

Cruel Heart Lover Novel

Chapter 901

This scene is the first scene of the film. Due to preconceived reasons, this scene can be said to be the first scene to establish the influence of the audience on you, so you must exert your greatest charm and catch the hearts of the audience at a glance... ..To put it bluntly, is it pretending to be handsome? "

Shen Mian talked for a long time, and finally came up with a core idea, this scene must amaze the audience.

Moreover, it is the hero and the hero who is disguised as a man together, and the two must be evenly matched and evenly matched.

Shen Hanchen listened to Shen Mian's rambling for a long time, and responded a few times, but he didn't take it seriously.

After pulling him to talk so much, why not tell Selena that Selena should be the one he should be most worried about in this scene, right?

Shen Mian naturally sensed the disapproval expression of the young man, and her expression was a little helpless. I hope he can maintain such a relaxed and confident attitude later...

"Ah..." At this moment, the little assistant next to the director suddenly exclaimed, and a prop in his hand fell to the ground with a thud.

The others subconsciously followed her gaze, and then saw Selena who had changed into her clothes and was walking towards her...

The eyes of the extras who saw Selena for the first time almost popped out, "There are so many handsome guys in this crew! Who is this? Isn't there only a male lead and a female lead in this scene?"

"Uh...could it be the heroine..."

"Congratulations, you guessed right! She is the heroine Selena!"

...

"Wow! Senior looks so handsome in this outfit! It fits so well!" Ji Yumeng's gaze immediately shifted to Selena, one senior at a time, not the same as when she was complaining in front of her manager half a day ago.

Shen Mian looked at Selena's outfit, and nodded in satisfaction. He spent a lot of money on costumes and props in this play, and it seems that the money was worth it.

Qi Fang glanced at it, and muttered softly, "It's okay, I still think Han Chen is more handsome..."

The moment he saw Selena, although Shen Hanchen's face tensed a lot, he wasn't too nervous, after all, he had already prepared himself before.

Selena's men's clothing was indeed quite stunning, but standing with him, she would definitely not be able to steal his limelight. He was enough to crush her just because of his height.

Seeing Shen Hanchen's confident expression, Shen Mian shook her head and said nothing, "They're all here, let's get ready and start!"

Following Shen Mian's words, everyone stopped discussing and began to take their positions.

"action!"

With a “snap”, all the lights in the banquet hall were turned on.

Banquet underwear, fragrant temples and shadows were intertwined, and on the central stand, a small band was playing melodious music.

Shen Hanchen was dressed in black formal attire, and his slender and tall figure stood at the end of the spiral staircase, one step back on the left hand side, and Selena, who was dressed in white, stood quietly behind him...

Under the amazed attention of everyone, the two walked downstairs one after the other.

The suit on Shen Hanchen's body was black, and the style was simpler and more refined than Selena's. At the moment, his hair was all slack behind his head, and he was straightening his cuffs with downcast eyes. Breath, facing everyone's amazed eyes, his expression did not change at all.

It's exactly the same as the noble and unattainable Si Xia from the script.

At this moment, Shen Hanchen looked back and whispered something to Selena according to the lines in the play.

Originally following behind him, Selena, who had all her eyes taken away by him and had no sense of presence, gave him a sideways glance after hearing what the hero said, and curled her lips with a smile that was not a smile, and that smile bloomed layer upon layer. Come and turn into a chic and unrestrained romantic charm...

In an instant, all the extras gasped, their gazes all fell on her, and even Shen Hanchen himself was stunned on the spot...

Chapter 902

The scene, everyone, collectively lost control...

This scene was as expected.

Until Shen Mian yelled to start again, everyone was still a little confused and didn't realize what happened just now.

Especially Shen Hanchen, who was the closest to Selena just now, and naturally suffered the most impact.

In all fairness, he admitted that Selena's men's clothing was really good, but it was definitely not to the point where he could steal the limelight. When the two of them appeared together just now, everyone's eyes were not on him.

However, the moment Selena looked at her with a smile that was not a smile, her demeanor suddenly changed, and she caught everyone's attention in a casual manner...

how so...

"Help... help me... I seem to be a little weak..." Ji Yumeng stretched out his hand towards Qi Fang who was at the side, and was so excited that he couldn't help himself, "Oh... did you see it! Senior is really too Charming! In fact, in terms of appearance, Han Chen is indeed the more outstanding, but just now, the moment senior raised his eyes and smiled, it was so amazing, no matter how handsome other people are, they are just clouds..."

Qi Fang's face darkened slightly, and he didn't want to admit it even if he was beaten to death. At that moment just now, his heartbeat accelerated even as a man.

Going to see those staff members and group performers, there are many men who were surprised just now...

Such elegance has nothing to do with gender.

Shen Mian was very calm, with an expected expression, walked up to Shen Hanchen and continued to play with him, and said in a joking tone, "Hanchen, work harder, don't be robbed by a girl limelight!"

Shen Hanchen nodded in a muffled voice, this time he didn't dare to take it lightly again, and finally understood why Shen Mian had said so much to him just now.

"Everyone adjust your state, do it again!" Shen Mian told the group performers a few more words, "Your performance just now was very good, that's it, if you want to show surprise, just keep this rhythm, just don't look at it. Focusing on one person completely, the ones who amaze you are these two people, one is proud and domineering and the other is free and unrestrained, each has its own merits, and they are not alike..."

Although so much has been said, Shen Mian actually knows that the key lies in Shen Hanchen. He has to show the same strength as Selena, and then the group performer will give the most suitable reaction.

After all, you can't make too high demands on the acting skills of the group performers. It would be best if they can perform naturally and realistically.

In fact, if this scene can be played once, the effect will be the best. For the second time, the group performers are already mentally prepared, and the effect will be reduced to a certain extent. It's a pity...

After a short break, the second shoot began.

"Okay, everyone, get ready, the next game will start right away!" Shen Mian informed all departments.

"Karen, Karen, the director is calling, let's go!"

"Karen, come on!"

...

At some point, the staff of the production team followed Xiaotao in addressing Brother Ning Xixi.

Selena smiled back at everyone, handed the thermos cup in her hand to Xiaotao, and returned the handbag to Ji Yumeng, and then walked towards the shooting scene.

Shen Hanchen took a deep breath and stabilized his mind.

He just lost his composure just because he was too surprised for a while, but this time he is already prepared, and he will definitely not.

He fixedly glanced at Selena who was strolling across the courtyard, closed his eyes, and when he opened them again, his posture and demeanor became even more dignified.

Chapter 903

The melodious music sounded again, and the guests downstairs began to laugh and laugh...

Shen Hanchen walked down the stairs step by step with steady steps. His walking posture was specially trained, and he was paying more attention at the moment, and his performance was obviously better than last time. Showing amazement...

After walking downstairs, Shen Hanchen took the wine glass from the waiter's hand, then turned slightly sideways with a natural expression, talking to Selena beside him.

There are no lines in this passage, it only needs to show that the hero is talking to the heroine. As for what was said, it is up to the audience to guess.

And what the audience will guess depends on the actor's own performance...

This time, Selena's eyebrows were raised, her eyes turned, and she glanced at Shen Hanchen with a smile that was not a smile. The light of the sky was captured in the smile on her lips, and the people next to her were dimmed in an instant...

There is no harm without comparison. Shen Hanchen's performance was good just now, but after Selena's comparison, the hero who made them feel domineering and handsome just now always feels that his aura is too weak, and he even feels that he is too artificial, like a flower peacock with its tail open.

On the contrary, it was Selena. She didn't want to attract anyone's attention at all, but she just kept everyone's eyes from her.

Not only that, but everyone has discovered that there is a kind of spark hidden in the heroine's wanton and flirtatious eyes, which is her deep-seated and unspeakable feelings for Si Xia...

This time, Selena's performance was not only simply amazing, but also more layered, instantly bringing the audience into the play...

Two people, it's like a cloud and mud.

Undoubtedly, this time, it was still ng.

Even Shen Mian was a little surprised, her eyes were full of the expression of finding a treasure.

I thought that Selena's performance just now was extremely amazing, but I didn't expect that she wasn't serious at all...

Shen Hanchen felt a strong palpitation, the great sense of oppression when facing an insurmountable mountain.

From the moment he chose this line of work, everyone told him that with his qualifications, he was born for the entertainment industry, and he would definitely be popular.

But at this moment, he knew what it meant to be born for the entertainment circle...

Looking at Shen Hanchen's appearance, Shen Mian was afraid that his mentality would be out of balance, so she walked over with the script and told him about the play again, "Hanchen, your performance has improved a lot just now, work harder to maintain this rhythm.

You have to know that Si Xia is the proud son of heaven. Not only must he be dazzling, but more importantly, he must have the kind of arrogance that has been at the top of the powerful for a long time. If he is handsome, he is only a big star at best. Temperament and eyes are very important do you know?

You can pay attention to Selena's performance because the heroine has experienced a life-and-death experience, so she moves her hands and every look with a trace of detachment, the grief of the death of a loved one, the unspeakable love for the people around her, games The carelessness of the world is all shown in the eyes..."

"I see, thank you, director." Shen Hanchen looked at the video in the camera, saw himself being rendered like a poor clown, and wanted to destroy the whole picture.

Shen Mian patted his shoulder, "I'll give you ten minutes to adjust."

After Shen Mian finished speaking, she walked toward Selena who was surrounded by a group of girls.

Chapter 904

Selena got up immediately, "Director Shen, do you want to tell me a play?"

"fcuk!" Shen Mian said angrily, "Brat, how dare you hide your strength in front of me last time?"

After Shen Mian finished scolding, she realized, why did I scold him as a "brat" unknowingly?

Selena had an innocent face, "No, last time I was in my normal state, and you didn't let me audition..."

This time she just brought her acting skills.

Shen Mian: "..."

Ten minutes later, filming began again.

After that, they ng several times in a row, all because Shen Hanchen couldn't keep up with Selena's rhythm, and the two were not on the same level at all.

Shen Mian has very high requirements for this scene, so she can't bear the slightest flaw.

However, if the filming continues at this pace, this scene will last forever, and Shen Hanchen's mentality is about to collapse, so it won't work...

Therefore, Shen Mian resolutely stopped midway, "Crack!"

As soon as the words fell, Shen Hanchen finally couldn't bear it any longer, took off his coat with a black face, threw it on the ground fiercely, and walked forward with strides, his handsome face was now covered with clouds, almost ferocious.

The atmosphere at the scene was tense to the extreme for a moment, Ji Yumeng, Qi Fang, Ke Mingyu...the staff, etc., all dared not say a word.

Seeing that Shen Hanchen was out of control, the little assistant hurried over to comfort him, "Hanchen! Hanchen... where are you going! It's only the first day, so don't mess around! Hold on, hold on, hold on... the director said, You are doing better every time..."

Compared to Shen Hanchen's rampage, Selena wore a white British retro suit, loosened the neckline casually, put it in his pocket alone, and walked over leisurely...

Shen Mian pinched the center of her brows with a headache, walked over, pulled Selena into a corner, and said in a low voice, "As you can see, Han Chen's performance is actually very good, but he is a newcomer after all... You can relax a little bit." a bit..."

The only way now is to ask Selena to accept it.

Hearing this, Selena glanced casually at Shen Hanchen who was not far away, and said quietly, "So what about a newcomer? A man who doesn't even know how to be handsome, it's better to quit this circle earlier..."

Shen Mian: "..."

The men present: "..."

These words, what the hell, are so pissing off!

Everyone subconsciously turned their heads to look at Shen Hanchen, and sure enough, the other party's face was turning green with anger.

After all, he was still young and energetic, and Shen Hanchen, who was already impulsively preparing to leave, stopped abruptly because of these words, and

his hands beside him were tightly clenched into fists, "Director Shen, do it again!"

"This..." Shen Mian's expression showed hesitation for the first time.

With Shen Hanchen's current state, it would be very dangerous for Selena to continue without suppressing her aura.

If he continues to do this time, it will cast an irreparable shadow on Shen Hanchen's psychology. Such a shadow is almost fatal to an actor...

After all, Shen Mian still cherishes talents and dare not take this risk...

"come on!"

Reluctantly, the two were very persistent, and they had already reached their positions and were ready to start.

Shen Mian and Selena looked at each other, looking at each other's calm expressions, they were inexplicably relieved.

With Selena's acting skills, she should be able to take it in and out freely, and she should stop if she finds something wrong. After all, there is no need for her to ruin a newcomer. Moreover, from his observation just now, Shen Hanchen's performance In fact, each time is better than the last time, maybe...

Chapter 905

Thinking of this, Shen Mian gritted her teeth, and finally called out "Start".

Everyone, stare with bated breath.

The small band in the center is playing one after another, the huge crystal lamp above the head is like a dream, and the skirts are flying on the dance floor...

At the end of the spiral staircase, two men, one black and one white, one in front and one behind, one is noble, one is leisurely, walking down slowly...

This time, Shen Hanchen's demeanor to his steps, his temperament to his eyes, including the slight smile on Selena's lips when he raised his eyes and smiled back, were all perfect. The two of them, like two equally bright stars, complemented each other!

"Crack! Not bad! Very good!"

With Shen Mian's excited "click", almost everyone heaved a sigh of relief.

Shen Mian finally let go of the heart that she had been carrying all along.

It's okay... Shen Hanchen made it through...

If he can't make it through, it will be a big shadow for him, but once he makes it through, he will definitely have a huge understanding and improvement in acting skills!

"Wow, that's great!" Ji Yumeng's heart was beating fast, "The moment the two of them looked at each other just now, my soul of a rotten girl almost rose! My wife is so handsome!"

Si Xia didn't know anything about Ji Feixue's feelings, and just treated him as a capable subordinate and brother, but the intimacy and tacit understanding between the two were enough to move and infect everyone, and made the audience even more worried about the heroine's feelings ...

Qi Fang also had a look of jealousy, feeling that he was doubly hurt because of these two people, "Well...he's really handsome..."

Just when everyone couldn't help applauding and praising, Shen Hanchen, the person involved, didn't feel relaxed at all. He staggered down, snatched the

water from the assistant's hand, and drank most of the bottle in one go, his chest heaving violently with...

It's just a pretentious scene, but it's like being on a battlefield, and the others are still a little shocked...

Qi Fang secretly glanced at Selena, who was still acting like a normal person, with a face full of panic, and then moved to Ji Yumeng's side and said, "Yumeng... are you sure what you said just now is the same person as what we see now Is it? This is too scary! How gentle and considerate are you?"

He also said that she is a very nice person who will bring newcomers into the play, will be persuasive, and that it is easy to act with her...

Are you kidding me?

It's only the first scene, Shen Hanchen is almost killed by her!

He was really glad that he and Selena didn't have many rivalries...

Ji Yumeng bit her lips, "But, she was really considerate and relaxed when playing with me... I don't think it's possible to blame senior... Is it wrong for senior to act too well? It should be It's because of the plot, the two of them need to play together...it's inevitable that this will happen..."

Qi Fang: "..."

Hehe, why does he think it's because of the gender difference?

Treating girls is as warm as spring breeze, treating men as cold as autumn wind...

What doesn't look right...

Shen Mian glanced at the time, "It's too late today, there's not enough time, let's postpone the rest of the show until tomorrow! Everyone has worked hard, let's call it a day!"

Although today's progress is not over, it is still very worthwhile to be able to perform such an important play so perfectly.

When Selena and Shen Mian were alone, Shen Mian couldn't help asking, "If Shen Hanchen still can't keep up with your rhythm this time, will you stop the show?"

Chapter 906

Selena smiled, the corners of her eyes raised like begonias, "How could it be, I believe Director Shen has a good eye for people, if he can't even survive this level, it will be too much for your brand !"

She was acting normally this time, and she didn't even press the stage, okay, it's enough for her to be merciful.

Back then when she crushed Louis, she was so ruthless...

Shen Mian was almost dazzled by that smile, and said speechlessly, "It's almost done, even I won't let you go!"

"Sorry, I didn't have time to switch states."

Shen Mian: "..."

The two were talking, Shen Mian glanced at Ke Mingyu standing aside, as if he was waiting for them to finish talking, "Mingyu, what do you do?"

"I'm looking for Senior Selena." Ke Mingyu's expressionless face was rarely tense.

Selena looked over curiously, wondering what he wanted from her.

Among the few newcomers at present, Ke Mingyu is the one she can't see through the most. However, she always feels a trace of familiarity in him for no reason.

It's a pity that I didn't have time to shoot the scene with him today, and I can't meet him until tomorrow...

"Can you sign me? I'm your fan." Ke Mingyu said blankly.

"My fan?" Selena frowned slightly, really surprised, "Of course."

Afterwards, Selena picked up the notebook and pen in his hand, signed her name for him, and wrote another word of encouragement.

"Thank you senior." Ke Mingyu pursed his lips, bent over and bowed, and then left without saying much.

Shen Mian glanced at Selena, and suddenly asked meaningfully, "Do you know how I found this person?"

"How did you find it?" Selena asked.

"He didn't come from a major, and he came to the door by himself. I searched for a long time but couldn't find a suitable male second, so I let him try casually, but he refused."

"Ah? Didn't you come to the door by yourself? Why did you refuse?" Selena was puzzled.

"He wants to play the male lead."

"Uh..." In all fairness, his image is really not suitable for the male lead of this drama, "You persuaded him later?"

Shen Mian nodded, "First I asked him to audition for a male lead role. His acting skills were good, but his image wasn't good enough. So I persuaded him to try the male lead role. He didn't agree at the time. Later, I went to invite him personally."

Selena was a little surprised, "Tsk, it's definitely not as simple as being good at acting, is it?"

Shen Mian smiled mysteriously, "You will know when the time comes!"

After Shen Mian said that, Selena didn't ask any more questions, but she suddenly remembered something, "By the way, Director Shen, can the crew visit the set? I have a friend who wants to come and see me, so it won't affect her. Shoot!"

"Okay, your friend is naturally fine!" Shen Mian agreed quite readily.

The two were talking, when Shen Mian saw a figure poking his head not far away, it turned out that there was more than one person who hadn't left.

Shen Mian glanced in Ji Yumeng's direction helplessly, "Are you looking for Selena again?"

Ji Yumeng nodded repeatedly.

"Hey, let's talk! Let's not bother you anymore!" Other actors always chat with the director after work, but here he is all looking for the female lead...

"Yumeng, it's time for work, why don't you leave?" When talking to Ji Yumeng, Selena's tone dropped a notch.

That low tone...

Ji Yumeng subconsciously squeezed the ears that were suddenly crisp, "Senior, can you give me your mobile phone number?"

NEXT CHAPTER

Chapter 907

"Yes!" Selena stretched out her hand.

Ji Yumeng hastily handed over her mobile phone.

Selena dialed her number on her mobile phone, and returned it to her after the call was made.

Seeing Selena being so friendly, Ji Yumeng plucked up her courage and asked again, "Can we add WeChat IDs to each other?"

"The WeChat ID is the mobile phone number, just add it directly."

"Oh okay, thank you senior! Senior...don't you need to remove your makeup?" Ji Yumeng swallowed, looking at Selena's men's clothes.

Right now Selena is wearing her own clothes, but they are still men's clothes, casual clothes, jeans and a hoodie jacket, youthful and leisurely, just dressed casually, but when she wears them, it's just how it looks and how it attracts people. butterfly...

"At this point in time, my way back is too congested, so I plan to take the subway, it's so convenient." Selena replied.

"Oh, so... I..." Ji Yumeng was about to say that she was also taking the subway, but her phone rang, and it was her manager who called to say that she had come to pick her up.

So, he could only bid farewell to Selena.

"Yumeng, this way!"

"Brother Feng... why are you here..." Ji Yumeng looked at the middle-aged uncle's agent who was driving by the side of the road with an unhappy expression.

Qian Zhaofeng didn't know what kind of young lady temper she had again, "Of course I came to pick you up! How was today? Didn't cause any trouble? Let me tell you, don't think about the heroine, even if you love Selena again Bear with me if you are dissatisfied, if you really don't want to act, at worst I will help you back..."

He would rather spend more time not acting in this drama, and he must not let her screw it up.

When Ji Yumeng heard it, she jumped on the spot, "Who is dissatisfied with Selena! Don't talk nonsense!"

"Didn't you still..."

"Morning is morning! Anyway, I don't have any dissatisfaction with Selena! I'm going to play the third female role! Whoever robs me is in a hurry!"

Qian Zhaofeng expressed a confused face: "..."

What a woman's heart, sea needle!

...

Selena had agreed with Daniel in advance that she would go to his place for dinner tonight, so she went directly to his place after work was over.

The gate of the Platinum Emperor Palace.

Mo Lingtian, who was sent out by Daniel, looked sad, "Hey, hey, it's almost dinner time, won't you let me stay for a meal?"

"Selena come over tonight." Daniel said directly. Indicates that you do not accept interruptions.

Mo Lingtian immediately said "Dmn", "I have seen you clearly for a long time, you really have the opposite sex and no blood!"

Fortunately, he even made a special trip to tell him so much...

"Speaking of which, why didn't you ask that Karl about it? He's been with that man for so long, doesn't it mean he really doesn't know anything about him?"

"He's not mine." It was unexpected. Even if Karl said it, he wouldn't believe it. Besides, given the man's city, even Karl probably wouldn't reveal his details to him. .

"It's because you're working as a security guard in the company..." Mo Lingtian was speechless.

The two were talking, and a figure came from a distance.

I saw that the man was not very old, dressed in casual fashion, with an extremely handsome face, and he was indistinguishable between male and female, almost between a boy and a man, and there was an aura of recklessness all over his body.

At first glance, he is a master who attracts bees and butterflies...

Out of the contrast between men and men, Mo Lingtian took a few extra glances consciously, and asked Daniel who was beside him, "Who is that? Your brother's friend?"

There were only two villas in this direction, Saul and Daniel, so they were either looking for Daniel or Saul.

Mo Lingtian didn't wait for Daniel's answer, but saw the young man walking straight in the direction of the two of them until he reached them, strictly speaking, it was Daniel who stood in front of them.

The young man didn't drive, so he probably jogged over. He was still panting slightly, and his fair and beautiful neck was slightly wet with sweat. After walking over, he pulled Daniel's neck down without saying a word, and then kissed him like that, his eyes wide open. The light was shining, and the voice was hoarse and deep, "Did you miss me?"

As if Mo Lingtian was struck by lightning, the whole thing was weathered there, turning into a sculpture: "..."

Chapter 908

"Did you miss me?"

"Ok."

...

He he he... what did he see...

The sky crumbled, the sea dried up and the rocks crumbled, and thunder struck... Even when he saw Daniel and the little white rabbit together, he was not as shocked as this scene.

However, after the shock, what was more, turned out to be amazing.

Twilight was sinking, and the sky was the red gleam of sunset.

When the young man stared at Daniel, his arrogance and unrestrained aura turned into a subtle lingering, under the sunset, those twinkling eyes were so shockingly beautiful for a moment...

And Daniel looked down at the young man, his eyes covered with ice and snow turned into pattering spring water, his eyes were gentle and precious as if looking at the whole world.

Mo Lingtian felt inexplicably that this scene was extremely moving...

fcuk! Go crazy! He actually thought... Daniel was very touching when he was with a man...

After receiving the affirmative answer from the Great Demon King, Selena was instantly satisfied. As expected, beauty's healing power was invincible, and even the exhaustion from filming for a day was swept away.

She felt that it was too unreasonable for the big devil to always be jealous sometimes. With such beauty in heaven and earth in front of her, it would be good if she wasn't fascinated to death. How could she even look at others more.

Seeing that these two people had completely forgotten their existence, Mo Lingtian finally couldn't help it, and weakly raised his hand, "Cough...that...you two...there is still one person here..."

He felt that he seemed to have crashed into something extraordinary, shouldn't he be silenced?

No, he didn't break it, he was just standing here, and he was also a victim...

"Hey, Young Master Mo, you're here too!" Selena looked towards Mo Lingtian upon hearing the sound.

Mo Lingtian was about to cry, "Brother, have I been here all the time? What kind of eyes are you looking at?"

Selena put her arm on Daniel's shoulder, and said in an apologetic tone, "I'm really sorry, usually when I'm around, it's hard for me to notice other people."

Mo Lingtian: "..."

Daniel was actually called Darling by a man, and he still had a pretty good mood...

Mo Lingtian almost collapsed, "Daniel...what the hell are you doing? When I asked you, didn't you say that you are not good at this? What is the situation now? Don't tell me that the little white rabbit before was just A smoke bomb...the one you really like is a man...Dmn...then I'm in danger...and...what about Ziyao...and..."

Daniel: "She's Selena."

Accompanied by Daniel's four words, Mo Lingtian was dumbfounded in the confusion, "What did you say?"

At this time, behind the three of them, a soft and cute little bun ran over like a whirlwind. It didn't run towards Daniel, but hugged the young man's calf. His big eyes were full of surprise and dependence. .

Little bun's gaze made him inexplicably familiar...

After all, this little guy is just like Daniel, he has never been so warm and intimate with anyone, except for... the little white rabbit...

Last time at Lu Chongshan's birthday banquet, he saw with his own eyes how obedient and soft the little bun was in front of that little rabbit.

After Selena saw the little bun, let alone Mo Lingtian, she even forgot about the beauty of the big devil, and immediately hugged the little bun.

Chapter 909

Seeing that Rick was wearing a fluffy cartoon cashmere pajamas, bear ears on the back of the hat, and a round tail on the back of the butt, Selena was so cute, "Oh, my baby is so cute today, you Dad is finally on the aesthetic line!"

At this moment, the disguise and shell of the young man holding the little bun seemed to have faded away in an instant, leaving only the most authentic self. Mo Lingtian finally believed it, "Okay...it seems to be really a little white rabbit..."

After Selena carried the little bun into the room, Mo Lingtian was still in shock, "What the hell, it's absolutely amazing, Daniel, will this girl change seventy-two times?"

From little foxes to little white rabbits to shooting masters to little maids, even men's clothing has no pressure...

A woman who can handle Daniel... really shouldn't be viewed with the eyes of ordinary people...

He finally knew where the rumors that Daniel liked men and publicly k!ssed that man at a certain party came from.

The city will play...

in the living room.

"Miss Selena, the meal will be ready in a while, let's drink some juice."

"Miss Selena, eat fruit!"

"Miss Xiaoxi, do you need dessert?"

...

After the little maid at home brought things over a few times, Daniel finally pinched his brows and said to Selena, "Go upstairs and change."

"Why? It's so troublesome to switch back and forth!" Selena muttered puzzled.

Daniel didn't answer, but suddenly looked in a certain direction.

At the entrance of the kitchen, and in the small garden outside the floor-to-ceiling windows, the little maids at home had peeped in countless times, and Wan Wan had come back and forth to deliver things several times. Selena had already Coax these little maids from being repulsive to her one by one, let alone men's clothing...

"Is that handsome guy inside really Miss Selena?"

"How is it possible! Just kidding!"

"There should be nothing wrong with what Wanwan said, otherwise... besides Miss Selena, who have you seen the Eldest Young Master get so close to?"

...

"I bought the same series as Rick for you." Daniel replied.

"Ah! Really! You should have said it earlier! Change it right away!" Upon hearing this, Selena quickly ran upstairs.

After a while, Selena changed her clothes and walked down.

Rick's pajamas are bears, Selena's is a bunny, and the two long ears on the back of the hat are so cute.

Selena bounced downstairs and walked around in front of Daniel, "Cute or not? Pfft, Daniel, I never thought you would buy this kind of clothes!"

Daniel: "I think you'll like it."

Selena raised her eyebrows: "Then do you like it?"

Daniel: "You like whatever you wear."

Selena: Compared to her flirting skills, she thinks the serious flirting skills of the big devil are the best, okay?

...

Return to the apartment after dinner.

Selena called Travis, "Hello, Travis..."

"Selena! It's you! Do you have anything to do with me?" Travis's surprised voice came from the other end of the phone.

"Last time you said you wanted to come to the film crew. I asked the director, and the director said it's okay, you can come anytime." Selena always kept her promise to the girl firmly in mind.

When Travis heard this, she was immediately overjoyed, "Really? That's great!"

Selena was about to speak, but found Travis's voice was very noisy, "Ke'er, are you not at home?"

Chapter 910

Travis sighed, and said hesitantly, "I'm at an Internet cafe in the city center..."

"Internet cafe?" Selena was a little surprised when she heard that. How could Travis go to a place like an Internet cafe?

"I'm looking for my younger brother..." Travis paused, and then explained, "After what happened last time, my father locked him down and told him not to go out after nine o'clock in the evening. However, if he didn't pay attention for a while, he ran out again, if he didn't take him back quickly, if my father came back tonight and found out, he would be furious again..."

"Sister, you are so noisy, can you stay away from me on the phone?" Zhuang Rongguang complained impatiently from the other end of the phone.

"Rongguang, father will probably come back tonight..."

"Father, father! Can you stop threatening me with dad! I'm just playing a game, not killing people and setting fire! Can I still have a little freedom?"

"The problem is, it's almost the final exam, and you're still playing, and, you figure it out, how much you've spent on this game, and you're still dating people online..."

"Go away! Are you annoying? It's not over yet!" Zhuang Rongguang's tone was extremely harsh, as if he no longer remembered who was protecting him when he was almost shot by his own father.

...

Hearing Zhuang Rongguang's nasty tone, Selena frowned and her face darkened suddenly. However, when talking to Travis, her tone was still very gentle, "Ke'er, show me what your brother is playing. What game is it, what is the game ID, and then tell me quietly, is that okay?"

Subconsciously, Travis took a look at what Selena said, and then walked a little further away and told Selena, "The game is called "Sanctuary", and the id is Glory of Light. He seems to be marrying someone in the game tonight. No matter how much I persuade you, I refuse to go home..."

"Okay, I see, but you can find a place to sit for a while, and I will find a way to make him go home with you obediently."

Travis didn't ask Selena what she was going to do, but subconsciously trusted her...

After hanging up the phone, Selena turned on her laptop, and clicked on a game icon called Sanctuary on the desktop.

This game was the one that Selena and Louis endorsed back then, and it was also the game Selena had played for the longest time.

Heh, young man, there is a way to heaven if you don't go, but there is no way to hell for you to break in.

Such a grown-up man, he actually let a girl come out to find him at night, and even uttered rude words...

What the hell, if I don't kill you to delete the game tonight, I won't be called Feng Ling!

Selena logged into the game account with a look of her own woman being bullied.

As soon as Selena logged in, a dazzling system prompt immediately appeared in the game: No.1 on the pk list, Mr. Feng Ling is here!

She and Louis used other vests when they were promoting and broadcasting the game, and this was Selena's real size.

As soon as the bright red system notification popped up, the world immediately exploded...

World: Wow wow wow tonight is so lively! Most of the masters on the major rankings have arrived, and even Lord Feng Ling, who has not been online for a long time, has appeared!

World: After all, it is the marriage between the leader of the largest gang, Guangzhi Glory, and the leader of the second largest gang, Zaishui. It is not surprising that Master Fengling will be invited!

World: But it would be strange to accept the invitation! Master Fengling has always been a loner, he doesn't join any gangs, and doesn't make friends with any gangs!

World: Aww! I saw Master Fengling, he is on his way to Yuelao Temple! Looks like she's actually going to a wedding!
