

Cruel Heart Lover Novel

Chapter 881

Selena: "Travis is an outsider, but you are an insider! Which one of us is with the other, don't you think so?"

Daniel: Can he say no?

Daniel had a serious face, his thin lips were tense, and he said with a frosty face, "Yes."

Selena immediately gnawed on the man's chin as happily as if she had stolen a fishy cat, "I knew that Mr. Boss would love me the most!"

Daniel glanced at the little girl's lawless appearance relying on his liking, feeling helpless in his heart.

Who can blame him for pampering himself like this?

However, when she thinks that her coquettish, capricious and even unreasonable side belongs only to her, she is extremely satisfied.

"It's fine to see her, but you are not allowed to behave beyond the boundaries." Finally, Daniel put forward the conditions with a serious face.

It is obviously referring to the matter of her sleeping with Travis that day...

"Yeah, don't worry, I definitely won't! In fact, it's normal for girls to be closer if they have a good relationship. Don't be so nervous, I can't like women!" Selena said speechlessly.

Daniel didn't say anything, but just glanced at her, obviously skeptical about it.

Noticing Daniel's obviously disbelieving expression, Selena narrowed her eyes slightly, and with a force, threw the man onto the sofa, and said in a low voice, "Don't you know whether I like men or women?"

Daniel grabbed the back of the girl's head and kissed her hard...

"Needs to be clearer..."

...

the next day.

Selena held the principle that she would rather arrive early than late for a date with a girl, so she went there twenty minutes earlier.

When he was about to arrive at the appointed place, he received a call from Travis.

On the other end of the phone, Travis's tone was a little anxious, "Selena, are you here yet?"

"Well, I just arrived." Selena replied.

"I'm sorry Selena, there seems to be a traffic accident on the road ahead, the road is very congested, I guess I'm going to be late, I'm really sorry..."

"It's okay, I'll wait for you for a while, don't worry, slow down on the road, safety is the most important thing, you know?"

"OK!"

...

After hanging up the phone, Selena casually strolled around the mall.

This is the largest high-end shopping center in the imperial capital, and there are many luxury brands. Basically, all the big brands you can think of can be found here.

On the contrary, the strength and popularity of brand stores that can appear here are definitely not low.

While strolling casually, out of the corner of his eye, he caught a glimpse of a store with an ancient style of decoration on the opposite side.

Standing in front of the store, Selena couldn't help but pause, this is...history's new storefront...

Looking up at the signboard of history above her head, Selena felt a little emotional...

Although her studio has started to make a profit, it still mainly accepts private orders, and currently there is no brand store.

With the purpose of study and investigation, Selena was going to go in for a stroll

"Welcome to history!" The clerk's sweet greeting came from inside.

"Miss, what style do you want to buy?" A clerk came over and greeted me enthusiastically.

Selena pushed the sunglasses on her face, "Walk around casually, don't worry about me."

"Okay, if you need anything, please call me anytime."

"Ok."

After all, this is Century City, where every inch of land is expensive. The storefront of History has obviously spent a lot of money on decoration. It is high-end and luxurious from the inside to the outside. In order to match the style of clothing, the decoration style is also Chinese, using flower and bird screens, mahogany chairs, rattan sofas, antique vases and other furnishings, giving people a feeling of time travel...

Chapter 882

Of course, in addition to this, the most important thing is to look at the clothes...

Travis never came, and Selena was too focused on her research, so she didn't pay attention to the time for a while.

Seeing that Selena had been looking at it for so long, but she didn't intend to buy it, the clerk was a little unhappy, and after looking up and down at Selena's attire, his face became even more unkind, "Miss, this weekend is the peak of the flow of people in the store. There are a lot of customers, if you don't want to buy, can you go elsewhere and don't disturb our business?"

Selena was about to speak when the clerk suddenly looked past her and walked towards the door enthusiastically, "Miss Ying, Miss Jin! Please come in quickly! The two of you came by coincidence, a batch of new products just arrived today, you must be sure like!"

Selena subconsciously turned around and then saw Susie's two close friends, Ying Fanglin and Jin Xuanxuan.

Because the clerk knew that the two were good sisters of the boss Susie, and they were both daughters with high purchasing power, they were extraordinarily enthusiastic.

Ying Fanglin caught sight of Selena in the store, and immediately looked like she saw a fly, "Xiao Chen, why do you accept all kinds of messy people..."

"What happened just now?" Jin Xuanxuan asked.

The little clerk glanced in Selena's direction, "Do the two ladies know her? This customer didn't buy it after looking at it for a long time, and she was still wearing Zeling's clothes. I suspected that she was deliberately finding fault, so I was just now Advise her to go elsewhere..."

Hearing this, Selena was really amused. Could it be that she couldn't enter the Hermès store if she was wearing Chanel clothes?

However, this revealed a message to her...

It seems that History is keeping a close eye on Zeling, even to the point of strictly guarding against it. Otherwise, it would be impossible for even a shop assistant to hold such hostility towards Zeling, and even recognize that the clothes on her are from Zeling at a glance.

Ying Fanglin folded her arms around her chest, with a face full of sarcasm, "Heh, this kind of person who can't afford high-end goods and can only buy high-quality imitations is here to find fault!"

Jin Xuanxuan suddenly remembered something, and said in an exaggerated tone, "Oh, Selena, where is your black card?"

"Yeah, didn't you see how awesome you brushed last time? Why don't you take it out and continue brushing now? What? You got dumped?"

"What are you talking about? Hey, Selena, you're here too..." At this moment, Susie walked in from the door.

"Miss!" The shop assistants greeted Susie one after another when they saw Susie.

Ying Fanglin walked over and took Susie's arm affectionately, "Susie, you are here! This woman is really haunted, she has the nerve to come here to defile your shop..."

Susie said with a gentle attitude, "Fang Lin, don't say that, a visitor is a customer, and our service tenet is that the customer is God."

"Then you have to see who the customer is. You are a high-end brand. If customers see that such dubious people are also buying your brand, it will ruin the brand..."

...

At this time, a voice suddenly came from behind, "This, this, this... wrap them all up for me."

Hearing the familiar voice, Selena raised her head subconsciously and then saw Travis standing there with a cold expression, pointing to a row of clothes and talking to the shop assistant.

"Okay, okay, I'll pack it for you right now! Do you want all of these?" The waiter didn't expect that such a big order would suddenly come down before he had time to say a word, and he was immediately overwhelmed with excitement.

"Well, all of them."

"Miss Zhuang..." Susie's eyes lit up a little when she saw someone coming, she left Selena and the others behind and walked forward, "I didn't expect Miss Zhuang to like history's clothes, I'm so honored."

Chapter 883

"Who are you?" Travis looked proudly at the woman who suddenly came to talk to him.

"Miss, this is the owner of our store!" The clerk next to him hurriedly introduced.

"Miss Zhuang, my name is Ning, and this is my business card." Susie handed over a business card, then looked at the clerk, and said directly, "Ms. Zhuang's clothes are free of charge!"

Travis frowned slightly upon hearing this, "Boss, what do you mean?"

Susie smiled and said, "It's our honor that Ms. Zhuang likes History's clothes. These clothes can be regarded as a little bit of my heart! Seeing our clothes can be worn by the most suitable person is more satisfying than making money. I'm happy!"

At this time, Ying Fanglin and Jin Xuanxuan were whispering, "Miss Zhuang...? Which Miss Zhuang? There are so many clothes, adding up to hundreds of thousands, Susie actually gives them away as soon as she wants!"

"The surname is Zhuang... Could it be the daughter of the old general Zhuang's family in the imperial capital..."

Jin Xuanxuan thought about it, and came up to talk to her at the right time, "Miss Zhuang, it's no wonder you like History's clothes, your temperament is so classic, it's perfect to wear this style of clothes!"

Thinking of having the opportunity to become the daughter of a top family in the imperial capital, Ying Fanglin was naturally not to be outdone, "Yes, especially this moon white dress, it is especially suitable for you!"

"There are some other new styles in the store, do you want to try Miss Zhuang?"

...

At this moment, Selena was completely squeezed behind by several people. Seeing that Travis was shopping for clothes, she couldn't leave directly, so she sat down on the sofa, thinking about leaving together after she finished shopping. ...

At this time, the clerk who served Selena just now saw that Selena was still hanging on here, especially when he thought about how he had been arguing with Selena just now, which caused Travis's big order to be snatched away by others. , even full of anger.

But there are distinguished guests at this moment, and it is not easy for her to chase them away and make too much noise to disturb the guests, so she can only stare at them with disdainful eyes.

Selena was an old god, she held her chin and looked in Travis's direction, with the attitude of a man who was waiting for his girlfriend to buy clothes...

After a long while, Travis finally bought the clothes.

"Miss Zhuang, all your clothes have been packed." The clerk sorted out the big and small bags of clothes one by one.

"Okay." Travis nodded.

Susie glanced at those clothes, and said thoughtfully, "It seems a bit heavy, Miss Zhuang, I'll have someone deliver it to your house later, shall I?"

"No need." Travis directly refused, "Also, I thank the boss for his kindness, but if you don't get paid for nothing, you don't need to pay for it."

Susie's original intention was to make friends with Travis, and she had achieved her goal after chatting for a while. She knew that Travis's personality dictated that she would not easily accept gifts from others, so she didn't force her, and asked the clerk to call her Discount, "Ms. Zhuang is welcome to come

again, next time if there is the latest model, I will ask the clerk to keep it for you!"

Susie was about to send people out, but Travis, who had paid the bill, didn't go out, but walked straight behind them...

"Selena!"

"Buy it?" Selena raised her head and asked with a smile.

Travis nodded again and again, and then suddenly stuffed all the big and small bags in her hand in front of Selena, "Here you are!"

"Huh?" Selena was taken aback when she saw this, "Give it to me?"

Travis pursed her lips in embarrassment, her swollen eyes were extremely bright, with a hint of a child looking forward to praise, "Well, here it is for you! Don't you like this brand of clothes?"

Chapter 884

When Travis was outside, she noticed through the glass cabinet that Selena was looking at the clothes very intently. Later, when she came in, she happened to see the scene where she was ridiculed by the shop assistant and those women, so she couldn't help but buy it. After buying these clothes, I want to give them to her...

Looking at the girl's earnest expression of wanting to please her and support her, Selena felt like her heart was about to melt...

How can you be so cute...

But at this moment, looking at the scene in front of them, Ying Fanglin and Jin Xuanxuan looked at each other in blank dismay, and the shop assistants were already dumbfounded.

No one would have thought that this distinguished guest who made their boss treat them so politely would know this guest who couldn't afford clothes and refused to leave, and...the relationship was obviously very close...

The most embarrassing thing is that they all thought that Ms. Zhuang liked the clothes in their store so much, and they kept praising her for her good temperament and vision. What happened? It wasn't that she liked the clothes in their store at all, she just bought it as a gift?

At this moment, the most shocking thing was Susie.

When did Selena get involved in a relationship like Travis's?

After learning of Zhuang Lingyu's background, she had been trying to get in touch with the dealer a long time ago, and thought that Travis, who was about her age, would be the best target. Unfortunately, the difference in status between the two parties was still too large. It is too difficult to find a suitable opportunity to make friends.

Today, I finally met Travis in my shop and came to patronize me on my own initiative. It was an excellent opportunity that fell from the sky. on her...

"Selena... what's wrong?" Travis was actually very careful and sensitive in her heart, as if she had noticed something, she asked a little uneasy, "I... did I make a mistake? You don't like this brand clothes?"

Selena didn't want to lie to her, so she nodded and said directly, "Well, I really don't like it."

Hearing this sentence, Susie's teeth almost shattered!

Dmn it, this b!tch did it on purpose!

To deliberately slander Histoty in front of Travis! It's really a dead duck with a stubborn mouth. I don't like you, but you have come to see it for so long?

If Selena had been a little more tactful, she would have been able to take advantage of the situation to turn the situation around, or take this opportunity to make friends with Travis, and it would not be a problem to give Selena a few more clothes.

In the end, that b!tch Selena actually said such things directly...

Hmph, this b!tch thinks she has hit her, doesn't she know that her blunt refusal is simply to save Travis's face in front of so many of them?

A young lady like Travis with eyes above her head, even if she has a good relationship with you for a while, how could she tolerate Selena's presumptuous and rude behavior?

"Ah, that's it... I thought you liked it..." Travis's eyes suddenly dimmed a bit.

Selena looked at the girl who was obviously at a loss, her eyes were full of intimacy and sincere love, and she said slowly, "I didn't like it at first, but..."

"But... what?" Travis showed a nervous expression.

Selena took the bag from one of Travis's hands, then took her other hand naturally, turned to her, and showed an extremely doting smile, "However, I love the house and the bird."

Chapter 885

The moment the lingering ending of the low-pitched and moving "Love the House and the Crow" fell, Travis's whole heart was wrapped in warm sea water, and the original tension and insecurity disappeared, as if being comforted by a gentle palm, gently touching Comforting with my head...

Ever since she was a child, her father has given her and her younger brother a military education, and her mother has extremely strict requirements on her. She has never felt like being pampered in the palm of her hand...

Travis looked at her hand held by Selena, felt the soft and warm warmth of the girl's palm, suddenly put all the clothes bags in her other hand on the sofa beside her, and put Selena The big and small bags in his hand were also thrown away. Then, he took Selena's arm and said happily, "Since you don't like it, then don't. Let's go to the place you like!"

Travis happily pulled Selena out of the store after saying that.

Just now, the clothes that Susie, Ying Fanglin, Jin Xuanxuan and the shop assistants almost praised were thrown in the shop without even looking at them...

"Boss...this..." At this moment, a small shop assistant finally came to his senses and looked at the clothes in embarrassment.

Susie suppressed the turbulent emotions in her heart and calmed down, "Return all the money that Ms. Zhuang paid just now to her account."

The clerk nodded again and again, "Okay."

Ying Fanglin on the side looked at the direction Selena and Travis left, with a face full of surprise, "Susie, what's going on? How could Travis be so nice to that country bumpkin Selena?"

Jin Xuanxuan curled her lips, "Who knows what crooked methods that b!tch used..."

Ying Fanglin snorted coldly, "Heh, what kind of family is the Zhuang family, and she can climb up to her. If the two chiefs above Travis find out that someone dares to spoil her own daughter, she will have good fruit to eat!"

Hearing this sentence, Susie's eyes suddenly lit up. If she planned well, maybe she could take this opportunity to completely eliminate all future troubles.

Otherwise, if Selena really gets involved with the dealer, it will be difficult...

Travis was happily shopping with Selena when her phone rang softly.

There is a latest message from the bank, showing that the money she paid at histoty just now has been returned intact.

"What's wrong?"

"It's nothing, the store refunded the money I paid for the clothes just now..."

As for Susie's thoughts, she naturally knew that there were too many people like this, and she didn't take it to heart at all, but there was one thing that made her a little concerned...

Travis thought of something, looked at Selena, and asked hesitantly, "Selena, do you have any problems with those people just now? Do you need help?"

Looking at Travis's concerned eyes, Selena felt warm in her heart, "It's nothing, it's just someone who doesn't matter."

"If you need anything, be sure to tell me!"

"it is good!"

"By the way, Selena, this dress on you looks good. What brand is it? I heard they said it was called Ling just now? Do you like this brand of clothes?"
Travis's eyes sparkled, and she wanted to Bought them all for her emoji.

Selena chuckled, "It's Zeling. It has a similar style to History, so it's a competitor. However, this brand has just started, and it doesn't have the influence that History has now."

Chapter 886

"What does that matter, liking is the most important thing! Let's go buy it!"
Travis immediately excitedly said.

"No need to buy it," Selena said.

"Ah? Why! In fact, you don't need to have any psychological burden. My family and I are very grateful to you for saving my grandfather. However, it would be too disrespectful to give you money directly, so, I just want to help you as much as I can..."

Selena said softly, "I understand what you mean. I've said it before. It's just a matter of raising your hands. You really don't need to worry about it. If you always treat mine as a benefactor, I will really feel psychological pressure. I am Because it is indeed very happy to be with you and we can chat very well, so I want to make you this friend."

"Me too!" Travis nodded again and again, "So, consider you a gift from me to your friend!"

Selena laughed, "I really don't need it, Zeling is my own brand."

"Ah! Really?" Travis was both surprised and delighted.

...

Next, Selena and Travis chatted and went shopping, as if they had endless topics to talk about.

It was evening before they knew it, and the two found a place to cook and have dinner.

Travis listened to Selena tell her anecdotes abroad, as well as some ingenious opportunities to create Zeling Studio, her eyes were full of longing, "Selena, I envy you, you live so freely, you live so freely, Wonderful, I have encountered so many interesting things, I have people I like, and I have dreams and goals to work hard for, and I live so fulfillingly every day..."

Selena really didn't expect that there would be a day when she would be envied by others, "If you want to talk about envy, you are the one who should be envied by everyone, right?"

Now, although she is stepping towards the light step by step, there was darkness and despair behind her.

Travis smiled wryly, "Yeah, I have everything, and I can easily get what I want, but since I was a child, everything was done step by step according to the expectations of my family. I didn't even know what I wanted. What exactly do you want, and there is nothing in particular you want to do, the premise of doing everything must be to abandon personal selfishness, and take family honor as the premise, so... Isn't it a kind of sadness?"

"Everyone has their own troubles, even the richest man in the world, like a person who knows how warm his drinking water is!" Selena said, and couldn't help but think of Zhuang Rongguang.

She suddenly discovered that Travis and Zhuang Rongguang were two opposite extremes. Travis completely obeyed all the arrangements of the family and was brought up to be the most perfect lady, while Zhuang Rongguang completely resisted and subverted everything. Living up to the family's expectations, she grew up to be a wanton and debauched...

After eating, Selena took Travis to the video game city.

It's hard to imagine that Travis even entered the video game city for the first time since she was a child, and everything she saw was very fresh.

"Honey, I want that little rabbit with long ears!"

"Okay, wait, my husband will pinch it for you right now! I'm not bragging, my husband is an expert at pinching dolls!"

"Husband is awesome! Husband, come on!"

...

"What are they doing?" Travis looked curiously at the row of glass cabinets next to her.

It was full of all kinds of cute dolls, and in front of one of them, a man stuffed a few hard skins into the hole, and then pressed the red button on it with concentration.

"Pull doll, one coin, one chance. Want to play?" Selena asked.

Chapter 887

"But I won't..." Travis hesitated.

"It's okay, let's try it!" Selena casually stuffed a few coins into it, and then taught Travis how to operate it.

"Well, okay, Selena, which one do you like? I'll catch it for you!" Travis was eager to try.

It's a pity that Travis's luck was a bit unlucky, she threw ten coins, but she didn't even catch a hair, her expression was almost crying.

"Hahaha, beauty, you can't do this. You are skilled at catching dolls. You are purely sending money, do you know that?" The man next to him threw coins three times and caught a doll, with a smug look on his face. tone of voice.

Seeing that Selena and Travis were all rare beauties, their eyeballs were almost glued together, and they dared to strike up a conversation with their girlfriend beside them, "How is it? Do you need my help? "

"Dmn ghost! I can't walk when I see a pretty one, can I? My old lady is not dead yet!"

"Oh, I'm just helping others for the good!"

...

The movement here quickly attracted some single boys in the video game city to start to move, and several of them quickly gathered together. After all, most of the people who came here were couples, or boys in groups, like Selena and Travis. The girls brought here, and both of them are beauties, which is really rare.

"Beauty, which one do you want? Let me help you!"

"Go away! You stinky hand!"

"Beautiful sister, let me come! I'm very powerful, I guarantee it within three times, no! I'll help you catch it within two times!"

...

The eighteenth time failed, Travis was completely defeated. She was praised for being smart and excellent since she was a child, but she never thought that she would fall into this kind of small game, especially when she just said that she would capture it and give it to Selena, too. I hurt my self-esteem!

In addition, the few boys next to her were still chattering and courting, which made her feel even worse.

Selena glanced at the young boys who were obviously students, who came to hook up with girls before they even had hair, and continued to stuff twelve coins in without haste, "I'll do it."

"En." Travis nodded emotionally, and gave up her seat.

"You point, I'll catch you." Selena said to Travis.

"I... wanted to catch the rabbit that was given to you, but I just couldn't!"
Travis was furious.

"Okay." Selena glanced into the glass cabinet, and then pressed it down with a "snap".

"Hey, beauty, you can't do this, do you know that there are skills in catching dolls? That rabbit is hard to catch at first glance, you grab the one near the entrance of the hole..."

"You pressed too fast just now! It's time to find the timing! Don't press randomly!"

...

There was a lot of noise in her ears, Selena turned her head and glanced at the teenagers next to her angrily, "Shut up, you're making a lot of noise! Are you too little homework? Don't go home so late!"

"Ahh... this beautiful sister is so fierce!"

"But it's so emotional!"

"Ahhh! Beautiful sister, you got it, you got it!"

At this time, several people suddenly started shouting, and Travis was also full of surprise, "Selena, you really caught it!"

She just clicked it casually just now, but she actually caught it, good luck!

Selena calmly took out the rabbit, stuffed it into Travis's arms, and then continued to grab...

Then, little pig, little yellow chicken, little white sheep, little tiger...

Selena actually used those twelve coins to grab the entire twelve zodiac signs!

Behind them, those teenagers who were making noise just now looked at the plush dolls that could hardly fit in Travis's arms, and their eyes nearly popped from shock...

Chapter 888

"Dmn it!!! Sister, you are a blockbuster! What kind of probability is this!"

"Great God! Please accept my worship! Can you teach me how to do it?"

"I want to learn, I want to learn too! After learning this trick, I don't have to worry about flirting with girls in the future!"

...

"Go back and do your homework, okay? I want to flirt with my sister before she's fully grown!" Selena helped Travis get a few puppets, then turned around and left holding her hand.

And Travis looked at Selena with a shining expression, she couldn't help but admire her.

Behind them, a few teenagers murmured speechlessly, "What's wrong with our hair all grown up? Is it really okay for a girl like you to be so good at teasing girls?"

"Will you give the man a way to survive!"

...

After coming out of the video game city, Travis was extremely satisfied carrying a bag of dolls that Selena had caught for her, her little face flushed with excitement.

"Selena, I am so happy today!"

"Me too."

"Can we come out to play together next time?" Travis asked with great anticipation.

"of course can."

"That's great!" Travis was overjoyed.

The two were walking along the road, Travis sneaked a glance at Selena, and then another.

"What's wrong?" Selena asked.

Travis immediately shook her head, but her face turned redder and redder inexplicably, and she didn't know what she thought of.

Selena laughed, "Let's just talk about it, we're friends, aren't we?"

"I..." Travis hesitated again and again, and finally stood still, then he hesitated and said, "Xiao...Selena...I have an unfeeling request!"

"Tell me, as long as I can do it." Selena looked at her and said cheerfully.

Travis's slightly swaying eyes reflected the moonlight above her head, she looked at her with great anticipation, and said, "Can I meet my male god?"

Selena raised her brows slightly when she heard that, obviously stunned for a moment.

Meet her man?

What does Travis mean, do you want to see her in men's clothes?

Uh...

It wouldn't be too difficult for her to wear men's clothes...

However, if Daniel's jealousy was found out by accident, she would have to spend a lot of effort to smooth it out.

Seeing that Selena hadn't spoken for a long time, Travis hurriedly apologized, "Yes... I'm sorry! I know my request is too presumptuous! Just pretend I didn't say it!"

Selena thought for a while, then looked at Travis indifferently and said, "No presumptuousness, of course you can! Besides, you should have many opportunities to meet your male god in the future!"

Selena had a joking tone.

"What... what? Lots of opportunities?" Travis didn't quite understand what she meant.

"I just accepted a new movie recently, and it's a woman disguised as a man." Selena replied.

"Ah! Really!" Travis was so excited that she didn't even care about her ladylike manners, she screamed directly.

"Shh, this is a secret, don't tell anyone."

"Yeah, I won't tell anyone!" Travis said immediately.

"When the filming starts, I can tell the director that you are my friend and let you come over to visit the set. As long as it doesn't affect the filming, it shouldn't be a problem not to reveal the content of the filming!"

Travis looked excited, "Really? That's great! I won't let it affect you! Actually, I've always been curious about how the scenes are filmed..."

Seeing Travis's happy face, Selena also heaved a sigh of relief.

If it is arranged like this, if they don't meet alone, the Great Demon King won't be angry, right? Hey, she's been racking her brains...

Chapter 889

"Selena, thank you! Thank you! I really like you!" Travis turned around and hugged her immediately.

There is nothing more pleasant than being thrown into the arms of such a cute girl, Selena smiled and said, "I like you too!"

At this time, a headlight shone over, and then, a black Maybach slowly parked beside the two of them.

The car door opened, and a pair of slender legs stepped out...

Immediately afterwards, Daniel appeared in front of him unexpectedly, covered in frost.

At this moment, Selena almost knelt down to the sky.

Nima, play with me! Why did it reappear in the past!

why! Why is the big devil caught on the spot every time I do something bad, I feel so tired!

Selena hastily let go of Travis, "Daniel... why are you here?"

Daniel's face darkened, "Pick you up."

Selena instantly remembered what Daniel said to her last night, it's okay to see her, but she is not allowed to behave beyond the boundaries...

Fortunately, she was slapped in the face as soon as she finished her promise.

"I wanted to take you home..." Travis was obviously upset when she saw Daniel.

She felt that Daniel was not good enough for Selena at all. He was cold and hard like a rock, and he had a frightening expression all day long. Selena was so pitiful!

Could it be that Selena was really forced...

The more Travis thought about it, the more worried she became. She avoided Daniel, pulled Selena aside, and said in a low voice, "Selena, don't be afraid of him. If he bullies you, you must tell me. Don't feel wronged or force yourself! Although I can't help it, but I can ask my dad and grandpa to help!"

Selena glanced at Travis gratefully, then turned her head away, and after glancing at her, she was whispering to Travis, the big devil with a serious expression on her face that frightened people to death.

Pfft, it's no wonder that Travis suspected that she would be bullied when she saw him like that...

However, in fact, he pampered and pampered her from beginning to end, even to the point of being unprincipled.

"Ke'er, thank you, but don't worry, he won't bully me. Besides, I love him very much, and I don't feel wronged or forced. I am willing."

Daniel obviously heard this, and the expression of displeased wife being robbed obviously changed to astonishment.

It was the first time... the first time he said such words from Selena...

She said she loved him...

Happiness came too suddenly...

Travis had been having trouble understanding at first, thinking that Daniel and Selena really didn't get along at all.

But at this moment, seeing Selena's extremely serious expression, and the warmth in his eyes when he looked over at Daniel when he said this to her, he suddenly believed that these two people really loved each other.

"I'm leaving, we'll come out to play next time, you drive slowly." Selena said goodbye to Travis.

Travis reluctantly waved her hand, "Well, yes, ah..."

While talking, Travis's doll bag accidentally broke, and the doll inside rolled to the ground.

Selena and Travis hurriedly bent down to pick it up.

Daniel leaned over and picked up a rabbit, "What... are these?"

Travis held a pile of picked up dolls in her arms, and proudly said, "Selena helped me catch the dolls! Selena is so good, she caught twelve of them in one go!"

"This one is not allowed." As Daniel said, he even took the rabbit privately and refused to return it.

Travis jumped in anger, "Hey! That's mine!"

Daniel pinched the rabbit expressionlessly: "Mine."

Selena on the side was holding her forehead with black lines all over her head, Great Demon King, you can be a little more childish...

Chapter 890

The apartment is downstairs.

"Then I'll go up first... good night..."

Selena was about to push the door to get out of the car when Daniel suddenly reached out and grabbed her arm firmly, preventing her from getting out of the car, "Say it again."

"Huh? What are you talking about?" Selena turned her head and looked over in bewilderment.

"What you said to Travis just now." Daniel stared at her, two clusters of star-like flames faintly danced in his cold pool-like eyes.

"What did I say to Travis?" Selena blinked her eyes, pretending to be puzzled.

"Travis said I would bully you, your answer." Daniel said. The spark gradually spread into the sea...

"Oh... this..." Selena rubbed her chin as a memory, and then said, "Thank you, but don't worry, he won't bully me..."

"and also."

"Not wronged, not forced?"

"and also."

"Willingly?"

After waiting for the words he wanted to hear, Daniel pursed his thin lips tightly, obviously in a bad mood.

"Pfft..." Selena finally couldn't help laughing.

It's really rare to see Daniel so cute...

The next second, she suddenly leaned over and approached, her hoarse and deep voice sounded in his ear with warm breath like magic power, "I love him very much..."

After finishing speaking, before Daniel turned his back on the guest, he turned around like a fish and ran away, slyly waving his hands while running, "Oh, Smith..."

Looking at the one that ran away after teasing, Daniel cursed in a low voice, glanced at the fluffy little white rabbit puppet on the seat next to him, and pinched the rabbit's ears with his slender fingers as punishment...

In the next few days, Selena continued to follow up on the situation at the sf company, but was told that the person in charge hadn't returned from a business trip, so she had to put the matter aside for the time being.

The good news is that Selena's cameo role in "Our Eighteen Years Old" was the hero's first love, even though she only appeared for a few minutes, it made her a little popular.

After the film ended, many people asked who the actor of the first love was, but they found Liang Biqin on the Internet.

However, no matter how you looked at it, it couldn't be Liang Biqin!

Because too many people asked, the official Weibo of the film responded immediately.

At the same time, the official Weibo posted a still photo of the first love in "We Are Eighteen", and a still photo of Meng Changge in "The World", and tweeted Selena and Louis.

After learning who the actor was, everyone was shocked!

The actor of the first love is actually the same person who played the role of Meng Changge, the demon concubine who harmed the country in "The World"!

In "The World", Selena is charming, voluptuous, uninhibited, and hot-blooded. In addition, she is dressed in ancient costumes and has heavy makeup. Therefore, when she suddenly plays a modern character, and she is still such a pure and beautiful character, No one even recognized her. Although a few viewers had doubts, none of them dared to think that it was really her.

From the alluring concubine and general to the eighteen-year-old young girl, she acted in such a large span without any sense of disobedience.

What makes fans even more excited is that Meng Changge and Sun Huanqing, the popular cp pair, have reunited again in modern times. What's more coincident is that the ending of the two turned out to be life and death again, which caused netizens to sigh unceasingly. At the same time, the cp of the two The powder is growing again...
