

Cruel Heart Lover

Novel

Chapter 861

At this moment, there was no strange expression on Daniel's face, and he didn't know what he was thinking.

"Do you want to check the surveillance camera?" Selena asked tentatively.

Daniel tapped his phone a few times, and then called up the surveillance video.

After reading it several times, they discovered that the bouquet of flowers appeared out of thin air.

Selena frowned, "There was a section of surveillance in the middle that was deliberately erased!"

Otherwise, how could these words come out of nowhere, and the picture was obviously tampered with.

Saul snorted disdainfully, "It's such a small trick, you're actually playing this in front of my brother!"

Daniel tapped his phone a few more times. It seemed that some software was running. After waiting for a few minutes, he turned on the monitor again. This time, a figure finally appeared in the video...

In the picture, a man is walking from far to near. The man is wearing black clothes and black pants, almost blending into the night, holding a large bunch of black flowers in his hand, walking towards the door very slowly step by step...

Bending down to put down the bunch of black mandalas, he stood up and stared at the hustle and bustle in the yard.

The light was already dim, and the man was still wearing a black mask, so he couldn't see his face clearly, only a vague shadow could be seen.

He stood there quietly for a long time.

After a while, the man suddenly raised his head, and looked directly at the surveillance camera. At this moment, it seemed to them that the man was looking directly at them from the video, revealing a sinister and almost arrogant provocation...

After a glance, the man turned and left, a few black petals fell from his body, and his figure disappeared into the thick night...

"Brother, I've checked it. It's just a bunch of flowers. There's nothing dangerous about it. It must be a prank..." Saul said.

Daniel picked up the bouquet of flowers, looked at them, and then casually put them into Saul's hands, "Throw it away."

"Oh..." Saul nodded, "I won't be upset if the old man sees it!"

Selena subconsciously glanced at the night behind her, and then followed Daniel, "Who is this, who would send such flowers on such a day?"

"Don't worry about it, you're just a boring person." Daniel patted her head, as if he didn't take this matter to heart at all.

At this time, a panting voice came from behind, and a little maid hurriedly said...

"Eldest young master, so you are here, the master and the old lady invite you to go over!"

"Okay." Daniel responded, and then told Selena, "Wait for me, don't run around."

"Yeah, got it, you go!"

After Daniel left, Selena stared at the entrance of the courtyard and was stunned for a while.

Daniel naturally didn't mention such a small matter of sending flowers to others, but the man in the surveillance just now... why did he somehow give her the illusion of familiarity...

In the study.

"Come on, sit down."

Lu Chongshan stopped talking nonsense, and asked impatiently, "Daniel, Rick's wrist strength seems to have improved a lot, and his walking steps and posture have also changed, and his spirit is much better than before. , Have you done any training?"

"Yes, I hired a master for him." Daniel replied.

"Rick is willing to learn?"

"I'm learning pretty well so far."

"That's it...well, well..." Lu Chongshan nodded with a look of relief.

Chapter 862

"By the way, Daniel, are you and Selena living together now?" Yan Ruyi asked casually.

Daniel: "No."

Yan Ruyi's face was a little helpless when he heard the words, showing an expected expression, he knew that with his son's character, it was impossible for him to be so fast.

Hey, with her son's temperament, even if they date, it might be a day before they can get a girl...

Yan Ruyi withdrew her thoughts, and immediately took the opportunity to suggest, "Is it because I'm afraid of being photographed by reporters? Why don't you buy her a single-family villa, and you and Rick can live together at ordinary times!"

Daniel glanced at his mother.

Yan Ruyi also knew that her attitude seemed to change a bit too quickly, so she coughed lightly, "I mean...you two are usually so busy, especially that girl, this business is also busy from morning to night, usually who cares about Rick ? It's more convenient to live together! Then I'll call a few trustworthy servants to send you there! Wouldn't it be great?"

Lu Chongshan also seemed to agree to this statement, and then said, "The villa should be recorded in her name. She has taken care of Rick for so many days, and it should be done."

The two of them had recognized Selena's influence on Rick, and hoped that she would spend more time taking care of and teaching Rick. However, they still couldn't feel at ease after all, so they proposed to assign some servants to him. , be regarded as surveillance.

"No, we're fine as we are now." Daniel naturally understood what they meant, and directly refused.

Lu Chongshan frowned, "What's the matter? After being busy for three days, Little Treasure won't be able to see any of you, and even sneaking around occasionally! That's why I said that her profession is very problematic... What can I do if I quit the circle? it is good?"

"Yes, wouldn't it be better if she could resign and take care of Rick wholeheartedly? Naturally, our family won't treat her badly!"

Seeing the two elders singing together, Daniel was silent for a while, and then said unhurriedly, "So, what do parents mean, let her be a full-time wife after she resigns?"

As soon as the words fell, Lu Chongshan and Yan Ruyi were dumbfounded.

"Full...full-time wife...?"

What a full-time wife!

They clearly meant to let that woman be Rick's nanny and tutor!

This kid, knowing it clearly, deliberately said such words to block them...

Daniel: "If my parents mean that, I can consider it."

Yan Ruyi said helplessly, "Daniel, there are so many beautiful and outstanding girls, why on earth do you want her?"

In the past, he thought that his son didn't like women, but now that he is sure he can like girls, why can't he be other girls who are better and more worthy of him?

"Isn't Ziyao hundreds of times better than her in terms of family background and knowledge?" Lu Chongshan was also displeased.

Daniel stood up, straightened his cuffs casually, turned and left, and before going out, he stopped and said, "I'm only going to be hard on her."

Lu Chongshan: "..."

Yan Ruyi: "..."

Amidst the dull expressions of the two elders, Daniel turned around expressionlessly, and added, "If you still want a granddaughter, please be nice to your granddaughter's future mother."

After finishing speaking, he walked away, leaving Lu Chongshan and Yan Ruyi in place, dumbfounded...

Chapter 863

After a long while, the two elders finally came back to their senses.

"This... this brat! Does he ever talk to his parents like that?" Yan Ruyi couldn't laugh or cry, then looked at Lu Chongshan nervously, and asked hastily, "Chongshan...what do you mean by Daniel?" True or false..."

"How would I know!" Lu Chongshan said angrily.

"The more I think about it, the more I think it's possible... Otherwise, why would your son be so devoted to that woman..."

Lu Chongshan's face was sullen and he didn't speak. Indeed, if it was Saul who said such words that sounded like a bluff, he would have slapped him straight away. However, it happened to be the elder son who said it. sub-credibility...

Five years ago, because they were too worried, they used some extreme measures, which made his condition worse and he became more repulsive to women. Maybe there were some unforeseen sequelae...

Yan Ruyi didn't know what had come to her mind, she suddenly became agitated, walked back and forth in the room excitedly, and said, "Hey, granddaughter... It would be great if I could have another granddaughter... That girl's appearance is very good... She will be born later... My girl must be pretty too...Rick will no longer have to be alone, she can have a companion..."

Listening to Yan Ruyi's broken thoughts, Lu Chongshan's face darkened slightly, "Where are you talking about this!"

In fact, although he said so in his mouth, there was clearly an expression of yearning on his face.

He has never been able to have a daughter in his life, and each son is more worrying than the other, not to mention wanting a caring girl, if he can really have a lovely granddaughter...

No no no! Stop now! I can't fall into that kid's trap!

However, it was obvious that Daniel's move was too ruthless, and it completely hit the weakness of the elders. As soon as his granddaughter was brought up, the anticipation in his mind couldn't stop...

Ouch, lovely granddaughter...

Platinum Palace.

Selena carefully placed Rick who had fallen asleep on the road on the bed, and covered him with a quilt.

Selena was lying on the edge of the bed, holding her face and staring at the little bun's soft and tender face, she couldn't get enough of it, "Daniel, our baby is so handsome tonight, isn't it?"

Daniel: "Well, follow me."

Seeing Daniel's serious expression, Selena almost laughed out loud, "Yeah, that's right, it's up to you."

"Speaking of which, it's really thanks to you tonight. When Guan Zhichen couldn't spit ivory out of his dog's mouth, I almost couldn't help it. Fortunately, you gave me a wink... However, in that case, if Rick didn't What should I do if I open my mouth?" Selena asked.

Daniel: "Re-test the DNA."

"Uh..." Selena was speechless for a while.

He really has confidence in his genes, which means that Daniel's son can't be so useless, right?

"No need now, Rick is indeed your seed, the tiger father has no dogs! Hehehe..."

"Selena." Daniel suddenly looked at her firmly.

"Well, what's the matter?"

Daniel seemed to be hesitant, but finally said, "Will...would you mind?"

"What do you mind?" Selena looked puzzled.

"Little Treasure is not your own." Daniel asked, obviously a little nervous.

Selena blinked, and blurted out without thinking, "How could I care! Even if Rick is not your own, I wouldn't mind, okay?"

Chapter 864

She likes Rick only because he is Rick, it has nothing to do with who gave birth to him.

She didn't know why it happened, but she just liked it, she liked it very much, she liked it from the first time she saw it, and as long as she looked at Rick, she would be very happy and satisfied.

Hearing Selena's answer, Daniel held his forehead dumbfounded.

Well, he didn't ask.

"By the way, Daniel, at night...what did your parents call you over?" Selena was almost sure that it was her. So, I still care a little bit.

Daniel glanced at her, and then replied, "We discussed our daughter."

"Huh? How can we have a daughter? I'll go! You can't lie to them that I'm pregnant, right? Where can I get them a baby then?" Selena suddenly became nervous.

Daniel: "No."

Before Selena could breathe a sigh of relief, she heard Daniel continue, "I said I will only be tough on you, if they want to add a younger sister to Rick, they can only rely on you, so they must treat you better."

Selena was dumbfounded on the spot, "I...I'll go! You're lying even more exaggerated..."

It's better to say that she is pregnant!

Daniel looked at her with serious eyes: "I didn't lie."

Selena narrowed her eyes: "Oh, no? Did you try it with other women?"

Daniel: "No need to try."

"Then how do you know you...you can only treat me...besides, if you can't be hard on other women, how did Rick get here?" Selena thought of this crucial question.

As soon as he finished speaking, Daniel's face sank, as if some taboo had been mentioned.

Selena also knew that he seemed to be quite repulsed by this question, so she never mentioned it, and she didn't pay attention today, so she blurted it out...

"That... I'll just ask casually, you don't need to answer." Selena said hastily.

Everyone has things they don't want to mention, so she never cared too much about Daniel's past.

Daniel pinched the center of his brows and was silent for a while.

After a while, I looked at her, sighed softly, and said, "I never touch women. My parents were very worried about this, and even suspected that I liked men. When I proved to them, I don't even like men. But they seem to be more worried... Five years ago, together with Saul, they drugged me and stuffed me with a woman. I don't have any memory of that time, but I only had that one time, so, Rick It should have happened that time."

After Selena heard this, her eyes almost popped out. She never expected that Daniel's first time would be so tragic and tragic...

"This is too cheating!"

No wonder Daniel didn't want to mention this matter. For a man, this kind of matter...is really hard to talk about...

Moreover, from what Daniel said just now, he must have been given a huge dose, and he lost even the ability to move...

So, the situation at that time could not be...he was the one who was raped...

Uh, cough, cough... the suppressed big devil... I can't think about it anymore...

"After that time, even medicine didn't have any effect on me." Daniel said coldly.

Selena: "..."

Cough, it seems that the psychological shadow is too big...

Sadly...

"Actually, before I met you, I always thought I was asexual." Daniel said.

Selena raised her eyebrows, "Asexual?"

Daniel nodded and pulled her into his arms, "So, there is no doubt that you are my only one."

Chapter 865

During the time before Selena and Shen Mian's new film started shooting, Ling Zhizhi helped her take a magazine cover shoot, several brand ribbon cuttings and fashion dinners, and she spent the rest of the time in the studio.

She invested all her money in the studio before, but now her career is gradually on the right track, and she can finally escape the poverty line.

In addition, the studio also ended its loss-making state and started to make a profit.

Looking at the rising balance on the card, and counting the small money to sleep every night, Selena felt extremely satisfied and more motivated.

After running an announcement in the morning, I rushed to the studio immediately in the afternoon without stopping.

Just as he was busy with blood, a troublemaker came.

"Dmn! Louis, I really don't have time today! Didn't you see that I'm preparing a business plan? I have to go to a very important client tomorrow morning..."

Louis actually found her in the studio, and she was speechless...

"Hey, do you still have a professional attitude, do you have a sense of responsibility, you don't even go to see the premiere of your own movie! You know that you are not doing your job and busying yourself with a part-time job!" Louis said indignantly.

Selena's head was full of black lines, "Fart, I only made a cameo in the movie for a few minutes, okay?"

What Louis was talking about was the movie in which she made a guest appearance as his first love, which had just been released recently.

I've never seen him be so active before, she reminded him of "The World", he just went there, but this time he felt like going crazy, not only did he want to go in person, but he also had to drag her along. It is enough!

In the end, Selena was dragged over to watch the premiere.

This "Our Eighteen Years Old" is a popular youth theme in the market recently. The youthful campus background, the combination of famous directors and

fresh meat, as well as sufficient investment and overwhelming publicity, are destined to not be too bad at the box office. , even though the shooting cycle of this film is not even a month old.

Sure enough, with the blessing of Louis's extraordinary popularity, the movie theater was almost full.

Louis was full of complacency from the beginning to the end, "Have you felt brother's popularity?"

Selena lowered the brim of her hat, sat on the back of the chair, glanced at him and said, "Golden Retriever, as a friend, I still want to remind you that in fact, you are almost ready to transform, so are you going to be an idol for the rest of your life? "

Louis gave her a sideways look, "Otherwise? Look at my brother's natural idol face, if he insists on saying that I am powerful, will anyone believe me? Even if I work hard to rely on my strength, people will still say the same. I'm relying on my face, I'm too lazy to bother!"

Selena originally wanted to comfort him, but in the next second, the guy said, "This is the trouble with being too handsome!"

Selena immediately said nothing.

Soon the film begins...

Back then, Shen Mian's debut film "Stars, Moon, and Sun" created a precedent for youth films, and later "Love in the Future" continued to shine, so Selena had some expectations for this film...

However, when she saw the back, she almost fell asleep looking directly at it.

Although she also noticed that Shen Mian's films in recent years were too commercialized, each of them actually had some bright spots.

However, this one was created entirely for the sake of creation. Under the guise of youth, for the sake of the conflict of the plot, the clichéd plots such as abortion, love triangle, and cheating are abruptly and deliberately mixed in. There is almost nothing new at all. , not to mention the positive energy that should be conveyed to young audiences.

Chapter 866

This isn't a youth drama, it's like a soap bubble drama at 8 o'clock, she almost feels embarrassed watching it...

The audience is not a fool, and when they saw half of it, some people even couldn't help but leave halfway.

The rest are mostly complaining.

"I'm going... What the hell is this filming? Moaning without illness, hurting the spring and sorrowing the autumn... Youth dramas must have abortions, cheating girlfriends, betraying the male lead and all kinds of sgum, can there be something new? I can't believe it This is what Shen Mian photographed!"

"And Louis, is he possessed by Ma Jingtao? Why is he acting so carelessly! After watching his latest "The World", I think he has improved a lot, and I am still looking forward to this drama. with..."

"I really don't understand what this show is trying to express. The male protagonist is just a sgumbag for the sake of sgum. Just because he can't forget his first love girlfriend, he can make the female protagonist have an abortion. The female protagonist bleeds and almost dies, but he doesn't care about it? Is this still human?"

"I'm so disappointed! Why did Makino accept this kind of drama...Even if it's for Makino's appearance this time, I can't stand it anymore!"

...

Hearing the harsher curses around him, Louis became more and more silent, and he knew without looking that his face must be ugly.

Selena didn't say anything, but patted him on the shoulder to comfort him.

As the film draws to a close, the audience's anger is also about to reach its peak.

"Trash! Pay me back! I thought Su Yimo's "Xing Xing Hai" was bad enough, but I didn't expect this one to break the lower limit!"

"I think there's something wrong with the script. It's just bullsh1t. The whole story is about abuse. Nima sees that the male lead is still a sgumbag here. Could this movie have a tragic ending..."

"One star on Douban is not appreciated!"

...

I saw that in the movie, the heroine finally left in frustration.

The male protagonist was drunk, and then stumbled to a tombstone.

Basically, audiences who know the routine know that there should be rain at this time...

Sure enough, in the film, it started to rain under the gray sky, and the male protagonist fell to his knees in front of the tombstone. Then, the screen jumped and a memory was inserted.

Seeing this, Selena sat up a little bit straighter. Dmn, after waiting for such a long time, she finally got her pitiful role for a few minutes...

In the ward, the male lead's first love was on the verge of death.

The girl was wearing a white skirt, leaning against the boy's arms, her long black hair set off her pale and weak face, but there was a bright smile on her face that was as bright as the early winter sun, her eyes were so clean that it was simply Like a fallen angel.

This extreme weakness and extreme pure beauty formed an extremely sharp and even cruel contrast.

On the big screen, when the screen switched to the girl, almost everyone couldn't help but let out a gasp because of the unexpected surprise...

The male protagonist's first love has always existed in their conversations before, and has never appeared directly, so the audience actually has no sense of substitution.

It wasn't until this scene that the audience suddenly began to understand why the hero couldn't let go of it for so many years.

No matter which man, after experiencing such a woman, I am afraid that he will not be able to fall in love with any woman again.

In the back, the moment the girl closed her eyes, there was a residual smile and love for the boy on her face, which was beautiful and unreal.

Chapter 867

In this scene, the scene of Louis holding the girl and weeping, without any lines, did not make any sound, but it was very contagious, the sadness was to the extreme, as if the whole world was collapsing in front of his eyes, and the despair caused many people on the scene Everyone's eyes turned red.

In the end, the finale of the film is that many years later, the hero and heroine meet at the corner of the street, leaving an open suspense.

In fact, almost no one paid attention to the subsequent ending, and it was still left in the emotion of Louis's crying just now.

"Okay! I take back my words, and I don't have to pay back the ticket price...just crying over Louis's last episode...it's worth the price of the ticket..."

[illegible]

"The point is that first love is so amazing! It's just like my dream lover! The kind of white moonlight in every man's heart!"

"I can sort of understand what this drama wants to express. Every man has had two women like this in his life. He married a red rose. Over time, the red one turned into a smear of mosquito blood on the wall, and the white one remained "Moonlight in front of the bed"; Marry a white rose, the white one is a grain of sticky rice on the clothes, but the red one is a cinnabar mole on the heart..."

...

After leaving the theater, Louis was silent all the way.

"What do you think of this movie?" Louis suddenly asked after a long while.

Selena rubbed her chin, "Do you want to hear the truth?"

"Forget it, don't listen." Louis said irritably.

Selena looked at the man who was more fickle than a woman, "This film was originally made to make money, and it's not like you don't know it. There's nothing you can do about it! I can only say that you are more unlucky One point, Shen Mian was especially out of shape when filming this movie, in fact, you are really not distracted..."

"Of course I know. If you have the money, you can just get it. What do you care about so much? Anyway, even if I shoot sh1t, fans will still buy it..." Louis said, but his face gradually sank, "I always thought this way before. Yes, it's just that recently I suddenly feel that it's quite boring!"

"I really want to beat you up. I can easily get something that other people might not be able to get in their whole life. A film can be paid tens of millions of dollars. Fans who make sh1t will buy it. Be content! You don't want to Just like me, treat acting as a career and just be happy!" Selena did not persuade Louis to take it seriously.

Anyway, everyone has their own pursuit and way of life, there is no need to force it.

Louis still had an expression of lovelessness, "Why do you earn so much money... So what if so many people like me... It's meaningless at all..."

The person I like doesn't like me.

Who will spend the money earned?

"Goodbye to you! I don't have the realm of yours to regard money as dung. I'm going to go back and stay up all night to make plans and read scripts and work hard to make money non-stop!"

"fcuk you, will you die if you don't show your affection!"

"Dmn! Which word did I just show my affection?"

"Every word!"

"Louis, you idiot! My dear boss, why hasn't he come back from a business trip? People almost want him to death. This is called showing affection, understand?"

" ... "

...

Finally getting rid of Louis, who was suspected to be going through menopause, Selena returned home, and when she opened the door, she found that the light in the room was on, and then saw Daniel sitting on the sofa with a laptop in his hands to work.

Chapter 868

Selena's face was filled with surprise, she threw her bag on the ground, kicked off her shoes and ran over barefoot, "Master Boss, you're back!!!"

Daniel put the laptop on the coffee table, took her carefully, and placed it on his lap, "I brought you a present."

"If you want a gift, you are the best gift!"

Daniel chuckled, "Did you put honey on your mouth?"

"Would you like to try it?"

Daniel's eyes suddenly darkened, "I remember... your leg has fully recovered..."

Selena's nerves tightened suddenly, and she laughed dryly, "Where... how can there be! There are still scars! If you don't believe me, look!"

Daniel looked at her helplessly, "Have you used the scar removal medicine I gave you earlier?"

This girl, every time she flirts with him for a second, she'll give in.

"It's useful every day! I'm not a scar physique, basically I won't leave scars, don't worry!"

"Going to the movies?" Daniel suddenly looked at her and asked.

"Dmn it! How did you know?" Selena was surprised.

Daniel glanced at one of the bags she threw on the ground. It was a small gift from the movie premiere, and the name of the movie was printed on the bag.

"Well, yes..."

"with who."

"Uh...Louis..." Selena felt that it was better not to lie in front of the big devil.

"..."

"It's all for work. I had a cameo in one of his new films before."

"What role?"

"..."I go! Why did the Great Demon King ask a crucial question as soon as he asked.

Selena coughed lightly, "First love..."

Before Daniel changed his face, Selena continued to speak nonchalantly, "I burped after only playing for a few minutes. Whether it was the last movie or this one, neither of us ended well! It's too miserable!"

Although Selena felt that her way of explaining this was actually quite naive, but it worked, and Daniel's expression immediately softened a lot.

"By the way, have you seen Rick?" Selena asked hastily.

"Come here directly after getting off the plane."

"I'm going! Is there such a father as you!" Selena said, feeling a little melancholy, "Hey, after Rick said you were unworthy at the birthday banquet last time...he hasn't spoken again...so worried ..."

Daniel glanced at her, and said calmly, "Ultimate moves often require a cooldown."

"Pfft..." Hearing this, Selena's eyes almost popped out, "Master Boss, you know this!!! Do you play games too?"

It is simply too incisive to describe!

"A little dabble." In fact, in order to have a common language with her, I have been learning Internet language and game terms during this time.

...

the next morning.

Selena got up early in the morning, double-checked the materials she had prepared for a long time, changed into a smart and capable outfit, and then set off for the headquarters of SF Company, one of her target big clients.

sf is a retailer of high-end to luxury clothing, and also a distributor of many well-known brands. Many designers make their works known to people through his brand agency.

For this reason, Selena made an appointment more than half a month in advance. During the period, she kept reading professional books to learn negotiation skills and related knowledge, and sacrificed her beauty sleep to stay up for several nights preparing the proposal.

"Hello, I'm Selena, the person in charge of Zeling Studio. I made an appointment to come over to talk to Mr. Wang about the agency this afternoon."

Chapter 869

"Zeling studio, have you made an appointment?" The little secretary at the front desk frowned slightly.

"yes."

"Wait, let me take a look..." The secretary flipped through the appointment form, "Oh, there is an appointment, but Mr. Wang is away on a business trip abroad, so he is not here."

"What? A business trip?" Selena's face changed slightly.

Even if something happens temporarily, you should notify her in advance, right? For this morning, she even pushed an announcement with Ling Zhizhi...

The little secretary on the other side didn't show any apologies at all, and while busy with her own affairs, she casually replied, "Come again next time."

"Then... when is the next time? When will Mr. Wang return to China?" Selena asked again.

"Not sure, wait for the notice."

The other party dismissed her with just a few words, and after preparing for so long, they had to make another appointment from the beginning.

Although I knew it would definitely not be so easy, but I didn't expect to see people in the end. It is impossible not to be frustrated...

I have no choice but to wait.

On the bank of the river, Selena blew the wind for a while, and her depressed mood improved a bit.

Just as she was about to go back home, when she turned around, she saw an old man standing beside the railing not far from her.

The old man was holding a cane in his hand and had gray hair, but he looked very tall and straight from the back, and his back was not bent at all. At this moment, the old man was staring at the sea, as if he seemed to have something on his mind.

Selena just felt that this man's aura was a bit special, so she took a second look, didn't pay much attention, and continued walking forward.

At this moment, the old default mobile phone rang, and the old man answered the call, and then saw that the old man's face suddenly changed, not only that, but his face became more and more painful, and soon he couldn't hold on, and fell to the ground... ..

Selena watched this scene happen, and reflexively rushed up to help the old man up, "Old man! Old man! How are you?"

The old man clutched his chest, his face turned purple, his breathing became more and more rapid, and in the end he was almost out of breath.

Looks like a heart attack!

Selena was about to ask him if he had any medicine on him, but in the next second, a small white bottle rolled out of the old man's trembling hands and fell to the ground, rolling into the river unexpectedly...

Before her brain could react, Selena's body had already reacted by itself, and jumped over the railing into the river with a "plop", and then scooped up the small white medicine bottle before it sank.

After climbing ashore, he unscrewed the lid without delay and poured out a few pills, "How many?"

Fortunately, the old man was still sane and mouthed "three".

Selena immediately fed the medicine, and then did some simple first aid from memory.

Finally, after a while, the old man's face gradually recovered.

Selena was drenched all over, mixed with river water and sweat. Seeing that the old man had finally recovered, she breathed a sigh of relief, "Old man, I'll take you to the hospital!"

"No...no need..." The old man refused intermittently, with a very firm attitude, "little girl, please... take me to... Chang'an Road... No. 7..."

"Don't you really need to go to the hospital? But you..."

"It's okay, my own body...I know it in my heart...Little girl...I'm sorry to trouble you...Hurry up..."

Seeing that the old man's attitude was really persistent, Selena seemed to have something urgent, so she could only drive the car over, and then drove to the address the old man said.

When it was about to reach the destination, Selena was slightly taken aback.

Chang'an Road...

Isn't this a military compound?

Chapter 870

Sure enough, as soon as Selena drove to the gate, she was stopped by a guard in military uniform standing guard, "Please show your pass."

Selena could only turn her head to look at the old man in the back seat, "Old man..."

Behind, the old man gasped and said, "Let her in."

The sentry was shocked when he saw the people in the back seat, he replied loudly "Yes", and then quickly opened the door.

Selena didn't know the way, so she followed the old man's instructions and drove to the gate of a simple and stately house, then helped the old man out of the car.

She could feel that the old man was very weak due to the illness just now. If it wasn't for her support, he might not even be able to stand firmly. He didn't know what happened at home, so he insisted on rushing back...

While helping the old man up the steps and doubting himself secretly, a "bang" gunshot suddenly sounded in his ear.

The noise came from inside the house.

Selena was taken aback, and her expression suddenly turned sharp. At the same time, she was more worried about the old man beside her. If he was stimulated and fell ill again, it would be bad...

The old man's expression also changed, he quickened his pace, and pushed open the door forcefully.

In the next second, Selena saw in the hall of the house, a boy of seventeen or eighteen years old fell to the ground in embarrassment and trembled, and the girl beside him hugged him tightly with a face full of panic, "Dad! Are you crazy?"

A few steps away from the opposite side, a middle-aged man in military uniform was holding a gun in his hand and was pointing at the boy who was

being protected by a girl. His face was full of fury and his expression was extremely gloomy. There was no doubt that he might The boy was shot and killed in the next second!

Looking at the girl and the middle-aged man with the gun, Selena was startled in surprise.

Travis...Zhuang Liaoyuan...

Then this old man is...?

Selena subconsciously turned her head to look at the old man she was supporting. The old man looked at the scene in front of him and roared loudly, "You ba5tard! Put down the gun!"

"Grandpa... Grandpa save me! My dad is going to kill me!" The boy ran over and hugged the old man's leg.

Selena thought the old man was going to protect his grandson, but when the old man saw the boy, he unceremoniously kicked him up, "ba5tard! How did you promise me the last time? It's only been a month, and yet You beat her into the intensive care unit for robbing women! The reputation of our dealer for generations has been ruined by you!"

"Why did I rob a woman? It was clearly that brat who robbed my woman. I was so angry that I asked someone to reason..."

"Shut up! If you don't even grow hair, you're a woman!" The old man slammed his cane on the boy's back, "Give me the family law!!!"

When the boy heard this, he could only crawl and hide in Travis's arms, "Sister! Help me! Help me! I knew I was wrong! I really knew I was wrong! I was injured too... My leg hurts so much that it's about to break...why do you only know how to scold me..."

Travis was very nervous, "Grandpa, Rongguang is weak, he almost died when you whipped him last time! You can't beat him anymore!"

"Eat guns, family law, you choose one." Zhuang Liaoyuan said with the same expressionless face as Zun Huo Hades.

Zhuang Rongguang looked at his grandfather and then at his father, gritted his teeth, pushed Travis away and ran towards the door, and by the time Zhuang Liaoyuan realized that he wanted to stop him, it was too late, and he was roaring loudly...

The next second, with a "slap", Zhuang Rongguang fell to the ground.

"Dmn! Who tripped me!"

At the main entrance, Selena took back her wet foot unhurriedly, with a calm expression, "I'm sorry, I have long legs."
