## Chapter 8: Chapter 8. Big Sis Maya

"Good afternoon," I say wh I ter the Alchemist shop.

The alchemist shop is run by a married couple, and the husband was the one who greeted me wh I ter the shop.

Just as I took some step into the shop, a big shadow comes behind me and forcefully turned me a the backside.

After that, she gives me tight hug while burying my face inside her soft and jelly-like big breasts.

Ahh, it feels so good, Myne thought while joying the breast massage with a big smile.

But this joynt doesn't last long, while I still shaking and rubbing my head into her breasts, with a satisfied smile Big Sis Maya pulls me out of the world's most comfortable place.

"Good afternoon, Myne."

"Good afternoon, Sis," I said while taking a deep breath, so I can calm down my excited little brother.

Big Sis Maya looks like 0 years old young lady but her actual age is still unknown to me, she has long blue hair, black eyes, jade-like skin, Super large E-cup size heavily breasts, and a big bubbles butt that can seduce any normal man.

She is a natural beauty because she never uses any kind of makeup to maintain her beauty.

She is wearing a one-piece purple-colored dress that comes to her knees which makes her crave to look more beautiful.

By the way, she is my first crush, the first time I meet her wh she comes to my house especially to meet me, that time I was just 7 years old.

Most normal people wh they meet any kid for the first time, what do they do? Of course, they try to make a little conversation with them or give them some candy to make them happy but Big Sis Maya's mind horse work tirely differt way than normal people's. After seeing me like a big iron bear, she forcefully grab me from my mother and buried my head into her boobs.

That time they were not so big as today only C-cup but for my little body they are still ough, and since I always watch live sex in my house, so of course, I have some fantasies related to sex in my mind and after having a first real experice with boobs I was defeated.

Since th she become my third favorite person and I started to visit her one or two times every week with my mother.

"You know Myne, now you are changed, you are no longer cute as you used to be. wh I come to your home first time to meet you, I give you a little hug but because of that, your face becomes so red that you almost lost consciousness

but now, every time I hug you, you always joy it without any embarrassmt," Big Sis Maya said while making a face sad face.

"But this is not my fault, if you do the same trick every time I come to meet you, th, of course, I don't feel any embarrassmt with it," Myne said innoctly with a smile.

"Ah, you are right, I also think that this trick become a little old-fashioned, it seems like I have to do something differt next time," Big Sis Maya said with a serious face while giving a pat on my head, clearly her mind horse again runs away in a differt direction than normal people's.

I don't know what kind of idea she brings this time, Myne thought with a smile since this will be probably a good thing for him.

"Oye! Both of you, don't ignore me, I am also prest here, and Maya honey, why not you go and bring some drinks for Myne," big bro Jin Big Sis Maya's husband said.

"Okay, dear." Big Sis Maya said and headed toward the house on the first floor.

While they are talking I op big sis Maya's status.

[ Name: Maya Fils

Race: Hume

Gder: Female

Age: 6 y/o

Occupation: Housewife, retired A-Rank Advturer.

Title: Water Goddess, Ball Breaker Demon.

[Skill]

Magic • water

Support Magic • Stamina Restoration Large

Charm Enhancemt ( Small ) ]

Again a title, what the matter with this thing, Myne thought with a frown since he never heard any of those titles before.

Just as Myne thought suddly title information appear in front of him.

[ Water Goddess ( Title ) ]

Wh the Host unlocks three forms of water magic, the Host gets this title.

Title effect: . Increase attack power by 30%.

. Energy consumption for every attack reduce to 40%.

3. Can breathe in water.

[ Ball Breaker Demon ( Title ) ]

Wh the Host breaks the balls of hundred emies without any Mercy and makes them eunuch, the Host gets this title.

Title effect: . Increase legs power two times.

. Increase your charm by 50%.

Ohh, shit! How the hell did Big Sis Maya get these titles? Myne thought while looking at Big Sis Maya, who is walking toward the first floor where they live with little fear in his heart.

It feels like till today I was playing with fire, Myne thought while shaking his head, he knows his Big Sis Maya more than anyone in this town, she is a nice person, at least for him. As for others, who care, if she breaks their balls th they probably did something wrong that's why they deserve this kind of punishmt.

So she is 6 years old huh, finally I know her age, Myne thought with a smile, this was a big mystery for him because other than her breasts and ass size, he never saw any kind of differce in her body as if she never grows old. One time he ev thought that she is an elf since elves live quite a long life.

By the way, doesn't Big Sis Maya is too powerful for being a normal housewife?

I mean she is an A-Rank Advturer and in the tire Lucas Town, you can hardly see a B-Rank Advturer, let's not talk about an A-Rank Advturer.

If I am not wrong th she retired after my part's death, so this means that within 6 years after her awaking, she becomes an A-Rank Advturer! what kind of godly talt does she have??

I think my mother also find out about her super talt, that is why only 3 months after she awaked her skills, not only did mother help Big Sis Maya to join her old Advture party but she also train her personally, so she can learn more way to use her magic skill since most of the people hardly know about it.

That's why Big Sis Maya always called my mother big sister and my mother also acknowledge her as one of our family members.

This way, I got a new big sister, not blood-related but still a caring and beautiful big sister.

After my part's death, she is the only one left, whom I can say, is my family. she also asked me many times to stay with her but I refused him since I didn't want to become the third wheel in their married life, not until they had a child, after that, I become the fourth wheel, so it doesn't matter.

Big Sis Maya and big bro Jin married just 5 months before my part's death, and after my part's death, Big Sis Maya stop being Advturer and becomes a housewife.

After that, she started to come to my house daily. She trained me in close combat, makes food for us, and we also play some games together, in order to not make me feel sad because of my part's death, she started to spd most of her time with me.

For me, she ev ignored her newly married husband who might have many fantasies thought about their Honeymoon but in front of his bossy and powerful wife, he can only stay in the shop honestly and make potions, that's why for me, she is a most important person in the world.

While thinking about all those past momts, I walked toward big bro Jin, who is sitting behind the shop counter, and sit down on the empty chair in front of him.

Big bro Jin has a handsome face, gre color hair and eyes, and a thin body frame, overall he looks like someone whom you might think of as a guy who always gets bullied by some random cannon fodders.

Most of the time he has a smile on his face and an interesting fact about him is that he is also listed as one of the most money-making people in Lucas town.

By the way, for your gernal knowledge, this so-called most money-making person list' that I am talking about is not something like an official magazine or newspaper.

It's just rumored that most people talk and share with each other during dinner time in their houses, bars, or any other gathering place. Otherwise, how can those poor bastards have the courage to ask rich people or noble about their wealth?

They might get beat by guards the momt they come in front of some arrogant rich young man and if lady luck wt to play with some other guy and their time, luck is not good, And they meet some old crazy guy, their tire family might sell to slave traders, let's not talk about going behind every rich man ass in Lucas Town and collect data about their wealth, and saw them in front of the public.

[ Name: Jin Fils]

Race: Hume

Gder: Male

Age: 8 y/o

Occupation: Alchemist

Title: An Intelligt Loser

[Skill]

Alchemy ]

Huh? This is quite an interesting title, Myne thought while looking at the title information.

[ An Intelligt Loser ( Title) ]

Someone who have great skill to do big things but like to stay at home, spend most of their time at their job, can't understand other people thought even if they give them all kind of clues, and can't control their own powerful wife.

Title effect: . Increase skill power by 30%.

. Never felt bored when you are in your house.

And here I always thought that big bro Jin just acting to be afraid of Big Sis Maya but it seems like I was wrong. No wonder I never saw any romantic moment between them, Myne thought while greetings big bro Jin with a smile.

"Good afternoon, Big Brother Jin."

"Hello, Myne, So which type of herb do you bring today?

By the way, do you know about the Yellow jelly flower, that grows in the slime nest?"

"Well, I don't have much time to study herbology, Why? Has something important happened related to it," Myne asked while trying to change the topic since in order to not miss any kind of precious herb in the forest while hunting, he asked big bro Jin to teach simple herbology.

So I can identify normal herbs and make some extra profit but when I asked big bro Jin to teach me, Big Sis Maya overheard our conversation and forcefully made big bro Jin my personal alchemist teacher.

"Ohh? So you didn't have memories about those herbs till now? I give you this work a week ago! Seem like I have to tell your sister about this, Now is the time when you see your big sister's real face," big bro Jin said with a big evil smile.

After hearing the clear warning, Myne took a deep breath in fear and said hurriedly, "brother Jin what are you talking about, I already study carefully it's just this time because of awaking, I was too excited and forget to remember all those herbs' names."

"Well, you have a point, so this time I'm forgiving you but this is not going to work next time."

"I promise this not happ again, so what are you saying about Yellow jelly flower?" Myne asked after avoiding a little disaster."

"As you would know, if you had studied your herbology properly, that yellow jelly flower used to make beauty cream, that's quite famous in noble wom's but rectly there is a sudd shortage of this flower in the market and because of this, Now people are buying this flower for four times more money than its normal price.

So if you find this flower in the forest, don't forget to collect them," big bro Jin said while showing Myne the yellow jelly flower, so he can recognize it if he might counter this flower in the forest.

"By the way, what is the current price of this flower?" Myne asked while returning the flower to big bro Jin.

"60 Copper coins for every flower, this price is already sky high for normal wildflowers, Because till now, anyone can easily find them in forests."

Just for some copper coin, he makes this whole thing like there is some kind of treasure, Myne thought with a frown, even since he got stealing hand skill, he already considered himself a wealthy person, so how can this little amount of money can make him happy and any random person on the road have more money than those unknown flowers.

"Okay, I will collect them if they come my way, by the way, today I wanted to sell orc's raw materials," Myne said while taking out them from his storage pouch ( his Inventory ) one by one.

I took out the Orc's teeth, eyes, intestinal organs, blood, bones, skins, and most important part of an Orc, his demon core!

By the way, demon core is a small stone that we can find in the hearts of every demon race creature where they store their magic energy, not only is

demon core used in alchemy, but it can also be used in other things such as a substitute of fuel for magic tool's, etc, and put them on the counter table.

As I finished taking out all the things, the smile on big bro Jin's face have long since vanished and he hurriedly asked in concern, "Myne, where did you find all those things?"

After hearing same the question again, Myne starts telling the same story that he told Booj.

Big bro Jin didn't say anything after hearing my story but started thinking something while looking at me like how a pervert looked at a girl's breasts.

But ev though it looks like he clearly did not buy my story like Booj but he still didn't say anything just nodded his head.

"Just remembered that next time if you see an Orc, th run away from him, it will be not good for me if something happed to you," big bro Jin said while looking behind me, 'fear' clearly writt on his face.

"Ohh, Myne, so you defeat an orc? Huh!"

Big Sis Maya asked me, who come down from the first floor with a juice glass in her hand.

She slowly put down the glass in front of me, while crossing her arms a her cheats. She looked at me with a smile and before asking, "So how did you defeat an Orc, tell me a little about it?"

Big bro Jin who knows his wife very well, give me the sign of 'Aman' before running away from the shop while making a little excuse that no one heard.

Well... again I said the same story and Big Sis Maya just list to it siltly until the d, she took a piece of Orc skin from the counter and me a simple question that destroy my tire story without any effect.

"by the way, since Orc was heavily injured wh you find him, th tell me, why his skin is so clean without any cuts?"

F\*uk! I forgot about it. No wonder, big bro Jin didn't believe in my story, he also saw Org skin, Myne thought while trying to avoid direct eye contact with Big Sis Maya.

"So, you forgot this point, right? Now can you tell me where you find this Orc," Big Sis Maya asked without being angry, but Myne know that this silce was before the storm?

"Well, I found him in the forest near the town wh today, I got there for hunting. He was resting under the tree, so I advantage of the situation, and with the use of my new skill I kill him before he could ev fight with me," Myne said truthfully, he really doesn't dare to lie again.

"Sigh, you really know how to make me worry," Big Sis Maya said while hugging me tightly.

"Remembered if you don't have full confidce, th never fight with someone whom you can't defeat. I didn't want to lose you like your mother," Big Sis Maya said while tears continuously fell from her beautiful eyes.

"You know me, Sis how can I make this kind of low-level mistake, because I have full confidence in my skills that's why I fight with that Orc. So you can rest assured that I will always be with you," Myne said while wiping her tears.

"That's a promise th, remembered that if I ever found you injured, then I will break all your bones," Big Sis Maya suddenly put away her caring face and said seriously while pinching my cheeks with her monster's strength.

"But still, since you defeat an Orc in three attacks just the next day after awaking, that was really remarkable work. You did quite a nice job, I am really proud of you," Big Sis Maya said emotionally after releasing my cheeks.

"That's all result of your training that I can defeat that Orc without any problems," Myne said with a smile but because of his pinching, his cheeks become red as a tomato, so his smile looks quite funny.

"I hope so," Big Sis Maya said with a smile.

Just as we are talking, big bro Jin whom only God knows when he comes into the shop, said while sitting on his place with his trademark smile, "Well then, let me

have a look at the materials before you guys again start your brother-sister talks."

"Huh? you dismantled those parts quite well?? Ev better than me, you really become an expert in this," big bro Jin said While giving Myne a compliment.

"Okay, let's finish the transaction, I'll take all the intestines for 78 pieces of silver coins, the testicles for 0 pieces of silver coins, the bones for 95 silver coins, 30 pieces of silver coins for blood, pieces of silver coins for the eyeballs and 3 gold coins for the Demon core."

See, that's why people called Orc a walking treasure chest, I thought while receiving money from big bro Jin.

"By the way, Myne, since now you can defeat an Orc by himself th it won't be far wh some girls put their eyes on you as hungry wolfs, so be careful from them and if you find any girl for yourself, first bring her to me, I want to know which type of girl you like," Big Sis Maya said while giggling.

"But Sis, I want a girl as beautiful and smart as you, and I didn't know if I can find someone like her in this town," Myne said with an embarrassing smile

while taking a quick glance at her giant boobs before again looking at her eyes.

"Hu! Myne's courage is quite remarkable, that he wants a girl like his sister, I pray from my heart that his wish become true, so he also knows my pain," big bro Jin said in low voice.

"Dear, did you say something?"

"No! It's just your imagination, honey, I didn't say anything," big bro Jin said hurriedly.

"But someone said that I am not beautiful as before now and he also insults my breasts while saying that I almost become a cow," Big Sis Maya said with a sad tone while touching her big breasts and looking at big bro Jin, who is smiling worriedly at her.

"Who said that just tell me his name," I said loudly while making my life the most serious face, no one can say a bad commt about my favorite breasts.

As I said that in loud voice both Big Sis Maya and big bro Jin become surprised, they probably didn't expect this kind reaction from me, after all, they didn't know how much I like Big Sis Maya's breasts.

But after a little surprise, a gtle and satisfied smile appear on Big Sis Maya's face and she asked me, "And what are you going to do with him?"
