

## Cheat. A 175

Chapter 175: I Made Aisha Sex Addicted?!!

"We are back! Wafuu"

As Myne and Waffle walked out of the portal, two violet lumps hurled themselves at Myne with breakneck speed, enough to make Myne collapse along with a 'Puff' sound.

"Myne!!!!"

Waffle's siblings called out at the same time.

"Hey! I am also here, don't ignore me!" Waffle said with dissatisfaction, but after seeing that his elder brothers didn't care about his mood, he showed them his tongue annoyingly before flying toward Fenrir who was sitting under the giant tree in their house.

"Okay, okay, I understand that you guys are happy to see me but please stop licking me," Myne said helplessly while putting down both little monkies on top of his stomach.

"Hahaha, don't be shy Myne, they just wanted to show how much they miss you," Fenrir jokes while watching Myne's annoying face with a giggle.

"Ohh, that's wonderful, I really appreciate that you two like me so much. But you guys should do something more interesting than licking me, how about eating some delicious food? Myne said with a smile, and took out various kinds of cakes, cookies, pies, pasteries, buns, juices etc, which he put in his Inventory yesterday night after dinner.

All of those foods were prepared specially for him by royal chefs, and Myne became full after eating 1/5 of the entire food but he doesn't have the heart to let them go, so he puts them in his Inventory.

"Wow, thank you, Myne," Waffle's sibling, after watching the pile of delicacies in front of them, their eyes shone brightly with excitement, they licked their lips and after saying Myne thanks they started devouring food as if they were hungry for months.

"So how did you guys come back so early? I thought you were very excited to get new skills?" Fenrir asked with some sadness while watching her children eating like hungry monsters, although she didn't want to admit it but she had to say that when it comes to food she really can't make her children as happy as Myne.

Myne then casually blurted out the whole thing about Jor being busy with his dragon ruler things and himself not being in the mood to explore the labyrinth. After which Myne sat down beside Fenrir and talked about some small events specifically about the war, but Fenrir lightly said that she was never interested in those kinds of things, so she didn't know much about it.

As long as some idiot doesn't mess around in her forest she doesn't even go much far from her home.

Then Myne spent half an hour with Fenrir's family, played with Waffle's siblings, and then finally said goodbye, although Waffle's siblings were very sad and didn't want to let him go, but after Fenrir gave them her motherly love, they immediately become obedient.

"Let's go Waffle, we still have to do a lot of things. See you later little guys, next time I will bring more delicious food for you," Myne after dropping the sentence, waved his hands at the Fenrir and her other two kids who had small bumps on their heads and moist eyes, before opening the portal in his own room in the royal palace.

I have wasted a lot of time, it should be enough to fool them that I fight with the dragon with my life on the line in order to bring him away from the town to save everyone. With this kind of eye-warming effect Father-in-law wouldn't be stingy to give me a generous reward, right? Myne thought while rubbing his chin and entering the portal with Waffle on his head.

...

"Myne!!"

The one who first great Myne was naturally Aisha, his elder wife, and without waiting for Myne to walk out of the portal completely she grabbed his hands and pulled him into her embrace, without caring about poor Waffle who fell down from Myne's head.

But shortly after just when Myne enjoying the feminine scent of Aisha's body, as well as two soft big bumps rubbing on his chest nonstop, Aisha broke the hug with a serious expression and quickly started unbuttoning his shirt.

"Hey, hey, Aisha, Dear, calm down, I know we didn't play well last night, but you don't have to be so impatient, I am not going anywhere," Myne said helplessly while grabbing Aisha's hands and stopped her from making him naked, even though Myne know long ago that he made Aisha a little pervert but only today he relies that Aisha starts becoming addicted to his little brother, which is not a good sign.

"What nonsense are saying, do I look like a pervert to you who only thinks about sex all day long? I am checking how many bones you have broken while fighting with that damn dragon, and wherever got some life-threatening injuries or not.

Don't forget before being your wife, I am a healer first, it's my job to keep you healthy and fit," Aisha said angrily and hurriedly broke free from Myne's grip, and in front of Myne's worried expression she removed his shirt, clearly his wife who always stays calm from outside with a playful personality, and doesn't show too many emotions other than when they were having in-depth exercise, actually worry a lot about him.

Hoo, false alarm, how can someone as clever as Aisha become a sex addict? I am really thinking too much recently, Myne thought while wiping non-existent sweat from his forehead.

"See, I am not as weak as you think, how can a stupid lizard hurt me, Your almighty husband?"

You should have more confidence in me," Myne said with a giggle while putting back his underwear, when Aisha said that she wanted to check his entire body, she really wasn't not joking, she actually removed all the clothes on his body, and only after finding no injuries on his muscular body, which now showing signs of getting little fat, thanks to Aisha's continuous care and healthy food, did Aisha take a breath of relief.

"Hum, it is not that I didn't believe in your power, but as a healer, it is my job to check your body during and after the battle. After all this is a matter of my future happiness, only with a healthy body you can make me satisfied, and I am not going to risk my happiness for your self-esteem," Aisha said disdainfully hearing Myne's self-boasting.

"Are you insulting me or praising me?" Myne asked playfully while taking Aisha in his arms and stealing a deep passionate kiss. Soon their tongues start provoking each other, and Myne's hands like naughty snakes start doing their work.

One went into Aisha's t-shirt, and after skillfully lifting up her soft bra, it started messing with her hard nipple, while the other one entered her skirt, then dived into her silky panty, and two of its fingers after rubbing her vagina entrance and feeling that it is already super wet, immediately entered inside her wet tunnel.

"Moannn..."

Aisha moaned in Myne's mouth loudly feeling his naughty fingers inside her cave.

Myne also enjoying Aisha's softness and tasting her saliva after an entire day of hard work, and was about to take Aisha to the bed to take their light exercise to the next level when suddenly he heard a sound from outside his room door. Seem like some don't want to see Myne happy.

With a heavy heart, Myne unwillingly broke the kiss and withdrew his hands from his most favourite places, while Aisha with a confused face stared at him still don't understand why Myne suddenly stop when she is almost about to cum? This is clearly not his style.

"Sorry, honey, but you have to wait till the night, it seems like someone didn't want to see us happy," Myne said with a forced smile while pointing at the room door which was showing a sign of getting open.

Seeing the room door was about to open Aisha came back to her senses, and quickly ran toward the bathhouse with a red face to adjust her clothes which almost became a mess thanks to Myne, especially her panty, which was so wet that Aisha had to change it now if she want to walk comfortability.

Soon door fully opened and a girl with shoulder-length golden hair, and a worried face entered the room, but when she saw a man in the middle of the room wearing his shirt and looking at her with a smile on his face, she couldn't help but open her eyes widely in surprise.

"Yo, you look very worried my little princess, has someone bullied you? If so then just say his name, I will teach him some manner later," Myne said with a smile, threw the shirt that he was about to wear on the bed, and opened his arms wide toward Sylphy.

"Lord Husband!!!"

Sylphy cried out in surprise after coming back to her senses, she hurriedly ran toward him and like a rabbit jumped into Myne's embrace and hugged him tightly.

"Well, it would be a little difficult to teach myself a lesson, maybe you can help me to beat down your Lord Husband so he won't make you worry again?" Myne spoke with a giggle while rubbing Sylphy's back to calm her down.

"Lord Husband, please stop joking, do you have any idea how worried Aisha and I were for you? After we got the message from the Adol Town that the dragon mysteriously disappeared, we were constantly uneasy about you," Sylphy said while making angry pout expressions.

"Honey, I didn't expect that you guys would be so worried about me during this whole time, please forgive me, I won't do this kind of thing again," Myne said with an innocent smile and gave Sylphy a lovely passionate kiss as well, but because she was wearing tight Vintage Lace Straps With Cardigan Dress, Myne naughty hands can only wonder outside her dress.
