

# Cruel Heart Lover Novel

## Chapter 91

Susie was almost pissed off by this idiot, "Didn't you see that everyone started to sympathize with her because of this incident? Don't tell me you want her to turn around so that she can continue to act with your brother Louis?"

Jia Qingqing hesitated for a moment, but still didn't let go, "Anyway, I won't go! It's better to let me die than to apologize to that b!tch!"

How could such a small matter have any impact, she just bought some small gifts to get rid of these people later!

Seeing that it really didn't make sense, Susie could only let it go, and hoped that she wouldn't make any mistakes in the future.

It was a foregone conclusion that Selena's reputation would be ruined. No matter how scheming she was, she could only play with these little tricks. Could it be possible to turn the world upside down?

It is estimated that the unknown benefactor behind Selena will dump her soon, who would want a notorious lover who would cuckold him.

Thinking of this, Susie calmed down a little.

In the end, Guo Qisheng thought about it to avoid conflicts and didn't let them retake the scene. He directly used the scene of Selena being beaten and vomiting blood.

The second scene to be filmed today is that Meng Changge was made a noble concubine, and the concubine Xian fell out of favor and was thrown into the cold palace. Meng Changge went to the cold palace to visit the concubine Xian, and told her true identity to the concubine Xian.

Fortunately, this scene is relatively safe, it is all expressions and dialogues, and there is no action.

"3, 2, 1, action!"

Shooting begins.

In the cold palace, Concubine De sat on a large chair, staring at the woman who fell at her feet like a dying person, "Concubine Xian, do you know why I hate you so much? Why must you be put to death?" ?"

"b!tch! You're just jealous of me! Jealous of the emperor liking me! Jealous of me being favored!"

Concubine De laughed out loud, as if she had heard a big joke, "I am jealous? Jealous of you being favored by that bad old man?"

"Concubine De! Are you...are you crazy? I want to tell the emperor! I want to tell the emperor that you insulted..."

Concubine De suddenly shot a gloomy look over her, forcing Concubine Xian to silence, and then said word by word, "Concubine Xian, do you know who this palace is? Do you still remember... the name Meng Changge?"

"You...you...you..." Jia Qingqing spent a long time without you saying anything.

Guo Qisheng yelled "Cut": "Do it all over again!"

The second shoot begins.

"Concubine Xian, do you know who I am? Do you still remember... the name Meng Changge?" This time, Selena's eyes were sharper than last time, and she strangled the other party's neck tightly like a gallows.

"You...you are...you are..."

"Stop, start over!"

The third shoot begins.

"Concubine Xian, do you know who I am? Do you still remember... the name Meng Changge?" Selena's emotions became more and more intense each time. Everyone felt her outburst of anger and resentment.

"You...you are Meng Changge? How could you be...yes...yes..." Jia Qingqing's radio seemed to be stuck, and she forgot the words again.

"Cut!" This time, Guo Qisheng finally lost his patience completely, dropped the script, and flew into a rage: "Jia Qingqing, what's wrong with you? You can't even memorize such a simple line, do you usually read the script!"

I really can't blame Guo Qisheng for being angry, it's rare that Selena was in such a good mood this time, he was so excited watching it, he could have had a perfect shot, but it was ruined by Jia Qingqing's idiot mistake.

## Chapter 92

The onlookers all looked at this scene with contemptuous expressions:

"Is Jia Qingqing mentally retarded? I can recite just such a sentence back and forth! You are Meng Changge? How could you be Meng Changge! Meng Changge is clearly dead! It is difficult to recite just such a sentence." ?"

"That post also said that Selena's acting skills are poor. He should really look at Jia Qingqing, and then he will know what real sh1t is!"

"Actually, Selena's acting skills are quite good. Haven't you noticed that so far she has played all of her plays once? Even if she was NG, it was all because of other people's mistakes."

"It seems to be true! I thought it was because of her true nature, but yesterday she played the boy Meng Changge very well! Although she has been teasing Louis, for some reason, she won't make people feel obscene. It feels like a deer, but it makes me bump into a deer!"

"Yeah, yeah! I was so excited to watch yesterday! I'm really not happy if another person comes! It seems that in my heart, Meng Changge is Selena!"

...

Susie never thought that there would be a worse situation, and immediately scolded Jia Qingqing hundreds of times in her heart, but she still walked over with a look of concern on her face.

"Qingqing, what's wrong with you? Are you in a bad mood today?"

Jia Qingqing was in a state of berserk, and said frantically, "I don't know what's wrong with me. Whenever I look at Selena, I forget my words. It's like being possessed by an evil spirit!"

"How could this be?" Susie actually didn't quite believe Jia Qingqing's words, thinking that it was because Jia Qingqing's acting skills were not as good as usual and didn't work hard, but she still comforted her, "It'll be fine if you take it slow, I'll do it Help you play against each other!"

Susie accompanied her to rehearse the scene, but Jia Qingqing spoke the lines smoothly.

"Look, isn't this pretty good?" Susie encouraged.

Jia Qingqing immediately regained her confidence and ran to the director, "Director, I'm ready!"

Guo Qisheng had managed to regain his composure at this moment, his face eased slightly and he said, "Then let's get started!"

However...

This time, Jia Qingqing still forgot the words.

Not reconciled, she tried again and again, and ended up being ng twenty-eight times in a row!

For such a simple scene, the two of them had been filming until the evening, and in the end, the entire crew complained.

This is to make a movie, not a TV series, but to use film, ng so many times, it takes a lot of manpower, and how much money is wasted!

At the thirty-third ng, Jia Qingqing stood there dumbfounded, screamed like crazy, and rushed towards Selena...

"Selena, you b!tch, what did you do to me? Why can't I remember my lines! Why can't I just remember my lines! It's you! It must be you..."

The assistant next to her and others rushed to pull her, but she frantically threw them away, even Susie was scratched when she tried to persuade her.

Now everyone really hated her.

"If you're really stupid, it's someone else's fault if you can't remember the lines? Can others get into her brain to steal the lines? There's no sense of guilt for making so many people busy so late!"

"Selena is also quite miserable, offending such a number one person!"

"Don't you think what happened last night is very strange? As soon as Louis entered the group, this happened to Selena when he turned around!"

"If Selena is kicked out of the set, who will benefit the most?"

"Is there even a need to ask?"

Speaking of this, everyone showed a knowing expression.

## Chapter 93

In the end, everyone quit their work and broke up unhappy. After Jia Qingqing made a big fuss, the director stopped the film for two days to let her calm down.

Selena took off her make-up and was about to leave when Susie walked in quietly, with her arms folded around her chest, with a contemptuous expression on her face, "Selena, I really can't see how scheming you are!"

"Huh? Am I scheming?" Selena glanced at the bloodstains on Susie's arms scratched by Jia Qingqing with a half-smile, then blinked her eyes with an innocent look on her face, "Isn't it because you have a good eye and are too good at it?" Pick a teammate?"

"You..." Susie gritted her teeth, her chest hurting from anger.

How did she know that Jia Qingqing would be so stupid, Selena was so black, she could clean her up, and the crew began to change their opinion of Selena!

Next, Selena will definitely make some moves, she must quickly find a way to deal with it, and she must not be allowed to turn over.

After a brief confrontation with Susie, Selena was walking out when her phone rang and received a message.

Demon King: I'll wait for you at the front alley.

Selena replied to him cautiously: "Everyone is going his own way, see you at home, I will go to your house to find you."

An hour later, Platinum Imperial Palace No. 6.

As soon as Selena walked to the door, Louis immediately dragged her in, poked his head and looked around, like an underground party.

Before, he didn't care that Selena had something to do with him, and he wished everyone knew that they had a close relationship, but after this experience, he had to reconsider what he had done before.

Selena put down her bag, kicked off her shoes, and sat cross-legged on the sofa. The first thing she did was stretch out her hand and ask, "Did you take the video?"

Louis looked at her faceless look with a face full of words, this fucking woman didn't see him as a man at all, did she? Why is she so casual in front of him every time, acting like a hooligan, almost the same as she is in the play!

"Do you think I'm a pig teammate too? Of course I did!" Louis handed her the phone angrily.

He guessed what she wanted to do when she said she was going to pretend to be a little white flower, and of course he took all the wonderful pictures in time.

Selena took the phone and checked it one by one, then nodded with satisfaction, "Good job! I'll add a chicken leg to you!"

After she finished speaking, she opened Weibo and posted a Weibo on her own account. Of course, the content was not the apology Janice asked for, but four words: clean up.

After posting, she immediately logged into her account, private messaged a gossip blogger who she knew belonged to Shengshi, and broke the news about Jia Qingqing's continuous ng videos to him.

These two families are indeed deadly rivals. Not long after Selena's private message, the blogger immediately posted the video, and added a very eye-catching sentence "ng33 times, the number one vase in the entertainment industry let you see what it is It's acting like sh1t."

Louis glanced at her, "Should I just post this one? Don't use the other videos? I worked so hard to secretly take pictures!"

Selena buried her head in the comments, "This one is enough to start a conversation. We don't need to do it ourselves. Do you think you were the only one who took the video?"

"By the way, why didn't you use that tactic to deal with Jia Qingqing sooner? If she had used it earlier, she would have been replaced. How could there be so much sh1t, and it made me endure that woman for two days!" Louis was dissatisfied grunt.

No one at the scene understood why Jia Qingqing kept nagging, only Louis knew what was going on.

## Chapter 94

It was because Selena was deliberately "pressing the show".

The so-called pressure play is generally only done by very experienced actors. They deliberately show their acting skills, oppress the other party psychologically, make the other party perform abnormally, keep forgetting words, and even cause a lifetime of insurmountable psychological shadow on the other party.

There are very few people in the entertainment industry who can do this, and the most important thing is that it is difficult to see the flaws in this method, because it is difficult for you to judge whether the other party's acting skills have exploded, or they are deliberately suppressing the show, so this trick can be said to hurt people invisible, leaving no trace.

Selena gave him a blank look, "Of course you can't let the big move go casually!"

This trick also needs a specific situation. For example, today's scene is very suitable for suppressing Jia Qingqing. In addition, this trick will seriously affect the filming process of the crew. She will never use it unless it is a last resort.

Louis couldn't help recalling some unpleasant past, curled his lips and said, "Then I'm really honored, to be one of the few people whose big move you let go!"

He was also suppressed by Selena with this trick back then, but he was not Jia Qingqing's kind of rubbish. Later, he managed to survive, and his acting skills got a leap.

After Louis finished speaking, he stared at her suddenly, "Shall we have dinner together tonight? You promised to invite me alone! You also promised to play games with me some other day!"

Selena was indeed at fault in this matter, so she could only sigh helplessly, "Okay, okay, eat with you, play with you, okay? I'll send Daniel a text message to talk about it."

Louis's expression immediately changed when he heard that, "You are just a tranquilizer for a temporary stay, why don't you go back and send a text message to report? What kind of relationship do you have with Daniel?"

"Although my message was sent to Daniel, it was sent to Rick, okay?"

Selena didn't bother to talk to him, and buried her head in editing the text message: Dear baby, Auntie has something to do tonight and may come back late, so you should eat and sleep well, and when Auntie is free, she can buy you cute clothes ! I love you...

Louis looked at the text message, his eyes were red with anger, "Why are you so gentle to Rick, you have never been so gentle when you were with me, and you always beat me up when you disagree with me!"

Selena squinted at him, "Who told you to be beaten up! Little Treasure is so cute, can you compare with him?"

The flames in Louis's beautiful eyes shot three feet high, "Selena! Did you ever like me back then? The only reason you approached me was..."

Selena looked at him with a surprised expression, "Nonsense, of course there is no more."

"You...you..." Louis pointed at her, unable to speak for a long time.

Selena held her chin and looked at him with a smile: "How is it? Are you full? Do you want to eat now?"

Louis gritted his teeth: "Eat!!!" Absolutely don't fall for her tricks!

At the same time, Lu Zhai.

Saul was sitting on the sofa with a pillow in his arms. If there was a tail behind him, he would almost fly up. "Brother, tell me quickly, what happened last night?"

Because of what Selena said in the morning asking him to find a woman, Daniel's expression was still gloomy, and he was not in the mood to satisfy Saul's gossip.

"Could it be that you couldn't restrain the raging love in your heart, and you lost control and ran to attack at night, but the attack was not serious, and woke up Selena. You were in a dilemma, so you simply pretended to be sleepwalking?" Saul's brain supplement Ability is not covered.

Daniel raised his eyes and glanced at him. This guy's cleverness was all put into this kind of thing, right?

Looking at his brother's expression, Saul knew he guessed it right, and immediately had an expression that was about to fall in love with himself, "Oh my God, I'm so witty! Brother, am I your caring little padded jacket?"

## Chapter 95

Seeing Saul begging for a reward, Daniel said generously, "Change the holiday to one month."

Saul was so excited that he almost jumped up and did a set of radio gymnastics on the spot, but then he said with great regret, "Brother, the so-called exhaustion and exhaustion, why didn't you take the opportunity to jump on Selena directly? What a pity!"

Daniel gave him a cold look, "What do you think is the result of my actions?"

"Hmm..." Saul rubbed his chin and murmured, "You've been using Rick as an excuse to let her be so unsuspecting as you slowly boiled the frog in warm water. If you reveal your secrets at this time...Selena will probably immediately jump a hundred and eight thousand miles!"

Daniel: "..."

Although this is the truth, it's really not normal for people to feel bad when Saul said it so nakedly.

In fact, he did have the idea of getting her directly last night, but Selena's unintentional reaction of extreme rejection and fear instantly woke him up.

Facts later proved that his approach was correct, otherwise Selena would have been scared away by him in that situation.

Why did she react like that, what has she experienced...

"Brother, can I ask you a question? Why have you been so emotionally ups and downs lately? Is something wrong?" Saul asked cautiously.

In fact, this statement is considered euphemistic. In fact, it is as irritable and capricious as a woman's aunt.

Daniel tapped the armrest of the seat rhythmically with his slender knuckles, and said quietly, "Louis was the one who sent the flowers that day."

"What did you say?" Saul was stunned for a long time before he realized Daniel's message, and then jumped up violently...

"Dmn it! The evil demon king is actually Louis! Didn't he just return to China the day before yesterday? I also got news that he is going to be the lead actor in "The World"!

I didn't expect him to have such a relationship with Selena, so it seems that the kid returned home suddenly, and the first film he took after returning home was this one, which is worth thinking about! One must know that he has a lot of intimate scenes with Selena in the film, tsk tsk...

Well, let me think about it, has he met Selena recently? Caught by you? And also bumped into some ambiguous pictures? "

Daniel: "..."

Saul's guess was all right.

"Oh my god, no wonder you've been so wrong lately!" Saul ran away on the spot, "I never thought that there would be a traitor among us! What about you? Have you found out?"

There was a dark light in Daniel's eyes, "The person who sent the diamonds that day disappeared without a trace after leaving the set, and the source of the diamonds cannot be verified. It is very likely that they were smuggled goods through special channels."

The corners of Saul's mouth twitched slightly when he heard this, and he said speechlessly, "It's another headache, it must be someone related to the Lu family again, right? y... s... Is there anyone around us whose initials have these two letters? It seems Neither!"

Hey, his brother's relationship is really tortuous. He is a romantic idol drama, and he is a suspenseful detective drama!

At this moment, Daniel's phone rang, it was a text message from Selena.

After reading the content, the dangerous creature dormant in Daniel's eyes was ready to move.

Saul leaned over curiously, "Selena's text message...what did she say?"

Why does his brother look like he's been cuckolded?

Daniel stared at the text message for a few seconds, then made a direct call.

Selena, who was in Villa No. 6, quickly connected, "Hi, Daniel, what's the matter? Did you see the text message I just sent? Remember to show it to Rick!"

"I see, where are you?" Daniel asked.

Selena glanced at Louis who was busy in the kitchen and said he wanted to show off his cooking skills, "I'm here with Louis, I have something to discuss with him, and since he just returned to China, having a meal together can be regarded as a clean-up for him."
