Chapter 193: Wedding Preparation (Part-1)

After getting kicked on the crotch area, Carl didn't make any earth-shattering sound or something. He just grabs his eggs with eyes so wide open that nearly fall out from their sockets before collapsing on the ground.

There was deadly silence among the audience as no one had expected that Myne would use such a dangerous trick to deal with Carl. Some have dumbfounded expressions while some have shocked ones, but everyone looking at him with genuine pity, clearly, they can understand his pain.

After all, everyone present on the training ground are man, and they understand very well what kind of unimaginable pain a man suffers when hit by that certain place.

"That must have hurt a lot," A random knight commented with sympathy while others nodded their heads in approval.

"I never expected that Lord Myne would attack there, and that kick doesn't look weak," Another knight said while shaking his head.

"Well, that was reasonable for Lord Myne to use every advantage he could to win, after all, it had only been half a week since he started training, unlike Carl who had months of experience, this match was never fair enough at first place," The stone face knight leader spoke calmly.

"But still as expected of the Dragon Mediator, no one can beat him," One of Myne's fans spoke among the crowd with a face filled with awe for Myne.

"Okay, everyone, the show is over now go and do your work, Jack, help Carl and take him to the healer. Also, let him know that I am giving him three days' vacation, he deserves it," Aniue ordered annoyingly, and everyone quickly got back to their work, while still discussing Myne's battle.

"Yes, Your Highness," The guy named Jack replied respectfully and with the help of one more knight he picked up Carl, and took him away.

"As for you, Myne. As far as I remember this is not how a knight should fight, right?" After everyone left Aniue came to Myne, and said disdainfully, clearly in his eyes kicking someone's private part and winning a battle is not an honourable act.

"But Elder Brother you might have forgotten something, I am not a knight, never was. So why do I care how knights fight? For me using my wisdom to fight with a more powerful opponent and attacking his weak part to win the battle is the most reasonable tactic instead of putting my life on the line for just sake of illusory honor."

"By the way, Elder Brother, my mock battle has ended well, what next, do you have any other task for me?" Myne asked a little impatiently.

"Well, although at the start I thought that it would take 1 or 2 months of time to let you teach all the basic exercises of knights as well as some dagger techniques, but after observing you closing for a period of time, seeing your unbelievable progress speed, and finally with you beating a knight, shamelessly, now I can say to you that your mandatory training has come to the end.

Now you are free to do whatever you want, but I still hope you come here if not daily but once in a while and continue practising with us if you have time. Continuing this kind of training is good for the body, after all. I'll run it by the knight units on my side, so don't worry and come," Aniue said with a calm voice.

"Sigh, if you ask me so gently then how can I refuse you?" Okay, I will try to come here whenever I'm free," Myne said with a genuine smile, and continued, "Now do you have anything else to say?"

"No, why?" Anieue asked confusedly.

"Then see you at the wedding, bye..."

Saying such Myne quickly opened a portal in front of him and disappeared in it.

"Tsk, would I also be so busy and impatience at my wedding? I should discuss it with Roger, she seems to know a lot of it, and why do I feel like I am forgetting som... F*ck!!! I haven't decided on Sylphy's wedding gift. F*ck, how can I forget such an important thing?" Anieue exclaimed while holding his head, and quickly ran toward the palace to take advice from his sweetheart.

...

"Big Sis!! I need your help!"

After coming out of the portal, Myne looked around, and after seeing Maya lazily lying on the bed reading a book, he quickly jumped on her and yelled.

"Calm down, my little monkey, and I am not deaf, why are screaming so loudly? Also what kind of help do you need," Maya asked calmly while putting her books away, and after taking her handkerchief, she gently wiped the dust from Myne's face.

"My wedding date has been announced, and it will take place tomorrow evening. But till now, not only I haven't bought wedding rings but I haven't even decided what the hell I am going to wear at the wedding. Quickly give some suggestion, what should I do? Myne spoke hurriedly with a bit of nervousness.

"Okay, okay, my little tiger, first took a deep breath... Good, now first tell me how much savings do you have currently?" Maya asked seriously like a pro.

[Money: Platinum Coins (450) Gold Coins (5500)]

"Well, around 100 Platinum coins?"

Myne quickly peek inside his Invenotry and after a little hesitation, replies weakly.

"Although 100 gold coins might... What!!! What did you say? How can you have so much money?" Maya, who was calm from the beginning after realising that Myne said platinum, not gold coins, grabbed his collar and asked dumbfoundedly while shaking him like a doll.

"Myne, tell me you are not doing anything illegal, right?"

"What are saying, Sis? Do I look like a bandit to you? I am a person with a big family, okay, how can I do illegal things? Also with my power, killing some powerful monsters and selling their body is a hundred times more profitable and safe way to earn money, than doing illegal work," Myne replies disdainfully while burying his head in Maya's soft braless boobies.

"Well, then I am relieved, but still saving so much money in such a short amount of time, I am quite envious of your powers. you know when I first awakened my powers, it took me entire money of hard work to save 15 gold coins to buy a wooden staff to enhance my magic skills a little bit," Maya said with a sigh.

"Anyway so where I was, yes, with 100 platinum coins, we should be able to buy all the necessary things for your wedding, now quickly go, take a quick bath, change your dress, we have a lot of things to do today," Maya said pushing Myne away while pointing at the bathroom.

"Sigh, okay," Myne replied and hurriedly walked toward the bathroom, while Maya also started changing her clothes.

...

"That shop should be somewhere here, it has been quite some time since the last time I came here so I forgot about some details... Oh, there it is," Maya excitedly said and dragged Myne into a two-story luxurious-looking building.

"Welcome to the Anaima's Salon..."

"Call your boss out quickly, tell her that Maya wants to meet her and if she doesn't come out in a minute, I will cause a tsunami in her whole shop," Maya before even walking completely into the shop, quickly ordered the receptionist girl dominantly without leaving any room to refuse.

Seeing that her new customer is not easy to mess with and has a wild temper, The receptionist girl timidly nodded her head like a frightened rabbit and quickly ran toward the first floor.

"Sis, looks like you scared that little girl a lot," Myne said helplessly while observing the shop.

"Ahh, don't worry, the boss of this shop is my close friend, you don't have to worry about small things," Maya casually said while picking up a booklet from the receptionist's desk and starting reading it bordly.

30 Seconds later...

"Maya! My best friend, how are you? It has been so long since you last visited me."

Just as Myne was bordly observing the interior of the shop, suddenly a seductive voice caught his attention, he looked toward the voice and saw a blonde milf the same age as Maya but with little bigger boobs and ass than her, walking toward them.

The blonde after coming to them, first gives Maya a big bear hug, sandwiching their gigantic boobies, immediately waking Myne's little brother up, then suddenly out of nowhere she grabs Maya's nack with her both hands and starts choking her.

"You damn b*tch, how dare to come here again after that incident. Just because of your little prank, my entire sex life became a mess, do you have any idea how hard it is to find a partner after that incident!?" The blonde angrily yells.

Bang!

"Don't blame others unnecessarily for your own mistakes, it was clearly you who started the game, so it was only natural of me to end it. You should have thought about the consequences before

playing with fire," Maya said after hitting the blonde head, veins already started popping up on her forehead just about thinking of that incident.

"Ouch, but that was just a prank, and it was nowhere near as extreme as yours," The blonde said while holding her head with a painful expression.

"Now if you don't want to get beaten then stop your nonsense, listen I don't have the entire day to waste with you," Maya said annoyingly and a blue aura started coming out from her body.

"I am listening, tell me dear customer how can I help," Seeing the blue aura on Maya's body which represents her current mood, The blonde immediately became honest and asked seriously, clearly she also knew the horror of Maya's anger, Jin and Myne aren't alone in this list.

"This is my younger brother, Myne, he has a wedding tomorrow, but he still looks like a wild monkey, so I want you to do a complete makeover to him, and make him look like a king. Money is not a problem, do whatever you want to do you are professional I don't have to tell you much.

However although I will not interfere in your work, but remember if any problem occurs, then you might as well say goodbye to this tiny shop of yours. You have two hours to do your work," Maya spoke with a deadly serious expression, after getting the nod from the blonde that she understood her work, she turned her head toward dumbfounded Myne.

"Myne, listen to this cow sister, don't make any trouble, I am going out to attend to some other important thing, and will return in one and a half hours. Till then be obedient, got it?" Maya said with a smile but a severe voice.

"Okay!" Myne like a little child nodded his head, and watch Maya leave him alone with an unfamiliar milf who seem have some bad terms with her but in front of her strength, she could do nothing but bury her gravidness in her heart.
