dare to punish Daniel?

Selena also held her chin and looked at Saul curiously. With Saul's expression, it looked like he was going to make trouble...

I saw that Saul coughed lightly at first, then looked at Daniel with a smile and said, "Brother, my request is very simple, and I want you to sing a song with someone! Among the people sitting, you You can choose whoever you want to sing with you!"

When everyone heard this, they all couldn't help being a little funny. Just now Daniel said that he can't sing anymore, and he doesn't want to sing with others, but now Saul asked him to find someone to sing with him. Didn't he want him to lose on purpose?

However, this was not over yet, Saul continued, "Also, I want to specify a song! Hehehe...I want you to sing "Vortex" with the person you choose!"

Everyone at the scene was silent for a few seconds, and then they all sprayed...

Louis's head was full of black lines, "Hey, whirlpool..." His second uncle really lost all integrity!

Selena was also holding her forehead, with an expression that she couldn't bear to look directly at.

In fact, this kind of song is just a little ambiguous in the lyrics, it's just a child's play to her, but, if Daniel from the ascetic department is singing it...

Emma! No no no! Can't think about it anymore!

Just thinking about the scene of Daniel singing this song, she couldn't help it.

When the other people in the box thought of the lyrics of the whirlpool, they were all speechless for a while, the second young master must be too noisy! Nima, actually let Daniel sing such an ambiguous song as whirlpool!

The most important thing is that it is too strange to sing this kind of song with a man. If you have to choose, you can only choose a woman, right?

Chapter 824

Just now Susie just asked to sing an ordinary song together, but Daniel refused, how could he agree this time...

Everyone just thought it was the brothers playing around, they didn't take it seriously...

Speaking of which, the relationship between the two brothers is really good enough, and only Saul dared to make such a joke with Daniel!

Everyone was feeling emotional when they saw that Saul had already rushed to order the song "The Whirlpool", and then excitedly urged Daniel, "Hurry up and choose someone! Drink if you don't sing! Three big cups are enough for you!" No less!"

At this moment, in the speakers, the prelude to the music has already sounded...

Daniel straightened up slightly, and stretched his arms towards the coffee table.

Looks like he's about to drink.

Everyone had expected expressions, but in the next second, Daniel's fingers avoided the wine glass on the coffee table, and picked up the microphone next to the wine glass...

Uh!What is Daniel going to do?

Almost everyone straightened up slightly, and then, under the gaze of countless pairs of fiery gazes, Daniel calmly put the microphone into Selena's hand next to him.

Selena: "...???" What the hell? What do you mean? The big devil is crazy! Actually want to sing? And choose her to sing with?

At this moment, the others are going crazy too, sh1t!

Selena!

Daniel, what does this mean?

This is to sing, and does it mean that Selena was chosen to sing with him?

The moment everyone's jaws were about to drop in shock, the prelude ended. Daniel casually leaned back on the sofa, slightly raised the microphone in his hand, and gently parted his thin lips, "Following your design, those curves, turn and fall Entering the Eye of the Wind Paradise, everything in the world revolves towards the heart, accompany me, and settle down for you..."

In the box, the hoarse and deep Cantonese singing like a cello sounded...

"Dmn it! This...is this Mr. Lu's song? My ears are getting pregnant!"

"It's so nice, isn't it! Did you turn on the original sound?"

"No, no! It's really Mr. Lu who sang it! Oh, Mr. Lu's voice is so sexy and charming when he sings! This subwoofer, I'm going to faint!"

"Ahhh, that's really good! Didn't you say you can't sing? This is too good to sing! Actually, I thought that Mr. Lu's character is really not very good at singing! Facts have proved that I am so naive!"

...

Seeing that there was a female voice below, Selena missed half a beat because she lost her mind, and before she had time to think about it, she hurriedly picked up the microphone and connected it...

"Beyond reason, surpass nature, hide from God, and let you come to my side... Even if I love you until you become pieces, I still have me to support you, fall to the sky, like you, turned into powder, who wants to be healthy ... Come sink, in my depths ..."

Along with Selena's singing, there was another small-scale scream in the box.

The girl's voice is soft and lingering, and the ending seems to have a small hook...

Selena seemed to be singing calmly, but her old face was actually a little hot.

Nima! What is "Come and sink in my depths"!

The lyrics of this song are so embarrassing!

Dmn Saul!

Of course, if you don't think too much about it, the lyrics are fine, but, among the spirits present, is any one pure?

Next came the chorus, and the voices of Daniel and Selena rang out together: "Come and hug me, form a vortex, roll up that, passionately k!ss the storm behind..."

Selena: "Immerse you, including the world..."

Daniel: "I love you so much..."

...

Chapter 825

The lyrics of this song are so ambiguous that Selena couldn't let go at first, but later on, probably because of the effect of alcohol and Daniel's familiar and reassuring atmosphere, she unconsciously relaxed and sang more and more. The better the condition later on, the natural laziness between the brows makes people blush and heartbeat.

What is even more shocking is that the cooperation between these two people is too tacit!

The two actually didn't interact at all, they just sang, and they didn't even make eye contact. However, whether it was when the two sang, or the feeling and aura between them, it was simply... as if they were really a couple in love. lovers!

That natural tacit understanding, that sweetness and lingering, is so strong that it can't be melted away.

Daniel is obviously such a proud and lonely person, but at this moment, it seems that he has descended from the sky to the world of mortals in an instant...

Daniel & Selena: "Come and hug me, k!ss me from the tip of my toes, your soul will fall inch by inch towards the flood..."

Daniel: "Love is eating away at me"

Selena: "Like the earth and the sky."

Daniel: "Regardless of the consequences"

Selena: "This is caused by greed..."

...

Finally, a song was sung.

Only then did everyone finally recover from this charming singing.

Saul was the first to applaud, "Master finally heard you sing back!"

Even though he already knew that his brother's voice was so sexy when he sang, but this time he was still amazed...

Louis had just recovered from the shock. It was the first time he had heard Daniel sing, and he never thought that with his personality, he would actually be willing to sing a love song with Selena in front of everyone...

Everyone immediately applauded together, and they all praised and complimented, "My God! Mr. Lu! You sang too well! You still said no, how humble!"

"It's all-powerful! I feel like I'd better go home and farm, not in the entertainment industry!"

"Selena also sings well. I didn't expect that beauty Ning is not only good at acting, she can also sing so well!"

"The two cooperate so well! I feel like I'm in love!"

"I feel that Mr. Lu has a special preference for our beauty Ning tonight..."

...

Listening to the compliments around her, word by word, Susie felt as if she was being slapped hard on the face one by one.

Daniel not only knew how to sing, but also sang so well.

He rejected her, but turned around and sang a love song with Selena.

It was tantamount to putting her face on the ground and trampling on it!

Seeing his woman being slapped in the face in such a public way, Roman's face was naturally not very good, but there was nothing he could do about it. He just didn't want to sing with you, so could he force him?

Moreover, right now his mind was not on Susie, his mind was full of the scene of Selena singing with Daniel just now.

Isn't the feeling between these two too unusual?

It's almost like a pair of lovers in love...

Janice on the side coughed in embarrassment and comforted her, "Susie, don't be sad, Shengshi Entertainment is a branch of Lu Group, and Selena is a member of Shengshi Entertainment, in public, Daniel will protect her. Over there, it is inevitable..."

Susie gave her a hard look. If she hadn't asked her to sing with Spade K first, would she be so ashamed now?

Incompetent bungler!

Susie was about to die of anger at this moment, and she still wanted to maintain her demeanor on the surface, but when she turned her head, she saw Roman staring blankly at Selena's direction. Suddenly, the jealousy in her heart burned again, making her so angry. It's almost about to explode...

Chapter 826

On the outskirts of Beijing, in Susie's newly bought villa.

Susie was holding a glass of scarlet red wine in his hand, drank it angrily, threw the glass to Janice, and said sullenly, "Go and tell Su Yimo what happened tonight!"

"Understood!" Janice took the cup cautiously, and tentatively said, "Actually, it's just a social occasion, so don't be so nervous at all... Daniel should just give Saul face!"

Susie glared at her impatiently, "Nonsense! Of course I know! Otherwise, could it be Daniel who fell in love with Selena?"

Janice muttered, not daring to speak.

"Go away! I'm upset when I see you! Useless things!"

Janice quickly ran away as if she had been pardoned. Susie was so angry tonight that she was going to die at once. She didn't want to continue to suffer bad luck here.

I was scolded for not doing anything, and I was still scolded for doing it. I don't know what happened during this period of time. It's like being possessed by an evil spirit. Nothing goes smoothly...

After Janice left, Susie drank all the red wine left in the bottle, then went into the bathtub, took a flower bath, and changed into a thin nightgown.

After doing all this, Susie lay on the large bed in the middle of the bedroom, picked up her cell phone, and made a call.

"Hello, Susie?" A man's gentle voice came from the phone.

"Roman..."

"It's so late, you haven't rested yet?"

"Roman...Roman...I'm so uncomfortable..."

"Uncomfortable? What's wrong? What's wrong?"

"Uncomfortable...so uncomfortable...what to do...I feel like I'm going to die..."

"Don't talk nonsense! Where are you? Is there anyone at home?"

"I'm in... the small building in the middle of the lake..."

"Stay still and don't move, I'll go find you right away."

...

After making the phone call, Susie threw away the phone in her hand, took out a delicate crystal vial from the bedside drawer, poured the expensive essential oil in the bottle into her palm, and rubbed it on every inch of her skin...

Soon, the sound of a car engine sounded outside the house, followed by a rush of footsteps from far and near.

"Susie..."

As soon as Roman opened the bedroom door, he was embraced by a soft body.

"Roman..." Susie wrapped her arms around the man's waist tightly, as if holding the last straw, with a panic expression on her face as if she was about to lose everything, "Roman...do you not love me anymore?" ?"

Roman frowned slightly, picked her up and put her on the bed, "Why did you drink so much wine?"

"Really? Do you not love me anymore?" Susie looked up at him, unwilling to let go.

A trace of helplessness flashed across Roman's eyebrows, "How could that be! If I don't love you, who else can I love?"

Susie looked at him with a hurt face, "Selena...do you still love Selena?"

A trace of stiffness suddenly flashed across Roman's face, "Don't talk nonsense! Didn't I tell you clearly? Why are you thinking wildly?"

"It's not...it's not my wild imagination! Tonight, your eyes have been on her...always..." Susie's face was full of grief.

"Susie, you're thinking too much. I'm just worried that Selena will suffer." Roman explained.

"Disadvantaged? How could it be possible to be disadvantaged by being able to climb up to someone like Daniel? I'm afraid she would have liked it...Roman, look at me seriously, are you really just guilty of her? Seeing her flirting with other men, Are you just worried...not jealous?"

Chapter 827

Roman's eyes flashed slightly, but only for a moment, and soon his expression returned to normal, "I'm just worried, not jealous, just rest well, don't worry anymore, okay? You are the only one in my heart, don't you know? "

Finally getting an affirmative answer, Susie's eyes flashed with color, and she actively wrapped her arms around his neck, covering his lips, "Roman...hug me..."

The girl's scorching breath was in his ear, the smooth skin on his chest rubbed against his arm, and there was a burst of sweet and greasy aroma that was so smoky that he couldn't help but sink into it.

Roman's lower body reacted almost immediately.

But, for some reason, instead of Susie's face, what came to mind for a moment was the image of Selena being k!ssed by Daniel, the shy expression of the girl covering her small face...

The reaction of the lower body became more intense, but my heart was poured down like a basin of cold water.

Thinking of Selena's ambiguity with Daniel tonight, and comparing her indifference towards him like a stranger, Roman's heart became colder, and he completely lost that thought. He pulled down Susie's arm little by little, and helped her. The quilt was covered, "You need to rest, and you have to get up early tomorrow to make an announcement, have you forgotten?"

"It's okay, you can push it off, you've already..." Susie's little hand covered the man's swollen place like a snake.

Roman held her hand with his back stiff, "I'm fine, go to sleep."

After speaking, he k!ssed her on the forehead, then helped her turn off the headlights, and gently closed the door and left.

Outside the house, the sound of the car engine sounded again. Susie threw away the quilt on her body, stood in front of the French window, stared quietly at the car going downstairs, and in the next second, slammed the quilt on the dressing table next to her. Everything was thrown to the ground...

"Selena! You b!tch!!!"

Roman didn't touch her!

Although his attitude towards him was as gentle as ever, this was something that had never happened before!

Especially the moment he kissed him just now, there was something wrong with his eyes at all, what he was thinking about was not her at all!

That b!tch Selena must have seduced Roman with flirtatious eyebrows in private, and maybe even had contact with Roman before she knew it.

Dmn it! Did she still think she could snatch Roman back? It's just a dream!

Now that the Ning family and the Su family are intertwined, too many businesses and projects are intertwined, and a single trigger will affect the whole body. Roman can't do without her at all!

...

After leaving Huxin Xiaozhu, Roman drove aimlessly along the road, and before he knew it, he found himself parked downstairs at Pearl River Dijing.

He lit a cigarette, sat in the car for a while, and finally, unable to stop the urge to grow like weeds in his heart, he opened the car door and entered the building.

Standing in front of Selena's apartment, Roman hesitated for a moment, then rang the doorbell.

As a result, after pressing it several times, there was no movement at all.

Roman frowned suddenly, did he fall asleep, or...didn't come back at all?

...

at the same time.

A black Maybach is driving slowly on the road, and a girl is singing like a wild horse.

"The great river flows eastward... The stars in the sky join the Big Dipper... Hey, join the Big Dipper... When the road is injustice, let out a roar... Take action when it's time to take action... Rush through Kyushu in a hurry....."

Daniel who was driving next to him: "..."

Saul & Louis in the back seat: "..."

Chapter 828

Selena stared dissatisfiedly at Daniel who was driving next to him while singing, "Master driver! Open the window! No! Not that window! I want to open the sunroof! Sunroof! Open it..."

Daniel pinched his brows and pressed a button on the car.

Suddenly, the car turned into a convertible.

When a gust of wind blew, Selena lay on the window with her arms outstretched, and immediately became even more excited, "You are majestic and majestic, the man who puts on the horse, and the galloping horse is like a strong wind, and the endless fields follow you....."

Saul: "A soul singer is born, Karen, have you ever thought about entering the music scene..."

Louis couldn't take it anymore, "Brother! You're almost done! Be careful not to be photographed by reporters!"

Hearing this, Selena's free spirit finally restrained herself, and hurriedly said, "Master, close the window! Close the window!"

Daniel gave the girl a doting look, and said in a conniving tone, "It's okay, there are no reporters."

Selena's eyes suddenly lit up, and she immediately started flying again, "Ahhhs Love me will never change... just for this sentence... aha... heartbroken and no complaints..."

Louis's face was full of lovelessness, and he regretted his decision to rub the car.

Saul belched a lot, with an expression that he's gotten used to after seeing big winds and waves.

"Mandarin ducks and butterflies fly together...The spring scenery in the garden is intoxicating...Quietly ask the holy monk...Is the daughter beautiful...Is the daughter beautiful...Is the daughter beautiful...Is the daughter beautiful...Is the daughter beautiful....."

Daniel: "Beautiful."

"Hey..." Selena finally calmed down.

Platinum Palace.

As soon as they arrived at the place, Saul and Louis, who had been stuffed with dog food all night, immediately rolled out of the car and ran away without a trace.

Daniel parked the car, helped the drunken girl into the house, helped her change her shoes and coat, and wiped her face with hot water.

Seeing the girl giggling all the time, Daniel's mood was also infected. He touched her cheek, "You're in a good mood?"

Selena nodded immediately, her eyes sparkled, "Master Boss, you are really eloquent, I really waited for a better, better script..."

Grandpa has recovered, the studio is on the right track, and the new play she has been dreaming of has finally come to fruition.

I can't remember how long I haven't been this happy.

Recalling that dark experience, it seems to have happened in the previous life.

Daniel stared intently at the light in the girl's eyes, and the next second, he bent down and kissed her lips.

"Hmm...what are you doing?" Why did you start kissing while talking decently?

Daniel looked at her with a half-smile, "Didn't you say it was too sudden and I didn't have time to feel it?"

"Uh..." Selena then remembered the question someone asked her when she was playing Truth or Dare in the hotel room.

The Great Demon King's memory is so good that he still remembers it now.

"How does it feel?" Daniel looked at her with deep eyes and asked again.

"Hmm..." Selena blinked her eyes, thought about it for a long time, and then replied, "I still don't feel it clearly, what should I do?"

Daniel chuckled and kissed him again...

Selena was happily taking advantage of the Great Demon King, when she suddenly heard footsteps, she hurriedly pushed Daniel away, and jumped off the bed.

Sure enough, the soft and cute little bun walked in dazedly with slippers on at the door. After seeing Selena, the little bun probably thought he was dreaming. Standing there, he first rubbed his eyes, and then, expressionless stretched out a small hand, pinched his little bun face...

Chapter 829

Seeing the little bun standing there staring blankly pinching her own face, Selena's heart almost melted, and she immediately hugged the little bun, "Pfft, baby, why are you so cute! It's not a dream !"

Feeling the real body temperature and soft hug, Rick finally believed that it was really Aunt Selena. His short hands tightly held onto Selena's clothes, sticking to her embrace. At the same time, his big grape-black eyes were vigilant. He looked at Papa behind him tangledly.

Papa was secretly with Ma Ma again without him!

Receiving his son's accusation, Daniel curled his lips slightly and rubbed his son's head, "I won't fight with you tonight."

In order to turn Aunt Selena's half mother into a whole mother, the little guy has indeed sacrificed a lot of time clinging to Selena during this time.

Daniel covered the two of them with a quilt, "Go to bed early, I still have some things to attend to."

Selena frowned, "Working so late?"

Daniel nodded, "Yes, I want to earn money to support my wife and children."

Selena: "..."

Daniel chuckled, and pressed a kiss on her forehead, "Sleep, I'll be fine soon."

After coaxing the little bun to sleep, Selena was about to turn off the lights when the phone suddenly lit up and a call came in.

Selena pressed the connect button before the bell rang, and walked lightly to the balcony.

"Hey?"

"Selena, where are you? Why didn't you come home?" Roman's anxious voice came from the phone.

"How do you know I'm not home?" Selena frowned slightly.

"I'm at the door of your apartment." Roman replied.

"Is there something wrong?"

"Selena, where are you now?" Roman asked.

"Where do you think I should be? Sleeping with a man?" Selena gathered the coat on her body, looked at the little bun on the bed in the room, her eyes were so gentle that she heard Roman's questioning tone, I can't make any waves in my heart.

"Selena!" Roman's tone immediately became stern, "I didn't mean that, I just wanted to remind you to protect yourself, especially for Daniel, don't think about things you shouldn't have, and go on this trip Muddy water. You must know that Su Yimo from your company has been ambiguous with him, and it is said that the Lu family has already selected a fiancée for him, not to mention that he has an illegitimate child..."

Roman, one of the top ten best boyfriends, in order not to misunderstand Susie, wholeheartedly distanced herself from her. Tonight, she got so nervous that she not only went to wait for her at her door, but also called her in a hurry and said that. More or less...

Selena didn't bother to think about what he wanted to do, so she said softly, "Young Master Su, it seems that I need to remind you once again that it's not your turn to take care of my affairs. Besides, regarding Daniel, heh, I don't care. Sleeping with him for one night... is better than marrying someone like you, so don't worry about it!"

After speaking, he hung up the phone directly.

Roman looked at the phone that was hung up, his face was extremely ugly.

What does it mean to sleep with Daniel upside down, is it better than marrying him?

This is simply the greatest insult to a man!

What's more, the person who said this was Selena who once worshiped him as a god.

It is true that he is not as powerful as Daniel, but he is still one of the top figures in the imperial capital, and in her heart, he is so unbearable...

Chapter 830

Roman cursed in a low voice, with a gloomy face, and slammed his fist on the car door.

Obviously, some time ago, her attitude towards herself had softened a lot, why is she returning to being indifferent and sharp now?

Selena, who was completely ignorant of her moody temper, made him unable to stop thinking about it, his mind was completely occupied, and he couldn't control it at all...

the next morning.

Looking at the servants downstairs carrying things in and out, Selena was a little surprised, "What are you doing?"

"Miss Selena, these are all birthday presents." Yuan Butler replied.

"Birthday gift?"

"Yes, it will be the master's birthday soon."

"No wonder..." Selena showed a clear look.

Only top celebrities were invited to the birthday banquet. Those who were not eligible to be invited and wanted to curry favor with the Lu family, naturally took advantage of this opportunity to give various gifts.

"Wake up, did you sleep well last night?" Daniel walked out of the bedroom.

Selena nodded, and asked casually, "Is your father's birthday coming soon?"

"Ok."

Selena scratched her hair, frowned slightly and asked, "Does Rick also need to be there?"

Daniel knew her worry, and replied, "Due to Rick's poor condition, he was not allowed to attend the past two years. Depending on the situation this year, even if we go, it should be just a simple show."

Only then did Selena feel relieved, "You must be very busy these days. I happen to have nothing to do this morning, so I'll send Rick to school today?"

As soon as Selena finished speaking, her legs immediately softened, and the little bun attached to her legs had been hugged at some point, her head was raised, her face was shining brightly, obviously she had heard that Aunt Selena was going to send him to school up.

...

After breakfast, Selena changed into a long skirt and a pink clip, put on a very gentle and virtuous makeup, and happily sent Rick to school.

Because of Selena Mama's company, Rick was in a very good mood. bun, who was always cold like a little robot, rarely had a soft smile on his face. Along the way, he attracted a lot of teachers and parents.

Several teachers couldn't help sighing, "I thought Rickey was autistic, isn't that good?"

"Yes, but it seems that the child is only closer to his mother."

"Little Zhengtai is really fascinating when he smiles, and he looks like his mother when he smiles. I don't know how many little girls he will be fascinated by when he grows up!"

"Speaking of which... why do I always feel that Mrs. Lu looks familiar?"

"When you say that, I also feel a little bit like a star who has just become popular recently!"

"I know who you are talking about. Is it the female general in the world who is acting as a lover with Louis? I quite like her! However, it should just look a little bit like her. Look closely at her temperament and style. Not alone!"

...

After delivering Rick to the classroom, Selena ran into Rick's teacher in the corridor.

"Hey, Mrs. Lu!" Teacher Wang hurriedly called her to stop.

Selena turned around: "Teacher Wang!"

"Mrs. Lu, it's just in time to meet you. I just want to talk to you. Do you have time now?"

"Yes!" Selena nodded hastily, feeling a little worried in her heart, wondering what would happen if Rick's teacher suddenly came to her, could it be that Rick had some problems at school?
