Chapter 129: Fun In the Bathroom with June (R-18)

"Ohohohoo, look at it, someone is really very horny hum?" Myne said in a teasing tone while biting June's ear lightly.

"And whose fault it is? It was you who made me like this, okay? First, you f*ck me like there is no more tomorrow and made me addicted to it, then you left me by myself, do you think it is easy for me to calm down my lust by myself?

For the past several days I was dying to take your dick inside my pussy but you bastard never come back, which made more horny and stressed," June said panting heavily while her pussy adjusted itself according to Myne's dick size.

"Ohh, I am really sorry then, I don't know that you were in such situation, if I had known about it, I would have taken time out to visit you no matter how busy I am," Myne spoke with a sad face, and start massaging June's soft boobies.

"Moan..."

"Ohh, yes, just like that, if you want you can be little rough," June said with her eye closed and start moving up and down by herself, clearly she is hornier than Myne, and couldn't wait to reach the peak of pleasure.

"Aren't you in a little too much of a hurry?"

It feels like I was kidnap by you to fulfilled your evil desire and you wanted to use me as soon as possible before disposing of me to save unnecessary trouble, hehehe," Myne said in a mocking tone, then he stop June from moving after his little brother touches her G-stop, let it stay there for some moment, then he gently put his hand on June's cheek and move her face toward him, and looked at her cute face filled with lust, and before she could understand anything, he locks his lips on her.

Myne tongue fluttered against June, and his hands were deep in the softness of her hair, first, it was a light kiss, and then thier tongues started fighting with each other tasting thier saliva.

While thier tongues having fun, Myne's hands didn't stay idle they grab June's big boobies and start roughly squeezing them while pinching pink hard nibbles on top of them, making June shiver from unimaginable pleasure.

After playing with her boobs till he was satisfied, he moves one of his hands toward her nether region and start playing with her pussy with his thumbs. His little brother was already deep inside her pussy drinking her love juice.

"Moan... Can you please start moving now? I am about to cum just by your touch alone," June said after breaking the kiss.

"Sure my horny kitty," Myne said and grab her hips with both hands and lifted her up and stood up in the bathtub as it was indeed too small to do sex comfortably while sitting in it.

After which carrying June in his arm, Myne gradually began pumping into her as he slipped in more off his dick, he locked lips with her again as he continued thrusting.

June moaned with every thrust but because Myne's tongue was inside her mouth, her voice could not come out of her mouth.

The sound of flesh slapping against flesh was all that could be heard in the bathroom and 2 minutes in, June had her first orgasm in Myne's arm but neither of them have any mood to stop. June even grab Myne's neck with her hands, so she won't fall down from his hand, and he can continue f*ck her while lifting her up, which was a completely new but very enjoyable experience for her.

As Myne continued pumping into her throughout her orgasm, he could feel the extra tightness of her pussy and it sent waves of pleasure through his body, but this was far from bringing him to the edge, after all now he isn't a noob like June, he has two women to satisfy every night before going to sleep, if he still cum so easily then isn't he wasting his time?

"Ahhh, yes, harder, baby... Harder..."

Huh? Where did she learn to talk like that? Don't tell me she also starts reading adult novels in her free time, Myne thought but seeing June panting heavily but still wanting to continue without stopping, he slowed down a little, and allowed her a moment of rest, and start kissing her. A minute later, when he felt that June is ready to continue, he began hammering into her.

Each thrust was more intense than the previous one according to her wish.

"F*ck, I come going to crazy if you thrusting inside me like this," June said with her tongue out of her mouth, which look so seductive that Myne become more excited.

Because of extra excitement, Myne's little brother becomes a little bigger than it was. As he is tempo increased with his big dick June felt something getting bigger in her, this feeling sent waves of pleasure through her and she could feel another orgasm approaching.

Myne who was holding back for some time, was also now on the verge of cumming. He holds June more tightly and starts pumping his little brother as deep inside June as possible with his all speed.

"Ahhh... Myne... I am.. Cumming..."

"Me too, just hold a little..."

Saying that Myne ignores June's loud lustful moan, and fully focused on his work.

Soon both of them couldn't hold it anymore and first-time cum together. Myne sends a wave of his white soldiers inside June's womb filling it completely. If he hadn't taken the birth control pill (Both Gender Version), he definitely would be worried that after some months June might come knocking on his door, telling him to take her responsibility.

June could feel the torrent of cum pours into her which was a lot in quantity many times more than the last time.

"Haa, haaa... This was awesome," June said panting heaving while trying to stand on her shaking legs as Myne put her down.

"Yes, indeed, your tight pussy felt really good," Myne nodded his head, supporting June so she won't fall into the bathtub while hugging her and giving her a deep kiss.

After kissing her enough, he lifted one of her white slender legs and put it onto his shoulder, which made June red from embarrassment as even for her this position was very shameful.

"Hey, what are you doing, can't we do it in some normal position? I am feeling very awkward and embarrassed like this," June said with a fake angry expression, which Myne ignore completely as he know what she is saying and what she actually means is entirely the opposite.

So he just smile a little, give her a kiss on her forehead, and again start thrusting his little brother who was waiting for further action inside her showered in both of thier cum.

"Ahhh, aummm..."

"Don't be so rough, baby, I just cum," June begged while tightly hugging Myne as he start hammering his little brother inside her touching her G-spot with every thrust because of thier position. Her boobs were rubbing on his chest giving her extra pleasure.

"Haha, if you haven't told me then I might be a little gentle but since you still have so much energy that you can talk then it seems that I haven't punished you very well, my naughty kitty cat," Myne said with an evil smile and start kissing her, while increasing speed of his movement, making June moan loudly inside his mouth.

"Ahmmm, slawg, I amgj cgh... Yess..."

Because June couldn't open her mouth thanks to Myne, although she trying to say something, but only some awkward sounds escaped between thier tongue which was not something anyone can understand.

"Sorry, dear but I can't understand your this unique language," Myne said in a teasing tone, as he start pinching her pink nipples with his free hand.

"Moan..."

"I won't let you dominate me so easily," June finally calmed down somehow and looked at Myne with determination, then she remove her leg from Myne's shoulder and tightly wrap her arm around his neck and jump on him while wrapping her leg around his waist as well.

"Moan..." This time it was Myne's turn to moan in pleasure as his little brother first time went entirely inside June with such force.

To not let Myne waste her effort after calming down, June herself start moving her hips and wildly pumping Myne's dick inside her as fast as possible, and while following Myne's techniques she also didn't forget to kiss him passionately.

Since she already knows from previous experiences that Myne liked her boobs the most, she didn't forget to use them to make him feel good, while moving her hips back and forth, she lifted herself up a little and forcefully bury Myne's head into her boobies.

I am definitely the first man in the world who experiences heavenly pleasure while still being alive, Myne thought while enjoying the wonderful service provided by June.

But because June wasn't powerful as him, she soon become tired from moving her hips in the air just with her arms support, so Myne finally have to take action, he grab her bubbly butt, and pull them back till only his little brother tip remained inside her pussy, and then slowly pushed them close to him, and send his dick back to its right place.

Myne made no sound as he continued this rhythm, his entire focus was on the tight expressions appearing on June's lustful face as he went in and out of her.

Watching June's face twist around in pleasure made him f*ck her even harder, he leaned in and had another bout of kissing with her, as they kissed he slowly increased the pace of his movement in and out of her.

Before long, the wet sounds of his dick being dragged in and out of her reverberated around the bathroom, a popping sound when he pulled out his dick and squishing sound when her pussy took him back in, the lewd sound sent both Myne and June kissing each other furiously.

The sound of flesh hitting flesh along with grunts and moans filled the bathroom as June felt a mixture of pleasure and a little pain hit her with each movement of Myne's dick which was not a problem for her but instead, it was a good way to hold her back from cumming very quickly.

June grabbed Myne's shoulder unknowingly as her eyes were closed and dug her nails into them, piercing into his flesh and drawing out blood to hold herself back as she was on the edge of cumming again, but she didn't want to cum before Myne.

Myne didn't mind a few injuries as they can heal with his skill within some seconds, the sweet pleasure from June's pussy and the sight of her cute and sexy expressions she was making while trying to hold back from cumming caused him to shiver from pleasure.

As Myne increase the speed of his thrusting into her, June began incomprehensibly moaning out as she was overwhelmed by the feelings of pleasure flowing through her.

"Ahh, ahhh, yesss, baby f*ck me like there is no tomorrow, ahhh..."

The feelings in June were so intense that she immediately pushed Myne, to sit down on the bathtub with his leg wide open, and without delay, she jump on top of him, and began bouncing up and

down on his dick with her tongue hanging out of her mouth, she was completely drunk with pleasure.

June's swift actions had caught Myne off-guard along with the vigor with which she bounced on him, but Myne saw no reason to stop her enjoyment as he comfortably enjoyed the feel of her tight snatch moving up and down his little brother.

Myne enjoyed the sight of drops of sweat trickling down her body as she bounced on him, as well as her bouncing boobies, he reached out his hands and grabbed onto her swaying breasts, enjoying their soft feel as he roughly kneaded them.

A few minutes later, June's moans got louder and Myne surprisingly found himself groaning louder as well, he began slamming his hips into her when she moved down, and he soon felt her pussy grip onto

his dick tighter than ever, and before he knew it, June screamed out louder and cum again.

This time the sensations going through June were so strong that she fell onto Myne's chest panting heavily.

June's orgasm had triggered Myne as he found himself still slamming into her, when she fell over him, he tightly wrapped his hands around her and continued moving his hips but this time with greater speed, and just as June was coming down from the thrill of her orgasm, Myne came into her as well.

June could feel his hot spunk pour into her and flood her pussy until it began hitting on the gates of her womb which were already filled with Myne's previous wave of cum and still didn't get a chance to escape from it as Myne did not even once pull out his little brother from inside her after he put it in at the start.

Because June's action at the last moment was so good, Myne couldn't help but look at her with a proud expression.

After which Myne gently stroke her back and let her rest for some minutes on top of him, while his little brother released cum inside her womb nonstop.

A few minutes later when he felt that June's panting decreased enough, he used Stamina's Recovering skill on her, making her energetic as before she was coming into the bathroom.

"How did you do this? June asked with disbelief as she felt her exhaustion go away, but Myne only chuckle and flick her forehead lightly.

"Magic maybe, what do you think?" Myne asked teasingly and lifted her up and let her stand in front of him making his dick get out of her accompanied by a flood of fluids.

Myne then stretched out his hands and began groping her soft buns, he pulled and stretched them and then began slapping them which elicited some grunts from June.

With a smile on his face, Myne dipped his right hand into her sticky wet pussy and then raise his that hand toward her mouth, "Want to taste it?"

Hearing Myne's offer June nodded her head obediently lowering her face while opening her mouth and sucking on his finger, Myne could feel his already hardening dick harden some more as he watched the erotic sight of her sucking his cum mixed with her own love juice-covered finger.

When June finally released his finger, he sent his hand right back to her pussy and this time scooped up a generous amount of fluid and brought it close to her mouth.

"Lick it if you want more, no need to force yourself if you don't like it," He said gently to her, and without delay, June began licking his hands like a puppy.

"You are just too cute, my little kitty cat," Myne said dotingly and give June a tight hug.

"Baby, I want more of your white cream," June who was silent for some minutes, spoke slowly in Myne's ears, making him shiver from excitement, but he forcefully calm down himself so don't start banging her like a beast.

"Not here, first let wash, then go to the bedroom, there we will continue our remaining work," Myne said with a smile.

"Okay, but remember tonight I am going to eat your all delicious cream, hehe, with your skill which a recover lost stamina, we can f*ck all night, I won't let you go before sunrise, who knows when you visit me next time, it's better to make full use of while you are here," June said cutely while pouring hot water on her head quickly.

Now she didn't want to waste even a single second, she just wanted to get f*ck by Myne as soon as possible after all they only have one night of time.

Sigh, one more girl gets addicted to my little brother, Myne thought helplessly while watching June hurridly washing herself like a child...

I hope I can wake up tomorrow morning on the time...
