

# Cruel Heart Lover Novel

## Chapter 911

World: Wind Ling The coordinates of seeking the glory of light

Selena tapped the keyboard and sent a message to the world.

As soon as this message came out, the chat boxes in the world almost flew up.

World: Aw! The adults actually appeared in the world! Powerful group photo in the front row! My lord, I want to give you a monkey!

World: Upstairs you don't want to die, Feng Ling has a wife!

World: Then what's the matter, can't I be a concubine for adults?

World: Hehehe, you don't even know who Fengling's wife is, even Luohua's husband dares to get involved?

World: What kind of wife, my lord didn't marry her!

...

That's right, Selena's game account is a male account, because the battle power value is the first in the whole server, and it has dominated the pk list for many years, so it is recognized by female players in the whole server that they most want to marry.

The "wife" they were talking about was Louis.

Louis was tricked by Selena into playing a female account, and her id was Luohua.

Because the two often hang out at the same time, and Louis is Selena's only friend in the game, the outside world has always regarded the two as a couple.

After someone sent Selena Zhuang Rongguang's coordinates, Selena immediately rushed towards the destination.

At this time, a friend in the game made a voice invitation.

Selena glanced at the box that popped up, and clicked answer casually.

Immediately afterwards, Louis's bluffing voice came from the computer, "Dmn it! You're finally online! What are you doing at Yuelao Temple? Come pk, come pk!"

"Don't make noise, I have business to do!"

"What business can you do when you go to Yuelao Temple?"

"Heh..." On the other end of the earphones, Selena gave a dark laugh, and then quietly replied, "I'm going to grab a k!ss!"

"What...???" Louis almost choked on his own saliva, "What did you just say?"

You haven't been online for 800 years, but once you go online, you want to grab a woman?

What the hell... Isn't this a cuckold for him?

After all, everyone in the game thought he and Selena were a couple...

Thinking that Travis was still waiting in the Internet cafe late at night, Selena didn't have time to talk to Louis, so she directly summoned the flying mount,

flew to Yuelao Temple, and caught up with Zhuang Rongguang's wedding reception team.

This game is very realistic. The wedding scene is full of red makeup and flowers all over the street, which is very beautiful.

I saw the male player wearing the Glory of Light id riding a tall horse at the front of the long procession, followed by brides carrying eight sedan chairs, and the crowd on both sides were all high-end players in the game, either gang leaders or rankings Celebrities on the list.

Halfway through the procession, there was a high-pitched dragon chant in the sky. It was Yazi, the only dragon-shaped flying mount in this server.

Just hearing the sound of the dragon, all players will know that Feng Ling is the number one master in this server, and Feng Ling is coming!

At this moment, Zhuang Rongguang, who was sitting in front of the computer in the Internet cafe, stared at the man falling from the sky with his eyes shining, his face full of complacency.

Dmn, I'm awesome! Getting married, even Feng Ling came to join in!

Zhuang Rongguang's two cronies next to him were also amazed, "Dmn it! This is Yazi! This is the first time I've seen it with my own eyes! It's so handsome!"

"I heard that you have to win a hundred games in a row to redeem it! Feng Ling is the only person in the entire server who has achieved this achievement!"

"But why did he suddenly come here today?"

"What's so strange, I'm now the leader of the largest gang in the server!"

As soon as Zhuang Rongguang finished speaking, his friend on the computer next to him suddenly stared at the screen and exclaimed in shock, "Dmn! Rongguang! Run!"

"What are you doing? Shouting!" Zhuang Rongguang looked at the screen dissatisfied, and then he was completely dumbfounded.

I saw that the entire screen was blood red.

Feng Ling turned on the massacre mode on him...

## Chapter 912

The so-called massacre mode is different from the flag pk, which requires the other party to accept and agree to the pk. After the massacre mode is turned on, even if the other party does not want to fight with you, you can go directly to kill him.

Of course, there are punishments for forcibly killing people. After the player turns on the massacre mode, he will also become famous. Just like a monster, anyone can kill you at this time.

The players below were swiping their screens to be surprised that Feng Ling would come to the wedding banquet of Glory of Light, and some people speculated whether Feng Ling was going to join the gang. As a result, in the next second, everyone watched him get off his mount, Caught off guard, he turned on the massacre mode.

I saw the whole body of the man in the pk god costume was blood red, the huge sickle in his hand slid across the sky, and a crescent-shaped red light swished on the body of Glory of Light. Immediately, half of the blood of Glory of Light was gone.

Before everyone could react, Feng Ling made several big moves in succession. After a few moves, Glory of Light fell to the ground, dead.

The entire World Channel was scrolling very fast just now, but at the moment, it is as quiet as a chicken.

In the Internet cafe, Zhuang Rongguang slammed his fist on the table furiously, "Dmn it! How dare this ba5tard kill me!"

The red hair next to him was dumbfounded, "Just now... what happened..."

"Why are you in a daze! You haven't resurrected me yet!" Zhuang Rongguang said angrily.

"oh oh..."

In the game screen, if a player who is a doctor uses a resurrection skill, Zhuang Rongguang will be resurrected immediately.

However, in the next second, another red light flashed through the "swipe", and Zhuang Rongguang rushed to the street again...

Because after the resurrection, he was not in a state of full blood, so this time, it was a move in seconds.

Zhuang Rongguang: "..."

The two brothers next to him: "..."

Everyone in the game world and guests attending the wedding banquet: "..."

Everyone is stupid again.

If you can say that it was a misunderstanding the first time just now, it is impossible to make a second mistake.

Feng Ling made it clear that he wanted to kill the Glory of Light!

On the other end of the computer, Louis, who was still connected to the voice, had a headache, "Nimma, brother, what the hell are you trying to do? How did this guy offend you?"

Selena: "He bullied my people!"

Louis: "..."

Logically speaking, Selena didn't have any other friends in the game. Who did Glory of Light bully?

As soon as the words fell, Selena had already killed the revived Glory of Light for the third time.

At this time, someone finally spoke in the channel.

World: Glory of Light Wind Ling! What do you mean!

Selena's response was to stab the knife into the ground, and then sat down cross-legged, blocking the middle of the road for the wedding procession.

He didn't say a word, but the meaning was already obvious.

This is to make things happen!

World: Nimma! Can anyone tell me what is going on?

World: It's so obvious, do you still need to ask? Feng Ling is obviously trying to snatch a k!ss!

World: I rely on rely on! What a lifetime! I didn't expect to see such a big gossip at a wedding!

...

World: Glory of Light Feng Ling, I have no grievances with you, if you come to find fault with me, don't blame me for not being sympathetic!

Now that Feng Ling has turned on the massacre mode, everyone can go up and kill him. Even if he can fight, he can't compare to the number one gang in Glory of Light.

At this moment, everyone's screens suddenly turned into a golden color. There was a bird song in the computer system, and a huge shadow covered the sky. A golden phoenix descended from the sky, and then a fairy came down from the phoenix. An airy woman.

The id on the top of the woman's head is exactly – Luohua.

...

## Chapter 913

World: Ahhh! Falling flowers! My Goddess of Falling Flowers is here! Goddess please take a photo!

World: Ha ha ha ha ha Feng Ling's wife is here, here is a good show to watch!

World: Now that Glory of Light is not needed to make a move, Luohua probably wants to kill the sgumbag himself and hurry up, right?

...

Luohua is ranked second in the pk list, and is the only female player among the top ten. She has won 88 games in a row, and her mount is a golden phoenix, known as a pk madman. However, the number of pk games is the most in the whole server.

At the same time, Luohua is also the number one RMB player in the entire server. Although her gang is not ranked high, the whole gang is full of local tyrants, and even the biggest gang would not dare to offend her easily.

Otherwise, they will be ruthless, and they can use money to poach your entire gang in minutes, that's how willful they are.

Zhuang Rongguang's pocket money is limited, and it has been restricted recently. Naturally, it is impossible to compare with these ruthless RMB players.

World: Glory of Light Lord Luo, your man came to snatch a woman from me after seeing a different idea, do you still care about this matter?

Zhuang Rongguang was worried that Luohua would protect Fengling, so he decisively provoked discord.

World: Falling Flower The man in this seat needs to grab your woman?

In a word, spike.

World: On the side of the water Luohua, don't deceive others too much! What about you man, Brother Fengling has never admitted his relationship with you, so don't be so affectionate here!

"Dmn!" Louis cursed in a low voice through the earphones.

In the next second, a line of words popped up on the screen – System: The player "Luohua" has started massacring the "side of the water".

The whole world was stunned again.

Such a godlike development!

It's too bloody!

Two men fighting over one woman turned into two women fighting over one man, but there is nothing wrong with the glory of light. His daughter-in-law who just passed the family ran to compete with other women to be jealous, and his head is green enough...

The goddess on the water side also likes Feng Ling?

The players are not surprised by this, the strong are respected in the game, which female player doesn't like Feng Ling! What's more, it's such a man who came to snatch a marriage, and it's a deer in my heart...

While the game was raging, Selena and Louis started arguing outside.

"fcuk, Louis, what are you doing?"

"You are going to give me a cuckold, and you are not allowed to defend myself?"

"Won't you tell them you're a man, what a fart? This way all misunderstandings are gone!"

"How can I hang out in the game if people know I'm a ladyboy?"

"Then you, a big man, can't kill a woman!"

"I'm a woman now!"

"If you cause trouble for me again, don't expect me to accompany you to PK next time!"

" ... "

...

After finally persuading Louis, Selena immediately sent a message to the world...

World: Feng Ling Personal grievances, please do not interfere with others, otherwise you will bear the consequences

Immediately afterwards, Feng Ling actually directly issued a gauntlet...

World: Wind Ling Glory of Light, come to the pk field, I will take off my magic costume and let you do three tricks, delete the number if you lose.

Suddenly, the world boiled again!

Delete the number directly? play so big?

While everyone was frantically swiping the screen, they were also excitedly waiting for the response of Glory of Light.

If the Glory of Light refuses to fight like this, it would be too shameless, it is simply not a man!

"Rongguang, what should we do? Do you want to fight?"

"That guy even took off his magic clothes, he's too arrogant! Of course he's going to fcuk him! Rong Guang, come on! What are you waiting for?"

...

## Chapter 914

Zhuang Rongguang gritted his teeth with a dark face. His combat power is actually not low. He was killed by Feng Ling just now because he was defenseless and didn't activate his skills. If he took it off, he would lose no matter what he said.

Therefore, Zhuang Rongguang decisively raised his long sword and slashed at it.

Feng Ling really didn't move and didn't fight back.

After three sword strikes, Feng Ling only had 10% blood left.

"You brat, I'll make you arrogant! Delete the game!" Zhuang Rongguang decisively continued.

However, in the next second, Feng Ling suddenly disappeared in place, and at the same time, Zhuang Rongguang lost a quarter of his health.

"Dmn! Apparatus!"

"It's okay, it's okay, the glory continues! His skills are cooling down, this trick can only be used once, and he has no magic clothes, the damage is halved! Hurry up and kill him! One knife in the middle is enough!"

However...

With just a trace of blood on his skin, Feng Ling kept flying the kite. His cool operations dazzled people, and finally killed the full-level divine outfit Orange Glory of Light almost without any suspense.

The whole world is full of screens:

World: Worship God!

World: Worship God!

World: Worship God!

...

World: Feng Ling Delete the game, otherwise, I will see you once and kill you once!

World: Great God, what kind of grievances are there between you?

World: That's right! How on earth did Gang Master Guang offend you? Not counting robbing your relatives, but killing him so that he can delete his account...

World: Wind Ling I don't like seeing him

world:.....

Internet cafe.

Zhuang Rongguang looked at the four words written by Feng Lingfa on the screen, and kicked the chair behind him.

"Hey, Rong Guang, where are you going? Stop playing?"

"You spent so much money on this number, you really don't want it?"

"Get out, don't bother me! No one will ask me to play games in the future!"

Being tortured, killed, and robbed women in PK in front of the whole server, he lost all his pants, and he still has face games?

At the same time, Selena's cell phone rang, and it was Travis calling.

Selena interrupted Louis, who was chattering on the headset and complaining to him that the water side was provoking him in a private chat, and connected the phone, "Hello, Travis?"

Hearing Selena's sudden gentle voice, Louis on the other side of the computer fell silent and pricked up his ears.

"Hey, Selena, Rong Guang has already got off the plane and gone home!"

"That's good, you should go back quickly, don't come out alone so late next time, it's not safe."

"Yeah, I got it! But... what did you do? I seem to have heard Rong Guang say that he will never play games again... Before he played games, he was crazy. I didn't expect to say that he would never play again. With such words..."

"Oh, it's nothing. I also have an account in this game, and I happened to know your brother. I just chatted with him privately on my account just now, and persuaded him as a friend to study hard and stop playing games. I have neglected my studies, if I talk to him as a player and a friend, he may be more able to listen."

"So that's the case! Selena, thank you so much..."

Selena's headset was still on, and Louis was completely speechless when he heard Selena open his eyes and talk nonsense.

After Selena finished making the phone call, Louis immediately snorted, "Which girl did you hook up with again?"

"What hook-up? It's my new good friend. Her brother plays games all day long and doesn't come home. I just did a little favor!"

After making such a big fuss, snatching a marriage, forcing someone to delete their account, it was to coax a girl, but luckily he still had a fight with that brain-damaged woman named Zai Shui in the game, and in the end, she But because of another woman?

Louis said that he received 10,000 critical hits.

...

## Chapter 915

"By the way, you started the machine today, how do you feel?" Louis asked casually.

Selena curled her lips, "It's going well, there's a thorn in my side, but it's settled."

"Stabhead...could it be that kid Shen Hanchen?" Louis pondered.

"You know him too?" Selena was a little surprised.

"Fengxing Media has been clamoring all day to train the next Louis, how can I not know?" Louis snorted lightly, and then asked, "Did you play against him today?"

"That's right!"

"How about it?"

"He ng it more than a dozen times."

"So soft-hearted?" Louis was immediately displeased when he heard that, why was he so cruel when he was abused back then.

"Isn't it because he's too weak to be abused? It's far worse than you!" Selena replied.

Louis was choked immediately: "..."

What this says...

Should he thank her for her compliment?

"However, the potential is really good. If you don't work harder, watch out that the waves behind the Yangtze River will push the waves ahead!" Selena said softly.

"Hmph, worrying about nothing! If he wants to push me, he'll give it a try!" Louis said in a tone that didn't take him seriously at all.

Selena smiled and shook her head.

However, although Louis is arrogant, he does have the capital of arrogance. The arrogance that is inherent in him is not something ordinary people can learn.

If Shen Hanchen blindly followed Louis's path without digging out his own characteristics, even if he became popular, he would always be Louis's shadow forever.

"By the way, what time is your show tomorrow?" Louis asked.

"I don't have a role in the morning, what do you want to do in the afternoon?"

"As your senior brother in the same company, if you are shooting a new film, of course I will go to visit the set and support you!"

Look, it looks like she has no good intentions...

next morning.

Because Selena's play is in the afternoon today, she went to the studio in the morning. If she had time, she had to find a way to meet the person in charge of sf.

I had contacted several times before but didn't see the above. I made an appointment and ended up on a business trip. After finally waiting for the business trip to return to China, I was too busy and had no time.

Selena was going to find a way to inquire about the other party's itinerary, and then go directly to someone. After preparing the plan for so long, whether it was life or death, she would always let the other party take a look.

After rushing to the studio, Selena immediately called Han Momo over, "Momo, is there any result from what I asked you to inquire about the day before yesterday?"

"Yes, yes, Director Wang's itinerary this morning is at the golf course in the western suburbs..."

"Okay, I see." Selena turned on the computer and revised the proposal again.

Seeing this, Gong Shangze frowned, put down the design draft in his hand, and walked over, "Boss, why don't I go this time? Aren't you still filming in the afternoon? You are rushing to the western suburbs now, and you have to rush from the western suburbs again." Going to the set, this is too tiring..."

"It's okay, you don't have to worry about what you said, just concentrate on your design." Selena patted him on the shoulder and was ready to go.

Just as he picked up his bag and was about to take a step, a calm voice came from the office next to him, "It's just a waste of effort."

The person who spoke was Qiao Weilan.

Han Momo immediately looked unhappy when she heard this. They were all working hard for the studio, and they didn't ask her for any help, so they wouldn't just throw cold water on it, right?

...

## Chapter 916

Selena's eyes moved slightly, she immediately put down her bag, then pulled away the chair, and sat across from Qiao Weilan, "Master...what can I teach you?"

As soon as Qiao Weilan raised her eyes, she saw Selena sitting opposite her, and was immediately dazzled by the other's eyes full of curiosity.

Under normal circumstances, it is impossible for a normal person to be convinced by such an unspoken attack, and with this kind of tone, and it is possible to directly quarrel...

After all, the cooperative relationship between them is too weak, without the slightest foundation, and it is too easy to have conflicts.

Selena's attitude inevitably made her feel a little surprised.

In fact, after coming here, she has been surprised many times.

When she was sent here by Qin Shengyue at the beginning, she really just had the attitude of leaving after completing the task, and would not do any unnecessary things.

There are too many artists like Selena who open studios and develop their own brands. They are all just soy sauce, casually playing superficial skills. People are too long-winded.

She thought that Selena was the same, so she held the principle that one thing more is worse than one thing less, and she did not want to spend any extra energy on this kind of place at all.

However, as time went by, this girl really surprised her.

Although she is unprofessional in many places and even took a lot of detours, she has been learning and improving, and even has many unique insights of her own. Gong Shangze is treating this career with her life. Han Momo also has a very strong sense of collective honor for the studio.

Under such an atmosphere, without her being aware of it, her views have been influenced unconsciously...

Before her brain could react, her body had already spoken impulsively. Although she was a little surprised, it was expected.

At this moment, facing the girl's eyes that were humbly asking for advice, Qiao Weilan finally said, "Now is a commercial society, focusing on the outside but not the inside, and I prefer flashy things. Business is definitely not something that can be negotiated with perseverance. Behavior, in the eyes of others, is nothing but stalking."

Selena quickly took out her small notebook, her eyes became brighter, "Then what should I do to impress the person in charge of sf and represent our brand?"

Seeing Selena's pupil-like posture, Qiao Weilan coughed lightly, "Impossible for the time being, that kind of company is very strong and will never accept the agency of a brand of our level. Even if your business plan is perfect, but you choose If you get the wrong partner, you are just looking for something. Now that we don't even have small clients, it's unrealistic to want to go to the sky and talk to top companies in the industry in one go."

Selena listened and fell into deep thought.

Qiao Weilan's words undoubtedly pointed out the crux of the problem.

It may be because she succeeded in persuading Qin Shengyue last time, so she subconsciously set herself an exorbitant goal this time.

After all, Qin Shengyue played a little trick that time, and it's impossible to rely on luck and speculation every time for this kind of thing...

Seeing that Selena had come to understand, Qiao Weilan continued, "With the current state of our studio, it is not suitable to discuss cooperation with a big company like SF. According to our positioning, the most suitable partners for cooperation are those celebrities."

...

## Chapter 917

"The question now is, how to open the celebrity market?" Han Momo asked subconsciously at the side.

"Prepare ten sets of clothes for me, and I will be responsible for sending them out." Qiao Weilan said.

"What?" Han Momo's eyes widened immediately, "Send...send it?"

"yes."

"We opened the studio to make money, not to do charity. Wouldn't it be a waste of money to just give it away!" Han Momo was full of surprise, and looked at Qiao Weilan with suspicion.

I thought she had a good idea! This is too blind...

After pondering for a while, Selena looked at Gong Shangze and asked, "How many sets of advanced customization do we have now?"

"Exactly ten sets, but it was originally planned to be released as a new product..." Gong Shangze replied.

Selena said directly, "Then don't publish it yet, leave it to Director Qiao!"

Qiao Weilan nodded slightly, then looked at Gong Shangze, "I need the detailed information, material, and design concept of each suit..."

When Qiao Weilan was talking to Gong Shangze, Han Momo hurriedly pulled Selena aside, lowered her voice and said, "Sister Xi, this is too risky! I calculated, those clothes are worth several million in total. All the materials and textures we use are the best. If we don't charge any money and send them directly, almost all the profits during this period will be taken into account, which will cause a break in the capital chain..."

"Don't be suspicious of people, but don't be suspicious of employers." Selena narrowed her eyes slightly, then gritted her teeth and said, "Besides, I don't want to let the child get caught by a wolf!"

After waiting for so long, she finally waited until Qiao Weilan took the initiative to intervene in the affairs of the studio, how could she let this opportunity go.

Even if it was planted, she would admit it.

What's more, she didn't think she would fall.

Qiao Weilan said that she would be responsible for sending it out. The meaning of this sentence is that she is going to use her own connections for the studio!

Network, this is Qiao Weilan's greatest weapon.

Seeing that Selena was determined and confident, Han Momo couldn't persuade her anymore.

Gong Shangze was packing those clothes with Han Momo when Selena suddenly rushed over...

"Oh... wait... ouch... my little darlings... let me say goodbye to them..."

Han Momo's head was full of black lines.

I don't know who said it so simply just now! I really thought she didn't care at all! I don't feel bad at all!

Qiao Weilan looked at Selena's flesh-cutting expression with a smile on her face, but at the same time, her heart was even more touched.

It can be seen that Selena's current financial conditions are not very affluent, and these clothes are used for all the current working capital of the entire studio, but she still chose to trust her without hesitation.

Selena chatted with those beautiful clothes one by one, and then suddenly remembered something, "Ah, wait, by the way, Director Qiao, I have a good friend here, she is super beautiful and cute, and her identity must be suitable for us. The location of the studio, can you give me a set for her?"

Qiao Weilan nodded, "Of course, you are the boss."

"I'm indeed the boss, but you are the guiding light!" Selena immediately beamed with joy after getting the consent, and chose a set of youthful and lively girly styles from among them.

Emma! My Ke'er will definitely look good in this dress!

And it's so expensive and so expensive! Absolutely can not all cheap outsiders!

...

## Chapter 918

Jiuxiang is also afraid of deep alleys, so it is better to take the initiative to find the most suitable person for them than to wait for the price.

With Zeling's strength, Qin Shengyue's reputation, and the last step, Qiao Weilan's connections, this bet still has a great chance of winning.

Selena patted Gong Shangze's shoulder, "Shangze, do you feel sorry for your baby being carried away?"

After all, these clothes were all made by him and a dozen professional craftsmen stitch by stitch. She remembered that one of them took seven days and seven nights to sew just the metal decoration on it.

Gong Shangze didn't show any reluctance on his face, "I trust the boss."

What's more, without her, they would not exist at all, and she is their master.

...

With Qiao Weilan's help, Selena felt much more relaxed, and rushed straight to the set after lunch.

For the convenience of movement, he is still dressed in men's clothes.

The crew here also just finished their meal and are taking a short rest.

Although it is only the second day, there is already a small group. Shen Hanchen, Qi Fang, and Ji Yumeng are relatively close. Ke Mingyu is not from a major, has not signed any company, and has a relatively withdrawn personality, so he has always been alone. Staying in the corner, occasionally a few small characters go up to say a few words, and if they don't get a response, they don't run into trouble anymore.

"Senior, you're here!" Ji Yumeng saw Selena from a distance, and in the middle of talking to Qi Fang, she left him and flew over happily like a bird.

Hey, hey, but I haven't seen you all night, so I've been thinking about it day and night! Ahhh! Ji Yumeng, wake up, this is a woman!

However, this person really has a unique aura, especially when she treats girls, she is so comfortable to get along with, it makes people feel like being held in the palm of their hands for no reason!

Seeing the little girl running over panting, Selena suddenly smiled, "Well, have you eaten yet?"

"I've eaten it, I've eaten it, director Shen is too much, the food of the crew is so good, I ate too much today!" Ji Yumeng complained, clutching her stomach.

"Oh, it's okay, you're not fat."

"Really? Are you sure?"

"Well, it's okay even if you are fatter, but you will be cuter if you are fatter."

"Where...how can..." Ji Yumeng covered her face shyly, with an expression of "I want to marry so much".

...

Not far away, Qi Fang squeezed the bottle of mineral water in his hand almost out of shape, "Dmn! What's wrong with that guy? Isn't he just a little bit sweeter! He knows how to coax girls! Hypocrisy!"

At this time, a female number n next to her interjected, "What's wrong with coaxing a girl! Isn't coaxing a girl the most basic skill for a man?"

"That's right... No... What's wrong! But she clearly is a girl! Is there such a job grabbing? The competition is already fierce! Han Chen, don't you think so?" Qi Fang turned to the side Shen Hanchen.

Shen Hanchen didn't say a word, he was concentrating on reading the script, and didn't hear him at all.

Qi Fang was speechless, poor to see, it looks like he was abused yesterday.

Being so serious all of a sudden put him under a lot of pressure...

In addition to Shen Hanchen, there is also an unknown second male lead, Ke Mingyu. I don't know how this kid's silent acting skills are.

Shen Hanchen was abused so badly yesterday, surely this kid will have a hard time today, right?

"Hey, what scene are Ke Mingyu and Selena going to shoot today?" Qi Fang muttered while flipping through the script, "Yes! Act 28...Dmn it! It's actually a k!ss Scene! Although I didn't get a k!ss in the end...hahahahaha Hanchen, someone put you at the bottom! Today Ke Mingyu and Selena are going to shoot a k!ss scene! How could they k!ss a man! Ke Mingyu is dead deal!"

...

## Chapter 919

Although Selena is a woman at heart, when she dresses up as a man, people will completely ignore this point.

So, for Ke Mingyu later, the one he wants to k!ss is a man, can this attitude be played well?

Shen Mian was probably a little worried that Ke Mingyu would not perform well, so she called him over to talk about the show for a while.

Hey, it's a problem that Selena looks too much like a man...

The others also heard that the scene that will be played later is very explosive, and they were a little excited. They were all looking forward to the shooting of this scene, and the rotten girls were so excited that they almost jumped up.

Ji Yumeng flipped through the script, a little unhappy.

Dmn it, Ke Mingyu actually had a k!ssing scene with his senior today!

Let go of senior, let me come!

In this drama, apart from Ning Xiaomeng, the heroine's best friend, who knew that the heroine was a woman from the very beginning, the second male lead, Lin Yu, was the first to find out that the heroine was a woman.

After Lin Yu discovered that the heroine was a woman, he gradually developed a strange feeling for the heroine, but he also knew that the person the heroine liked was his good brother Si Xia, so Lin Yu in the play was a very contradictory and struggling man. There are a lot of eye scenes, and the difficulty of acting is even higher than that of the male lead.

The crew was preparing for the shooting, and there was a sudden burst of screaming from the crowd...

"Ahh! Jiang...Louis!"

"Who? Louis? Where is it!"

"It's over there! The one brought in by the director's assistant!"

"Oh! It's really my Makino! My Makino is so handsome today..."

"But why did Makino come today?"

"He probably came to visit the class. It is said that he has a very good relationship with Karen!"

...

Seeing the man approaching surrounded by a group of girls not far away, Selena was speechless for a while, this guy really came here!

Not only that, this guy is wearing a neil spring and summer series intarsia satin bomber jacket, black trousers, wearing a ch metal necklace and tail ring, the obsidian earrings on the earlobe glow with a slightly cold light, and go straight to fame Blankets are enough.

It's just to visit a class, as for being so coquettish?

Because of Louis's arrival, the crew was buzzing for a while, those who wanted autographs asked for autographs, and those who wanted to take pictures took pictures.

Shen Mian was quite kind, and gave the little girls ten minutes to chase stars.

Although people in this industry have seen too many big stars, they still can't resist the temptation of beauty, let alone Louis's level.

"Yumeng, aren't you going?" Selena unexpectedly noticed that the crew and some actresses had surrounded her, but Ji Yumeng was unmoved.

Ji Yumeng looked at Selena when she heard the words, and immediately expressed her loyalty, "Senior, I'm your die-hard fan. No matter how handsome Louis is, I won't take a second look at that Louis! Besides, he's not that handsome. It's far away!"

Just as Ji Yumeng finished speaking, a shadow suddenly fell on the top of his head. The next second, the man's slightly ostentatious voice sounded above his head with a hint of gloom, "Oh?"

"Ah...Jiangjiang...Senior Jiang!" Ji Yumeng retreated several steps immediately.

"Little girl, what did you just... say?" Louis took off his sunglasses and asked quietly, those peachy eyes were like an automatic generator.

Louis is really a born star, his whole body is shining, and his temperament is extremely aggressive.

After all, Ji Yumeng was young, Louis suddenly came so close, and his aura was full, the little girl's face flushed immediately.

...

## Chapter 920

On the one hand, reason makes her want to keep her chastity as a die-hard fan, on the other hand, the beauty in front of her is too powerful...

Ow! What to do, what to do, she can't betray her senior...

"Huh? I'm not as handsome as him? Are you sure?" Louis's peach blossom eyes were raised, and he continued to ask.

"I... I, I, I..." The little girl was in a dilemma, anxious and almost crying...

Behind her, the corners of Selena's mouth twitched, she took a few steps forward, stretched out her hand and pulled Ji Yumeng into her arms, rubbed her hair comfortingly, and then covered her back, staring at Louis and said, "You are not Childish, you?"

Ji Yumeng immediately seemed to be blown by a spring breeze, and hid behind Selena, feeling like she was about to faint from happiness, oh, being protected by seniors!

"Hmph!" Louis snorted, and sat down on the chair next to him, with a very displeased face.

Who made this little girl dare to ignore his charm without shame? This kind of principled question is absolutely unbearable.

Selena naturally knew about his bad habits, so she gave him a blank look and said, "You have so many fans, why don't you still snatch this one from me?"

Louis curled his lips, "You can compete with male artists for female fans, why should I be embarrassed?"

Selena snorted, "Hehe, do you dare to say that you have never robbed a male fan from a female artist?"

...

As soon as the two met, they unknowingly quarreled with each other, and the surrounding audience watched wildly.

"Oh, oh, one is arrogant and domineering and the other is lazy, these two people are so pleasing to the eye!"

"It's a good match! What a pity, why isn't Louis the hero of our show!"

"That's right! These two people feel really loving together!"

"The visual sense of being attacked by fried hair and a black-bellied beauty!"

...

In the corner, listening to the discussions around, Shen Hanchen's fingers holding the script trembled slightly, his handsome face turned pale.

Because he has always been trained as the second Louis, Shen Hanchen has watched all the related videos, movies and dramas of Louis countless times, thinking that even if he can't keep up with him by ten points, at least seven or eight points.

But now, after seeing it with my own eyes, I realize how ridiculous my self-confidence is, and my heart fell directly into the ice cellar.

Qi Fang beside him couldn't help but slander secretly, Shen Hanchen and Louis...the gap between these two people is indeed too big...

Selena naturally also knew that Louis had been tied up and hyped by Shen Hanchen's agency for a long time, and she had been dissatisfied for a long time. This time, she appeared to find her way back. She stood up and patted him on the shoulder, "I'm going to start work, you almost Alright, don't interfere with our filming!"

"I know... By the way, what's your next scene, is it with that kid?"

Selena: "No, with the second male. A k!ss scene."

Louis: "..."

Just now, Louis's eyes had been on Shen Hanchen, but only now did he pay attention to the actor who played the male lead.

In the center of the shooting location not far away, Shen Mian was talking to Selena about a play. Besides the two of them, there was a young man standing there quietly beside him.

When Selena and Ke Mingyu went to change their outfits, Louis immediately leaned over to Shen Mian, "Old Shen, are you blind? Choose such a person as the male second?"

"Get out, you're blind, he's good at acting!" Shen Mian said angrily.

...
