## Chapter 961

Qiao Weilan predicted that it would take half a month to a month, but in fact, it was shorter than what she predicted.

First, it was the birthday party of the eldest lady of Wang's family, a socialite in the imperial capital. This eldest lady's clothing has always been very good in the circle, and she likes to try some new personal fashion brands.

At the birthday banquet that day, she wore a retro Chinese style dress. The dress was like a cloud of fire, making Miss Wang's whole body bright and moving, and she was all over the place that night.

As soon as the banquet was over, many ladies ran to find out what brand of clothes she was wearing.

After inquiring, she found out that it was a gift from a friend in the fashion industry. The design of the mysterious designer zx, the winner of this year's Golden Summit Award, is also the latest model that has not yet been launched. Even Qin Shengyue once loved and appreciated it.

Zeling was passed on to ten, ten to a hundred in the circle, and those who were gifted but had no intention of wearing them all wore them to show off...

A few days later, a noble lady in the industry was spilled wine on her clothes when attending a certain banquet, and there was no change of clothes temporarily. It just so happened that the clothes Qiao Weilan gave her were in the car at that time. The noble lady loves international brands, so she didn't care. Wearing this kind of miscellaneous brand, he changed into that suit in desperation.

That night, after the lady put on this peacock blue cheongsam, she was praised by all the female guests. They all said that not only the design was exquisite, but also set off her temperament very well, as if it was tailor-made for her. Many middle-aged noblemen of her age Women also came to inquire which brand her dress came from and who made it...

And then, the most recent and the most sensational one.

Veteran General Zhuang Zongren, together with General Zhuang Liaoyuan and granddaughter Travis, received visiting state-level guests from various countries, and it was broadcast on the national news network.

That day, General Zhuang's granddaughter, Travis, wore a dignified yet girly dress. Most importantly, this dress perfectly combined fashion with Chinese elements, and was even praised by international friends , admiring the charm of Huaguo costumes on the spot...

Without a sound, Zeling became popular all of a sudden!

From the circle of celebrities to the circle of noble ladies, they even received strong support from the state and an injection of funds to support national brands.

Although a few million is not much, the key point is that it means that Zeling will have the opportunity to represent the country in more important occasions in the future.

"Oh my god my god! Boss! We're on fire! We're on fire! Our phone is about to explode! Orders! They're all orders!" Han Momo turned around excitedly, then jumped up to Qiao Weilan, earnestly He bowed softly, "Director Qiao, you are amazing, I apologize for my doubts before! You are really amazing!"

Qiao Weilan glanced at Selena, who was busy looking at customer information, "Actually, the effect I observed visually was just to find a way out

to open up the market, and I didn't expect it to develop like this, especially Miss Zhuang... "

She thought that the friend Selena said she wanted to send clothes to was just an ordinary socialite, how could she know that it was the daughter of old general Zhuang, the number one socialite in the imperial capital, Travis.

What surprised her even more was that she didn't expect Travis to wear their clothes on such an occasion.

Generally, the clothes worn on such occasions are checked by a special stylist, and you can't say that you can wear whatever you want, unless it is a very, very good relationship, Travis can persuade the stylist to wear it on the occasion of the day. Such a suit.

Of course, it is because the quality and design of their clothes are absolutely passable and brilliant enough that the stylist will agree.

...

## Chapter 962

Hearing Qiao Weilan's words, Selena raised her head from a pile of documents and sighed, "To be honest, I was shocked too... I owe Ke'er a big favor now! I must invite her after I'm done. Have a big meal!"

"Boss, boss, there are so many orders, are we going to start making new products now? I'm afraid there are not enough manpower now. There are only ten craftsmen who make advanced customization..."

Selena glanced in Qiao Weilan's direction, "Director Qiao, you should already have a plan, right?"

Since Qiao Weilan dared to propose the previous desperate method of sending clothes directly, then she must have plans for the next step.

Qiao Weilan said in a sharp tone, "My plan is to cancel all orders temporarily. If you ask questions, you only need to answer that they are out of stock. All advanced customization needs to be booked three months in advance. Customers who make successful reservations will be one-on-one by our team. service, tailor-made styles according to the image and temperament."

"Ah! Push them all away? All of them?" Han Momo's eyes widened in fright.

It's all money! Much more money than last time!

However, this time she was not so impulsive, but thought carefully about Qiao Weilan's intentions, "Director Qiao means that things are rare and expensive?"

Qiao Weilan nodded, "That's right, for customers, it's easier to throw away things that are too easy to get, and the more they can't buy them, the more precious they will feel. If they get whatever they want, they will soon lose interest, and even I feel that everyone wears it and can't show their own specialness, which is why history has passed so quickly in the circle of celebrities. It will ruin the most high-end market for a small profit."

Selena snapped her fingers, "Okay, let's do it this way! We also need to redecorate the facade, prepare supplies, recruit people, etc..."

Qiao Weilan paused, then continued, "Also, there is another piece of good news. The time is ripe now. I have already screened out several very good agents. Our physical flagship store can be opened. ."

"Wow! Long live!" Han Momo cheered excitedly while pulling Gong Shangze.

Selena was also filled with emotion, finally... Finally got through...

"Shang Ze, are you okay? After the flagship store, we will definitely need a lot of ready-to-wear designs." Selena asked with concern.

Gong Shangze smiled, and took out a large stack of design drafts from the drawer, "It's already ready!"

Selena stared at the design drafts with glowing eyes, and after a quick glance, she knew that they were masterpieces that could only be produced at the peak of his inspiration, "I'll go! It's so awesome! My family's partners are too reliable! It feels so safe!"

"Boss, you are the one who makes people feel safe! You can always do many things that I think are absolutely impossible!" Han Momo said with staring eyes, and actually expressed Gong Shangze's thoughts at the same time.

"All right, all right, stop flattering, I'll definitely give you a salary increase next month! There's also a bonus..."

"Boss, I love you!"

"Okay, go to work, I'll answer the phone!"

The phone rang, Selena went to the balcony and answered the call.

"Congratulations, Boss Ning..." Qin Shengyue's voice came from the other end of the phone.

Selena smiled, "I don't dare to be the boss, Boss Qin!"

"Don't be modest, you have developed to this point in such a short period of time, even I have to praise you, not to mention that you have conquered my trump card so quickly! Tsk tsk, it seems that after this year, this I can't take that card back?" Qin Shengyue joked.

Selena raised her eyebrows, "Hey, maybe this is the charm of personality!"

"You girl!" Qin Shengyue chuckled, and then said quietly, "But now you can tell me who is that mysterious designer zx in your family?"

...

## Chapter 963

Selena was silent for a while, and then asked, "I don't know... Does Boss Qin know History's predecessor?"

"History's predecessor... Nishang? A personal brand with great potential. I noticed it at the beginning. Dai Wei's design is so ingenious. Nishang was only one opportunity away. Later, after being invested by Susie, I really got up in an instant. ."

Selena looked slightly cold, "Zx is the real founder of Nishang."

"What?" On the other end of the phone, Qin Shengyue's tone was extremely surprised, obviously not expecting this to happen.

She finally understood where the strange feeling came from when she compared Zeling and History before, and all the puzzles were answered.

So, her guess is not wrong, Dai Wei is the real plagiarist, no, what's more, it is more direct theft.

This result, although unexpected, is completely reasonable.

"So that's it... That makes sense... But, why didn't you tell about it?" Qin Shengyue asked puzzled.

Selena said casually, "Heh, without evidence, who would believe a weak person? But it doesn't matter anymore. One day, I will rectify the name of my designer in front of the whole world!"

At the entrance of the balcony, Gong Shangze had business with Selena. He was about to open the door when he heard Selena's words from the balcony.

Without warning, his eyes turned red, and his heart seemed to be hit by something...

The young man squeezed the design draft in his hand, took a deep breath, and quietly backed out.

"Tsk, isn't your tone so small?" Qin Shengyue smiled, but somehow felt that this was not a lie to her, "Then I wish you good luck! Remember to treat me to dinner!"

"must!"

...

In the following period of time, almost every day, many celebrities and some rich boys who wanted to please women called Zeling for inquiries, and some even came to the door in person.

However, regardless of power, fame, or how much money they gave, all of them returned in vain. Zeling's answer to the outside world was that it was out of stock and needed to be booked in advance.

It is hard to find a piece of advanced customization of Zeling.

Even so, the number of reservations only increased a lot, and it was already half a year later, and the number continued to increase.

Celebrities, especially ladies with strong financial strength and business acumen, proposed to represent Zeling's ready-made garments, which greatly expanded Zeling's business at the same time.

In just over a month, Zeling opened a head office and three branches in the imperial capital with great momentum. The business in other provinces is also expanding and negotiating. If all goes well, we can plan to enter the international market next year...

At night, Platinum Emperor Palace.

Selena specially cooked a sumptuous dinner by herself, and rarely opened a bottle of red wine.

"Congratulations." Daniel gently toasted the girl.

Looking at the man opposite who looked like a god's mansion, Selena lightly touched the man's wine glass, raised her head and finished, "Thank you!"

Seeing this, the little bun on the side immediately picked up the milk not to be outdone.

Selena smiled lightly and clinked glasses with him, propped her chin and sighed, "Hey, it's so smooth all of a sudden, it's so unreal!"

"You've made it this far step by step in a solid manner. You don't need to be uneasy." Daniel said.

Looking at Daniel who was teaching her like a life mentor, Selena suppressed a smile, nodded solemnly and said, "Yeah! Teacher Lu speaks well!"

...

## Chapter 964

After dinner, Selena suddenly remembered that there was something very important to do, she hurriedly looked at the little baby and said, "Ah, by the way, little treasure, there is something I need to trouble you for! Can you write a subtitle for Ma Ma? ?"

Being able to help Ma Ma, Rick immediately nodded happily.

In the study room, Selena diligently prepared pens, inks, papers and inkstones, and then began to grind ink.

Because Rick couldn't reach the table, Daniel hugged him and stood on the small stool.

Rick tilted his head and asked Ma Ma what to write.

Selena thought for a while, and then said, "Help me write... gold, scales, Qi, yes, pool, middle, and things, when the wind and rain turn into dragons, the dragon's chant will change dramatically, and the wind and clouds will travel all over the world!"

Rick nodded, then picked up the brush and started writing.

During this period of time, Rick's training has not fallen behind, his physical fitness has improved, and his brushwork has become more stable and powerful. The strength of a single stroke pierces the back of the paper like a dragon, and the combination of this calligraphy is very penetrating...

"My baby is getting better and better!"

Selena was tsk-tsk praising, when Daniel next to her glanced at her, "Give it away?"

Selena was suddenly surprised, "How do you know, Lord Boss?"

"To whom?" Daniel asked again.

"Well, it's going to be given to Gong Shangze, how about it? Doesn't this sentence suit him very well?" Selena was complacent, but she didn't get an answer from Daniel.

Turning his head to look, it really was someone who overturned the jar of jealousy again.

"Pfft, are you jealous?" Selena propped her arms and moved her head closer.

Daniel looked at her expressionlessly: "Where's mine?"

Seeing Daniel begging for a gift like a child, Selena was so cute that Selena was hopelessly moved. She couldn't help but leaned over and kissed the man's thin lips, "Is this okay?"

The man had an unsatisfactory expression, and was about to turn his back on the guest, when a piece of rice paper suddenly came between the two of them.

I saw the little baby holding up the rice paper with a serious face, and there were a few big brush characters written on the rice paper...the baby is angry!

Daniel: "..."

Selena couldn't help laughing, and hastily kissed Rick on the cheek as compensation, "I'm sorry, I'm sorry! Don't be angry, baby!"

Only then was Rick satisfied, picked up his exclusive seal, and continued to work.

...

In the middle of the night, the moon is bright, and the night is as cool as water.

Selena stayed at the villa because she drank some wine.

In the middle of the night, Daniel lifted the quilt and got up as if he felt something.

Gently pushed Selena's room away, there was no one there, and Rick was not there either.

While in a hurry, the man's moonlight shined through the window and saw a faint figure in the small garden.

Daniel picked up the blanket on the bed and hurried downstairs.

The night breeze caressed gently, the leaves swayed, under the moonlight, Daniel saw the girl sitting on a swing from a distance, holding a can of wine in her hand.

"Aren't you going to bed so late?" Daniel hurried over, put the blanket on the girl's shoulders, and touched her hand to see if it was cold.

"Master Boss!" Seeing the person coming, Selena immediately hung up like a koala, rubbing her head against the man's neck, "I'm so happy! I'm so happy that I can't sleep!"

"Are you so happy?" Daniel patted the girl's head with a helpless expression.

Selena nodded repeatedly, with an extremely serious expression, "Of course I'm happy! I'm one step closer to marrying Mr. Boss!"

Daniel was obviously taken aback when he heard the words, and then coughed lightly, with a calm posture, "Well, I should be happy."

...

## Chapter 965

However, just seemingly calm, the momentary brilliance in his eyes still betrayed the master's good mood.

"However, no matter how happy you are, you still have to sleep. It's time to go back." Daniel took the wine jar from the girl's hand.

Selena opened her arms, "Hold me..."

Daniel naturally responded to such a request.

Being hugged by Daniel and carefully placed on the bed, Selena still didn't let go, "Stay with me..."

Daniel hesitated for a while for this request, but finally agreed.

Selena lay on the bed, didn't rest for a while, then opened her eyes again, staring brightly at the man lying next to her, "Master Boss, I'm drunk!"

Daniel: "Yes."

Selena leaned all over the man's chest, stretched out a finger to poke it, and asked curiously: "Such a good opportunity, won't you take advantage of it?"

Daniel held the girl's fidgeting little hand and said expressionlessly, "You have to go to work tomorrow."

Selena was puzzled: "Well, there is an inevitable connection between the two?"

Daniel continued to speak calmly, "If I sneak in, you won't be able to go to work tomorrow, maybe the day after tomorrow."

By implication, you won't be able to get out of bed for days...

"Master Boss, you are so filthy!!!" Selena immediately put on an accusatory expression, and then hummed to expose, "Isn't it because of what you said before that you have... the principle of not accepting premarital sex? "

Daniel: "Did I say that?"

Selena: "..."

...

the next day.

After work was over, Selena went directly to the studio and gave Gong Shangze the letter she asked Rick to write last night.

"Thank you boss!" Gong Shangze was moved, looking at the words with mixed feelings.

"Haha, you're welcome, I can't write this picture, and I hired someone to write it! It was written by a very good little master. Keep it well, and it will definitely increase in value in the future!" Selena joked.

Gong Shangze looked at it cherished for a long time, and then hung it in the most conspicuous place.

Seeing Selena coming, Qiao Weilan hurried over to report to her on high heels, "Boss, in order to ensure the rights and interests of the agents, the Imperial City can only open up to five branches. There are already three, and now there are two left." Quota, here are some suitable candidates I just picked out."

"Okay, let me take a look." Selena put down her bag and took the documents from Qiao Weilan's hand.

Before he could read it, he glanced at another stack of documents on Qiao Weilan's desk.

"Those are some of the partners who applied for agency that I picked up." Qiao Weilan explained.

Selena subconsciously picked up the top file, looking at the familiar name on the file in surprise, "Lu Xinyan?"

"Yes, the boss has heard of Daniel's cousin, the president of the Lu Corporation?" Qiao Weilan asked upon seeing this.

"I've heard about it." Selena nodded slightly, and then said, "Why, she doesn't meet our requirements?"

"Daniel's cousin, regardless of her status, is enough, but...according to my investigation, this Lu Xinyan loves to start her own business, but she really has no business acumen. Every time she does business, she loses everything.

We are now in the most critical period. We must be rigorous in selecting agents. No matter how strong Lu Xinyan's background is, we can't give her our brand to play casually. At least it will affect word of mouth, and at worst it will disrupt the market. "

...

## Chapter 966

Qiao Weilan was worried that Selena was concerned about Lu Xinyan's identity, so she explained to her.

Selena smiled inexplicably, "That's good, it just so happens that I don't want to cooperate with this person."

"Boss, boss! There are a lot of out of stock in the branch, and we need to dispatch a batch of goods from the main store!" Han Momo came panting, holding the phone in his hand.

"Approximately how many sets should be adjusted?" Selena asked.

Han Momo handed over the form in her hand, "There are fifty-two sets in total!"

Compared with Zeling's high-end custom-made non-human fireworks and retro splendor, the quality of Zeling's ready-to-wear garments has also shown its sincerity. From design to material, it has been strictly checked, and the

number of pieces of the same style of clothing is strictly limited. , so as to avoid the situation of bad streets, so the sales volume is very good.

"So many..." Selena glanced at the form, and found that most of them were relatively expensive styles, adding up to a lot of value. Most of the current employees are newly recruited, so they can't just be handed over to others, "Got it, I happen to be fine now, I'll go to the main store to adjust the goods myself!"

...

Zeling's main store is located in the largest luxury shopping mall in the center of the imperial city.

Not long ago, when Selena asked Travis to go shopping, when she passed by History's flagship store for inspection, she felt emotional.

Unexpectedly, today, not long after, his own store can also be located in this place where every inch of land is precious.

Selena called the main store in advance and told her that she would go over to transfer the goods and let them prepare them, then she took the driver and headed towards the Central Mall.

When they arrived at the mall, Selena was walking towards the main store, but she unexpectedly ran into a few acquaintances while taking the elevator.

In the elevator, Guan Ziyao was holding a noble and elegant woman's arm affectionately, talking to her with a smile, and a pretty and lovely girl next to the woman was also chirping and coaxing her.

Guan Ziyao, Yan Ruyi, Lu Xinyan...

After realizing who was in the elevator, Selena had already stepped into the elevator, and behind her, the elevator door closed automatically.

At the same time, the three people in the elevator were also startled when they saw Selena, and the atmosphere was a little weird for a while.

"Miss Ning, I didn't expect such a coincidence that we meet again!" Guan Ziyao was the first to speak.

Guan Ziyao was wearing a generous and dignified champagne-colored Prada latest dress, carrying hundreds of thousands of lv bags in his hands, and all the jewelry on his body were treasures. His posture was calm and elegant, as if he had no quarrel with the person in front of him and holidays.

After being briefly surprised, Yan Ruyi sized Selena calmly, but did not speak.

"Miss Guan, Miss Lu, Madam Lu!" Selena only nodded briefly, as a greeting, it was acceptable in terms of etiquette, and then she stood quietly by the side, not intending to start a conversation.

"It's unlucky, how could I run into this woman while shopping happily..." Lu Xinyan held Yan Ruyi's arm, looking rather unhappy.

Hearing Lu Xinyan's whisper, Selena subconsciously glanced at her from the corner of her eye. After seeing the clothes on her body clearly, Selena's eyes rarely flashed a hint of surprise.

The ink flower-and-bird pattern skirt on Lu Xinyan was obviously Zeling's high-end custom style. Selena had seen it in Gong Shangze's design draft and was very impressed.

However, these are naturally not the sets that Qiao Weilan sent before, because Lu Xinyan was not on the list, and it is estimated that the order was made some time before the studio released the news of the out-of-stock.

...

## Chapter 967

Sensing Selena's stare on her, Lu Xinyan immediately looked a little smug, she put Yan Ruyi on her arm and said, "Auntie, I'll take you to a very good clothing store later, it just opened recently. Yes, you will definitely like the clothes style inside!"

Yan Ruyi smiled helplessly, "How can I wear the clothes your little girl likes?"

"No, no! There are many suitable for you! Especially you have such temperament! Besides, you are standing next to me and sister Ziyao, you are completely a little girl, okay?"

"You have such a mouth! You can talk nonsense!" Even though Yan Ruyi said this, she was still elated. There is no woman who does not care about her appearance, no matter how old she is.

However, in all fairness, Lu Xinyan's words were not exaggerated. Compared to people of her age, Yan Ruyi was indeed well maintained.

"Auntie, Xin Yan's words are not nonsense. When I was shopping with you, I met acquaintances who asked me in private several times when I had an extra sister!" Guan Ziyao said with a smile.

Yan Ruyi at the side laughed from ear to ear as the two girls teased each other.

What Guan Ziyao said just now seemed to be just to make Yan Ruyi happy, but in fact, it was also for Selena... several times... This shows that Guan Ziyao and Yan Ruyi are very close, and they often go shopping together...

"However, most of the new brands nowadays are not reliable, right?" Guan Ziyao said uneasy.

Lu Xinyan hurriedly said, "Sister Ziyao, don't worry about this! Do you remember the peacock blue cheongsam worn by Mrs. Feng's family at the dinner last time? Didn't your aunt also praise how good-looking it was? That cheongsam It's the brand I mentioned. A few days ago, Miss Zhuangjia was wearing this brand when she followed General Zhuang to receive foreign dignitaries on behalf of the country!

It's a pity that high-end customization is no longer available, and it needs to be booked at least three months in advance. However, I went to the specialty store last time to see that the ready-to-wear is also very good, and it is completely fine for daily wear, and the main store has more styles Oh! "

"Really?" Yan Ruyi's heart began to move after being told by Lu Xinyan.

The dress that Mrs. Feng wore last time was very impressive to her. It was indeed very good, and it was also her favorite style. It should be guaranteed that the people of the banker can wear them to participate in this level of reception banquet.

"Yes, yes! Auntie, just trust my vision! Do you think this dress looks good on me?"

"Not bad, very nice."

"Right, this is the one I snatched up before the stock went out!"

...

The elevator was slowly rising, and it had already reached the place during the speech.

The place Selena was going to was Zeling's flagship store, and Lu Xinyan, Guan Ziyao, and Yan Ruyi happened to be going to look at the clothes, so the four of them got off the elevator together.

Seeing that Selena also got off the elevator, Lu Xinyan looked unhappy, but she couldn't say anything about it, she just "hummed" and dragged Yan Ruyi away.

Probably in order to quickly get rid of Selena, Lu Xinyan deliberately pulled Yan Ruyi to walk quickly.

Selena also didn't want to get involved with them too much, it was awkward to walk together, so she deliberately lagged behind by a certain distance.

Halfway there, the phone rang, and it was the store manager at the main store who told her that the goods were being transferred, and asked her to wait for a while when she arrived.

...

## Chapter 968

At the same time, Lu Xinyan and the other three had arrived at the store.

The decoration in Zeling's store is not absolutely antique like History, because Selena found out when she observed it last time, if it is purely retro, the style will inevitably be too thick and dull.

Therefore, the main color of Zeling is light and plain, which uses the beautiful Chinese elements and flexibly combines the simple modern decoration style, which looks very refreshing and elegant.

In addition, the store has also put a lot of effort into the rest area, providing a comfortable waiting place for men who accompany their girlfriends and wives to shop. There is also a small area in the other corner specially opened up as a children's play area, which is very pleasant. Humanize.

After Yan Ruyi came in, she took a quick look, and when she saw a few children playing with building blocks in the children's area in the corner, her eyes softened a lot, and her first impression of this store was also very good.

Thinking of this, it can be seen that the boss is also careful and gentle. In general stores, space is not wasted on this.

"Miss Lu, you're here!" Seeing the guests who came in, the clerk immediately greeted them, and specially brewed high-quality tea for the three of them.

The last time Lu Xinyan came here, she frantically scanned a lot of pieces, not to mention she was wearing Zeling's hard-to-find haute couture, so the clerk was very impressed with her.

Seeing that there are two other people beside her, one in their twenties and thirties, and the other a little older, both of them have extraordinary temperament, especially the older one, who must have a very noble status, so the clerk naturally did not dare to neglect, and his attitude was more cautious attentive.

"Is the store manager not here?" Lu Xinyan looked around and asked.

"The store manager is tallying the goods in the warehouse, Miss Lu, can I help you?" The clerk asked enthusiastically.

"Do you have any of these styles in your store?" Lu Xinyan turned on her phone, clicked on the photo album, and showed the shop assistant a few clothes in it.

The clerk glanced at it, and then hurriedly said, "Yes, these models are selling very well. At present, other branches are out of stock, and only the main store still has them. However, two of them just arrived at the warehouse today. I haven't had time to hang it up yet, and I was planning to get a new one tomorrow, if you need it, Miss Lu, I'll go to the warehouse and get it for you."

"Okay, go quickly!" Lu Xinyan was very happy when she learned that the main store had stock.

"Okay, the three of you, please drink some tea first and take a rest." The clerk said and went to the warehouse to transfer the goods.

Not long after the clerk left, Selena opened the door and walked in.

The store manager and one of the clerks had gone to the warehouse, and the other was busy entertaining several other customers, so they didn't notice Selena's arrival.

Lu Xinyan, who was leading Yan Ruyi to look at her clothes, saw Selena walking in at a glance.

Seeing that Selena not only followed them down the same floor, but also entered this store, Lu Xinyan, who had been holding back all this time, finally couldn't hold back, "What's the matter with this person! He's still haunted! It's coming to the store! It's almost like that if you want to set it up! Don't you know that you are annoying?"

Lu Xinyan's voice was not low enough for Selena to hear.

Guan Ziyao gave Lu Xinyan a hand, "Ziyao! I'm just looking at the clothes..."

"What about the clothes? She obviously followed us on purpose in the elevator, okay? Are you a fool?" Lu Xinyan pulled Yan Ruyi angrily, "Auntie, don't Take care of this kind of person!"

Yan Ruyi frowned slightly, although she didn't say anything, she couldn't help feeling uncomfortable that the other party approached her in such a way of following her.

...

## Chapter 969

Seeing Lu Xinyan's angry face, Selena said calmly, "Is this shop run by Ms. Lu?"

Does anyone else need to get her consent if they want to come in?

Lu Xinyan was stunned for a moment, and after realizing what she meant, she said angrily, "You! What if you don't! Do you dare to say that you didn't follow here on purpose to get close to your aunt?"

Selena wanted to speak, but in the end she just shook her head and smiled, without saying anything, she went straight to the rest area and sat down, closing her eyes and resting her mind while waiting for the store manager to come over.

Last night I was willful drinking until midnight, and I filmed another day during the day. I went to the studio just after filming, and then rushed here non-stop. I was already exhausted, so why waste my energy on extra people.

"Look at her! Don't have anything to say! She doesn't buy clothes, but just sits there. It's clearly a sense of presence!"

Guan Ziyao shook her head, "You, have you ever seen someone with such a sense of presence? They should just be waiting for someone!"

"I haven't seen it before, but now I've seen it..." Lu Xinyan muttered.

Yan Ruyi obviously didn't want to get entangled in this matter, so she patted Lu Xinyan and said, "Look at the clothes!"

Seeing Yan Ruyi's unhesitating expression, Lu Xinyan stopped talking.

However, when she thought of what Selena said just now, she became angry. So what if she didn't open it. Originally, she was really planning to open an

agency store, but who knew that the other party would reply her that her conditions did not meet their requirements. It was unbelievable. !

With the status of Daniel's cousin alone, no one would not give her face. It's just a new brand, and she dared to shake her face.

However, who made her really like the design of this brand, and felt that she would not be mistaken this time, and would never lose money again, so she still did not give up...

"By the way, Auntie, come and see this one. It is very suitable for you. I found it when I came to shop last time. Fortunately, it hasn't been sold yet! Because although this one is beautiful, it is very picky. I think only Auntie, you can handle it!"

Looking at the cheongsam embroidered with big begonias, which is gorgeous but not too gaudy, Yan Ruyi's eyes flashed with amazement, "It's not bad!"

"Right, right! Auntie, I'll send you off! You don't need to try it on to know that you will look good in it!" Lu Xinyan directly asked another clerk to wrap the clothes for her.

"Girl, don't you ask me for something?" Yan Ruyi laughed, stroking the dress, she really liked it.

Lu Xinyan shook Yan Ruyi's arm, and tentatively said, "Auntie, you are too smart, in fact... my niece really wants to ask you for help with a small matter!"

"I said, how can you try to please me today? What's the matter?" Yan Ruyi teased.

"It's just... Actually, I want to open an agency store of Zeling, but the other party refused, and even replied to me saying that my conditions are not suitable, I have money and resources, what is it not suitable for?"

"Why did you think of acting as a clothing store again..." Yan Ruyi felt a headache when she heard this, "Xinyan, just listen to your father and be your eldest lady obediently, or go to Daniel's company and ask him to arrange a restroom for you." Isn't it great to have a secure job?"

"I don't want it, I just like to do business! Auntie, please help me to ask my cousin, as long as my cousin has a word, everything will be solved!" Lu Xinyan acted like a baby.

Yan Ruyi looked helpless when she heard the words, "Xinyan, it's not that the aunt doesn't want to help you, it's that I can't say anything to your cousin, why don't you try to find him yourself?"

There are so many relatives in the direct line of the family, if anyone has a small matter and goes to Daniel, then Daniel is not busy, so she usually pushes such requests as soon as she can, and will not bother her son, even if it was the same for Lu Xinyan.

When Lu Xinyan heard this, she drooped her head immediately, with a look of lingering fear, "How dare I go to him by myself, he is so fascinated by that woman, and I accidentally offended that woman last time, maybe that woman is in my cousin's house." What kind of wind is blowing in front of me, my cousin is still hating me... Sister Ziyao, or can you help me talk to my cousin?"

...

## Chapter 970

Since Yan Ruyi refused, she obviously didn't want to trouble Daniel, so it was impossible for Guan Ziyao to go against Yan Ruyi's wishes and help Lu Xinyan without authorization.

Compared to Lu Xinyan, Yan Ruyi was naturally at the top.

Therefore, Guan Ziyao gently persuaded, "Xinyan, your cousin has been so busy recently, it's better not to bother him about this kind of thing."

Hearing Guan Ziyao's answer, Yan Ruyi's expression was clearly satisfied with her actions.

However, Lu Xinyan was obviously going to be unhappy.

Guan Ziyao thought for a while, then continued, "However, it's not impossible. Although I'm not familiar with the domestic side, I can help you find my friend and ask if you can talk to the person in charge of Zeling. talk."

"Great! Sister Ziyao likes you the most!" Lu Xinyan immediately cheered.

"You! Wait, I'll make a phone call for you right now, but don't hold out too much hope, it may not be possible!"

"Sister Ziyao, you will definitely succeed if you go out!"

Guan Ziyao walked to the corner of the shop facing the window, flipped through the phone book, and finally dialed Mo Lingtian's number.

Among her friends in China, Mo Lingtian has the widest relationship network and contacts.

"Hey, Ling Tian..."

"Hey! Ziyao! You are looking for me!" Mo Lingtian's joyful voice came from the other end of the phone. After all, Guan Ziyao rarely took the initiative to call him.

"Ling Tian, I have something to do here, I want to ask you for a favor, is it convenient?"

"Convenience and convenience! Your business is not inconvenient! What is it, you have agreed, and I will keep it for you! It's all right!"

"It's not my business... It's Xinyan who wants to act as an agent for a brand called Zeling, but the other party's audit failed. I just returned to China and I don't know many people, so I don't know if you can help me find some connections. ?"

"Ah... so it's Xinyan..." Mo Lingtian's tone suddenly dropped several degrees.

Lu Xinyan is from the Lu family, Guan Ziyao is so concerned about Lu Xinyan's affairs, for whom, do you need to ask?

"If it's inconvenient, then..."

Mo Lingtian interrupted her and said, "It's nothing inconvenient, just wait for me, and I'll ask for you."

"Then I'm sorry to trouble you!" Guan Ziyao said gratefully, "If you get in touch, tell the other party that money is not a problem!"

"Okay, I see, why are you being polite to me!"

After Mo Lingtian hung up the phone, the indifferent expression on his face was immediately replaced by loneliness, and bitterness spread from the corners of his mouth.

When did he have the heart to refuse her request, even if he knew she was for another man...

After calming down, Mo Lingtian immediately asked someone to inquire about Zeling's condition.

As a result, this small studio is quite mysterious. The designer uses an anonymous name, code name zx, and no one knows who the boss behind the scenes is. In the end, he used some personal means to investigate in depth.

After all, what their Mo family is best at is intelligence search, and it is still very easy to check this matter.

After this investigation, I was stunned!

What the hell!

Zeling's boss is actually that little rabbit? ? ?

Judging from the information he investigated, this Zeling studio is a dark horse in the fashion industry, and its current momentum is catching up with the previous history that has received a lot of attention internationally!

For this little rabbit, he really couldn't understand it more and more...

Because it was Guan Ziyao's entrustment, Mo Lingtian didn't dare to delay, and immediately called Selena after checking it out.

...

## Chapter 971

At that time, Selena, who was sitting in the rest area in a light sleep, was suddenly awakened by the ringing of her mobile phone.

Looking at the phone, it was an unfamiliar phone number.

Selena picked it up casually, "Hello, who is it?"

"Hey, I, Mo Lingtian! Do you still remember that I am not a little rabbit?"

"Oh, Young Master Mo, of course I remember!"

...

In the shopping area, Guan Ziyao looked a little strange when he heard Selena say "Young Master Mo", but he didn't pay much attention.

"Hey, remember it as long as you remember it!" Mo Lingtian changed into a flattering tone, "Little rabbit, you are awesome. I heard that you are the boss behind Zeling?"

Selena raised her eyebrows in surprise, and sat up a little, "How did you know? Daniel told you?"

"Don't worry about how I know. I want to ask Boss Ning for a favor. I don't know if I can? Just for Daniel's sake! I'm Daniel's best buddy!"

"I don't know what's busy?" Selena asked.

"That's how it is. I'll make a long story short. Xinyan wants to act as an agent for your brand, but she hasn't passed the review. Can you accommodate me a bit? After all, the little girl is also Daniel's cousin!"

"Heh..." There was a meaningful chuckle from the other end of the phone.

The voice made Mo Lingtian shudder, "Why Boss Ning? Is there any problem?"

Selena glanced at Lu Xinyan and Guan Ziyao in the shopping area not far away, lowered her voice slightly, and said quietly, "I'm just a little surprised, I can't tell that the young master Mo is actually an infatuated, in order to coax the beautiful Guan, It's hard enough! Knowing that she is for another man, still help her without complaint or regret? "

As soon as the words finished, Mo Lingtian on the other end of the phone was dumbfounded, "You... how do you know!"

He obviously didn't mention Guan Ziyao a word just now!

"No matter how I know, I can't agree to this matter whether it's public or private." Selena refused directly.

"Why? Money is not a problem! You should help your buddies!"

Selena rolled her eyes, "Gong Yu, there are rules in our studio, those who fail to meet the requirements will definitely not be able to act as an agent; privately, Guan Ziyao did all this to get close to my boyfriend, am I stupid? I agree?"

Mo Lingtian: "..."

What a kick to the iron plate!

How could he expect this little rabbit to know everything! It's amazing!

Originally, this kind of thing can't be solved as long as there are connections and money, but this is the situation now, and obviously more money is useless...

Not long after Selena hung up Mo Lingtian's call, Guan Ziyao's cell phone rang.

"How is it? Did your friend call you back! Quickly answer!" Lu Xinyan asked excitedly.

Guan Ziyao smiled and nodded, "Yes, don't worry, I'll take it now!"

"Hello?" Guan Ziyao answered the phone.

Hearing what Mo Lingtian said on the other end of the phone, Guan Ziyao's face changed slightly.

Naturally, Mo Lingtian couldn't tell her the truth, so he only replied that the other party still didn't let go on the grounds that they couldn't break the rules.

"Okay, I see, it's okay, I'm sorry to trouble you, there's nothing I can do about it, thank you!" Guan Ziyao said a few words casually, and then hung up the phone.

"I'm sorry Xinyan, but it still doesn't work!"

Lu Xinyan drooped her head in disappointment when she heard the words, but after a while, she still comforted Guan Ziyao, "Forget it, Sister Ziyao, I also know this studio, it is indeed a bit difficult to deal with, I will think of a way later, hmph , the less my aunt is allowed to act as an agent, the more my aunt will act as an agent!"

Seeing Lu Xinyan like this, Yan Ruyi had a funny and helpless expression on her face, "You have such a bad temper, I don't know when you can change it!"
