## Chapter 86

Selena was hacked and was hacked badly.

In the middle of the night yesterday, a popular gossip blogger on Weibo posted a long Weibo with the title "Scheming wh0re Selena has never seen such a brazen person in his history".

The general idea is that she slept with directors all over the place in order to get a role, hooked up with rich old men everywhere to trick them into giving her presents, and deliberately took advantage of Louis during filming...

This Weibo even said that when she was on the set, the door of her room was always open, and anyone who wanted to sleep could go right in and sleep. It completely described her as a promiscuous female cousin with no limit...

So Louis's fans went into a rage, collectively protesting that his idol would act with this kind of woman, and strongly demanded that the crew replace the second female lead.

The comments on Selena's latest Weibo post were simply unsightly. They were all insults to her, and everyone was shouting "Selena get out of the entertainment industry"...

"Have you seen it clearly? Send me an apology immediately to restore the company's image!" Janice ordered angrily.

Selena sneered, "A statement of apology?"

Generally, when an artist signed with a company encounters this situation, the agency will arrange a special public relations team to try to distance themselves from the relationship and reduce the impact, but Janice is fine...

Where did she ask her to restore her image, she wanted to completely discredit her, because by apologizing, it meant that she admitted everything said in that Weibo.

"Yes, I want to see it before eight o'clock tonight! It's best to record a video and be sincere! Otherwise, you will be kicked out of the crew! At that time, even the company will not be able to protect you!" Janice threw down With this threat, he hung up the phone with a "snap".

After this phone call, Selena completely lost sleepiness.

She had expected this situation a long time ago, but she didn't expect the other party to come so soon.

It seemed that Jia Qingqing really couldn't wait for a moment, and with Susie behind her, she was pushed to the forefront in just one night.

Very good, come on!

I'm afraid they won't come!

Selena washed up and got up, then took out her cosmetics and started to put on makeup.

Half an hour later, she looked at her haggard, pale and pitiful face in the mirror, and nodded with satisfaction.

Just as the table was cleared away, there was a knock on the door.

Selena got up and went to open the door, then she was taken aback. It was the "werewolf" Daniel from last night.

After what happened last night, seeing him now, I feel a little weird...

Before Selena could speak, Daniel's expression immediately became extremely cold after seeing her extremely pale and haggard face. Without saying a word, he picked up his phone and started looking for contacts.

Out of the corner of her eye, Selena saw his fingers pause on the name "Liang Feixing".

Liang Feixing, the public relations director of Shengshi Entertainment, has a pair of overturning hands. He has perfectly solved celebrity scandals many times and restored the artist's image. He can be regarded as a textbook model for public relations practitioners.

Seeing this, Selena immediately reacted, and immediately rushed over to snatch Daniel's phone, "Daniel, what are you doing?"

"Fix those things." Daniel's face was extremely ugly, obviously, he already knew about the things on the Internet.

Selena looked helplessly at the enemy boss who was about to cheat on her if she disagreed with her.

The last time Daniel called Su Yimo's queen costume to save her without saying a word, she was already frightened enough, but fortunately, no one found out in the end, she really couldn't bear it again.

If Shengshi suddenly got involved in this situation, she would have to accuse the two companies of being disloyal.

## Chapter 87

Selena said with a relaxed tone, "I can't stand this little turmoil, how can I get involved in the entertainment industry? Didn't you say you believed me last time?"

"However, your current appearance is not convincing." Daniel looked serious.

Selena was inexplicable when she heard the words and finally remembered her makeup at the moment, so she explained, "This pale complexion and dark circles under the eyes were transformed by myself just now. Makeup for you..."

Before he finished speaking, Daniel suddenly stretched out his hand, and lightly touched her cheek and eyes with his fingertips.

With just a light touch, Selena seemed to have been electrocuted, and couldn't help but flinch.

Selena's reaction made Daniel's face darken, and he quickly withdrew his hand, "Don't be brave."

Selena laughed, "No, if I can't figure it out, I will definitely fly back and hug your thigh!"

Daniel's face softened slightly after being patted down, "Yeah."

Afterward, Selena scratched her head and looked at him, as if hesitant to speak.

"What do you want to say?" Daniel asked with a gentle tone, completely different from last night.

Selena looked at him with a complicated expression for a long time, but finally couldn't help but say, "Well, that, Daniel, have you ever thought about finding a woman as a companion?"

"What do you mean?" Daniel's expression turned cold instantly.

"Don't blame me for being nosy, I just think..." Selena tried her best to choose her words, then patted him on the shoulder earnestly, "I think you may need a woman, there are some things, bear with your body not good!"

Isn't there a saying that says, "Think about it every day and dream at night?"

On the surface, Daniel didn't look feminine, but judging from his performance last night, it was clear... that he needed it...

This time Daniel's face was completely dark.

Dmn woman, who do you think caused it, who do you think made me fat to the point of my mouth, and I have to endure it so embarrassingly?

Seeing that Daniel's expression was getting worse and worse, Selena gave a dry cough and hurried away, "Time is running out, I'm going to say goodbye to Rick and then go to the set! Goodbye..."

Suburban film and television city.

As soon as Selena appeared, a group of Louis's fans who had been waiting at the door rushed toward her emotionally.

"Selena! Selena is here! That stinky cousin is here! How dare she come!"

"Disgusting b!tch! Don't get close to our Makino! Get out of the set!"

"Selena get out of the set! Selena get out of the entertainment industry! Get out!"

...

The scene was chaotic, only a few security guards were guarding Selena to go inside, and the rest of the production crew were watching the excitement, pointing at her from time to time and laughing mockingly.

Those gazes cut her body inch by inch like knives, those malicious gazes, like ferocious snakes and beasts, seemed to tear her apart.

Selena couldn't help but think of an actress who was extremely popular back then, but was finally forced to commit suicide by rumors. After her death, there were only four words in her suicide note: Words are awesome!

There were rotten eggs and rotten vegetable leaves being thrown over from the crowd, and someone threw a rock over, and it was crooked...

Seeing that the stone was about to hit the make-up artist Ay who was watching, Selena's complexion changed, and she jumped up nimbly, and blocked it with her arm in time when the stone was only half a meter away from Ay.

In the next second, the place where the arm was hit was dripping with blood...

## Chapter 88

The excited fans at the scene were all stunned when they saw this scene, and Ay was also shocked.

With a pale face, Selena glanced at the fans coldly, "You can make trouble if you want to, come to me, don't hurt irrelevant people."

"You...don't be hypocritical!"

"That's right! Don't pretend to be a good person! You are a shameless vixen!"

Selena's gaze became sharper: "Whether I'm a good person or a bad person is determined by what? An unsubstantiated Weibo? Or a rumor? Although you are young, I hope you will think about the behavior of fans before doing things. Idols pay the bill, your words and deeds represent your idols, don't be taken advantage of by others and not know it, and discredit your idols for nothing!"

Selena knew that she wouldn't listen to anything she said to them at this time, except for the idols they cared about.

"When will it be your turn to teach us a lesson!"

"Actually, I think what she said is a bit reasonable... Whoever hit the stone just now, stand up! Didn't you agree that violence is not allowed and the one who uses eggs at most?"

"Exactly! Who! We are here to seek justice, not to discredit Makino!"

...

The rioting fans calmed down temporarily, and Selena finally squeezed into the shooting location.

Seeing her coming, Guo Qisheng quickly called her into the lounge, "Selena, here we come! Come and sit down!"

"Director, I'm sorry I caused trouble for the crew..." Selena bowed deeply with a guilty expression on her face.

Seeing the girl's haggard look, Guo Qisheng hurriedly comforted her, "You are the one who caused trouble. Others don't understand you, so I don't know? Just saying that you don't have acting skills is just nonsense! As for... Cough, you said that you slept with someone in the crew... As the person involved, how can I still not understand? I have seen this kind of thing a lot, and I know who is right and who is right!"

"Thank you, director." She was really grateful that Guo Qisheng could still stand by her side at this time.

"However, this incident has really affected you too much. You look haggard, otherwise I will give you a few days off, so you can take a good rest?" Guo Qisheng suggested.

Selena immediately said, "No need! Director, I want to continue filming! My incident has already caused a great impact on the production team, if it drags down the production progress of the production team, I really will die!"

Seeing her resolute attitude, Guo Qisheng showed a look of relief, "Hey, all right! If you can't persist, you must tell me!"

After coming out from the director's place, Selena was suddenly pulled by a huge force into an empty corner.

The person who came was anxious, even the golden hair looked a little listless, "Selena, are your hands alright?"

"Small injury, it's been dealt with." Selena said indifferently.

Louis looked irritable, "I was going to issue a statement to explain to fans, but Brother Ming changed my Weibo password and forbade me to log in, saying that I would hurt you even more if I stood up now..."

Selena patted her chest with a happy expression: "Thanks to Brother Ming's IQ is online."

Louis's face was immediately hurt, "I'm not here to help you, you heartless woman!"

Selena said helplessly, "If you really want to help me, then I'll give you a warning in advance, I'm going to pretend to be a little white flower later, you cooperate with me, don't mess around, otherwise don't blame me for really breaking up with you! "

Louis plucked his ears, acting in disbelief, "Just now what did you say you were pretending to be?"

"Xiao Baihua, is there a problem?"

"Are you sure that your overlord flower can complete such a difficult challenge?"

"roll!"

## Chapter 89

Today was also a coincidence, most of the scenes Selena was going to film were scenes with Jia Qingqing.

Sitting in the shade of a tree studying the script, a strange voice suddenly sounded in my ear...

"Yo, isn't this our big star? Selena, you are famous now, so popular that everyone knows you! Hehe, I know the scandals you have done! You are really shameless for doing something like this. How dare you come to the set!" Jia Qingqing's expression was not to mention gloating.

As long as Selena gets out of the crew, she can take the opportunity to take her place, and she can play with Brother Louis!

Selena bit her lip, her body trembled slightly, and she remained silent with embarrassing expression.

Seeing this, Jia Qingqing was even more proud, and approached Louis in a whining voice, "Brother Louis, you should stay away from this kind of person!"

Otherwise, your reputation will be ruined by her! She has caused you to start losing fans." Woolen cloth!"

As Jia Qingqing approached, a pungent smell of perfume immediately wafted over, and the veins on Louis's forehead twitched, and he was about to explode immediately. Remembering Selena's warning, he took a deep breath and reluctantly endured it.

Seeing that Louis ignored her, Jia Qingqing thought that he was in a bad mood when this happened, and comforted him with a considerate look, "Brother Louis, don't worry, sooner or later the crew will not be able to bear the pressure and replace Selena!"

"You're very noisy." Louis exhausted his self-control to replace all the insults with these three words.

"I'm sorry, Brother Louis, I won't disturb your rest." Jia Qingqing walked away with some grievances.

She was dissatisfied with Louis's still indifferent attitude, but after thinking about it, she quickly felt relieved. Anyway, when she got the second daughter, she would have a chance to get along with Brother Louis.

She couldn't contain her excitement at the thought of those intimate scenes.

By the way, why did the director want her to come over and continue filming with Selena today? What a waste of time!

However, she liked the scenes filmed today, and there was a scene where she slapped Selena across the face.

Hmph, we must make her look good when the time comes!

"Director, I think it would be better if I fanned myself for this scene, what do you think?" Jia Qingqing, who never cared about filming, rarely took the initiative to talk to the director about the scene.

Guo Qisheng didn't know what she was thinking, and said in a deep voice, "The main thing is to borrow a seat, at most, just wipe a little face!"

"Got it!" Jia Qingqing replied, but she didn't intend to listen at all. She made up her mind to slap her really, and to slap her a few more times to make this b!tch suffer more.

Anyway, it's not the first time she has done this kind of drama of public revenge, and she has never missed it every time.

After the various departments are ready, the filming begins.

In this scene, Meng Changge had just entered the palace, under the pseudonym Nan Wumeng, and she was just a little court lady. Because the emperor took an extra look at her, Concubine Xian was jealous and called her into the bedroom to embarrass her.

"Shameless b!tch, dare to seduce the emperor under my eyes!" Concubine Xian slapped her hard after she finished speaking.

The moment Jia Qingqing made a move, Selena narrowed her eyes and turned her body slightly to the side. She cleverly avoided the camera and avoided Jia Qingqing's hand, but her body seemed to have been subjected to a huge force, and she fell to the ground in embarrassment. , and then his face tilted, and he spat out a mouthful of blood.

"Selena..." Guo Qisheng was startled, and the other staff members who were watching were also frightened by this scene, and gathered around one after another.

"Jia Qingqing, is this your first day acting? Can't even control your own strength?" Guo Qisheng usually has a good temper, but this time he was really angry.

He can't intervene in things outside the play, but if he does such indecent things in his play, he will never tolerate it!

"I..." Jia Qingqing herself was taken aback. She did use force on purpose just now, but it was definitely not enough to knock Selena down and vomit blood. Moreover, she clearly felt that Selena dodged a bit just now. I didn't touch her very much at all, so I screamed for grievances, "I just slapped her lightly, there was no force at all! She's just pretending!"

## Chapter 90

Unfortunately, Jia Qingqing had a bad reputation in the industry, and she did this kind of thing a lot. In addition, she had always targeted Selena, so no one believed her at the moment.

"Director, I'm fine, just a bit of a tear in my mouth, just hold it in ice water for a while. Ms. Qingqing may just want to make a better shot, so don't be angry..." Selena held on despite her aggrieved face, with a forbearing and sensible expression.

That expression made not only the director, but also other people sympathize with her.

Louis watched from the side, the corners of his mouth twitching happily, he was almost killed by lightning.

This guy, he pretends to be a little white flower...

Seeing her delicate appearance, Jia Qingqing was furious, "Selena, you're still pretending! You clearly did it on purpose! You bit yourself to pieces! Did you hide a blood capsule in your mouth in advance!"

"Jia Qingqing, enough is enough!" Guo Qisheng sternly reprimanded.

Jia Qingqing's little assistant next to her was afraid that things would get worse and hurriedly stopped her to persuade her, "Sister Qingqing, forget it! Don't make the director angry! After all, we are also at fault for this matter..."

Apparently she also thought that Jia Qingqing beat him on purpose, she had seen this kind of thing a lot with Jia Qingqing.

Jia Qingqing slapped the little assistant on the face with a backhand, "Go away! When will it be your turn to direct me to do things!"

The little assistant was beaten to the ground like Selena, bleeding from the corner of his mouth.

The surrounding crew members, especially those who were as low-status as the little assistant, all hurried forward to help the little assistant, looking at Jia Qingqing with disgust in their eyes.

Although Selena's private life was chaotic, she never affected others, and she was dedicated to filming, but Jia Qingqing was simply a shrew!

It was the first time that Jia Qingqing was wronged by someone. Seeing that no one believed her, her face turned blue, as if she was about to faint from anger in the next second.

Just when she lost control and was about to tear Selena apart, a man suddenly stepped forward and grabbed her wrist...

"Qingqing, you are too. I know you want to act well to impress the director, but you don't need to be too serious. People who know say you are dedicated, but what do people who don't know think of you?"

The one who spoke was Susie who had just rushed over.

Susie didn't have a part in the show today. Originally she didn't have to come, but in order to see Selena's unlucky appearance, she came anyway, but she didn't expect that what she saw after coming here was actually such a scene...

What the hell is this Jia Qingqing doing?

Such a good deck of cards, how could she play it like this?

Seeing that everyone was about to sympathize with Selena because they hated Jia Qingqing so much, Susie hurried forward to make a rescue.

As soon as Jia Qingqing saw Susie, it was like seeing a relative, so she immediately dragged her and cried, "Sister Susie, this b!tch is slandering me!"

Susie was afraid that she would be disgusted by her nonsense, so she dragged her into a corner, "Why are you so impatient? Selena will be kicked out sooner or later, why are you messing with her now?"

Jia Qingqing said angrily, "I decided to teach her a lesson at first, but before I even touched her, she dodged by herself, and deliberately acted like she was vomiting blood from my beating!"

Susie glanced at Selena, who was being comforted by the director constantly and acted magnanimously, and immediately saw what kind of tricks she was playing, and hurriedly thought of a way to remedy it: "Qingqing, I believe you are useless, the problem is everyone. If you don't believe me, you can't explain the situation clearly, the best way is to apologize to Selena immediately..."

Jia Qingqing exploded when she heard it, "What? Let me apologize! I won't go! Sister Susie, how can you stand by her side and help her speak!"
