Chapter 71: Fun in the Capital City (Part 2)

After hearing loud scream from outside of the shop, Myne hurriedly comes out of the shop.

At first, Myne thought that someone is making trouble with Little Doggy, but wh he came out, and saw the real situation he was completely speechless.

A young boy a 6 or 7 years old, with gold hair and a fox-like face, wearing gold colour clothes, looks rich pig at first glance, with his two knights in silver armor as bodyguards standing in the middle of the road in front of the shop, and beating a poor looking boy, who has an ugly appearance, cover in the dirt as if he has not tak a bath from many days.

Besides the poor boy, a girl at the same age as him with black hair, a nice figure and D-Cup size boobs, wearing maid-like clothes, crying and begging for mercy to spare the poor boy while holding the fox face boy's legs.

As for Little Doggy, that guy having fun of his life. Not only did the middle age guard arrange a special comfortable chair for him to shit, but he also bought various types of food for him and was feeding him personally.

And his nephew was working as a part-time delivery boy, and if Little Doggy show discomfort or behave like he doesn't like eating that particular thing, he immediately runs toward the nearby shop, and brought some dishes made from meat for him.

Oye, little guy, seems like you are joying it very much, huh?" Myne asked after coming to Little Doggy and the middle age guard.

Little Doggy, after seeing Myne, immediately jump down from the chair and pointed at it, indicating Myne to sit on it, while waving his tail happily.

"Hum, good, good, this is why I like you so much," Myne said with a satisfied expression after seeing Little Doggy's intelligence. And sit down on the chair, while joying the show going on in front of him.

After all, this is a rare chance to watch such a beautiful romantic live drama, this kind of thing never happened in a small town like Lucas, and only in a big city like this one, you see this kind of thing, so how can he miss such a show?

Una and her manager boss, are also dumbfounded after seeing Myne and his dog's lovely interaction, this was completely eye-opening for them, but they still don't understand why their shop's gatekeepers have such a nice attitude toward Myne.

"Ohh, Sir, you come back! How was your shopping? Do you like our shop services?"

The middle age guard asked after seeing Myne, finally taking a breath of relief, only he and his nephew know how they manage to hold his dog in one place, if not for the fact they later accidentally know that this dog is quite intelligent and can understand their language, they might defiantly not be able to complete their mission given by this dangerous young man.

"Well, your shop services are indeed very remarkable and satisfying, I am very pleased, next time if I wanted to buy clothes again, I am definitely come here," Myne said with a smile, but then he thought something, and looked at the young guard who previously talking very rudely to him, and said,

"You, what is your name?"

"Suru, my name is Suru, my lord," The young guard said nervously.

"Suru, go and bring something to eat for me, I think this show is going to take some time before finishing," Myne said while looking at the fox face boy with curiosity while throwing two gold coins toward Suru. Who subconsciously grab them with trembling hands.

"My Lord, I didn't need this much money," Suru said nervously.

"Take them, they are also the reward of your hard work," Myne said lazily and ignore the team of uncle and nephew guards.

"B*tch, how dare you touch my clothes with your dirty hands? Get out," The fox face boy yell and kicked the girl who was holding his leg.

"H, hold on this b*tch, I will deal with her later, but now I have to kill this f*cker. A worm like him dares to f*ck my maid, whom I am trying to f*ck for such a long time, The fox cace boy said, finally revealing the reason behind his anger to the mellow eating audice.

Just as I expected, this drama is also related to a love story, Myne thought, while looking at the fox face boy with sympathy. that guy clearly belongs to a noble family but he still loves his servant and tries to win her love by the righteous method instead of forcing her. But the girl didn't give a f*ck about his feeling, or she never have expect that a noble birth boy would fall in love with her.

So one day she gives away her virginity to this poor ghost probably because he looks a little handsome, only in her eyes. But sadly somehow the fox face boy finds out about their love affair

and after getting his life's first betrayal, his all love for that girl turns into rage and result, it is already happening in front of Myne's eyes.

"Sir, here are your snacks," While Myne was making a backg story in his mind, Suru return with a lot of snacks.

Myne said thanks, and give Little Doggy who was laying in his lap a chick leg, which is his favourite, and he took a juice glass from Suru's hands, and while joying cold juice, he continued watching his show.

"You bastard! How dare you f*ck my maid?" The fox face boy said and Kangaroo hide like a whip made of unknown monster leather, smashed on the back of the poor boy.

Paa!

"Ahhhh..."

Tearing his shirt as the whip touches the poor boy's back. The whip left a deep red mark on his naked back, from which blood starts lacking, showing the quality of the whip. Which clearly wasn't low.

"Please stop, don't hit him, he is innoct..."

Paa!

"Ahhhhh..."

"Don't hit him! It was me who wanted to f*ck by him, so please stop," The girl yell in a crying voice while trying to break free from the knight iron like grip but it was no use as she did not have enough power to do so.

"Shut up, you b*tch, I will deal with you later, and you motherf*cker, why don't you think of consequences before dirtying my toy?" The fox face boy said while gritting his teeth angrily, and again with all his strngth he hit the wipe on the back of the poor boy.

"Ahhh, please forgive me, young master, I don't know that Taira is your woman, otherwise how can I ev have the courage to lay my dirty hand on her," The poor boy finally while during unimaginable pain, op his bloody mouth and said in a trembling voice.

"Hahaha, what is the meaning of saying this now? You should have thought this before," The fox face boy said while laughing maniacally and come close to the poor boy, and kick him in his face, breaking two or three of his teeth.

Seeing this sse, the audice also felt a little pity for the poor boy, who was clearly innoct as he know nothing that the random good-looking girl he choose to seduce would turn out to be the secret lover of a noble young master.

But although they felt pity for the poor boy, no one came forward to save him, after all, it is not a fairy tale and they are not protagonists of a novel, who can slap every random young master to save people for the greater good, or maybe for girls.

"Sigh, poor boy, he is getting punished for the crime which he committed unknowingly," Una, who was standing behind Myne said with a face filled with full of sympathy, while shaking her head.

"Yes, you are right, but this is also a lesson for him, that before you put your little brother blindly in someone else's hole, either you should have enough power to protect yourself, or you first check her background detail," Myne said with a poker face and ate a sweet called Blue Jamun. He has no intention of being a hero and saving that unlucky ghost and his girlfriend.

"Yes, you are right, my lord," The middle-aged woman said completely agreeing with Myne's statement.

"Hey! What are you doing? Why are you hitting an innocent guy?"

Just as Myne and other people thought that the fox-face boy would kill the poor boy by continuously kicking on his face, and finished the show in a hurry, suddenly a loud cry came out from the behind crowd.

After hearing the voice, all the people quickly made their way with excited faces, while thinking that finally, the hero is here to punish evil.

Myne also looked toward the source of the voice with a curious face and saw a 10-year-old above-average-looking young man with a muscular body and blue hair, wearing adventurer-type clothes and a two-handed sword hanging on his back come out from the middle of the crowd and stood beside the poor boy, who was already fainted after eating 5 or so heavy kicks on his face.
