

Cruel Heart Lover Novel

Chapter 951

Hearing this answer, the corners of Selena's mouth twitched, her face was speechless.

However, it was later discovered that the real reason had something to do with Daniel's handsomeness, because his silhouette was more three-dimensional and distinct. After numerous experiments and failures, only Ke Mingyu's face was the most natural.

Uh, as expected, there is no room for being handsome anymore...

It just so happened that today Selena was dressed in men's clothes, and Daniel was also Ke Mingyu's image. Before the show was broadcast, neither of them would be recognized.

So it was rare to take Rick and went to the supermarket together in a fair manner.

"Honey, shall we have hotpot tonight? Last time Xiaotao brought me a few packs of hotpot seasoning from my hometown!" Selena asked.

Daniel: "Listen to you."

Rick also nodded repeatedly.

So the three of them walked to the vegetables and fresh produce area to choose ingredients.

However, as they walked, they found that more and more eyes seemed to be looking in their direction...

What's wrong again?

Selena was at a loss.

"Ahh! Is this a family of three? It's so interesting and loving!"

"But I think the handsome guy next to him looks a little too ordinary, and he doesn't deserve the brother next to him!"

"Xiaoyou, what do you know, this is called a gentle wife, and it is the best match for this kind of hooligan attack!"

...

"What is a wife's punishment?" Daniel suddenly turned his head and asked Selena.

Selena almost spat out a mouthful of blood, "You don't need to know this!"

However, I am so happy! The big devil is receiving, she is attacking, wow ha ha ha! ...

Selena's mistake was that she didn't expect the two men to bring their baby to the supermarket to attract more attention, so she hurriedly bought the ingredients and returned to the apartment.

Back home, Daniel used a special potion to remove the mask from his face.

Selena looked at his slightly flushed face, and reached out to touch it, feeling extremely distressed.

"It's fine, I'll be fine in a while, not to mention I'm a man." Daniel comforted.

"That's not okay, a man's face is also very important, besides, it's about my welfare! Come here!"

Selena pulled Daniel to her dressing table and sat down, then opened her bottles and jars, "Don't move, I'll give you a full set of skin care!"

When his wife wanted to serve him, Daniel naturally sat down obediently.

Essence, water, lotion...

Selena looked serious, and meticulously wiped Daniel's face layer by layer, "Wait, there's face cream! From now on, I have to apply it after washing my face every day!"

While it was being wiped by Daniel, the little bun ran over, pointed at his little face, and signaled that he wanted it too.

Selena chuckled, "Your father needs it because he's not handsome enough. You're already handsome enough, so you don't need to wipe it off."

The little bun nodded and accepted the statement decisively.

After the family of three finished dinner, Daniel went into the study because he had urgent business to deal with, while Rick was urged by Selena to take a bath.

"Honey, do you need Mama's help?"

Rick shook his head shyly, and then said that he could.

Selena rubbed the little bun's head with a smile, "Oh, my bun has grown up... Then slow down and be careful of slipping!"

After helping Rick put the water in, Selena sat on the sofa in the living room, covered with a blanket, and watched an old but classic foreign language musical.

The gentle sound of music flowed in the night air, and the room was quiet.

At this time, the doorbell rang suddenly.

Who could it be so late?

Rick and Daniel are both here with her...

Nervously, Selena glanced outside through the peephole. After seeing the people outside, she immediately opened the door with an expression of disbelief.

As soon as the door opened, the girl at the door jumped up and threw herself on Selena, "Karen..."

...

Chapter 952

The girl started to cry after throwing herself into Selena's arms, and a big piece of Selena's pajama shoulder was wet from crying after a while.

Selena also had mixed feelings in her heart, and patted the girl's shoulder, "Okay, okay, don't cry! Let's talk first!"

After welcoming the girl in, changing her slippers and leading her to sit on the sofa and settle down, Selena hurriedly poured her a cup of hot tea.

I saw the girl with long black straight hair and long eyelashes like butterfly wings. She was wearing a windbreaker and cloak with a hat, and the brim of the hat was surrounded by white fluff, which made her palm-sized face more delicate and porcelain-white. It was like a delicate china doll there.

At this moment, the girl was sitting on the sofa with her head down, shedding tears while looking at Selena, like a puppy that was abandoned by its owner and came back home after all the hard work.

"Drink some tea!" Selena handed the teacup to the girl's hand, her expression slightly condensed.

Even Annie showed up...

It seems that the second senior brother's information is correct, and that guy has really started to develop in China.

"Thank you Karen!" The girl took the tea while shedding tears.

After serving the tea, he raised his head and glanced at Selena, and the tears fell even more fiercely, "Karen, your women's clothing is so beautiful wooooooo..."

Selena immediately raised her forehead, "Hey, I'm going to cry when I see you, I'm going to cry when I pour some tea, I'm pretty, and you're going to cry too! Why hasn't this habit of crying changed at all?"

"But, Karen...you have changed a lot..." The girl looked around sadly.

The furniture in the room is decorated in warm tones, and the arrangement is very warm and comfortable. At the moment, Selena is wearing a soft pink coral fleece nightdress, her long natural curly hair is casually scattered behind her head, and she is dressed like a home. It wasn't the first time she saw Selena dressed up as a woman, but she almost didn't dare to recognize her.

In just one year, the woman in front of her has undergone earth-shaking changes, both in appearance and temperament.

This strange feeling made her very uncomfortable and even flustered.

It was as if the person she knew had disappeared...

"Silly girl, people always change. Maybe this is what I really look like?" Selena rubbed the girl's head, then asked, "Stop talking about me, how about you? Why did you go back to China?" Is it temporary, or..."

The girl's expression was still a little listless, "I'm not sure, everything is according to the arrangement of the boss, maybe one day I will run around the world again, so I hurried to come to see you."

Selena knew that they had a confidentiality policy, and she herself didn't want to know too much about their affairs, so she just asked this casually and didn't ask any more questions, just caring for Annie, "How have you been all this time? "

Annie immediately began to complain, "It's not good at all! After you left, the boss's temper became even worse. He took out his anger on me all day long, beat me, scolded me, refused to give me food, and always said that he would throw me to the next door. Marriage of old monsters! Karen, come back soon! I miss you so much!"

"Uh..." Selena looked a little helpless.

Although that guy is a bit vicious, but at most he said it verbally, beating her, scolding her and not giving her food is an exaggeration, right?

She also knew that Annie said that on purpose to let herself go back.

When she rescued Annie back at the beginning, because Annie was helpless, timid and crying, that guy was very annoying, and he would throw her into the sea every now and then. Fortunately, she finally found out that Annie was finally Is there a specialty...

...

Chapter 953

You can't be judged by appearances, this timid little girl who loves to cry and love all furry, cute and cute things has a family's ancestral medical skills, and she is superb. After knowing this, the guy finally agreed to keep Annie.

There will never be anyone who is not worth using by that person's side, let alone someone who is holding back.

Your ability also determines your status in the organization and the benefits you can get, and Annie, as a team nanny, is actually well paid, so she was able to leave with confidence back then.

"Annie, I'm sorry, but I don't know if Elder Brother has told you about my situation. I definitely can't go back now." Although she couldn't bear it, short-term pain is worse than long-term pain, Selena said directly .

Annie immediately put down her teacup and grabbed Selena's hand, "Why? Is it because of that man surnamed Lu? Could it be that Brother Ye is telling the truth, are you really dating him?"

"Yes." Selena didn't intend to hide it from her.

Annie became anxious when she heard that, and hurriedly said, "Karen, I have investigated it specially, that man is not what you seem on the surface, he can sit in this position today, you know how much he has done behind his back Is it about people? Maybe you think the boss is scary, but in fact this person is even scarier than Satan! If you know his true face..."

Selena sighed softly, and interrupted Annie's words, "Since ancient times, whoever has ascended to a high position is not covered with bones. Annie, I'm not such a virgin. As long as he treats me well, that's enough."

The huge Lu Group has businesses all over the world, how could it be all white and not black at all.

What's more, Daniel could even accept the past few years when she was in the country, so how could she have suspicions against him because of this kind of thing.

Hearing Selena's answer, Annie was so anxious that she held her hand tightly, "Karen, you have really been completely bewitched by him! That guy has something for you!"

Selena laughed, "Annie, I don't have anything on me for him to figure out!"

Annie: "Why not! You...you are beautiful!"

"Pfft, it must be because I'm greedy for his beauty?" Selena laughed.

"This is... Ah, bah, no! Karen, you hate me! You almost led me into a ditch!" Annie complained, stomping her feet.

From the information she checked, the only thing she recognized was... that man's appearance is really good, so it's no wonder Karen was tempted.

Annie scratched her head with an expression of racking her brains and continued to persuade, "If you like his face, I can help you find a better-looking one! Actually... Actually, to be honest, our boss just needs not to be ambiguous. Nervous, he's handsome when he's normal! No, no, he's very handsome!"

Selena raised her eyebrows, "Is there a time when he's normal?"

"...No!" Annie cried even harder.

Oh, poor child...

Selena patted her on the back, took out a tissue and wiped her tears, "Okay, don't worry about me anymore, I know it well."

Annie was sobbing and choking for a long time, and she didn't know what to think of. Suddenly, her eyes lit up, and she hurriedly said, "Yes! That's right! I thought of it! Karen! That man even has a child who is five years old! He has a son! A Five-year-old son!"

"I know."

"You know you still..."

"That kid is cute."

...

Chapter 954

"It's not a question of being cute or not! Karen, wake up and listen to me. Stepmothers are not easy to do. There are countless bloody examples in front of you. Karen, let me tell you, I know a beautiful sister who was young before she got married. Beautiful and chic, it has only been a few months since she married a man with a child as a stepmother. I have worked so hard that I can no longer recognize her. There is also a beautiful sister who told me that after she married No matter what you do, no matter how kind you are, you will be treated as a donkey. That child is very bad. She will frame her at a young age and break the relationship between her and her husband. There is also a little sister..."

Annie pulled Selena and said earnestly, she didn't know where this little girl knew so many stepmother sisters, and it was not easy to find so many bloody examples...

Selena looked helpless, but she didn't interrupt her, she just listened to her quietly.

At this time, there was a click behind him, the bathroom door was pushed open, and then a series of footsteps wearing slippers sounded.

Selena and the eloquent Annie turned their heads back at the same time.

Then I saw a little bun walking out of the shower after changing into plush cartoon pajamas with pink cheeks and fluttering...

"Ah-ka-kawaii!!!!!!!!!!!!!!!"

In the next second, Anne's scream almost broke through the roof.

Then I saw the girl rushing towards Rick like a rocket like a thunderbolt, and hugged the little guy tightly in her arms, "Oh my god! It's so cute! How can it be so cute?" Karen, why does your family have such a cute child! Ah! It's so cute! I've never seen such a cute little thing! It's even cuter than a fluffy animal!"

Seeing Annie's excited expression on the verge of fainting, Selena pinched her brows helplessly.

Almost forgot one thing, Anne's favorite things are little furry animals and all things cute.

For her, cuteness is justice.

No wonder she was so excited when she saw the soft and cute little bun.

"Karen, Karen! What family is he from! Why is he here?" Annie asked eagerly.

"He is Daniel's son." Selena replied.

Annie: "..."

As soon as the words fell, Annie stood there completely stupid, with a gaover expression on her face.

Taking advantage of Annie's daze, the little bun quickly broke free from the strange little sister's arms and threw himself into Selena's arms.

Selena picked up the little bun and introduced him softly, "Don't be afraid, little treasure, this is Mama's good friend! Your little aunt Annie..."

The little bun blinked, nodded, and then showed a suspicious look.

Why does Aunt Anne look so sad? Is it because Rick pushed him away just now?

Selena looked at Rick's self-reproaching expression, and chuckled, "Well, maybe it's because you were a little sad when you pushed her away just now, otherwise, Rick will go hug Aunt Annie again?"

The little bun immediately nodded obediently.

Selena put the little bun down, "Go."

Rick glanced at Ma Ma, and then under Ma Ma's encouraging gaze, he walked up to the dazed Aunt Annie, opened his short hands, and gently hugged her.

Well, for the sake of being Ma Ma's good friend, I'll let you hug me again, don't be sad.

...

Chapter 955

Feeling the soft and fragrant cotton candy-like little one gently hugging her, seeing the little guy's eyes as beautiful and clear as the stars above the Arctic glacier, Annie's heart almost melted away .

At the same time, his heart was surging and his face was full of disbelief, "Karen...you didn't lie to me? This...is this really Daniel's son? Daniel's son? Are you sure?"

Selena nodded, "I'm sure and sure! He is Daniel's son, his name is Rick. How is it? I'm not lying to you, isn't he cute?"

Annie's little head almost fell off, "The lady is so cute! Oh, what should I do! The aunt didn't come to remember to prepare a gift for you for the first time!"

Scratching her ears and cheeks anxiously, Annie groped around her body, took off the candy chocolate in her pocket, the small medicine bag hanging around her waist, and even the diamond chain around her neck, and stuffed them all into Rick's arms.

this attitude...

It's a 180-degree change.

It was clear just a second ago that she was still talking to her about how miserable the stepmother was and how bad the stepson was.

Selena helped the little bun to save the candies and chocolates, and returned the small medicine pouch and the diamond chain, "These are too expensive, so don't give them to him indiscriminately, he's still young, so he won't need them."

"That's right...Daniel is so rich..." Annie took the diamond necklace back, muttering, and then stuffed the red medicine pouch into Selena's hand, "Then keep this one, it's my latest research and compound. The medicinal herbs in it can prevent almost all poisonous insects! Personally tested and effective!"

Selena smiled lightly and accepted, "Then I will thank Aunt Annie for the gift on behalf of Rick!"

"Next time... if there is a chance next time, I will definitely prepare better! This time I was too hasty, and I didn't expect to see Rick!" Annie said embarrassedly.

At this moment, Annie has completely stopped mentioning the "stepmother embarrassment" thing.

It's really hard to say anything in front of such a cute little creature!

Such a cute child... No wonder Karen likes it so much!

Selena and Annie sat on the sofa again, and the little bun was sitting between them, curiously studying the little medicine sachet in his hand.

"It's unbelievable. How could Daniel's son be so cute?" Annie couldn't calm down after staring at him for a long time. "Although he does look like Daniel...but it's too unscientific to be so cute..."

Annie stared at her, and suddenly she stared at Selena, "Karen! Could this child be born to you and Daniel?"

The corner of Selena's mouth twitched, "Honey, your brain is too open!"

Ok? Baba and Ma Aso?

The little bun who was studying the medicine sachet immediately showed a bright smile when he heard this.

"That's right..." Annie curled her lips, and after accidentally seeing Rick's smile, she was taken aback and muttered suspiciously, "But, upon closer inspection, you really look alike!"

"Like? Where?" Selena raised her eyebrows.

Annie nodded again and again, "Like it! Maybe you didn't notice it. I just noticed it on purpose. He really looks like you when he smiles! Especially his eyes!"

As Annie spoke, she suddenly thought of the most crucial question, "Hmm...then who is the mother of this child?"

Selena shrugged, "I don't know about this either, because even Daniel himself doesn't know."

...

Chapter 956

Annie immediately became angry when she heard that, "He..."

"This man's private life is too chaotic! He doesn't even know who his son's mother is..." Considering that Rick is here, Annie deliberately lowered her voice and muttered to herself.

Selena knew what she wanted to say, so she didn't care, "It's not what you think. In this matter, he is actually a victim too."

However, Annie listened very disapprovingly, thinking that Selena must have been deceived by the other party...

It's a pity, how could such a cute little baby have such a terrible father?

It was really hard for her to imagine what kind of miserable life Little Baby and Karen would live under Daniel's brutal rule.

Selena looked at Annie's worried little expression, and helplessly sighed, what was this girl thinking about?

She wondered if that guy had instilled some messy things in her, otherwise, why would Anne always have a worried expression that she was being abused?

The two were talking and chatting when the door of the study room opened behind them, and Daniel was walking out of the study room.

Selena turned her head when she heard the voice, "Daniel, are you done with the matter? Did you bother you?"

who? Who! Daniel?

Annie immediately looked in the direction of the study, and saw a tall and tall man wearing the same blue pajamas as Selena, standing at the door of the study.

The man wears a pair of glasses and holds a coffee cup in his hand. He is very leisurely, looks gentle and homely, but the appearance of standing at the door seems to be shooting a fashion blockbuster. Most importantly, the man There is no trace of cruelty and hostility in the legend.

It's like the most ordinary husband who comes home after get off work. He's not a monster, or just an ordinary man, except he's a little too handsome.

"Who is this?" Daniel looked at Annie who was on the sofa.

Selena walked over, took Daniel's arm, pulled him over and introduced, "This is a good friend I met when I was in China, Annie. Annie, this is my boyfriend, Daniel."

"Hello." Daniel nodded slightly. Although his attitude was not very enthusiastic, it was still very polite.

"You... Hello..." In Annie's impression, Daniel had always been a cruel and heartless tyrant, even a monster, so for a while, he couldn't put the "human" and "Daniel" together.

Daniel glanced at his sleepy-eyed son, walked over and hugged the little guy up, "Rick seems to be sleepy, I'll take him to sleep, you two talk."

Knowing that the two sisters hadn't seen each other for a long time, they must have a lot to say, so Daniel thoughtfully gave them their personal space.

The little bun seemed a little unhappy, resting his head on Daniel's shoulder, he stretched out his little hand towards Selena, not wanting to go to sleep.

Daniel rubbed his son's head with his broad palm, "It's very late, don't be self-willed, your mother and Aunt Annie haven't seen each other for a long time, we need to talk for a while."

The little bun could only nod his head, yawned gracefully, and then lay on Papa's shoulder.

Your mother and Aunt Anne... such a natural sentence.

And the gentle and loving attitude towards his son.

Annie was almost stunned, she was not at all the same as the Daniel she knew!

What is going wrong?

...

Chapter 957

"Annie... Annie? What are you thinking?" Selena waved her hand in front of the dazed Annie.

"Karen, is he really Daniel? Why does he look like a human being! No, I mean, he looks quite gentle!"

Humanity?

Selena laughed, "Of course he is! Otherwise, what do you think?"

"I... I thought he was scary!"

Selena rubbed her chin and thought for a while, "Well, strictly speaking, he does have a scary side, but he is very gentle in front of Rick and me. In fact, I thought he was scary when we first met. , At that time, he was nicknamed the Great Demon King!"

As Annie listened, she suddenly understood why Selena was with Daniel.

Such a man gave all his tenderness to one person...

At first, she was still taking chances, thinking that perhaps Karen treated Daniel the same as the men she had dated with before.

But now, it is gradually confirmed that it is not that simple.

This time, she's probably really serious.

At this moment, Selena's cell phone rang suddenly.

"Sorry, I have a call!"

"Well, it's all right!" Annie said hurriedly.

The call was from Qiao Weilan's side, and it was supposed to be about the studio, so Selena picked it up immediately, "Hello, Director Qiao?"

"All the nine sets of clothes have been donated. I have just sent the list and information of the donators to your mailbox. Please check it." Qiao Weilan's tone was as clean as ever.

"Okay, I'll check the email when I turn around, thanks for your hard work, Director Qiao!"

"The effect of this gift can be seen in as long as a month, and as little as half a month. You only need to wait. During this period of time, I wonder if we can improve the appearance of the studio. After all, this is not only the place where we work , and will also be the place where we receive customers in the future."

"Fortunately, you reminded me. I will explain to Momo later. It should be no problem to hand over the design style to Shangze. Don't worry about the funds. I will handle it here..."

...

When Selena was on the phone, Annie quietly watched from the side.

In addition to Karen at home, she accidentally saw Karen on the other side, Karen at work.

Every aspect was completely unimaginable to her.

Although the Keren she knew in the past was free and unrestrained, she was always lonely, as if she didn't care about anything or even her own life, but now, she saw something shining in her... ..

Selena had just finished making the phone call when Daniel coaxed Rick to sleep and came out, holding a brown plush bear in his hand.

"Is Rick asleep?" Selena asked after hanging up the phone.

"Ok."

Daniel nodded, walked up to Annie, and handed the little bear to her, "Miss Annie, this is a gift from Rick in return."

"Ah! There is a gift in return! It's so cute!" Annie took it over flattered and hugged her in her arms, "Thank you, thank you Rick for me!"

At this moment, her view of Daniel had almost completely changed.

Someone who can educate such a cute and sensible baby must be very good...

"Miss Annie has research on medicinal herbs?" Daniel asked suddenly.

"How do you know?" Annie asked in surprise.

"Just now I saw the medicine pouch you gave Rick," Daniel said.

...

Chapter 958

"Ah, that...it's a little research!" Annie said.

Selena laughed immediately, "Annie, you are too modest. Daniel, don't look at Annie as soft and cute, but she is actually very powerful. She has excellent medical skills and a lot of talent!"

Annie was a little embarrassed by the praise, and said hastily, "It's not as good as Karen..."

Daniel pondered for a moment, then took out a yellowed thread-bound book from a drawer, "I just got an ancient medical book a few days ago, if Miss Anne doesn't mind it, I will give it to you as a gift. Thank you Taking care of Selena when she was abroad."

"No, no, no, I'm the one who takes care of Karen, she's always been the one who takes care of me! And this... this medical book is too precious!" Annie saw at a glance that the medical book was expensive, and it was a rare copy. price stuff.

Selena put the book in Annie's hands, "You just accept it, it's useless in our hands anyway, and who said you didn't take care of me? You took care of me in a disheveled way when I was injured several times !"

"Then... well, I'll accept the book, thank you."

Annie was silent, feeling that there was no need for her to stay any longer, she took a deep breath and smiled, "Karen, it's really nice to see you today, it's late, so I'll take my leave first and not bother you guys."

"Ah! So fast..."

"I'm still in China for the time being, and I'll have a chance to meet you in the future, as long as you don't think I'm bothering you, bro Xi..."

...

Selena and Daniel took Annie downstairs together.

Daniel waited downstairs while Selena walked Annie to the car, "Slow down on the road."

"Well, you know, I've been driving like a snail, and it's impossible to go faster!" Annie said with a smile.

The night is quiet and the moonlight is slightly cool.

Annie's fingers were clenched into fists, she loosened and clenched again, and after a while, she raised her head, looked at the person in front of her with a trembling voice and said, "Karen, there's really no way you'll come back, right?"

Selena sighed and hugged her, "Annie, everyone has their own life, I do, and you do too. Live your life well and don't worry about me anymore. I will be fine too."

Annie sniffled, "I admit, I was really worried before I came here, but...Little Treasure is so cute, and Daniel is also a good person...Karen, I wish you happiness! Apart from this sentence, it seems that everything I say is superfluous gone."

"thanks, I will!"

After saying goodbye to Selena, Annie waved her hand, opened the car door, and started the engine.

The car drove slowly and left the apartment.

In the rearview mirror, she vaguely saw in front of the building behind her, a man put a thick coat on the girl, the girl raised her head and smiled at him, the two hugged each other while talking. building...

It turns out that Karen is very good, really good. She has a lover, a dream, and a career. She is much better than before.

Why let her come back?

...

After going upstairs, as soon as she opened the door and entered the room, Selena hugged Daniel's waist, raised her head and thanked, "Master Boss, thank you!"

Daniel leaned against the door, "Thank me for what?"

Selena raised her head and looked at the man in front of her seriously: "Thank you for being so kind to my friend, you know... You know she's from there, right?"

Daniel: "I just need to know that she is someone you cherish."

...

Chapter 959

Selena thought for a while, then speculated with a smile, "This time Annie is probably here to be a lobbyist... But now, you and Rick have obviously convinced me!"

Daniel subconsciously hugged the girl even tighter, an imperceptible coldness flashed in his eyes, "I won't let you leave me, no matter who comes."

"I won't leave you either, no matter who comes!"

...

There is an abandoned luxury villa in the north of the city. It used to be the residence of the dignitaries in Beijing. Times have changed. Because no one lived there for a long time, people died in it, and there were often horrible incidents. Now it has become a well-known haunted house. Not only can it not be sold. , No one dared to approach for dozens of miles.

At this moment, a black car slowly stopped in front of the villa door in the night, and the girl in the cloak got out of the car and walked towards the door.

With a "squeak", the girl stretched out her hand and pushed open the heavy door of the living room.

In the huge medieval European-style hall, there are quaint oil paintings on the walls, stained retro glass windows, wooden spiral stairs, and charcoal is burning in the fireplace in the hall, exuding heat and fire.

On the U-shaped sofa opposite the fireplace, two men and a woman are sitting. The man sitting alone on one side of the sofa wears gold-rimmed glasses and is wiping a soft sword in his hand. On the opposite sofa is an older man. A middle-aged man was flipping a thick German book on his lap. Beside

the man was a hot and beautiful woman, with her head tilted in boredom and a gun dangling in one hand.

Seeing that Annie was back, the beauty put away her gun, and immediately stood up and greeted her, "Baby Annie... How are you doing? You must be fine if you go out! Little Junior Sister can't see you cry!"

When Annie heard this, she lowered her head, with a listless expression, and said weakly, "Sister Xiaoxiao, I'm sorry, I failed everyone's expectations!"

"Ah...how come...even Annie can't go out?" Feng Xiaoxiao was talking, and looked at the plush bear in her arms, "Where did this thing come from?"

When Annie heard this, her little face lit up immediately, and she said happily, "Rick gave it to me! Oh yes, Rick is Daniel's son! He is very, very cute! Especially his eyes are beautiful, just like Karen Beautiful! And very cute and sensible! I gave him a small medicine bag, and he gave me this as a gift in return!"

Also, Daniel said that in order to thank me for taking care of Karen when I was abroad, he gave me a medical book. Daniel is completely different from what you said, he is very kind, not as scary as in the legend, he is very gentle to Karen, very polite to me, especially a gentleman..."

Anne's clear and sweet voice like a lark kept ringing in the empty hall.

Feng Xiaoxiao: "..."

Kevin: "..."

Feng Jin: "..."

Seeing the three of them suddenly staring at her at the same time, Annie was a little confused and said timidly, "Well, what are you all looking at me for? I... did I say something wrong?"

Kevin pushed his glasses, but said nothing.

Feng Jin continued to flip through the book, as if nothing had happened just now.

Feng Xiaoxiao supported her forehead, and wailed on the verge of collapse, "Didn't you realize that you were instigated? My baby! You were clearly asked to pull people back, but why did you even turn against yourself?" It's like losing my wife and losing my army! The loss is too big! Daniel is really not easy to deal with, and now he has added a small one, and the damage is doubled..."

...

Chapter 960

Annie seemed to realize it too, and said with a sad face, "What should I do now..."

She didn't know what was going on with her, but she unknowingly forgot about her mission, and in the end even she was convinced.

Feng Xiaoxiao spread her hands and said, "Last time it was the elder brother who came to be tough, but this time you are the one who is soft, soft and hard are useless, what else can I do..."

Because of Annie's failure, the atmosphere was dull for a while, and no one spoke.

At this moment, a faint voice suddenly came from a certain room upstairs...

"Little bait... a bear, a broken book, bought you?"

The voice reverberated in the empty hall, showing a bit of coolness and eeriness.

Hearing this voice, Annie's shoulders trembled immediately, her face turned pale, she raised her head and said, "No! That's not the case, it's Daniel who really talked to the rumored..."

"Ok?"

Hearing the infinitely cold voice upstairs, and seeing Feng Xiaoxiao eagerly reminding him with his eyes, Annie immediately fell silent, not daring to say anything nice about Daniel.

"One by one, if you are bold, who will allow you to find her and come back?"

Annie didn't dare to say a word, Feng Xiaoxiao also touched her nose like a quail.

Kevin was about to speak when Feng Jin held down his shoulders. Immediately, Feng Jin said, "I came up with the idea. It would be best if Keren could come back. If not, we have nothing to lose."

"Oh, she will come back naturally, begging me crying to let her come back."

Hearing the man's sinister voice, Annie and Feng Xiaoxiao both looked a little unhappy.

Feng Jin said expressionlessly, "Satan, now that we have just arrived in China, the top priority is to gain a firm foothold. Please don't get distracted at this time. What's more, this is Daniel's territory after all, so there is no need to startle the snake at this time. As for Regarding Keren, please leave it to me, and I will give you a satisfactory explanation."

Finally, there was a dead silence inside the house, and there was no sound from upstairs, probably acquiescing to Feng Jin's statement.

Hearing Feng Jin's words, worry flashed across Feng Xiaoxiao's eyes, and she approached Feng Jin with a flattering smile to inquire about the situation, "Master Military Advisor, what are you going to do?"

Feng Jin glanced at her, and at the same time at Annie and Kevin, and said coldly, "Everyone performs their duties, this is not something you should worry about."

After finishing speaking, he turned and left directly.

Looking at the back of Feng Jin leaving, Feng Xiaoxiao scratched her hair with a headache, "Feng Jin is different from us... We have some friendship with Junior Sister anyway, and we will never really hurt Junior Sister, but he is different I don't know what he wants to do..."

Kevin's thin lips parted lightly: "Feng Jin is right, this is really not something we should worry about. As for the little junior sister, she will have someone to worry about her. This matter ends here, and no one is allowed to intervene without authorization. ."

"Oh..."

After Feng Jin and Kevin left, Feng Xiaoxiao immediately pulled Annie aside, and asked anxiously, "Annie, what exactly is going on? Tell me quickly!"

Annie sat on the sofa, took a look at Feng Xiaoxiao, and then said, "Karen is beautiful in women's clothing, Daniel is very gentle, Rick is cute, obedient and cute. The three of them are very happy, that's how it is."

Feng Xiaoxiao: "..."

Well, don't ask any more questions, Baby Annie is obviously completely instigated...
