Chapter 114: Special Night Part 4 (R-18)

After coming out of the bedroom, first Myne went toward the kitchen to drink some water, although Sylphy's cum was sweet but the quantity wasn't sufficient enough to quench his thirst.

Now where is my idiot wifuu? Myne thought and walked toward the room which Sylphy's room which Aisha prepared some time ago, but now she have to use it herself.

The room door was unlocked, and after entering, the first thing Myne saw was, of course, sleeping beauty Aisha in her regular clothes. In order to give Myne and Sylphy privacy after unlocking the bathroom door, she didn't stay in the bedroom anymore and hurriedly walk out from there, without changing her clothes.

Sigh, and just two days ago she said that she can't sleep with her clothes on and only cuddling me naked like a koala did she feel most comfortable. Well, looks like she's not in as good a mood as she was pretending, Myne thought with a smile and walked toward Aisha.

Sylphy's room bed was quite small compared to Myne's one, only sufficient for one person. Myne first took away the quilt from the top of Aisha, and then slowly starts taking off her clothes without making too much movement so he doesn't wake her up.

Aisha was wearing a simple one-piece dress, which has a zip behind it. Myne skill fully unlocks the zip, then slowly pulls down the entire dress, leaving Aisha only in bra and panty.

Hum, now this is how I like to see her all the time, but weird, as far as know although Aisha sleeps late in the morning but she never was such a heavy sleeper that I remove her entire dress and she

didn't even notice. Is she acting? Now this makes sense, so she is acting to be mad at me, huh? She is so cute, Myne thought while shaking his head with a smile.

Then he unbutton her bra, and throw it away, finally giving some peace and comfort to her big boobies.

She never listens to me, don't I tell her that there is no need to wear those tight bras in the house, but no, she still wears them no matter how uncomfortable and tight they are, Myne thought and give a light slap on the back of Aisha's head as a punishment for not listening to his, while moving his hand toward her panty.

Why is she so wet? I hadn't done anything yet? Did she masturbate while listening to Sylphy's loud moans? So doesn't that means that she is outside the bedroom the entire time?

I know it, although she scold me while saying that I am a pervert but she herself wasn't innocent, she is really a naughty girl, but I like it, Myne thought with an evil grin while pulling down Aisha's wet erotic black colour panty and putting it in his Inventory carefully.

"This is my reward for all my hard work," Myne mumbled and looked at Aisha's pussy which was releasing love juice nonstop. After completing all those work he lay down behind her and hugged her tightly.

"My sweet Wifuu, I know you are faking to sleep, but this doesn't matter now, let me tell you an important thing, tonight we are going to make love till the morning, so get ready," After saying that Myne licks Aisha's ears making her entire body vibrate from excitement, then he raised her torso slowly.

There was practically no space between their bodies as Aisha surrendered her whole self to him, only wanting one thing in return — him to quench the fire in her core which burning since she left Sylphy and Myne alone!

Myne joined his pelvis with Aisha's round ass, her well-meaty thighs swallowed his cock and provided it with their warm moist embrace. His one hand massaged her big boobs, her nipples were already erect, while the other tightly hugged her belly, he moved his hips back and forth, slamming his pelvis on her butt, her fleshy ass and soft boobs jiggling nonstop.

Myne vigorously pumped his dick in and out of the small gap between her thighs.

In and out, in and out!

Slapk! Shlap! Pak! Shlap!

The sound of wet flesh clapping fell on his ears, it was strangely pleasing.

Myne grunted, her thighs and dripping pussy were burning in heat, and the pleasure his dick experienced while squeezed between them was something words could never express.

Slapk! Pak! Pak! Pak! Pak! Pak!

Shlap! Pak! Shlap!Slapk! Pak! Pak! Pak!

Pak! Pak! Shlap! Pak! Shlap! Slapk!

'Aisha's thighs like always feel so good!' Myne felt like cumming in just a few pumps, he understood that it was partly because he hadn't touched Aisha for some days and now both of them were together again which made little too excited.

Meanwhile, Aisha's state wasn't much better, although she was pretending to sleep but the more Myne's veiny cock rigorously brushed against her pussy the more she was heating up. Her mind was in chaos — one part wanted orgasm just this instant, while the other wanted to last a bit longer than Myne, so she can make his fun later.

She clenched Myne's arms on her belly for support. Her whole body was up only because of him as she had lost the strength in her legs and core long ago.

Myne's arm that was hugging her slim belly crawled up to her collar bone and after caressing her chest with his hands, he then gently grabbed her sweet sweaty cheeks. He turned Aisha's face to the side and as if knowing his intention, Aisha's tongue automatically lolled out from her humming mouth.

Slapk! Pak! Pak! Pak! Pak! Pak!

Shlap! Pak! Shlap! Slapk! Pak! Pak!

Pak! Pak! Pak! Shlap!

Myne vigorous thrusts only hastened with each passing second. Both of them engaged in a wet sloppy kiss, as he moved his hips in and out with his cock between her thighs. He sometimes licked

her cheeks and jaw, and occasionally rubbed her pussy with his palm and then it went back to her squeezable boobs.

This basterd~ I feel hmmm I'm gon~...na cummhhhh~why he is not putting his dick inside me? Aisha thought with half focus while kissing Myne like there is no more tomorrow.

Myne hastened his already rigorous pumping, his left hand grabbed her neck so that she won't drop on the bed, he removed his right hand from her tits and put it on her pussy, rubbing the naughty bud on her dripping cunt.

Aisha's body trembled due to his touch and due to the sensation of something familiar building up in her abdomen.

Myne grunted, he was at his limit too. He quickened the rubbing of her clit and pussy along with the pace of his pumping.

Shlick! slick! shlick!

His dick brushed against her spasming pussy, their arousal was at its limit, and his rod twitched between her warm and wet thighs.

Slapk! Pak! Pak! Pak! Pak! Pak!

Pak! Shlap! Slapk! Slapk! Pak! Pak!

Pak! Pak! Pak! Shlap! Pak! Shlap!

Slapk! Pak! Pak! Pak! Pak! Pak!

Shlap! Pak! Shlap!Slapk! Pak! Pak! Pak!

Pak! Pak! Shlap! Pak! Shlap! Slapk!

Myne grunted as ropes upon ropes of white liquid expelled out of his twitching cock tightly hugged between Aisha's thighs.

"AAaaaaAAAnnnhhh!!!!!!!!!!!!!!" Aisha moaned and spasmed as well after she felt Myne cum between her thighs.

While Aisha was cumming Myne hold her more tightly in his embrace, as he felt warm liquid falling on his little brother.

Aisha panting and quivering in pleasure while resting in Myne's embrace with a big smile on her beautiful face.

"Did you... hah... liked my thighsh.." Aisha asked after turning around and facing Myne, still panting heavily.

"Yeah... hah, they're the best! I never thought that they would be so good, hahaha!" Myne replies while laughing and then he gives Aisha a deep kiss to let her know just how much he misses having this kind of lovemaking with her.

"You know you become weak just after having sex with Sylphy, otherwise, before this you never cum before me, hahaha," Aisha mocks Myne while laughing with a beautiful smile on her face. All the sadness she was feeling before has long since faded away the moment Myne enter the room.

"You naughty wifuu, dare to mock your hubby, let me teach you some manner," Myne said with a fake angry face.

"Hahaha, let's me see just how much power you left," Aisha said with provoking expression making Myne more annoyed.

But before Myne could do anything Aisha hurriedly escape from his hug, and with her all strength she grab his shoulder and push him onto the bed tightly before climbing on top of him, she grab Myne's little brother tightly and put it's tip on the entrance of her pink wet cave, and after giving Myne a provoking smile, she sits down on it sending Myne big rock hard dick deep inside her in one go directly touching her G-spot.

Ahhhhh....

Ahhh...

Myne and Aisha both moan loudly as they become one after many days of separation.

Aisha whose pussy waiting for Myne's dick for many days immediately orgasmed, her pussy squeezing strongly around Myne's little brother. She then started to move her hips crazily on top of him, as if in a frenzy. Her pussy was completely drenched and very warm, making Myne groan in pleasure.

However, Myne didn't want to control by Aisha, otherwise, she would tease him only god knows for how long, so he started thrusting into her from below, disturbing her rhythm. For some time, their mating was a mess, with her dropping on him as fast as she could and him pounding into her with all his strength.

Finally, Myne grabbed her hips and went on to regulate her movements, taking control of the situation. In her frenzy, Aisha tried to continue banging herself on him but after another climax, she lost the initiative and became the one getting pounded. Myne didn't go easy on her and his cock continued to make her cum several times more.

"More, more! Your big cock, stronger, stronger! Oooohhhh! Again, again! Faster, ohh yes... I miss it so much!"

Myne heard Aisha's voice, he turned her on her back and went on pistoning from the top. He grabbed her nipples with both hands and pulled on them, making her cum once again. Next, he sent one hand over her clitoris and started stimulating it, making her shiver.

He then raised her legs until they were parallel to her body, her feet next to her head, and moved his upper body to completely envelop her from the top, taking her head into his hands and going into a long and sloppy tongue kiss with her.

This position didn't allow Aisha to make any movement and he started insanely pile-driving into her. He went on and on like that, observing the changes in her, keeping in mind his goal to discipline her properly.

Aisha quickly started having orgasms after orgasms, with less and less time in between them, until she reached a point where her cunt went out of control, convulsing continuously. Myne felt a warm liquid on his pelvis and Myne look down and saw Aisha losing control of her bladder, peeing on him.

Hahaha, one more thing which I can use to tease her later, Myne thought happily and look at Aisha, her face was a mess of fluids, with tears and drool smearing it, constantly distorted into a climaxing expression, even while they continued kissing without stopping.

Myne felt that he was on the right track and didn't release her in any way. He was also getting close to his release and gave a few last big strokes before ejaculating everything into her sloppy cunt. The feeling of his cumming into her sent Aisha for an even greater spasm and she trembled uncontrollably for a full minute, her eyes crazy with pleasure.

Finally, Myne felt Aisha completely relaxing into him. He confusedly checked her face and saw that she had lost consciousness, with her eyes still open but completely unmoving.

"Have I done too much?" Myne mumbled worriedly and hurriedly cast the Stamina Recovery skill on Aisha. After a minute or so Aisha slowly open her eyes and look at Myne with a bright smile on her face.

"That was the best sex we ever have, let's not stop so soon, as you said we have the whole night ahead of us" Aisha said excitedly and jump into Myne's embrace and start kissing him like a hungry beast.

Amn, this girl is really crazy, but I like it, This was Myne's last thought before he stop thinking and begin the third round with Aisha...
