### Chapter 78: Troll's Dungeon

The sky was still dark wh Myne woke up, the reason because he had to urinate.

The first thing Myne saw after waking up is two big soft naked boobs with already rock-hard nipples in front of his nose. After seeing such a sight Myne all sleepiness immediately vanishes, he ops his eyes widely watching them clearly in darkness.

Th Myne slowly lifted his head a little and saw Aisha sleeping figure in front of him, she was lying while facing towards him, with a beautiful smile on her face probably having a nice dream, and her erotic apron which she wore last night had long since come off, and now laying under her body.

Seeing that Aisha is in deep sleep, Myne's inner demon wakes up, and he slowly moves his face forward until his nose was sandwiched betwe Aisha's boobs, th he took a deep breath like a pervert to the smell Aisha's sct.

Ahhhaa, I know it, Aisha's smell is really so nice, I can smell it my tire life, Myne thought and th he gtly grab Aisha's right breast with his hand, and squeeze it lightly.

F\*ck, so soft, they are many times softer than June's tight boobs, Thinking such Myne after confirming that Aisha not showing any sign of waking up, ops his mouth and starts licking Aisha's rock hard pink nipple.

Ohh, yess, so tasty, a little salty but still sweet. If only they could release milk th It would have be the best morning drink in the world. Maybe not now but one day I will definitely fulfil this wish of mine, Myne thought resolutely.

After which Myne play with Aisha's boobs lightly until he felt like his little brother might release cum inside his pants in excitement, during this process Aisha made some movements but because Myne was playing with her boobs very gently she didn't wake up just moan once in a while in her sleep.

Although Aisha herself didn't wake up but her pussy did, it start becoming wet midway while Myne enjoying Aisha's boobs, and only when Myne stop playing with Aisha's boobs did he notice that Aisha's blue panty become completely wet, and a little bit of her love juice also start dripping on the bed.

Should I drink Aisha's love juice? It would be quite wasteful to let it drip on the bed just like that, right? But what if Aisha wakes up? Doesn't she think I am a pervert who does bad things to her while she is sleeping? Sigh, let's play it safe, although this love juice going to waste but what can I do? I also have to take care of my image, Myne thought while shaking his head helplessly.

Then he enters the bathroom, empty his urinary bladder, drank some water, looked at the clock and saw that there are still hours before sunrise, so again lay down beside Aisha, grab her by her waist, pull her toward himself, and after burying his face into Aisha soft boobs until it becomes hard to breathe, he close his eyes and fall asleep.

Just as Myne close his eyes again, Aisha slowly open her eyes, as she felt like someone is touching her, she gently rub her eyes so they can adjust according to the light, and then she look down and saw Myne who was tightly hugging her naked body, and his face was between her boobs, sleeping like a little child.

So it was Myne who is touching me huh? Wait a minute, what the hell! Why am I naked? Aisha suddenly realise a problem, she remember very clearly what she was wearing last night and after looking at she saw her apron under her own butt.

Sigh, maybe it come out by itself while I was sleeping, but what should I do now? I have to wear something before Myne wakes up otherwise what would he think about me? Huh? Why am I

feeling a wet ssation in my pussy? Just wh Aisha thinking about a way to leave Myne's bear hug without waking him up, suddly she felt a cold wet ssation on her pussy.

She gtly lifted up her head, and look down and saw her wet pussy, and a wet stain on the bedsheet next to her pussy.

Shit! Did I cum in my sleep? Just how horny I was last night that I cum so much in my sleep?

Now I have to quickly get out from her before Myne woke up otherwise I can make eye contact with him, Aisha thought and first she gtly took Myne's hands off her body, th she slowly backed away but halfway through Myne again grabs her waist and pull her into himself, and tightly hug while rubbing his face betwe her boobs.

Don't wake up, please don't wake up, Aisha pray after seeing Myne making movemt, but after an tire minute wh Myne didn't op his eyes, she took a breath of relief. Th she again remove Myne's hands from her body, but this time quickly and before Myne could do anything she hurriedly grabs her apron from the bed and quickly ran to the bathroom while shaking her butt.

While Aisha running toward the bathroom, Myne who was acting till now also op his eyes and saw Aisha running naked toward the bathroom with a smile, during Aisha's tire struggle he was awake, but just acted like sleeping, while joying teasing Aisha. After all, he just close his eye wh Aisha woke up, how can he fall asleep so soon?

"She is so cute," Myne said with a smile, before closing his eyes again. It is better to pretd you know nothing otherwise Aisha would always feel embarrassed.

...

"By the way Aisha, I wanted to ask you something."

After that little episode in the early morning, Myne act like nothing had happed while Aisha thought that she did everything secretly and Myne didn't know anything and behaved normally. After waking up, Myne helps Aisha to prepare breakfast although she protests that she can do it alone, but Myne like most politicians completely ignore her protest without blinking and continued to help her.

And while eating breakfast Myne thought something and ask Aisha.

"Sure, what is it," Aisha replies while handing him an extra omelette.

"Do you know where can I find monsters who are more powerful than normal Orcs? You see the forest is currty unavailable for us as many people in order to find out why Orc King come here doing investigating there, and I wanted to fight with some powerful monsters so not only we can make money but also train ourselves, Myne said calmly.

After hearing I wanted to fight monsters who are more powerful than Orc, Aisha started at me for seconds before replying, "Well if you wanted to fight with a monster who is higher level than Orcs, th maybe Trolls should be the perfect oppont for you."

"Trolls? Do you mean those brown colour giant ugly guys who can heal themselves very quickly ev brok limbs can be regerated?"

"Yes, those ones, wow, Myne, I didn't expect that you would be so knowledgeable, I am impressed," Aisha said with a playful smirk on her face.

"Hahaha, you know nothing about me, my cute Wifuu, there are a lot of things about me that you have to explore by yourself, you just show the tip of the iceberg," Myne said proudly while massaging Aisha's hair.

"Ohh if that is the case th my dear Lord Husband, why not you tell me where can we find Trolls for hunting?" Aisha asked while making an innocent face with a mocking smirk on her face.

"Did you again call me by that name?" Myne didn't reply to Aisha's question but asked back with a frown on his face while getting up from his chair.

"Ohh yes, I did, since you can call me Wifuu, th can't I call you Lord Husband?" Aisha said playfully.

"I see, so now you start showing your turn color huh? It seems like I have to show you who is boss here," Myne said and before Aisha could understand the meaning behind his word, he quickly grab her hands tightly and lift up them with one hand.

"Now you feel my anger, Wifuu..." After finishing saying that Myne use his free hand and start tickling her armpits shamelessly.

"Ahhahaha, Stop it Myne, Hahah..."

"Hahaha... Stop it... Please... Hahaha..."

"Th tell me, do you call me by that name again?" Myne asked while continuously tickling which tells the truth he himself is joying quite a lot seeing Aisha laughing wildly. After all not every day you can see a girl laughing like that.

"Hahah... okay, okay, I promise, I will never mtion that name again," Aisha said after controlling her laughter a little before she again start laughing, clearly her armpits is also the very ssitive part of her body.

"Hum, good, never say that name again remember," Myne said with a satisfied smile, and stop tickling Aisha. He th releases her hands and adjusts her messed up new and gre colour short one-piece dress that comes to her knee, which he bought yesterday.

I will take my revge, Aisha thought angrily while staring at Myne, th she wiped the tears from her eyes, straighted her clothes, and start eating her remaining breakfast.

"So where are we going to find those Trolls?" Myne asked after seeing Aisha return to normal.

But wh he doesn't get any response from Aisha. Myne knows he did too much.

Sigh, those girls, you can't ev play prank with them, Myne thought helplessly while shaking his head, and spoke, "I am sorry, okay? I will never do it again, all right."

"Promise?" Aisha asked with a frown.

"Yes promise I will never tickle you again," Myne spoke while raising his right hand, showing sincerity in his word.

"Good, I hope you remember that, as for finding Trolls, we can find them in a dungeon a little far from here," Aisha said calmly.

"We? Are you also going to come with me?" Myne asked with a surprised expression on his face.

"Of course, I am coming after all we are now husband and wife," Aisha said with a smirk.

"Th what about Sylphid? What if she comes back wh we are not here?" Myne asked.

"Don't worry about her, she said that it took her at least days before she could finish all her work and return here," Aisha's reply causally clearly didn't take Sylphid's matter seriously.

"If that is the case th let go quickly, we have to travel a long way," Myne said excitedly, looking forward to going on an advture with Aisha.

As Myne said that Aisha also smile lightly clearly looking forward to going on the advture again after so many years.
