Chapter 186: Maya's Visit (R-18)

"Ohh, yes, just like this, f*ck me like you've never done before. Ahmm, yes faster, more faster..."

"I am trying, okay. Who ask you to take virginity restore potion, and made your vagina f*cking so tight?"

"But you like it, don't you? After all, till now you f*cking my old pussy but now you finally get a chance to break my hymen and experience my new untouched pussy," Maya spoke panting heavily with a crazy grin on her face, and start kissing Myne passionately.

"Big Sis, you are becoming more and more nasty pervert. You deserve a spanking!" Myne said with a wide smirk and forcefully turned Maya onto her stomach.

Myne half-heartedly fought back, after seeing Myne taking out his big rock-hard dick from her newly tight pussy just when she was about to cum. She squealed as she felt Myne hand smack hard against her big jelly-like ass again and again.

Although It hurt, but as horny as I am now, it hurt soooooo f*cking good, Maya thought while burying her head into the pillow.

"You little rascal, dare to spank your Big Sis!" Maya exclaimed as she turned over and pushed Myne back onto the bed. Her ass was still stinging as she mounted him. Grabbing his dick, she guided it to her super wet pussy hole and sat down on it until his dick kiss all the way to her womb.

"Ammmm, so tighttttt..." Myne moaned loudly.

"Ohhh, yess! Now I feel much better. Stretches and fills me so good." Maya groaned with a natural grin with her hands on Myne's chest as she sat on him without moving, enjoying the feeling of having him inside her again.

Because of a previous unfinished exercise, a quick orgasm hit Maya as she began to ride Myne. She squealed and quivered with pleasure as her juices bathed his cock.

As that orgasm subsided, Maya began riding him again. She panted heavily as she rotated her hips and their pubic areas meshed together. Her clit rubbed against his pubic bone, and his cock stimulated her G-spot so deliciously. Another orgasm rose up but this was in both of their bodies.

"Ohhhhhhh, I'm cumming! Moannnn!" Maya cried as cum and collapsed on top of Myne, her body trembling.

"Haha, amazing, finally a nice orgasm after so many days," Maya said happily.

"That's good. Since our warm-up is finished, then let's start real exercise," Myne said after taking a deep breath. He rolled Maya over until he was on top and began to thrust in a slow corkscrew motion.

God, he felt so good, he becoming more and more experience in this, it seem like he is having a lot of fun with his fiancées, Maya thought as her pussy clenched and sucked at Myne's cock as he screwed her.

"Your pussy is so hot, tight and wet, my naughty pervert Big Sis!" Myne said as their eyes locked.

"Yes! Give it to me! F*ck your Big Sis as much as you want, my baby! I'm a whore for your big dick! F*ck me, you sexy little rascal!" Maya exclaimed with a sultry expression, then slapped Myne on his butt.

"You shouldn't have done that! Now I gonna f*ck the hell out of this hot cunt! Gonna f*ck you hard, big boobs pervert!" Myne growled as he began to pound Maya with long hard deep thrusts. The power of his thrusting made Maya squeal and groan with pleasure.

"Although I am going to punish you later for your foul language but now... Yes! Yes! God, I'm gonna cum again! F*ck! I'm cummmmmiiinggg!"

Ammmmmmm, Yesssss!" Maya cried, holding her legs up and spread wide as her body spasmed.

Myne even after cumming continue his thrusting for the next 30 seconds before he slowed his thrusting and enjoyed watching the passionate expressions of ecstasy Maya was making.

Then after Maya's breathing calmed down, still his little brother deep inside her, he hugged her tightly and lay down on the bed with her on top of him.

"So how are you? I thought you were going to come yesterday?" Myne asked while combing her hair with his fingers.

"Ohh? So after f*cking me like a whore, now you are asking me how am I? You really change, Myne. This isn't the way I raised you," Maya said playfully while making a fake sad face.

"And whose fault this is? When I came here before I could even say hello, you directly jumped on me like a hungry tiger on meat. You didn't give me any chance to say anything else," Myne said angrily and flicked Maya's forehead.

"Ouch, hey. How can you hit your Big Sis? After staying with your little fiancées, now you dare to hit your sister, you traitor," Maya still in a playful mood jokes, she lifted her ass and little pinch on Myne's nut sack.

"B*tch!!!" Myne yells in pain, but he quickly realises his mistake and covers his mouth.

"What did you say?" Maya questioned with an eyebrow raised.

"Nothing, I was saying where is Big Bro Jin? Don't tell me you come here alone," Myne quickly changed the topic seeing Maya giving him a dangerous glance.

"He told me that he is going to the market to prepare a special wedding gift for you, and also going to meet his old friends. He won't be coming back tonight," Maya said with a frown and decided to ignore Myne's speaking forbidden words this time.

Although she is very open-minded with Myne, but this doesn't mean that he can do whatever he wants in front of her, at least foul language is definitely not allowed, of course, some normal words during sex are still acceptable.

"Then are not you going to prepare a wedding gift for me?" Myne asked with a smirk.

"Well, how about this gift, you want them from your childhood right, even now you still never tried playing with them," Maya reply playfully and jiggle her giant boobs in front of Myne and then she lower her body and bury his head between her heavenly boobs.

"Omg, I love this gift," Myne muttered happily while enjoying boobies face massage.

"Hehe, you really like them very much, don't you? I can feel your little brother getting more harder and bigger in my vagina," Maya giggles and slowly start moving her hips up and down.

"By the way, when I came here yesterday I heard some rumours about a boy who defeated a dragon, Myne do you know anything about it?" Maya asked with a gentle smile, his little brother was still inside her, she sat down on top of Myne with her legs crossed and stared at him waiting for his reply.

Seeing Maya's smile which was no different from a sign of an upcoming beating, Myne swallowed his saliva nervously, and just as he activated his Lair skill and wanted to make a random story to convince her, Maya spoke again...

"I heard that boy whom people are calling Dragon Slayer or Mediator or something not only is a commoner but also the fiance of First Princess Sylphid Augusta.

Ohh, and I also heard that boy fought with the dragon very bravely, he nearly lost his life while saving innocent civilians, and later after taking the dragon away from town, one more dragon came to trouble him, and he fought with both dragons at the same time, and in the end with wits and courage, he defeated both dragons. Myne, dear, what do you think about that boy?"

Maya asked while gently stroking Myne's stomach with her fingers, but Myne could clearly see veins popping up on her forehead.

F*ck! I am done this time. Big Sis looked very pissed off, last time I just fought with an orc and she beat me so much that I have nightmares about that beating for next entire week. But this time I literally fought with a dragon, and it seemed like some bastard added their imagination while spreading rumours about my battle, which work no different than oil in the fire.

I wonder just how angry Big Sis would be currently but looking at her expression she seems very very angry this time. Sob, god, please someone save me, Myne thought weakly, he could clearly see Lady Death coming toward him to take him with her.

"Myne, why are you not talking? Don't you have anything to say? By the way, now I remember, it seems like someone once promised me that no matter what happened he would never do anything that could be dangerous for his life, and I think fighting with a dragon shouldn't come in this category, right?" Maya asked innocently while putting her index finger on her lips.

Sob, where the hell is my guardian angel? Someone help, Myne yelled in his mind, but outside he was just silently staring at Maya's breasts with a guilty expression which was continuously moving up and down, indicating how angry she is. His little brother inside Maya who was very excited a moment ago also calmed down after seeing that no further fun is going to happen any time soon.

F*cking hell so powerful? No wonder Big Bro Jin never dared to raise his voice in front of Big Sis. Also now I know why he is out there wandering in the market alone and searching for a Special wedding gift for me and meeting his old friends, he definitely ran away after Big Sis heard my deeds, Myne thought and crushed Jin for abandoning him in such a dangerous situation.

"Good, since you have nothing to say then there is no need to waste time," Maya said as she put away her smile, she got up from the top of Myne and walked toward the cupboard.

Then she opened the cupboard, took out a big bag from it, placed it on a table, unzipped it, and slowly took out a large number of healing potions and some other potions about which Myne had no idea.

"Do you know why last time I beat you so hard, even though before that I never even slapped you no matter what you did?" Maya suddenly pause and after taking a deep breath she question.

"Because you didn't want to lose me in any condition," Myne calmly replied in a guilty voice while sitting on the bed, he already accepted the reality that no angel or heroine coming to save him.

"After your Mother's death, I vowed in front of her grave that no matter what happens I will protect you from all harm, it doesn't matter if that harm comes from outside or you yourself decide to suicide. I will protect you till my last breath, so now it is time to take your suicidal and heroic thoughts out of your head.

By the way, do you have any last word?" Maya asked without any expression, her entire body surrounded with a blue colour aura making her look more scarier especially after she started rubbing her fists.

Sis, please try to be a little gentle, you see I am getting married in a few days. Also please spare my face and little brother," Myne said with a forced smile seeing Maya walking toward her.

Ooh, sure, how can I harm my two most valuable things? Also don't worry, I won't waste too much of your time," Maya said with a sweet smile.
