Chapter 102: The Trouble Some Elder Brother

"Hey! What are doing?!" yne woke up in shock and exclaimed.

"Nothing trying to wake up an injured man without touching him so that he doesn't hurt," Aisha said calmly while putting down the empty water glass on the table.

"But why did you pour water on me? You could have woken me up even by speaking," Myne said angrily while wiping water from his face.

"Ohh I forget about that, by the way, tell me are you still feeling pain? Or do you need more sleep to recover your wounds?" Aisha asked with a smile that doesn't look like a smile.

"Sigh, how did you find out that I was acting?" Myne asked with surprise while sitting on the bed.

"It wasn't as hard as you think, although your acting was very good, but I have healed a lot of people in my life, and believe me, I know how an injured patient with broken bone sleep. Compare to the real patient you are like a child who gets injured a little bit accidentally, but in order to get a gift from your parents, trying to act as if he has come from a bloody battle.

Your acting is full of loopholes," Aisha said while shaking her head helplessly.

"By the way, how did your injuries get healed so quickly? Even with my healing skill, they shouldn't recover so soon?" Aisha asked with a frown.

"Why don't you guess it? You are after all a smart lady, right? Try it, maybe you found out my secrets," Myne said playfully with a smile, making Aisha more annoyed.

"Oh, you've woken up?" Just as Aisha was about to say something, Anieue enter their bedroom while bitting a fruit in his hand, and spoke with a strange grin.

"Elder Brother! Where are going? Our conversation is not finished yet!" Chasing after him enraged Sylphy also enter the bedroom while madly shouting at him

"How are your injuries now? Since Miss. Sacred Bow had applied Healing magic on you, I believe most of the damage will be gone by now," Anieue asked calmly while ignoring Sylphy's scolding, which made her more angry.

"After getting treated by Miss. Sacred Bow how can there be any more injuries? I am fine now, thanks for your concern," Myne said with a wide smile while looking at Anieue, then at Aisha, making her face red from embarrassment after she heard that Myne called her by her title.

"Sigh, by the way sorry, I went too far..." Anieue said after taking a deep breath and apologizing to Myne with an unwilling expression, and bow a little in front of him. While his head was lower he didn't forget to give Sylphy a knowing glance.

Caught off guard by Anieue's sudden act, Myne hurriedly come back to the sense and spoke humbly, "Ahh, please raise your head, what are you doing Your Highness, there is no need to apologize!"

Sigh, being a Siskon is also not an easy thing, to make his sister happy he is even willing to bow in front of a nobody, well at least I find out Sylphy's elder brother's character, Hard from the outside, but soft from the inside, Myne thought.

After that, Aisha and Slyphy also calmed down, one from shock and another from her anger, and joined Myne and Aniue to engage in a lively conversation of four people.

Aniue wanted to hear about Myne's fight with the Orcs but, Myne just answer his questions vaguely with 60%lies and 40%truth from the start until the end.

"By the way, Myne, it is already this late, do you mind letting me stay here tonight?" Aniue asked.

As if I can stop you from staying here? Myne thought rolling his eyes.

"Sure, why not, although my house is not as big and comfortable as Your Highness's palace, but as long as Your Highness is don't mind, please do stay," Myne said calmly.

"Can you stop please calling me Your Highness? You're getting married to Sylphy, you are soon going to become a family member, so just called me Elder Brother like Sylphy," Aniue said with a smile.

"Sure, if you say so, I don't mind then, anyway, calling from the title all the time is also very weird, I don't know how you guys deal with it all day," Myne said carelessly, immediately accepting Aniue as a family member and dropping all his formalities and return to his true self.

This guy is indeed a weirdo, he changes his attitude really quickly, Aniue thought while raising his eye browser.

After hearing about Aniue's staying, Aisha quickly moved to the kitchen to prepare dinner, and Sylphy also went there with her while saying that she will help Aisha.

Myne also wanted to go into the kitchen to help them, most importantly to run away from Aniue's nonstop inquiries, but his two fiancées strongly opposed him, and forbid his entry into the kitchen.

"Haha, seem like your fiancées don't want to see you in the kitchen," Aniue said mockingly while relaxing on the couch.

"It is not the case, they probably want to talk with each other privately, you know girls always have a lot to discuss among themselves," Myne said with a helpless smile.

"Come to think of it, just now I heard from Miss. Sacred Bow that your house has a considerably splendid bath right? So you don't mind if your elder brother uses it, right?" Aniue asked, even though he knew that no way Myne going to deny him.

"Sigh, sure why not, just wait some minutes, let me heat it up first!" Myne said with a forced smile and hurriedly walked toward the bathroom.

Hahahaha, seeing that expression of his where he is angry but still has to fulfill my all request is really such a nice feeling, no wonder every time uncle come to the palace, he would give us brothers and sisters orders to do various things even though there is a lot of maids and servants in palace, this level of satisfaction is really too good, Aniue thought with a laugh.

Tonight he is in a full mood to give Myne a lot of trouble.

...

That guy is defiantly doing this Intentionally, but sigh, even after knowing about it I can do nothing about it, after all not only he is more powerful than me, but he is also Sylphy's brother and my elder brother from today onward and the crown prince of the kingdom.

Just have patience Myne, he is only going to make trouble for one night, tomorrow, he is on his way, and you are on your, no need to worry about meeting him again before marriage, Myne thought while encouraging himself.

After entering the bathroom, Myne took out 5 water-type pebbles and 4 heat-type and put them in their place in the bathtub. Since he had boiled it in the morning, he can roughly grasp the balance of pebbles.

Soon the bathtub filled with hot water. Myne retrieves the pebbles and put them back into his Inventory. He then put his hand into the water and found that the water is a little bit heated more than it should be.

Well till we finished the dinner, it should become perfectly fine, Myne thought and walk out of the bathroom. He then inform about it to Aniue, who said no problem, and both of them start talking about various topics till Aisha and Sylphy made dinner. Of course, Neither Aniue nor Myne have any hope of Sylphy cooking so in reality they are waiting for Aisha's cooking.

After 30 or so minutes later, Sylphy informs them that dinner is ready.

Aniue sits down at the dining table, and while Sylphy arranges dishes, Myne also comes back from giving Mightyena Trio their food. After that, the three of them also sat down at the dining table.

The dinner made by Aisha was very delicious which immediately get a lot of praise from both Aniue and Sylphy. Aisha was very happy knowing that everyone enjoying her food.

...

"Fuuu, this bath is really splendid. The fragrance of wood is nice, and the hotness of the bath is good. It may even be better than the bath in the royal palace," Aniue said with closed eyes, while laying in the bathtub lazily.

"Haa, as long as you are happy with it," Myne said beside him with a forced smile, now he is the wage of getting out of control and saying some nice words to his Elder Brother which would defiantly not going to bring him anything good.

Just as everyone finished the meal, Myne was caught by Aniue, and the result was us getting into the bath together, although he protest a lot, but in the end, when even Aisha betray him, he can only follow him.

"By the way, Myne, the match just now... do you understand why you lost?" Aniue asked while looking at Myne seriously.

Because of lack of techniques? Myne reply not fully sure if what is said is right.

"Well, Yes and no. In the previous fight... how many skills did you use? Although you try to hide your aura very well, but you forget that no one can have so much strength and speed at such young age without proper teaching or skills, let's not talk about your rock-hard skin and no injury period during our fight. So I feel like you might have used four or five skills am I right?" Aniue asked causally.

F*ck, he noticed, well this is also quite reasonable, even after seeing me not getting injured after sending me to fly two times in a row, even then if he can't find the problem then he really needs to check himself to a powerful healer, Myne thought but decide to not answer his question, anyway, he is not going to talk about his skills to anyone, just let them guess their own whatever they want.
