Chapter 70: Fun in the Capital City (Part 1)

After coming out from the dirty alley, Myne and Little Doggy saw a very big street crowded with a lot of people. Compare to Lucas Town where Myne live, this kind of sse is very rare. People are like ants walking quickly betwe each other as if the tire world's responsibility were on their shoulders and if they took some rest or walk a little slowly th the world might collapse.

And to make things more difficult there are also carriages running in the middle of the street once in a while, and people have to give space for them otherwise they can only blame to their bad luck, and let the carriage pass from on the top of their bodies, which is defiantly not a good sight to see.

Myne also saw such a poor ghost who come under the carriage and th cry very loudly as his both arm was brok by the weight of the carriage, now if he didn't go to a good healer, th he should start calling himself a disabled person from now on.

But what surprised Myne the most was that the carriage driver didn't ev give that ugly guy look who comes under his carriage as if it wasn't a person but a stone who come under his carriage.

"Sigh, it's a busy sight, but for me this is heav, I can already smell money all a me, let go little one, it's time to make some money," Myne said with an evil smile while rubbing his hands together in excitent.

Woof!

Little Doggy also give his signal as if he understands Myne's inttion, and excitedly starts following him.

It has be so many days since I last use my most precious skill, my little baby, The Stealing Hands skill...

"Hahaha, I am so excited," Myne said while looking a at various shops causally. After this he starts searching such people who wear nice clothes and have clean faces with arrogant attitudes toward other people. After finding such people, he walks beside them, uses his sealing hand skill on them and directly steals their storage pouch, and transfers them into his invtory.

This process last a 5 minutes, till Myne and Little Doggy, come in front of the most popular cloth shop in the Capital City, about which they asked 7 people before confirming that this is indeed the shop they are looking for.

The shop's name is 'Beyond Trds Dress Shop,' which is a luxurious 5 story shop, with a beautiful structure, and all kinds of super cool decorations in front of it to attract customers, especially 5 beautiful girls in differt colourful short clothes, after seeing them for a while Myne ev forget to look away and just started them like a pervert, and only wh Little Doggy bit him on his leg lightly did he wake up from his dream.

Those girls seem halfling, especially that middle one, she seems like a mix of some kind of beast race, otherwise, how can she have such huge breasts at such young age? Maybe one of her parts was a cow man/woman?

Myne thought with a very serious expression, and while giving those girls who were performing some kind of weird dance a very thoughtful look, he come to the trance for the shop but was stopped by the guards.

"Sorry, the dogs are not allowed in the shop!" A bulky but young looking guard said with a gloomy face as if he was waiting to have sex with his crush for many years and after a lot of struggle, wh he finally succeeded and was just some step away from his dream, she reveal an external shocking

secret that she is a transgder, and in place of her pussy she has a dick, and if he wanted to have sex with her, he first has to give his back hole virginity to her.

"And why can't I take my dog inside?" Myne asked with a frown, while looking at the guard's face, th he looked toward those beautiful girls and understand why this guard is so rude toward him.

So he is just vting his inner anger on me, huh, this is not going to be easy for him, Myne thought.

Just as Myne was about to say some beautiful word to the guard, suddly a middle age guard come out from the shop, and saw an unknown young customer with his dog, and his nephew staring at each other with not-so-happy expressions on their faces. Seeing that situation may go out of hand at any momt, he hurriedly comes betwe them.

"Sorry dear guest, this boy is new here and doesn't know the rules, please forgive him, and tell me if you need anything, I will do my best to fulfil your requiremt," The middle age guard who looks below average, but have quite a high level of intelligt hurriedly said with a humble smile.

"This guy said that I can't bring my dog inside the shop, why is that?" Myne asked while deciding not to make unnecessary trouble for such a small thing.

"Sir, I am sorry, but it is the rule set by the shop owner. You see most of the people who come here are nobles or rich people and those guys actually don't like pets very much, that's why you can't bring cute dog in with you, The middle age guard said.

"Sigh, I see, th you help me to take care of my dog, till I complete shopping in your shop," Myne said after thinking for a while.

"Sure, sir, you can rest assured, I will properly take care of you, little friend, The middle age man said while taking Little Doggy's rope from Myne's hand, but just as he grabbed the rope Myne tightly held his hand.

"Remember, If my dog got a little scratch, or someone hurt him in front of you and you did nothing, then I will make you feel the experience of what the real hell looks like," Myne threatened the middle age guard in a deadly serious tone while using the King Intimidation skill.

As he did that a black aura surrounded his tired body making him look like a demon.

The middle age guard who was tightly held by Myne nearly wet his pants out of fear but still managed to save his dignity somehow, and that young guard who was talking rudely with Myne some moment ago also came to the line, honestly bowed his head, not daring to look into his eyes.

Those girls who were performing various kinds of dances also stopped their show and looked at Myne with fearful eyes, as if they were looking at a giant monster.

"Yes, sir, I will do my best," The middle age guard after 30 seconds of silence finally gathered enough courage to open his mouth and said with a trembling voice.

"I hope so, after all your life is dependent on it," Myne said and after handing Little Doggy rope to the middle age man, he patted his head, while telling him to wait here obediently, and he will soon come back after buying things, before entering into the shop.

After Myne walked into the shop, the middle age guard tightly held the rope as if this is the most important thing in his life, and looked at his nephew who was giving him a sorry look, and took a deep breath to calm himself down, and looked at the black dog in front of him with a worried face.

The interior part of the shop was much more luxurious than the outside, most of the people in the shop are couples, who are laughing and talking to each other as if they are on a picnic instead of a cloth shop.

Just Myne ter the shop, a good-looking girl, the same age as Aisha in a colorful short maid uniform come to him with a beautiful smile.

"Sir, how can I help you?" She asked attracting Myne's atttion to herself, who was looking all a confusedly without knowing where to go.

After hearing that this girl in maid uniform talking to himself, Myne paused for a momt, and give her a proper look before spoking, "I wanted to buy some nice dresses for my wife, but I don't know where I can find them as your shop is quite big."

"Haha, if you don't know where to go, th sir, how about I help you to buy clothes for your beloved wife? By the way, my name is Una," Una said with a gtle smile.

"Th I really appreciate your help, and my name is Myne," Myne said with his trademark smile, while shaking hands with Una.

Myne, with the help of Una, after wandering a for half an hour in the shop, finally found three good dresses for Aisha. And th he spd minutes in the male cloth section and brought some dresses for himself as well, as he saw many good-looking dresses, thanks to Una's unwanted suggestion.

"Sir, do you want anything else?" Una asked as she and Myne were coming back to the g floor.

"Nah, that's all for today, now could you please tell me the price for all those clothes? I am a little hurry," Myne said with a smile, he was still worried about Little Doggy.

"Wait a momt Sir, I call my boss," Una said and called her superior, who was a middle age woman, she give Myne a smile and hurriedly looked at all clothes Myne bought.

"Sir your final amount is Platinum coin and 30 Gold coins," The middle age woman said making Myne dumbfounded as don't understand what was so great about those clothes that they are so expsive, but still in order to not ruin his good image in front of two beautiful girls, he took out the money from his storage pouch, and handed them to the middle age lady.

That's why most shop owners choose beautiful girls as their workers.

The middle age lady's smile becomes much wider as she receives money from Myne. To tell the truth, at the start, she really didn't expect that Myne was a rich person, after all, he didn't look wealthy from his cloth or his behaviour.

But still, as she has se ough world and knows that in most cases never judge a book by its cover, unless you have a lot of money, otherwise it can be very dangerous for your job, and today her confidce in her own wisdom has increased by an tire level.

"How dare you do that!"

Just as Myne and the middle age completed translation, and he put all clothes into his storage pouch, he heard a loud and angry scout from the shop trance.
