

## Cheat. A 112

### Chapter 112: Special Night Part 2 ( R-18 )

"Lord Husband, if you don't mind, then let's make love..."

"Huh? Are you sure? Didn't you want to wait until our marriage?" Myne asked with a smile that doesn't look like a smile, while gently massaging her perfect handful size boobies.

"Moan..."

"No, I didn't want to wait, Aisha is already made love with you, and I didn't want to be left behind. So please Lord Husband make me a woman from the girl," Sylphy said embarrassingly while trying to control her shaking body, which was vibrating because Myne playing with her boobs.

"Well, if that is the case then I will be more than happy to fulfil my sweet little wife's wish," Myne said with a smile while giving a light kiss on Sylphy's lips, before standing up in the bathtub and lifting Sylphy in his arm in a princess carry style, the only difference is that both of them are naked.

"Ahh, Lord Husband! What are you doing, please put me down, it is very embarrassing," Sylphy cried out in surprise, and hurriedly covered her own face with both hands.

Myne of course didn't care about Sylphy's words, he spoke while walking out from the bathtub carrying Sylphy in his arm, "We have already accepted our feelings for each other, and is about to become one with both body and soul, then what is there to be ashamed of?"

Saying such Myne opened the bathroom door, which Aisha open only god knows when, and place Sylphy gently on his bed.

Sylphy while laying down on the bed with a red face looked at Myne's muscular body and his little brother. Her Adam's apple moved up and down as she gulped seeing the spectacle in front of her nervously. Both of her hands automatically cover her private parts once again nervously.

Myne then grabs her both arm again and brought them on top of Sylphy's head and lock them there with his one hand, while revealing Sylphy's breathtaking beautiful naked body in front of his eyes.

"You know, you look many times more beautiful like this than normally," Myne said flirtingly while carefully printing Sylphy's beautiful naked image in his mind.

"Re... really? More beautiful than Aisha?" Sylphy asked shyly trying to look into Myne's eyes.

"Haha, yes dear more beautiful than Aisha," Myne said with a helpless smile and lay down on top of her and lock his lips with her.

This time Myne didn't hold back and directly unless his master-level kissing skill, making Sylphy's body shiver from sensation. Myne after finding an opening, his tongue quickly made its way inside her mouth, Sylphy's racing heart geared up as his tongue played with hers. His tongue explored each nook and cranny of the inside of her mouth.

"Mmhhh~"

Sylphy moaned and her core heated up, she felt her love nectar leaking from her honey cave.

But that was just the start Myne didn't hold back, his remaining free hand snaked around Sylphy's thin waist, making its way to her soft boobies, and start massaging them one by one. Then his hand moved from her boobies, and quickly come to her soft ass and played with it however he wanted, just like a child playing with clay.

Jolts of pleasure ran through her spine, and Sylphy lost control. Her virgin pussy overflowed with her love juice, Myne's little brother who was resting on her pussy soon become wet completely.

Myne smiled while kissing her lips as he felt wetness on his little brother.

He then releases Sylphy's hands, and just as he did that Sylphy hurriedly wrap her arm around his neck and legs on his waist, and clung to him like a koala. Myne also didn't hold back and grabbed her ass with both tightly and their kissing become more fierce.

"\*Slurp\*" Myne slurped up all the drool that Sylphy delivered in his mouth. Their tongues entwined, sweeping over each other as their drools swirled in their mouths.

Myne who wanted to start with a small kissing session, now had evolved into a full-blown make-out session.

The wet sound of clicking saliva echoed in their ears, none wanting to pause the melody.

At this point, drowned in pleasure, both forgot everything around them. There was literally no space between their bodies, both of them pressing each other bodies, the wet sloppy sound of their steamy kiss reverberated throughout the whole bedroom.

This is continuous for some more moments before Myne gently grabbed her slender shoulders, and separated her face from his, just a silver strand of saliva connected their lips.

Sylphy panted heavily completely out of breath, her tongue lolling out and her gaze entirely unfocused, the mounds on her chest heaved up and down with her each panting breath.

Myne also was panting slightly as well while he admired Sylphy's funny expression on her scarlet face.

"Lor.. \*huff\* Lord Husband..." With another huff, Sylphy tried to continue again...

But Myne already pecked on her flushed cheeks before he went a bit lower and started licking her sensitive neck like the true hungry beast he was.

"Hnnn~" Sylphy moaned, her chest heaving up and down as her slender arms snaked around his neck.

Myne's mouth produced saliva like he was hungry for days and that drool was dutifully used to soil her whole delicious neck. His tongue and lips felt the softness and smoothness of her neck, he nibbed and sucked on multiple places but none were rough enough to leave his mark, just gentle kisses.

Sylphy's sweet moans filled up with even more pleasure, and her arms tightened around his neck as she buried him deeper in the crook of her sensitive neck.

His lips then followed the love bit and sucked in a bit of her flesh, already a bit slimy from his wild licking session.

Sylphy hummed as Myne's whole weight pressed on her, his lips never leaving her pale neck and now he even grabbed and massaged her both boobies at the same time. His grip was a bit too tight.

"It's hurting, Lord Husband, please calm down. They're not going anywhere," Sylphy softly chastised and hugged Myne's head pressing it deeper into the crook of her neck.

Myne also realized his mistake, he nodded and removed his palm from her breasts and snaked his arms around her waist, going lower and cupping and molding her ass cheeks with his hands, where he knew she wouldn't mind his slightly more forcefulness.

Myne then came above and kissed her lips again, his tongue was without delay invited into Sylphy's mouth.

His little brother already starts rubbing itself on Sylphy's drenched pussy, making her more sensitive. They started to rub their pleasure parts against each other. The friction added more heat to their passion-filled makeout.

Myne rose a bit, breaking the kiss. He looked toward Sylphy with a hungry lustful eye, now couldn't take it anymore, he really wanted to plunge his raging rod deep inside her wet cunt.

"Sylphy are you ready?" Myne asked with a smile trying to calm himself down, after all, Sylphy is still a virgin and being rough with her from the start is defiantly not a good idea.

Sylphy's chest heaved up and down, thinking about the next actions. She took a deep breath and spoke in a low voice, "Yes, Lord Husband, please make me your."

Myne after getting confirmation went down again, he spread her thighs apart and saw Sylphy's heavenly cave which now releasing love juice nonstop.

Let's tease her a little bit before getting the start for more fun, hehehe, she would soon beg me to f\*ck her, and later I can use this to mess with her, Myne thought and after taking his face close her wet pink pussy he blows cold air on her pussy, sending shivers of pleasure down her spine.

Then he gave a big lick to the pink sensitive flesh around her untouched vagina while testing her love juice which told the truth much sweeter than Aisha.

Just when Sylphy was thinking that Myne was about put his big rod inside her, to her surprise he turned his head sideways, licking and sucking her inner thighs. His arms caressed her waist and stomach as he switched between licking her thighs and eating her pussy, goosebumps arose in the wake of his touch on Sylphy's milky white abdomen.

Sylphy whined, she brought her cuffed hands to his head and pushed him deeper into her pussy, her thighs tightly crushing his head. Her arousal was getting out of control because of his teasing!

Now please don't tease me so much you idiot Lord Husband, Sylphy curse Myne in her mind with teary eyes.

Myne finally after feeling Sylphy emotions didn't tease her anymore and inserted his tongue into her vagina.

"Ahn~mmm~!!!"

Sylphy's eyes rolled up to her skull, she hummed and bit her bottom lip, suppressing her moans, her legs wrap more tightly around Myne's neck while trying to push his face deep inside her pussy.

Myne while getting pushed into Sylphy's sweet pussy, move his hand from her stomach and brought his thumb and flicked her clit.

"Ummhhh~ oohh!!!"

Sylphy tongue lolled out as a smile made its way to her lips! Her efforts to suppress her moans were in vain as she made an ahegao face.

Was my body always this sensitive? Or this is happening because Lord Husband touching me, Sylphy thought while enjoying otherworldly pleasure.

"F\*ckhhh~"

Sylphy arched her back, push Myne's face with both her hand and legs with all her strength on her pussy, and release all her emotions, pleasure, and pressure that accumulate deep inside her for all those years in the form of cum into Myne's mouth first time in her life.

"Ahhhh...."
