Chapter 160: They Are Very Sensitive... (R-18)

Sylphy seeing Myne coming towards the bathhouse exit hurriedly closed the door, ran towards the bed and started acting as if she was preparing bedding.

Myne walks out of the bathhouse with only a towel wrapped around his waist, he first looks at Sylphy whose back is facing him and acting innocent, but Myne who shows her peeking inside the bathhouse through the door, already knows what she is trying to do, also the small trail of love juices leaked down from under her skirt all the way to her foot clearly indicate how much fun she had while watching him and Aisha f*cking each other.

After staring at Sylphy Myne looked around the room but didn't find Ted and Waffle.

Huh? Did Sylphy send them away so they don't disturb us? And here I thought Sylphy is very innocent and pure, but it true out that she is no less horny than Aisha, it seems like both my wives are perverts, Myne thought with an evil smile,

Thinking such Myne walked toward Sylphy and hugged her from behind, putting his head on her shoulder, he whispered in her ear, "I didn't make you wait too long right?"

"No, Lord Husband, while you and Aisha were taking a bath, Ted and Waffle got bored and started making trouble so I sent them to Ayri's room, after coming back I was about to prepare bedding when you came out," Sylphy said while turning around and looking into Myne eyes with a red face, clearly her lying skills are not as good as she thinks.

"I see, you did a good job sending them to Ayri, otherwise, they would definitely disturb us," Myne said with a wild grin and before Sylphy could react, he grabbed her hands, brought them on top of her head, and pushed her on the bed.

"Ahh, Lord Husband what are you doing..." Sylphy exclaimed softly while looking at Myne who was lying on top of her face to face with a playful smirk on his face, both of her hands were tightly locked onto her head by Myne with his one hand while his other hand stroking her cheek gently.

Watching Myne smile Sylphy didn't dare to make eye contact with him, and because of their embarrassing position, her face became so red that Myne even showed imaginary steam coming out of her head.

"Hehe, why are you so embrass? It is not like we are going to do this the first time, you should be a little more bolder like Aisha. We are soon going to be husband and wife, so there is no need to be so shy," Myne said while laughing.

"I know this, but still, it is a little difficult for me to be bold like Aisha," Sylphy said softly while looking into Myne's eyes.

"Well, you should become more confident after I give you enough love," Myne said confidently and moved his head forward and locked his lips with Sylphy's pink cheery lips, her lips were like the softest petals of a rose, creamy and smooth against his lips, making Myne wanted to eat them till his last breath.

As time passed their kiss started to become fierce, Myne's tongue had long ago invaded Sylphy's mouth, and now entertaining her tongue, although Sylphy felt uncomfortable because Myne firmly locked her hands on her head, and she couldn't move her body at all, but this uncomfortableness soon vanish as Myne free hand like a snake slip into her shirt and went into her bra and grab her breast tightly making her moan into his mouth.

Small but perfect handful size, only if they were softer like Aisha then it would be more better, because of her childhood intense knight training they become a little muscular and tough, which made their growth stop and if I wanted to develop her breasts and butt, then I have to work extra hard on Sylphy, Myne thought and made the future plan of how to make his second wife body more plump, but then he stops thinking as currently, he has very important work to do.

After massaging Sylphy's boobs under her bra, he rubs her rock-hard nipple with his palm before pinching it gently.

"Ahhhm... Moannn..."

Sylphy let out a loud moan in Myne's mouth as he started playing with her nipples but because nipples were Sylphy's most sensitive parts of her body her reaction was very big, which made Myne very excited.

"Haaa, haaa, Lord Husband please be gentle there, they are very sensitive," Sylphy requested while panting heavily.

Myne nodded his head and start another round of passionate kisses, this time Myne move his hand away from Sylphy's boobies, and let it slip down on her body all way till it enter into her skirt and come on top of her wet panty.

Feeling Myne hand on top of her panty Sylphy wanted to stop him as she knew that if she didn't stop Myne he would surely find out that she was lying before because she was extremely wet down there, and her entire panty was sock with her love juice.

But before she could try to break free her hands, Myne's hand already went into her panty and after gently messing with her pubic golden hair which she didn't trim on Myne's special shameless request, he start rubbing her cunt.

"Ahhhhmmm..."

"Ohh, Sylphy I didn't expect that you would become so horny just getting kissed? And thanks for not timing your pubic hair, I like your golden soft hair down hair very much," Myne said playfully while looking at Sylphy under him who was panting heavily and trying to avoid eye contact.

"Hahaha, don't be so embarrassed, Aisha and I both saw you peeking inside the bathhouse, and I have to say your peeking talent is the same as my naming talent completely useless," Myne said mockingly and brought both of his hands together and started unbuttoning her shirt.

"What! You guys know I was peeking at you? But then why you didn't stop me?" Sylphy asked confusedly while putting her palm on her cheeks and letting Myne remove her clothes as this is not the first time he has done this with her.

"Why should we stop you? Is not it better to let you see so you can also learn some moves? If you weren't so shy Aisha and I have long ago invited you to have sex together," Myne said gently, while removing Sylphy's shirt and throwing it on the couch, then he skillfully removed her bra, finally giving freedom to her two warriors. Her full breasts sprang free and quivered.

After which Myne tease her boobies a little before unzipping her skirt, and pulling it out leaving only a super wet blue colour mesh panty behind.

"Sex together? All three of us?" Sylphy mumbled shyly but just then she heard Myne's question.

"Hehe, did you masturbate while watching us? You completely soak your panty with love juices," Myne asked playfully and rubbed his index finger on her wet panty soaking it in her love juice before putting it in his mouth.

"Lord Husband, don't do that it is dirty," Sylphy bagged quickly but Myne ignored her.

"Hum... Sweet like honey, as expected of my little princess, your love juice is more delicious than your lips no matter how many times I taste I always marvel by it," Myne said shamelessly and after grabbing her both legs, he lifted them up and pull out her wet panty leaving a trail of thick cum connected to her pussy behind.

"Now it's time to massage your boobies", Myne said and put away Sylphy's super wet panty inside his Inventory for some ulterior purpose, before sitting on the bed, then he help Sylphy to sit down on his lap and brought his mouth to one tight nipple.

A low moan escaped Sylphy's lips as her body arched against his. As Myne's tongue circled the hard pink bud Sylphy's fingers tangled in the mess of his hair as she held him closer, wanting to bury his face into her breasts. A gust of wind blew through the room through the window, moving Sylphy hair wildly around her face, yet her mind remained blissfully unaware.

Everything seemed distant to her, as she was lost in his worship of her bosom.

Sylphy threw her head back as and clenched her eyes shut Myne started sucking her nipples roughly, his lips, teeth, and tongue relentlessly teased her breasts. He kissed and sucked them until they were swollen and hard in his mouth. Then he flicked his tongue over her nipples, one, then the other, around and around as she twisted against him.

"Don't suck so hard," Sylphy whispered sultrily. "They don't have milk in them."

Myne pressed his face into the warmth of her chest, his breathing soft against her skin. He lifted his head to look at her and smiled. "They'll have milk soon just wait and enjoy."

Sylphy face reddened hearing this, she put her hands on her cheeks again and asked shyly, "A-Are you going to impregnate me?"

"Not now, we are still too young to have children, and I want to travel the world with both of you, If we start having children so soon then what we do later? And who said that you have to be pregnant in order to produce milk in breasts?" Myne asked mysteriously.

"What do you mean?" Sylphy asked confusedly as she had read in books that only when a woman becomes pregnant then her breasts start producing milk, but now Myne saying it wasn't the case.

"Well, you will find out soon, now your boobies massage is completely time to eat a little dessert," Myne said and lifted her off gently by her ass and set her on the edge of the bed.

Spreading her legs wide, he then sat down on his knees right face to face her wet pink flower and admired her womanhood—the delicately wet folds of her soft skin, the pink petals of her arousal, framed by a tantalizing patch of golden hair.

Sylphy squeaked as she felt Myne's warm breath against her pussy. "What are you doing Lord Husband? Please don't start at me like that I feel very embarrassed."

"Haha, relax, before we start love making, It is natural to taste your honey full-heartedly, Myne said teasingly.

But that is dirty, and I have not cleaned that place for the entire day, and there is also a lot of sweat as well, Sylphy said embarrassingly while covering her face.

"Hahaha, then it is more better, now I can eat salty honey, also for me not a single part of your body is dirty, so don't say that again," Myne said while licking his lips.
