Chapter 123: Appraisal Skill Failed?

"Wow!!!"

"Omg!!!"

"No way!"

Suddenly three loud exclams sounded, the first one was of course produced by Ayri but hearing two extra voices Myne frowned and look at his left side and show Aisha and Sylphy who were gazing at the necklace in his hand with disbelief expressions on their face.

Why are they behaving like a child? This is just a necklace, is there any need to be surprised like this? Myne thought confusedly but then he ignored Aisha and Sylphy and look at Ayri who was also shocked seeing the necklace in his hand.

"Is this really my gift?" Ayri asked hesitantly.

"Yes of course, why? You don't like it?" Myne asked back nervously.

"How can I not like something so beautiful, but I can see clearly that it is not a simple necklace but a very precious magic item, and it would be a waste if you give it to me as I never left the castle. you should give it to Sister Sylphy, it would be more useful for her than me," Ayri said with a helpless smile but her eyes never left the necklace not for a second.

"Huu, shily girl, you made me worry for nothing, for a second I thought you don't like my gift. Also, it is not going to waste on you, on the other hand, it is perfect for you, as it will protect you.

As for Sylphy you and I both know that she doesn't need protection, so really it would be a waste to give it to Sylphy, do you understand," Finish speaking Myne in jealous eyes of his two wives and a Siskon brother, tie the necklace around Ayri's neck.

"Thank you so much Brother Myne, this necklace is so beautiful, I will always take care of it," Saying such Ayri hugged Myne once more, and give a sweet kiss on his cheek.

Noooo... Here goes my other sister as well, this devil, I will kill him! Aniuie whose eyes already become blood red from anger, shouted loudly in his mind while gritting his teeth. But in the end, he could do nothing other than watch everything silently.

After all, he can't beat Myne for no reason, otherwise, his both little sisters would be very angry with him, and this is the late thing he wanted to see in his life.

"Well, good you liked it, by the way, let's me introduce my other family members to you," Myne said with a smile and stood up from the ground and pointed at Aisha who was still envyingly starring at the necklace on Ayri's neck, "Her name is Aisha, she is a very bad girl, so if possible stay little away from her."

Aisha who just raise her hand to say hello after hearing her name from Myne, suddenly froze in her place as she heard the latter part.

"Puu, hahaha, Aisha, what have you done that Myne is angry with you?" Sylphy who was standing beside Aisha asked with a smile like taking pleasure in other misfortune while trying to control her laughter.

"Nothing, but now I am thinking to do something very bad," Aisha said with an unnatural smile, some veins can clearly be visible on her beautiful face which shows how angry she is.

Ignoring angry Aisha, Myne next pointed at Ted who from start to end obediently stood beside Aisha like a well-trained soldier, and spoke, "And this little traitor's name is Ted, although it was me who take care most of his needs but at the end of the day he loves Aisha more than me anyone."

"Don't say such a thing, Brother Myne, I think he likes you as much as he like Sister Aisha, it's just he plays with her more than you," Ayri said gently and walked toward Ted, who raised his head and looked at her curiously while waving his tail.

Ayri after coming close to Ted, starts stroking his back calmly, which Ted of course enjoys very much, this is also the main reason why he likes to stay by Aisha's side all day long.

While Myne and the others enjoying such a harmonious conversation, Aniue who was dying from jealousy in the background as everyone literally forgot about him, took a deep breath to call down his emotions and with a stern expression on his face he spoke, "Everyone, except Ayri, let me ask you guys apologize as because of us, the kingdom's trouble entangled with your wedding."

"Ahh, don't worry about it, it's not that much of a big problem! Sylphy, Aisha, and I also agreed to it before accepting that proposal, so don't blame yourself for no reason," Myne said casually with a smile.

Hearing Myne's words, Aniue laughs happily and starts clapping his back with all his strength in order to vent his previous anger in the guise of happiness. "Hahaha, just as I expected, how can you guys mind this kind of little thing."

F*ck, this guy again clapping my back with his full strength, what have I done to make this Sison angry? Is this because I get too close to Ayri? Now this makes sense why he is hitting me so hard, Myne thought while activating his Rock Skin skill.

"Now then, shall we go in and meet Father? By the way, I feel sorry for you, Myne, as soon as your meeting with Father ends, you will go towards the "Divine Spirit Forest" Immediately without any rest," Aniue said with a fake worried smile, but in his heart, he wants to send Myne as far as possible from Ayri.

"Well, although I am also a little nervous to meet Your Majesty but it is not like I have any other option right?" Myne said with a bitter expression while following Aniue.

At first, Myne thought that Aniue would take him to the audience room where His Majesty meets everyone normally, but Aniue actually took him to their family's private room. Probably because Myne is his daughter's groom, so the king wanted to treat him like a family member, rather than an outsider.

King Faren Augusta is one referred to as a hero by the entire kingdom, about whom Myne has only heard in rumors, actually completely different from what he expected.

Speaking of the king, the first thing that comes to your mind would be the kingdom's most distinguished existence, the richest person who showers in gold, beauties surrounding him from every direction giving him services that most normal people couldn't even imagine, a muscular handsome man who doesn't give f*ck about anything.

However, the King in front of Myne completely ruins the original king's image in his mind.

King Faren Augusta is an old man in his 50s, has a simple-looking body nothing worth mentioning. Only his hair looks very cool.

The color of his hair is the same as that of his children, golden, but with time most of the goldenness has faded, leaving only whiteness behind, but he still has a lot of hair on his head, and it too in liberty spikes style, although Myne has no idea how he manages to make his hair like that but to tell the truth this style suits him very well, unlike other people who even before reaching their 50ties lose most of their hair.

Faren is wearing an attire which could be said to be ordinary clothes with relatively few ornaments. Well, even though they look ordinary from the outside but they are also high-level items that Myne has never touched in his whole life.

He also has a smile plastered on his face only god knows if it is genuine or fake, but Myne didn't care, as he himself most of the time greeted other people just like this.

WTF!!! Why are there so many question marks in the third title information? Not even its name can be seen? Don't tell me that title is so powerful that my appraisal skill levels are insufficient to reveal its data? Myne thought dumbfounded but he soon calmed down as he saw Faren staring at him with a frown.

He definitely knows about my original skills, so looking at him too long is not a good idea, I should think about it later, Myne thought and hurriedly moved his eyes away from Faren and casually looked at the middle-aged lady beside him.

But after seeing her carefully, Myne, who didn't give her much attention at first because of Faren, couldn't help but open his eyes widely with shock, his heart literally skipping a beat seeing her otherworldly beauty.

F*ck, I am in love again, I had this feeling last when I saw my Big Sis Maya for the first time. This is the love at first sight, shit, do I really like older women so much? How can I fall for Sylphy's mother? Myne thought while trying to calm down his excited little brother and looked at the status of beauty in front of him...
