

Cruel Heart Lover

Novel

Chapter 851

After torturing Guan Zhichen, Selena finally felt relieved.

That genius boy Guan Zhichen was not reconciled to being a man after being taught by Rick, so he found a few so-called more difficult questions to test Rick, and in the end he was taught to be a man again...

In the end, all the people who had been surrounding Guan Zhichen crowded over to Rick's side, and some even wanted to touch the genius to get proud, making Selena speechless.

What's rare is that Rick is very patient, surrounded by so many people chirping you and me without any impatience, his small face is still as calm as the wind, and he has an unpredictable appearance at a young age, which makes him amused. Everyone was so adorable.

As long as he is held by Ma Ma, he will only see Ma Ma in the world, and it doesn't matter how noisy others are.

"I didn't expect Rick to be so powerful!"

"It is said that boys who are good at math are the most attractive, so it turns out that the little milk baby is also the same! It's so cool!!!"

"I really want to rub my little face! It's so charming to keep a straight face and not speak!"

...

Rick has gained a large number of sister fans, and several even clamored to be his godmother, and there were countless kisses for the baby.

For a while, Guan Zhichen was completely left out in the cold.

Seeing that the praise and aura that should belong to him were all taken away by this child, the boy's face became more and more gloomy...

When everyone was surrounded by Rick, he suddenly opened his mouth and said quietly: "I read in the book that children with autism often have some specialties that are different from ordinary people, so it is true! "

Guan Zhichen's voice was not low, so basically everyone present heard his words.

Suddenly, the warm atmosphere suddenly became extremely cold, and everyone looked embarrassed.

Accompanied by Guan Zhichen's words, Selena's pupils shrank, while Lu Chongshan seemed to be slapped hard and hard, and the originally relieved expression froze on his face.

But this child is Guan Rui's most precious grandson, even if he is furious at this moment, he can't explode...

Guan Rui and Guan Ziyao also changed their faces in an instant, Guan Ziyao hurried over, pulled Guan Zhichen over, and said in a stern tone, "Zhichen! What nonsense are you talking about!"

Guan Rui's expression was also extremely serious, "Zhichen, hurry up and apologize to my brother, where did you hear these nonsense things!"

It's good for everyone to tacitly say this kind of thing, and talk about it with Lu Chongshan and Yan Ruyi in private, it's caring, but if it's put on the table, it's obviously deliberately sweeping the Lu family's face.

What's more, this matter is simply Lu Chongshan's rebellion...

Guan Zhichen had never been so humiliated, nor had he been scolded by his grandfather and aunt in public like this, his face was full of dissatisfaction.

That's what was written in the book. This little milk baby has autism. Where did he say it wrong?

So, Guan Zhichen continued to say loudly, "I'm not talking nonsense, he already has autism, otherwise why would he keep silent! Why is this servant always helping him spread the word!"

Guan Zhichen lost control of his emotions, and the scene was extremely embarrassing. Everyone looked at each other in blank dismay, and even didn't know what to say about Circus.

No one expected that the matter would develop to this point, that Guan Zhichen would reveal the most secret and shady things of the Lu family in today's occasion...

Chapter 852

With a "snap", Guan Rui slapped Guan Zhichen heavily...

"Shut up! I want you to apologize to your brother! Do you hear that? It's fine for others to talk nonsense in private, how can you easily listen to it? Your brother Rickey is very good, how can he look sick?"

No matter how much he loves his grandson, in order to save the situation, he has no choice but to express himself.

At the same time, an imperceptible light flashed across Guan Rui's eyes. Although Lu Chongshan would be a little unhappy about what happened today, Rickey would be completely useless if he made such a fuss under the eyes of everyone. With little effort, Ziyao eliminated an heir.

However, it is inevitable that Zhichen will feel wronged...

Guan Zhichen was beaten for a long time without recovering, with an expression of disbelief on his face, "Grandpa... you hit me..."

Although Guan Rui always treated him very harshly in front of outsiders, in fact he was very submissive to him at home. It was the first time he hit him since he was a child, just because of this Dmn dumb!

Guan Rui has already achieved this step, Lu Chongshan is naturally not easy to argue with a child as an elder, he looks unrespectable, his fingers holding the crutch trembled slightly, and said in a deep voice, "Forget it, Zhichen is young, so it doesn't matter. "

"It's just that such words are still too hurtful, Zhichen, you really should apologize to our little treasure." Yan Ruyu looked at the precious grandson opposite Selena who was holding his little hand tightly, and she was filled with regret. Rick shouldn't have appeared tonight!

She overestimated the existence of this woman, forgetting that there are countless uncertain factors that will happen...

If I had known that she would rather hide Rick at home for the rest of her life and see no one, it wouldn't matter, and she wouldn't want him to suffer these injuries.

Guan Ziyao knew that Lu Chongshan and Yan Ruyi didn't care about disputes on the surface, but they would definitely be very upset in private, so she hurriedly advised, "Zhichen, be obedient, go and apologize to Brother Rickey, this matter is indeed serious. You made a mistake!"

"Cough, yes, Rickey is the younger brother, you should love and protect the younger brother..." Mo Lingtian also said.

"fcuk you, Guan Zhichen! What a ba5tard! I'm a child too! Dmn it, I'm going to beat him up! That old thief Guan Rui definitely did it on purpose!" Saul finally couldn't hold it anymore, and was about to rush forward with his sleeves rolled up. , but was grabbed by Daniel's wrist beside him.

"Brother, what are you doing! Your son and nephew have been bullied like this!" Saul was very excited.

Daniel's gaze was like a deep pool, quietly looking in the direction of Rick and Selena not far away, without the slightest expression on his face.

Guan Zhichen couldn't bear the fact that everyone was helping the little mute, so excited, he broke free from Guan Ziyao who was holding her, and shouted, "He's just autistic, sick, and dumb! If not, Why doesn't he talk! If he can talk to me, I'll apologize to him! Otherwise, I won't! I'm not wrong!!!"

Guan Zhichen kept forcing Rick to talk to him, and that crazy voice echoed repeatedly in the whole hall...

a long time...

a long time...

Guan Rui's desired effect had also been achieved, and he knew it could not be too much, just when he secretly called the servants who accompanied him, and was about to send Guan Zhichen home first...

In the silent air, an indifferent and cold childish voice slowly sounded – “You are not worthy.”

That voice was extremely raw and immature, slightly hoarse, even childish, but it exploded in everyone’s ears like a thunderclap...

Chapter 853

said... spoke...

In an instant, everyone present was stunned.

Guan Ziyao’s face was full of surprise, Guan Zhichen, who was still yelling just now, seemed to be tightly strangled, and suddenly fell silent.

Actually spoke...

The little dumb! She even said that he was not worthy to let him speak!

The confident expression on Guan Rui’s face was completely broken in an instant.

how can that be!

Before he returned to China, he had secretly spent a lot of time inquiring about the child’s situation. It was confirmed that the child’s condition was very serious after the kidnapping incident, and he hadn’t even spoken for two full years...

The psychological endurance is so poor, but after hearing the chat between Ziyao and Yan Ruyu, he ran away without seeing anyone. In that situation just now, not only did he not lose control on the spot, but he even said these three words...

In an instant, the situation that had already become a foregone conclusion was suddenly reversed.

"So...so handsome..." In the crowd, someone in the crowd exclaimed in surprise.

Immediately, the exclamation was like a switch, and the excited discussions on the scene sounded like boiling water...

“Oh my god! This little milk baby is only five years old! She is so soft and cute, but at that moment just now, she turned out to be domineering! So handsome!!”

"I really want to marry! Why didn't I give birth more than ten years later!"

[illegible]

...

At this moment, Rick's small glutinous rice dumpling face was stained with a touch of arrogance that his father's nine-success force was able to achieve. After he finished speaking, he didn't even look at Guan Zhichen who was standing there staring at him with wide-eyed eyes, and led him directly. Selena's hand passed over the excited crowd, and she left calmly.

The small back reveals an extremely powerful aura.

"Aww... Wuli Rick is so handsome!!!" Saul excitedly hugged his brother beside him.

Daniel looked across the crowd, and touched Selena for a second, then stretched out his hand and pushed away Saul's excited face, which was about to kiss . . .

"Am I the only one who thinks it's good to relieve my anger? That Guan Zhichen just now was a bit too much. Even if he really has autism, he shouldn't be poking his wound so deliberately! He even forced him to speak. How can he talk when he is autistic? Does it prove that he is sick? Is he so happy?"

"That's right! What kind of genius boy, what kind of tutor is good at both character and learning! Can a child with good character and learning be so intolerant? It's just that a problem was solved by others, and he turned into anger to this point! He Who do you think you are, the whole earth revolves around him!"

"Not only is it narrow-minded, but it's also vicious...you can do this to a child who is only five years old! The little prince is absolutely right, he is not worthy at all!"

"It's okay, it's okay! Fortunately, the rumors are just rumors. The little prince is not only good, but also amazing! His IQ and EQ are more than a dozen blocks away!"

...

Just now, many people couldn't understand Guan Zhichen's behavior, especially those who saw such a cute child as Rick being bullied, and suddenly had a flood of maternal love, and you criticized Guan Zhichen's character one by one.

Chapter 854

Guan Rui had a good idea, and wanted to take advantage of this to directly destroy Rick, but he didn't expect that stealing the chicken would not be a waste of money. Not only did it not affect Rick in the slightest, but it made Guan Zhichen disgusted by others.

Guan Rui came back to his senses in time, looked at Lu Chongshan with a headache expression on his face, and said earnestly, "Brother Lu, I'm really

sorry about this matter. My family's Zhichen is young, especially because his temper is too straightforward, so he decided I have told him how many times I have this bad temper, but I can't get rid of it! His teacher always said that this kind of personality that insists on his own views may be a good thing when he is doing academics. But it's a big problem when it comes to interpersonal relationships!"

With what Guan Rui said, Guan Zhichen's arrogant, uncompromising and intolerant character has turned into persistence and integrity.

Lu Chongshan's heart was still immersed in the great shock and ecstasy of his baby's words, but he knew that he must not be too surprised, otherwise, like everyone else, he would have acquiesced that Rick is autistic. It was indifferent.

"Hehe, brother Guan is being serious, and I blame my Rickey, who has the same temperament as his father, but he doesn't like to talk since he was a child. Usually at home, we rarely listen to him speak a few times. It's no wonder Zhichen has such a misunderstanding." Lu Chongshan opened his mouth and said that he took this opportunity to clarify the outside world's speculation about Rick's embarrassment, and completely prevented anyone from making fuss about Rick's silence in the future.

However, Lu Chongshan directly ignored Rick's unceremonious words of "you don't deserve it", without any intention of apologizing.

Well done, as expected of Lu Chongshan's grandson!

"Hey, since it's a misunderstanding, it's good to clarify..."

"Yes, yes! Some people outside like to make a fuss out of nothing. Children are young and lack discernment, and they are simple-minded, so it is inevitable that they will be easy!"

...

Those naughty guests began to smooth things over, and Guan Zhichen also apologized under Guan Rui's stern warning gaze.

Lu Chongshan's original rage disappeared because of Rick's shocking words, and he was in a good mood, and he didn't want to make trouble on an occasion like today, so he generously exposed the matter.

At the same time, Guan Ziyao was also holding Yan Ruyi's arm, explaining with guilt on his face, "Auntie, I'm so sorry today, although our family Zhichen has always been very strict, but like Rick, was also held in the palm of everyone since childhood. This is the first time I was beaten in my life. I am so sad. I only said such words in a moment of excitement. They are really unintentional words... Auntie, you Don't take it to heart!"

As Guan Ziyao said, she called Guan Zhichen who tried her best to persuade her to come over.

Guan Zhichen lowered his head, hiding the anger and unwillingness in his eyes, "Grandma Lu, I'm sorry, I know I was wrong, I really didn't mean it..."

Yan Ruyi looked at the red slap marks on Guan Zhichen's face, and sighed, "Okay, don't blame yourself, you'll be fine if you clear up the misunderstanding, Ziyao, take Zhichen to get some ice packs Let's go! Your father's attack is too heavy!"

Guan Ziyao felt relieved when she heard Yan Ruyi's tone softened a lot, nodded and took Guan Zhichen away.

Although Lu Jiaming definitely won't care about this matter, he will definitely have a knot in his heart. It seems that during this period of time, his father must restrain himself...

Chapter 855

In fact, when her father said that he would bring Zhichen over at the beginning, she disagreed a little.

After all, Rick is in such a situation, he brought Zhichen here, it is inevitable that he deliberately shows off.

But her father said that it took so long for them to return to the imperial capital, and they needed a chance to show their faces, and it would be good for her to show their Guan family's genes in front of the Lu family, so she agreed...

Originally they thought that Rick would not show up today, and even if he did, it was just showing his face, but who knew... In the end, things got out of their control step by step...

What went wrong?

In Guan Ziyao's mind, the woman's face flashed across in an instant.

From deliberately dressing up as a maid to stay at the birthday banquet, to pretending to bring Rick to run to help solve the problem... She is not stupid, she clearly has a plan! Premeditated to make them ugly!

She and her father underestimated the enemy for a while, but they all guessed her wrong!

Guan Rui naturally thought of this too, and the father and daughter looked at each other, tense up for a moment, not daring to take it lightly, who knows what that woman will do tonight!

"Rick suddenly recovered so quickly, is it also because of that woman?" Guan Ziyao murmured, frowning.

Guan Rui's face was gloomy, "That woman went to a pheasant university in China, and then she got admitted to USC through some unknown method. However, when she was in USC, she only studied a low-level acting major! How could it be possible to treat a child who even a psychologist like Qin Mufeng can't do anything about? Look at that child, from his mannerisms to the tone of his speech, he doesn't look sick at all?"

Although he extremely didn't want to admit it, he had to say that this kid was indeed too strong, and in time, he would definitely surpass his father, Daniel...

Such a good seedling, no wonder Lu Chongshan and Yan Ruyi all treat them like treasures...

The worst part was that because Daniel had a son and a girlfriend, the Lu family felt guilty about the Guan family, and it was always their Guan family who took the initiative.

With such a commotion now, his status has been reversed. For a long time to come, he must behave with his tail between his legs and be careful to curry favor with the Lu family.

As for that child, it can only be discussed in the long run...

The birthday banquet gradually came to an end, and the guests presented birthday gifts one after another.

Guan Rui heaved a sigh of relief, fortunately the gift he prepared this time was heavy enough.

"Brother Lu, I know you like calligraphy and painting. I found this Wang Xizhi's cursive script in a foreign country by accident. When I saw it, I immediately thought of you, so I took a lot of effort to get it here. You will definitely like it!"
"Guan Rui said in a firm tone.

Lu Chongshan himself is a master of calligraphy and painting, and he is very accomplished in calligraphy and painting. It is not an exaggeration to say that he is obsessed with it. This painting is definitely sent to his heart.

Sure enough, Lu Chongshan took it carefully, and looked at it again and again, showing an incomparably surprised expression, "Brother Guan, your gift is too precious!"

Lu Chongshan can't be blamed for being amazed, these are all priceless things in the market, and many of them have been exiled abroad, to get them, in addition to power and wealth, luck is also very important, to encounter something is something that can be encountered but not sought after!

Guan Rui smiled nonchalantly, "Brother Lu, you are too polite. There is no need to talk about the relationship between the two of us. Money can't buy a good heart. Besides, this thing is not expensive. I just got lucky!"

Chapter 856

Looking at the pair of priceless ancient characters, as Guan Rui expected, there were surprises one after another...

"Are you kidding me? Isn't this expensive? Isn't this the last time calligraphy at a price of 150 million yuan was sold in Zurich?"

"It seems that Guanjia has developed really well in foreign markets over the past few years!"

"It's more than good. Haven't you seen how close Guan Ziyao and Yan Ruyi have gotten recently? It's probably going to be a strong alliance!"

"Ah! No way? Didn't you hear that Lu Chongshan intends to marry the dealer?"

"The Zhuang family has always been married to a military and political family, right? No matter how big the Lu family is, they are still businessmen after all... I think it is unlikely..."

...

Seeing that Guan Rui gave such an important gift, it was obvious that he still attached great importance to the Lu family, Lu Chongshan's expression softened a little.

Of course, what he was looking forward to the most tonight was the little baby's gift!

"Little Treasure, didn't you say you have a gift for Grandpa? What is it?" Lu Chongshan asked nervously and expectantly.

Rick raised his head and glanced at Papa and Mama beside him.

Daniel flirted in the direction of the servant, and soon, a servant came up with two rolls of rice paper, pen, ink, paper and inkstone.

All of a sudden, everyone looked over with interest. It seemed that the little prince wanted to write a picture for his grandfather!

Although filial piety is rare, but with Guan Rui's exorbitant calligraphy before, this birthday gift seems a bit too ordinary...

Selena quietly helped Rick grind it, while Daniel and Saul each unfolded a roll of rice paper and stood in front of Rick.

At this time, someone gradually noticed a detail, the little maid prepared two brushes...

Is it a backup?

Then, I saw Rick pick up a writing brush with two short hands, one in each hand and looked at the rice paper in front of him. on rice paper.

This... What is this for? Everyone looked at each other, suspicious.

As a result, I saw that Rick was working with both hands at the same time, using both hands at the same time, and began to write like a dragon swimming in one go. The left hand wrote Furu Donghai, and the right hand Shoubi Nanshan...

After seeing clearly what Rick was doing, there was a burst of gasping sounds at the scene!

"You can use two things at once!"

"And the writing is superb! A child who is only five years old can write with three-point strength!"

"Lu Chongshan himself is calligraphy, everyone, have you forgotten? Naturally, his grandson will not be too bad!"

"My God... I'm almost numb from shock... This child is simply blessed with all the essence of the Lu family..."

...

Rick's calligraphy was enlightened by Lu Chongshan himself, but he only knew that Rick's calligraphy was good, but it was the first time he knew that Rick had the ability to use two minds. What was even more shocking was that Rick's previous skills were nothing Strength, even if the written words look good, but someone who is a little more professional will know that it is invisible and boneless, without strength and momentum...

However, in just a few days, Rick's handwriting was so vigorous and powerful, which really shocked him. At the same time, the eyes that looked at Selena became more and more suspicious.

Originally, he had been worried that letting Rick be with this woman would have some bad effects, but he never expected that Rick would not only be able to speak gradually, but even his physical fitness would improve so much.

He can almost conclude that Rick must have undergone systematic training during this period of time, otherwise, it would be absolutely impossible for him to write like this...

Chapter 857

Lu Chongshan was a little worried when he saw that Rick was going to write a letter for him.

Because of his attainments in calligraphy, everyone had high expectations for Rick, and because Rick had given everyone such a high impression of being a genius just now, everyone would inevitably be harsher on him, but unexpectedly, the result made him Such a pleasant surprise, and my heart is filled with the relief of someone succeeding me!

This surprise is obviously a thousand times stronger than the expensive calligraphy that Guan Rui gave him!

"Good word!"

Just as the guests were sighing again and again, a thick and powerful voice suddenly came from behind.

Everyone looked in the direction of the sound and saw a middle-aged man in military uniform striding towards the gate.

The man's figure was tall and straight, and his face was firm and firm, but he was the general of the Zhuang family – Zhuang Liaoyuan!

"Boss Zhuang, I'm so sorry! I'm sorry!" When Lu Chongshan saw the person coming, he greeted him with a smile all over his face.

"Dong Lu is serious. Please forgive me for being late with the army's trifles!" Zhuang Liaoyuan also said politely.

"Of course, it's business matters, Chief Zhuang please come in..."

...

Zhuang Liaoyuan walked straight toward the words written by Rick just now, and after a closer look, his face was full of admiration, "This word was written by Ling Sun?"

"Yes! It's my birthday present from my grandson!" Lu Chongshan was full of pride.

Zhuang Liaoyuan glanced at the little guy at the side, nodded, and said, "It's so rare! You can have such penmanship at such a young age! Lu Dong, this kid has your true inheritance!"

Zhuang Liaoyuan was talking to Lu Chongshan, when he accidentally saw Selena beside Rick from the corner of his eyes, he couldn't help being stunned, "You..."

Selena also recognized Zhuang Liaoyuan, but it's not easy to talk to him in this situation, so she can only pretend not to know him and continue to hang her head.

Zhuang Liaoyuan also came to his senses, and quickly withdrew his surprised expression, but when his eyes fell on Daniel, his eyes turned cold for a moment.

Because of Zhuang Liaoyuan's arrival, the atmosphere in the banquet hall suddenly became lively again. After all, how many people want to make friends with such a prominent red family?

The most important thing is that such a top aristocratic family seldom interacts with wealthy families, that is, occasions such as Lu Chongshan's birthday banquet, where he can show his face. Such a chance to speak up is really rare.

As for Guan Rui, his nerves suddenly tensed up. He also knew about the Zhuang family and the Lu family's intention to get married before, so he thought of finding a way to test the meaning of this biggest competitor...

...

The night was dark, the birthday banquet was finally over, and the guests left one after another.

Rick followed Daniel to see off the guests in front of him, and Selena walked into the small garden alone to get some air.

Sitting on the swing with his chin resting on his back, he was excitedly reminiscing about the domineering and handsome picture of the little baby when he suddenly noticed that someone was slowly approaching behind him, and just by the sound of footsteps, he could tell it was a practitioner.

So, Selena stood up with a swipe, and looked behind her vigilantly and defensively...

In the next second, vigilance turned into consternation.

It turned out to be Zhuang Liaoyuan!

How did he come here? He didn't come to find her on purpose, did he?

"That kid treated you like this?" Selena was wondering when Zhuang Liaoyuan suddenly looked at her and asked.

When Zhuang Liaoyuan said this, the expression on his face looked very displeased, even a bit cold.

Selena was confused by the endless question, "Uh...ah? Chief Zhuang, who are you talking about?"

Is he talking to himself?

Chapter 858

Zhuang Liaoyuan's sharp eyes looked up and down at her servant's attire, and there was obvious anger in his eyes: "Daniel! You are his girlfriend, and you are going to attend his father's birthday banquet, yet you still dress like this?"

Selena was stunned for a long time before realizing what Zhuang Liaoyuan meant, and hurriedly explained: "Hey, no! It's not like this... Chief Zhuang, you misunderstood! It's a long story, but he didn't make me dress like this !"

"He didn't intend to disclose your relationship?" Zhuang Liaoyuan's expression was still serious.

Selena frowned slightly when she heard this. This kind of personal question...was it a bit too much?

However, looking at Zhuang Liaoyuan's righteous and resolute face, as well as the obvious good intentions in his eyes, Selena hesitated for a while, and finally replied, "The main reason is because of my current job, that's why I'm here. It's not public, you should know that, in the actor's profession, many things can't be controlled..."

Zhuang Liaoyuan's expression slowed down a bit, and he immediately said, "I watched your movie, and you acted very well."

Selena's eyes widened when she heard that, "What... what... You watched my movie? Is it the world?"

Zhuang Liaoyuan nodded, "Yes, the female general you played in it is very good!"

Selena was stunned for a long time before she recovered from her excitement, her face flushed, and she said gratefully, "Thank you! Thank you for your compliment!"

She thought that Zhuang Liaoyuan would look down on her after knowing her profession, but she didn't expect that not only did he not show any contempt, but he even said that he had seen her movie and praised her for her good acting...

Moreover, his expression is very serious, not like a fake at all, he really thinks so.

"In this play, you shouldn't use a double, right?" Zhuang Liaoyuan asked, but his tone was very firm.

Selena nodded, and replied with some embarrassment: "Yes."

"I can't tell, he's still a Lianjiazi?" Zhuang Liaoyuan asked very interestedly.

When it came to acting, the atmosphere suddenly relaxed a little.

Selena also relaxed and inadvertently started chatting, "No, just practice casually. Before I officially became an actor, I was a martial arts double. Characters, Chinese Kung Fu is highly praised abroad, and some oriental characters with good Kung Fu are often needed!"

"It's not easy for a girl to work alone in a foreign country at such a young age." Zhuang Liaoyuan sighed inwardly.

With this child's conditions, there are countless ways to make money and earn a living, but she chose the most difficult and difficult one.

Selena couldn't remember how long it had been since she had been cared about like this. While being touched, she smiled and said, "Not really, acting is my dream, and what I do is what I like to do, so it's okay." hard!"

Zhuang Liaoyuan nodded in agreement, "That makes sense!"

This kid is really good, and his mentality is also very good!

Zhuang Liaoyuan's expression was even more appreciative, and then he said with a slightly dignified expression, "Girl, you are a smart person, you must know that a family like the Lu family is not really suitable for you. I won't say anything else Now, you just have to remember that if one day you change your mind, you can come to me at any time. There are many outstanding single young people here, all of them are indomitable good boys, and there is always one you like!"

Selena was a little dumbfounded.

What's wrong with Zhuang Liaoyuan's tone of "there are so many good young people in my family who will abandon Daniel as soon as you choose"...

Chapter 859

Could it be that she misunderstood it?

What's wrong with Zhuang Liaoyuan's tone of "there are so many good young people in my family who will abandon Daniel as soon as you choose"...

Selena was struggling with how to return to Zhuang Liaoyuan, her waist suddenly tightened, and she was caught off guard into a hard embrace, and then, a voice sounded from above her head that was as cold as if she was

taking a cold breath, "General Zhuang, with Bai The marriage of bad people seems not to be done by a gentleman?"

Selena: "..."

After finishing the ball... the big... the big devil... is here...

And I heard what Zhuang Liaoyuan said just now...

Selena swallowed, feeling inexplicably cold at the base of her neck, and gusts of cold air penetrated inside, so she subconsciously struggled to avoid some sources of cold, but her waist was immediately pinched even tighter, and she almost I can't breathe.

So, he resolutely nested obediently and dared not move anymore.

Zhuang Liaoyuan had a calm expression, and looked at the gloomy man opposite him probingly, "I seem to just say, in case she changes her mind."

Selena didn't need to look to guess how scary the big devil's face was at the moment, and she spoke very quickly, "Hehehe, thank you Chief Zhuang for your kindness. My relationship with my boyfriend is good and won't change. I don't think there will be such a day when the mountains and the tombs are united before the heavens and the earth dare to break with the king..."

The moment the words fell, Daniel's arms around her relaxed visibly.

Zhuang Liaoyuan sighed and glanced at her, but he still didn't say anything after all, leaving only one sentence, "If you need any help, you can contact me at any time, come to the shooting range to play when you have time."

"Oh yes yes, thank you Chief Zhuang!"

Seeing that Zhuang Liaoyuan had left, Selena finally breathed a sigh of relief and turned around. Just as she was about to speak to Daniel, her lips and tongue were caught off guard.

Selena felt that the air in her chest was getting less and less. The worst part was that that guy was k!ssing, he was biting, there were sharp pains on his lips, and his tongue was numb from the k!ss...

It wasn't until Selena let out a muffled groan because of the pain, that her lips turned into gentle soothing comfort again, gently licking the place she had just abused, but as long as she had the slightest intention to struggle, the other's movements immediately became crazy again...

Seeing the shadows on the opposite side, as if someone was walking towards them, Selena anxiously pulled away Daniel's big palm that was gradually reaching into her maid's attire, and pushed him on the chest, blocking his k!ss again. lips, and said in a serious tone, "No! What if someone sees you!"

After all, today was not a private banquet, there were a lot of people, and a few maids seemed to have recognized her just now, asking if she was the actress Selena.

In the darkness, the man stared at the girl in the maid outfit in front of him, his eyes seemed to glow like a beast, and said quietly, "So what if you see it?"

"I see... I'll kill you if I see it!" Selena glared at him fiercely.

She will definitely not give an inch when it comes to issues of principle!

Seeing the girl staring at him, the man's originally dangerous and cold eyes showed a look of almost aggrieved for a moment, like a wounded beast. Finally, he pressed her hard into his arms, buried his head in her neck, and said in a muffled voice. Said, "When... can I tell everyone that you are mine..."

Chapter 860

"Cough...well..." Selena was also a little unreasonable, she hastily softened her tone, and patted his back, "There will definitely be such a day! Don't worry, don't worry!"

"Selena, I once said that the only question you need to consider is whether you love me or not. Now, this sentence is also valid. As long as you nod your head, you are my Daniel's wife. No one or anything can stop me."

Daniel was promising her that no matter whether it was his family or other factors, it would never affect his decision.

"I know... don't listen to Zhuang Liaoyuan, he doesn't know the situation, maybe he said those things because he thought you didn't want to disclose our relationship on purpose... Well, speaking of it, what did Zhuang Liaoyuan say to me today? What do you mean?" Selena asked a little puzzled.

"After the shooting range last time, he may have checked your identity secretly," Daniel replied, a dark light flashing in the bottom of his eyes.

Selena frowned, "You mean...he found out that I was the adopted daughter of the Ning family...or did he know that I was his niece? That's why he stopped by to take care of me. If Yu doesn't recognize me, how can you care about me who doesn't even recognize Zhuang Lingyu?"

This is completely illogical...

"Can't you tell that Zhuang Liaoyuan likes you very much?" Daniel said with a rather displeased tone.

This kind of treasure that I treasure, is the feeling of being missed by others. Extremely upset!

"Huh? Really?" Selena was a little surprised, she just felt that Zhuang Liaoyuan's attitude toward her was quite gentle.

"Because of your shooting talent. His own son is useless and can't help him, so he pins his hopes on you. He may even not give up trying to draw you into the army, so you'd better stay away from him." Daniel said in a tone. Seriously warned.

"Oh oh oh..." Selena nodded repeatedly, "I said last time that I would definitely not join that army! Besides, there is no one free in that place, if I don't see you for ten days and a half months When it comes to you, I have to miss you to death!"

Until now, Daniel's face which was as cold as ice softened a little. He hugged her, kissed the corner of her lips, and locked her eyes tightly, "Selena, remember what you said today, there will be no such day, I will not give you any chance to change your mind."

"Oh... I'm sorry, I'm sorry! Did I bother you?" Saul covered his eyes with his fingers as if he didn't see evil if his fingers didn't open so wide.

Daniel: "What's the matter?"

"Yes! It seems that someone has messed up the place! Brother, you will know if you take a look..."

After a while, Saul, Daniel, and Selena stood outside the courtyard.

I saw a large bunch of black flowers placed at the gate of the courtyard. Under the light, the dewdrops shining on the flowers could be faintly seen, reflecting the cold light and an ominous atmosphere.

"This is..." Looking at the bouquet of flowers, Selena frowned slightly, "If I'm not mistaken, this flower is a black mandala?"

Saul nodded, "Yes, sending such dark and inauspicious flowers on someone's birthday, isn't that sincere looking for faults?"

Selena's eyes flickered slightly, and she subconsciously glanced at Daniel, feeling uneasy for some reason.

She remembered the flower language of the black mandala...revenge...

Is she thinking too much?
