

## Cheat. A 56

### Chapter 56: Night Fun R-18

After coming out from the cave, Newbie hurriedly runs far away from the cave toward the forest and after running 500 meters away from the cave, he hides behind a big tree, while continuously staring at the entrance of the cave, waiting for Hamir and Luka.

That newbie waited there in fear for a hours, but neither Hamir nor Luka come out from the cave, as for Ha, in this life, he doesn't want to see her again, but just wh he was about to give up, and wanted to return to the town, he suddenly saw a gold glow coming out from the center of the cave entrance.

At first, he thought that was his imagination, but wh that gold glow dies down and a small mountain of gold coins appears at the entrance of the cave, he stares at them with a wide open mouth.

For a moment, that newbie really wanted to go there and grab some handful of coins, which should be enough to support him for some months, but th he remember Hamir and Luka, and immediately drop his dangerous idea, quickly turn around and starts running away. But only after walking some steps, did he suddenly hear a small voice behind his back.

He look back, and saw that his childhood crush, wearing an extremely seductive dress in which he always imagine her in his dream, sitting on the top of gold coins, and gesturing for him to come to her, with a beautiful smile.

After seeing that, Newbie's brain for a moment immediately shut down, and his little brother took control of his body, with a blank look on his face, as if he was in possession, and start walking toward the cave. But maybe that newbie's luck was too good, or too bad, just wh he come out from the forest, he tripped over a rock, and fall down, and because of it, he came back to his senses.

Th he look a, and after seeing that he unknowingly come out of the forest and going toward the cave, he felt chill all over his body, th he didn't ev give his crush whom love from the bottom of his heart a second look, and quickly run away from the cave, as fast he could," Myne said while caressing June's hair gtly.

"After that?" June asked.

"After that, nothing, that guy manage to save his life and report everything to the guild, but of course, the guild didn't believe him like always, but because Hamir was B-Rank Advturer they still sd a rescue party.

But wh that rescue party also did not retune back for almost two days, the guild finally become serious, this time they sd a team of 4 B-Rank and 3 C-Rank Advturers, to investigate this matter.

And next day one of the C-Rank Advturer of that team come back with a piece of news that made the tire town silt in horror, and that is, other than him, no one come out from that cave, and he too manage to save his life because he never wt in that cave, because the captain of his team, order him to guard the trance.

Th the guild leader reported this matter to higher-ups, and they immediately sd him responses and order him to seal that cave, and forbade everyone to go there," Myne said gtly.

"So because of this story, do you believe that ghosts really exist?" June asked after thinking for a while.

"What do you mean by this story, this is a real incidt if you don't believe you can ask any intelligt man/woman, you defiantly get your question answered as this incidt only happed 3 years old," Myne said with a smile, while taking away his hands down from June's head, stop them at her boobies, and start massaging them.

"Okay th, I investigate the truth about this matter later but for now, I think we have much more important work to do," June said with a naughty smile while sitting on Myne's lap, and crossing her arm a his neck.

"Th shall we start our important work, my lady?" Myne asked taking his face forward. June also did the same...

\*Kiss

While Kissing Myne lift up June in his arm and wt in toward her bedroom. June didn't move her body at all, letting Myne do what he wanted to do while kissing him gtly.

It was a normal kiss for a while but it didn't take much to turn into a deep kiss. The kiss got more and more intse as the time wt on. They slowly started to remove each other's clothes as they both sat on the bed. Now both of them were only in the undergarmts.

Myne broke the kiss for a while and looked at June's seductive body passionately with eyes filled with lust, especially after seeing her cute pink wet panty.

"It seems like you are quite in a mood today," Myne jokes with a knowing smile.

"Shut up, you idiot, who's fault is it? Wasn't it you who made me like this, with your that rock hard little brother?" June spoke fake angrily and pushed Myne down on the bed.

"Last time you did everything and I just joy it passively but today, I will be the main character of this show," June said confidtlly with a red face, clearly saying something so shameless for an innoct girl like her who is no more innoct, not easy a thing.

After saying that June removed Myne's underwear as Myne was already rock hard down there. And just as June did that she saw Myne's little brother in front of her face ready do action. Th June while imagining upcoming beautiful momts, swallowed her saliva, and also removed her panty as well.

Now both of them were fully naked as June was on top of Myne.

Both of them shared another deep kiss. After a while June started going down from Myne's lips to his neck to his chest. Th June suddly started to lick a his nipples.

'Ahhhhhhaaaa!" Myne moaned in pleasure from June's amazing licking techniques.

"You like licking my boobs very much right? Th do you feel now? Do you joying it," June asked while giving a bit on Myne's nipples.

"Ahhaa! Wait not so hard, it's hurt," Myne said taking a deep breath.

"Today I will show you the best night in the world," June said to Myne as she looked into his eyes, completely ignoring his complaints. From there June wt more down towards Myne's dick which was six inches long and two inches thick.

"What did she eat today? Why is she suddly become so dominating from an innoct girl?" Myne thought but before he could think further, June started to lick his dick from top to bottom.

"Ahhhhhaaaa, it feels extra good today," Myne said as he moaned quietly in pleasure.

"Of course, it is, last time I was unprepared but today I have done my homework very well, just wait and see," June said as started to take Myne's dick in her mouth and gets ready to give a deep throat.

First, she started off slow, exploring the upper part of his dick which is the most sensitive part. Myne was moaning constantly during that time. And as Myne was getting used to it, June suddenly took the whole dick inside her mouth, down to the very bottom. This took Myne clearly by surprise and he let a loud moan out."

"Ahhhhhhha!!!!!" This was quite loud enough to make June satisfy that what she practices the tire day after coming from work early while following instructions from that book, is really working as it describes.

June kept on going deep throat on Myne without hesitation. While giving his blowjob June was also using her tongue to give him as much pleasure to him as she can at the moment.

"June, if you go on like this, I will cum," Myne said as he moved a bit up and looked towards June but June was showing no signs of stopping she kept eating his dick.

F\*ck, how the hell did she become so experienced with one-time sex? Well, I don't care anymore, Myne thought while holding his moans and grabbed June's head by both of her cheeks and started to move June's head even faster. And in just a few moments Myne cum his cream into June's mouth.

\*Cough, Cough!

"Sorry, June I didn't mean to do that, I just can't control myself in front of your mind-blowing techniques, " Myne said as he saw June's mouth filled with his sem, while she is coughing lightly.

Gulp! Gulp! June swallowed Myne's cum whole, and said in the most sexy tone she could, "What did I tell you I will do all the work today so don't hold and rest and take all the pleasure."

Seeing June's performance, Myne's dick which just took a little breath after releasing a load of his magic juice wt full power again.

"Here look at this little guy, I don't think he wants to rest ev for a bit, look how hard it is," June said with a teasing tone as she looked at Myne's dick and th she chequed her pussy it was as wet as it could get.

"Do you want to change position now?" Myne asked with a smile.

"No, didn't I tell you I will take care of everything, tonight? so just lay down honestly and joy." June said and shoved her pussy over Myne's dick in one go.

Both of them this time were moaning.

At the start, June was moving on her own but th Myne started to match June's rhythm automatically. Both of them were fully in pleasure.

Myne after calming down from intse pleasure, op his eyes and saw two giggling mountains in front of him.

Nothing can be more beautiful than this, why today June looks more pleasurable than regular? Because of a change in her personality? If it the case th I hope she never changes back again, Myne thought and grab June's giggling boobs, and start massaging them.

"Moah..."

"Ahh, Myne, you really quite expericed in this matter, hum?" June asked as she suddly increase her speed, th she start taking all most all of Myne's dick in her pussy.

"Ahh..."

"June, I am about to cum again..."

"Th don't hold back, and release all your precious milk inside of me, I already took the pregnancy control pill," June said and start moving up and down on Myne with all her strgth.

"I am cumming..."

"Ahhhhhh..."

Finally, Myne can't take it anymore and after grabbing June's slim wrist, he thrust his dick inside of her with all his might, and release a huge amount of sem in her womb.

After which, as if June suddly lost her all previous vigor, lay down on Myne's naked chest while panting lightly. Myne's little brother was still inside her pussy releasing his pant up pressure of all day inside her.

"Did you also cum with me just now?" Myne asked June while rubbing her head.

"What do you think?" June asked with a naughty smile while taking out Myne's wet little brother out of her pussy.

"So you like my techniques?" June suddly asked while staring at Myne with expectation-filled eyes, like a child who did a good job, and now wanted to praise by his mother.

"Of course, I like it, I never thought that you would be so talted in his field," Myne said while kissing June passionately, didn't hesitate to give June the praise she deserve.

After minutes of mind blowing kissing Myne broke the kiss, and said, "But now it's my turn to tertain you, my lady..."

....

Sigh, I didn't expect that weak looking June would have so much stamina! If I don't have my skills to support me during battle, I might not be able to make June fully satisfied, Myne thought while looking at June's naked body sleeping beside him with a wide smile plastered on her face. But why is urine coming such a wrong time? I clearly remember I did it before dinner which was just 3 hours ago.

Maybe I drank too much water, Myne thought helplessly and without disturbing June he silently get up from the bed, and headed toward the gate. Wait a minute, I am currently at June's house, right? And if I am right, then in June the house doesn't have a toilet, then where should I go to release my piss?

Outside there is a cemetery, and I don't have enough courage to go and piss in front of it, and inside June's house doesn't have any facility to piss. By the way, where the hell does she go to answer her natural call? What a weirdo, willing to suffer all kinds of torture, so she can accumulate enough money to go to a nonsense school.

Myne thought, but he still has to piss, so he took out a glass bottle from his inventory, and answer his natural call in it.

"Hooo, Finally I feel much better," After saying that he opened the window, and throw the bottle filled with his piss at a nearby tree. Bottle touch the ground and shattered to pieces while giving that lucky tree fresh fertilizer.

Myne after completing his work, is just about to close the window, when suddenly his eyes fall at the cemetery fearfully. Because today is the new moon night, there is no light in the sky, everywhere the eye goes, there is just darkness.

Should I use that skill? Myne thought and after a little hesitation he activate his new earned skill, which he got from the Ormanulunas, the Orc • Priest

[ Soul Eyes: After activating this skill Host can see the things which can't be seen through the naked eye. Special creatures like ghosts or invisible demons who always stay hidden from most people can't hide from Host's sharp eyes, and after raising the skill levels to a certain limit, there is also a chance that Host can see various things about him. ]

After Myne's active Soul Eyes, as if some forcefully beat the hell out from Moon, and start illuminating the tire world only for himself. His eyes become more powerful, he can see farther than before, and darkness is no longer as dark as before, he can see everything very clearly.

After playing with Soul Eyes for a while, he looked at cemetery, and saw everything was normal. But soon he notices a little difference. That is in all places where people are buried, there is a strange black smoke coming out from the g.

"Now what the hell, are those things," Myne asked himself but he soon got his answer, as he again saw that old man with a lantern in one hand, and rusty shovel in another. That old man's face was still hiding in his hood.

Just wh Myne thinking about what is that old guy going to do, he saw the old man raising his shovel high, and after saying some incantation, he smash his shovel on one of the graves from where the highest quantity of black smoke coming.

Th with just one attack from that old man a big crater appeared in that place, but surprisingly not ev a little sound was produced from his attack, it was not that Myne watching everything he might never know about it.

After which the old man sits down in the middle of the crater and again starts chanting some weird incantation which Myne of course couldn't hear from such a long distance, and only saw the old grabbing that black smoke with his bare hand and without hesitation he begins to eat it like an hungry animal.

Myne only saw it a little more, and th honestly close the window, and without thinking anything else, lay down beside June while hugging her tightly for his mtal peace, with her little brother betwe June's both legs touching her pussy.

He has read enough horror books, and knows one thing very clearly that in most of horror stories, curiosity really kills the cat, and almost every side character who faces this kind of situation watches till the end what the ghost or whatever that unknown entity doing, and as a result that entity writes his name on the top of his hit list, and it was always that guy who dies first.

And Myne has no wish to die so young.

Just after Myne fall asleep, unknown to him, that old man whom he saw eating black smoke some moment ago, suddenly come to his room, and stared at him and June, he stood there for some hours like statue, with his entire body covered in black smoke and only when the darkness of night slowly start fading away did it return to where it comes from.
