

Cheat. A 158

Chapter 158: Drinking Love Juices (R-18)

"You damn evil girl, can't you see how serious I was? You dare to play with my emotion, now I won't be gentle with you anymore," Myne said angrily, and hurriedly put his right hand into the water, and brought it between Aisha's legs.

After which he rubs his middle and ring fingers together on the wet entrance of Aisha's sacred cave.

"Hehee, look like someone is very wet down there," Myne whispered in Aisha's ear before biting the antihelix of her ear with his lips.

"Ahhm, Don... don't say that, It was your fault, Ahhhhhmm..."

While Aisha was talking midway Myne put his both fingers deep inside her vagina without giving her a chance to talk nonsense.

"Huh? Are you saying something? I didn't hear it, can you say that again?" Myne after putting his both finger as deep inside Aisha as possible, he stops his action and said playfully.

"I was saying Ahhhmmm... Moan..."

"F*ck! Stop playing with me you bastard and let me finish saying my words," Aisha angrily yell as Myne start moving his fingers inside her and again interrupt her midway, which made Aisha so irritated that she grab Myne's little brother tightly and start increasing the strength of her grip.

"Now, if you have guts then dare to interrupt me again," Aisha said angrily while staring at Myne like a hunter looking at its prey.

"Are you sure you wanted to do that?"

As far as I remember my little brother is more precious to you than me, if something happens to it, then you have to spend your rest of your life like a widow unless you find a new husband," Myne said with a mocking smile completely ignoring Aisha's threat, as Myne knew very well that Aisha never in her dream would dare to harm his little brother as she is already get addicted to it, and it is night impossible for her to live all her life without it, hell she can't even live 3 days without putting his little brother inside her, this is also the reason why she is so frustrated and gets angry easily.

After saying that Myne started moving his fingers again, and in front of Aisha's fierce eyes, he bent down a little and brought his mouth in front of Aisha's cute jelly-like big boobs and started licking pink hard nipples on top of them like lollipops.

"Moan..."

"Hehehe, like I said you can't harm me, my sweet little wife," Myne said while laughing playfully before resuming his work of sucking his favourite boobies.

During their conversation this time Myne didn't stop fingering inside Aisha, this is also the reason why she didn't say anything back because currently, she is feeling so much pleasure that her legs already start shaking and her both hands firmly holding Myne's shoulders so she doesn't fall down in his embrace, give him one more chance to make her fun.

Hateful, I will take my revenge, ahmm, so good, finally after waiting for two days, now I can have some fun, Aisha thought half focused.

"Sweet as always, I can never be tired of sucking your breasts, sigh, the only thing missing is milk, I really looking forward to drinking your milk," Myne said excitedly and after rubbing his face on Aisha's big breasts, he looks at Aisha whose face already become red as a tomato after hearing his comment, and starting at him confusedly with a face as if asking "Why did you stop?"

Seeing Aisha's face Myne laugh a little, he really enjoyed playing with her, then give her a deep kiss, and pull out his wet fingers from her vagina as he know that Aisha was very close to cumming, and he didn't want to make things easy of her.

"Wh... Ahhhhaaa, why did stop?" Aisha asked while breathing roughly.

"Because I think this should be enough for today, you see I was travelling all day long, and very tired so now I just wanted to rest. How about we do this tomorrow?" Myne said while making a fake tired face.

"What!!!"

How can you..." Aisha wanted to say that she is nowhere near being satisfied, hell she didn't cum even a single time, but after considering that Myne might be tired after spending two days in the woods fighting, it's natural for him not to be in the mood to do sex, she took a deep breath and unwillingly nodded her head, and spoke with a forced smile, "Yes, you might be very tired, we should stop this now, let me clean you back before going out."

Myne look at Aisha who was making a face as if she lost her parents but still had to come to work to earn money no matter how sad she was, and couldn't help but burst into laughter, "Hehehe, I also got you, just look at your face, I suddenly feel guilty for joking with you, hehehe, my cute little wifuu, no matter how tired I am, there is no way that I can let go my cutey without making her satisfied."

After saying that Myne pinches Aisha's cheeks with a smile, before sitting on his knees, and bringing his mouth to the entrance of Aisha's vagina which was releasing love juice endlessly.

Then without giving Aisha a chance to react he open his mouth and start licking her vagina's inner and outer labia like a dog.

"Ammm, moan..."

Aisha moan loudly just as Myne's tongue touch the most precious part of her body, she put her hand on Myne's head to support her body and raise her right leg and put it on Myne's shoulder so he can do his work more easily.

Hehe, I turn my innocent little wifuu into a pervert. Hehe, I am so proud of myself, Myne thought and lick Aisha's clitoris before invading her vagina with his tongue.

Just as Myne's tongue enter Aisha's pussy, Aisha let out a loud moan, and a lot of love juice gush out of Aisha's pussy toward Myne's mouth, and Myne like a thirsty traveller in the desert immediately start drinking her love juice, he didn't let go of a single drop of Aisha's cum, and only when everything dies down, he lick clean Aisha's vagina before standing up.

"Haaa, haaa, you becoming more and more pervert, you know?" Aisha said panting heavily, then she pick up a towel which was placed on the edge of the bathtub and gently clean her cum on Myne's face with a happy expression on her face.

"It doesn't matter, after all, I am your pervert, as long as you are happy nothing else matters," Myne said shamelessly and start kissing Aisha like there is no more tomorrow. Their tongue like snakes

starts fighting with each other exchanging the taste of their saliva while their hands moved around their bodies as if they wanted to explore every part.

"Sit down there, this time let me give you pleasure," Aisha after breaking the kiss said with a seducing voice while tying up her open hair with a black colour ribbon so they don't come in the way of her work.

Huh? Hearing Aisha's request, Myne's eyes lip, he immediately sits down on the edge of the bathtub with both of his legs in the water spreading wide enough so Aisha can reach toward her destination.

F*cking hell this is going to be a lot of fun, Myne thought with a smile while watching Aisha coming toward him with her hands on her boobs and a wild grin on her face, then she sat down in the middle of Myne's legs right face to face his excitedly little brother.

After which without saying anything Aisha's hands sneaked closer, wrapped around the base of Myne rock hard cock. She sucked in a deep breath, stretched closer, and sticking out her tongue, she licked the tip before pressing her lips on his cock.

Myne body jerked momentarily, which Aisha surely noticed and smiled happily as this is what she felt when Myne put his fingers inside her, now she is going to make him feel the same way she felt. Then she sloppily put the tip within her mouth, causing her cheeks to bulge as the cock filled her small mouth.

Aisha moved her hand gripping Myne's little brother, massaging it with her soft hands, and bounced her head down. Thick saliva surged around her tongue and drenched his cock and before long a hot sensation enveloped Myne's entire cock as her mouth reached the base of my cock.

Though her techniques weren't the best as this is just the third time Aisha did this and still need a lot of experience, but the passion of her fiery tongue wrapping every part of Myne's cock was more than enough to make Myne moan in pleasure.

Sitting on the edge of the bathtub, Myne gazed at Aisha's head bobbing at a tempo that made his spine shiver about from pleasure.

Myne then pushed his hand on Aisha's head and played with her golden ponytail. She looked up holding his cock, a hint of pure satisfaction in her eyes.

"Good girl. You are doing a great job, I can say proudly that you are my little wifuu, no less pervert than me, hehe," Myne said laughing and kissing dotingly on Aisha's forehead.

Aisha pulled back her mouth with a pop and beamed a wide smile.

Hot sighs tickled Myne's cock as Aisha gasped for breath, looking up at him with a passionate gaze before speaking, "It's all because of you that I become like this, otherwise, how can an innocent and pure girl like me do this kind of thing?"

Hearing Aisha's bullshit, Myne just roll his eyes as know very well how innocent and pure this girl in front of him is.

Seeing Myne making a funny face, Aisha smiled and lunged back into blowjob, making lewd wet sounds with each bob. Myne groaned while enjoying the scene of her pink lips sliding down his glistening cock deep into her throat and her slick fingers playing with his balls.

Myne lost track of time while being pleased by Aisha's adorable little mouth. She licked every drop of precum leaking from the tip and her delicate hands gently stroking Myne's little brother, all with a completely infatuated expression.

Finally, after 2 minutes of Aisha's hard work, Myne couldn't hold on anymore! He pulled her head, shoving his little brother as deep inside her mouth as possible, and released everything. Aisha gagged on the thick cum blasting from Myne's little brother enter in her throat.

"Haa, haaaaa-haa, haa."

Myne panted while Aisha tried to swallow down all his cum like how Myne did with her without letting a single drop escape from her mouth.

"Although a little bitter and salty," Aisha slurred and swept her tongue over her lips with a wide grin on her face, "But still delicious as ever, my most favourite night snack."
