### Chapter 83: Fighting With The Dungeon Boss

"I think there are only slimes on the first floor," Aisha said while picking up her arrows in good condition from the ground with a frown.

"Well I also think so, but there are really quite a lot of different kinds of slimes, I've never even heard of many of them," Myne said while starring at the small stone in his palm which was releasing water at a slow speed non-stop, but surprisedly the water coming out from the pebble is sweet and fresh just like rainwater.

As or how is this miracle happening that's because of the new passive skill Water, which he just get from this wave of slimes, along with it two additional passive skills for his collection.

[ Water ( passive ): Water comes out slightly. ]

[ Wind ( Passive ): Wind flows out slightly. ]

[ Light( passive ): Becomes slightly brighter. ]

Water skill he got from Blue slime, wind skill from Green slime and Light skill from White slime. Thanks to those continuous waves of slimes, Myne now have more than 20+ pebbles with all 5 passive skills in his Inventory.

As for what Myne going to do with so many pebbles with those useless skills? He already has a plan ready in his mind, and after returning home, he will start implementing that plan immediately.

After walking a little further suddenly a giant metal door appears in front of Myne and Aisha, blocking their way.

"Myne, I think we've reached the first-floor boss' room, and only after killing it, we can go to the next floor," Aisha said nervously while holding her bow tightly. After all, even though it has been many years since she left this kind of life where she had to fight for her life every day and now after returning to her old job, although she is excited but also a little nervous.

"Don't worry, till I am with you nothing will going to happen to you.

Other than getting beaten by monsters if you didn't fight with your all strength since I am only going protect you when I think your life is in danger, before that just assume that your bone is at stake, and you have to protect them if you wanted to sleep peacefully," Myne said with a smile which doesn't look much different then devil smile to Aisha while grabbing her hand and pushing the door open.

"Are you serious? You will let your beautiful wife get beaten by those monsters?" Aisha asked while making a pitiful face.

"Ohh yes, and that too while eating snacks and enjoying it fully in the background and cheering those monsters to beat you harder, after all, we come here to train ourselves, not for a picnic," Myne said while ignoring Aisha's pitiful face.

"Sigh, being a wife of the overprotective husband is also such a pain in the ass," Aisha mumbled helplessly while shaking her head.

While Aisha was complaining beside Myne, both of them enter the boss room, which was a huge round disk-shape room, and in the centre of the room, there was sitting a giant 5-meter big green slime, starring at them with its little holes on its face, which were maybe its eyes.

"Chiiii...

The giant slime let a loud roar, before confirming that there were only Myne and Aisha who come to challenge it, and no one else is going to come.

[ Name: Exusia Slime

LV: 15

Race: Slime ( Poison Family )

Gender: None

[Skill]

None

[Ability]

## Mollusk Prison (Soft Body Prison) ]

What a waste, being a boss of the dungeon, it doesn't even have a skill? And look at its ability just a body prison ability. Is it going to kill people by giving them hugs and trapping them in its body until they suffocate to death? Also as a slime of poison family, what about its poison abilities or skill? What a great disappointment, Myne thought while shaking his head.

"Aisha go and kill it, I don't have any mood to fight with it anymore," After saying that Myne first cut the Exusia Slime's ability and transfer it to the nearest stone pillar, took out a comfortable chair which he borrow ( permanently ) from his Inn room, and sit down in a random corner, leaving Aisha and Boss Slime alone dumbfounded, both of them didn't understand why Myne suddenly become so unhappy.

But Aisha already starts getting used to Myne's sudden change in mood out of nowhere, it is not the first time she saw this kind of thing, just yesterday while they were shopping, suddenly only god knows what happen, one moment Myne was walking beside her and next moment he bumps into a rich looking guy 10 meter away from them, as for how did he reach there no one knows.

And when he come back, for some reason he was crushing that guy saying "That fatty bastard wears such nice clothes, walks with bodyguards, and two female slaves in his arm but doesn't even have a storage pouch with him, poor f\*cker." Although Aisha didn't understand what was he saying at that time, but she find out that Myne sometime does things that can't describe by common sense, at least this is not possible for her to understand.

"Just watch and learn how I beat this Boss-level Slime, it would be helpful for you in upcoming battles," Aisha said with a smile, ignoring Myne's mocking expression, she fire two arrows at the same time to test water, making two big holes in the Boss Slime body. But before Aisha could be happy, the hole in Boss Slime's body healed completely just within 5 seconds.

So it can repair its own injuries huh? Maybe because it is made of liquid? Myne thought with surprise after seeing that Boss Slime can heal itself without the need for any kind of skill or ability.

While Myne was watching the show, Aisha again fired arrows which were a little similar to when she helped him in the forest, It became three paths and flew towards the Boss slime and hit it accurately.

This time maybe because Aisha uses her Archery skill, each strike contains an outrageous power.

Boss Slime, roar feeling pain, because of Aisha's strong attack, and spits out a green color liquid from its mouth toward Aisha.

Aisha dodged the attack very skillfully but still, that green liquid-like thing's splatter was fallen on her skirt. ωe-lçø?m e-!to--&

Aisha was busy fighting with Boss Slime and didn't have much time to care about such a small thing but Myne did, and to his surprise, this Boss Slime simple liquid vomiting attack actually have a corroding effect on clothes. Just as it touches Aisha's clothes, it starts corroding them, but when it falls on her body it has no effect at all.

F\*ck! Is that the legendary skill of the slime race? About which all most all my favourite writers have written in their books at least once!

In the books, most of the protagonists encounter this kind of slime once during starting point of their journey, and always let their female members of the party fight with them, and after the slime died and explodes like a bubble while spreading all the substances on protagonist female friends and corroding their clothes, fulfilling protagonist and readers desire to watch them naked.

Now this is called a surprise, who would have thought this kind of slime about whom I only read in books really exists? If only I can get this guy under my control then it would be so wonderful, I can let it attack on the beautiful girls during my journey, and then it would be such a nice view to see... Myne thought with a lewd expression on his face while daydreaming about perverted things.

Unknown to her fiance's thoughts, Aisha within a few minutes struggled to kill the Boss Slime, at the cost of her all clothes thanks to her carelessness at the start.

"Aisha, why did you never tell me that you like fighting naked? Also, don't take me wrong but I fully support your this hobby, in this style, you look much more beautiful than regular, I am really proud of you," Myne spoke in an emotional tone while looking at naked Aisha with eyes filled with lust.

And two seconds later without caring about dirty slime jelly on Aisha's body, he embraces her and gives her a passionate kiss.

Ahhmm...

Aisha wanted to say something but because Myne invading her mouth with his tongue, not a single word come out of her mouth.

Myne let go of Aisha after kissing for around 5 minutes with a satisfied expression on his face, although Aisha starring him angrily like she would beat him any moment.

"Just wait until after we return back to the Inn, I deal with you properly there," Aisha said while quickly wearing her clothes. She is still afraid that someone might come inside the boss's room and see her naked, this is also the reason why she is angry with Myne.

"By the way thanks for your hard work, you did a good job," Myne said with a smile, ignoring Aisha's threat.

"Now shall we look at our Boss monster's drops? Myne asked with little expectation while walking toward the Boss slime corpse.

"Huh, don't even think that I would forgive you just because of compliments and your sweet talks," Aisha replied with a frown while wearing her new red colour erotic cotton panty.

Hearing Aisha's angry words, Myne just shook his head, and after taking a nice look at Aisha's new panty, he sifted his gaze to the Boss' loot on the ground...

[ Exusia Oil: By applying it on the skin, can moisturise it with high effectiveness. ]

A high-level cosmetic huh? This will be surely famous among rich women, who care about their appearance more than their children, Myne thought and handed Exusia Oil transparent bottle-like container to Aisha without any second thought. This kind of thing only looks good in women's hands, they are taboo for normal men, of course, there are many exceptions.

"Thank you so much Myne, you might not just how much I wanted to buy this oil, but there are too few supplies of this thing in the market, If smeared, it'll moisten and the skin will become smooth, you know," Aisha happily accepts the Exusai oil with a big smile on her face, she even give Myne a kiss on his cheek.

Her previous anger was defiantly fake, Myne thought and looked at the second drop, which was a pure white bordered cape with a golden colour, and a design that seems quite expensive.

[ Name: Exusia Cape

Defence: +10

Grade: medium

Attribute: None

Special Effects: Physical attacks will sometimes be reduced by 5%.

Description: Special item manifest with the dungeon energy and dropped after defeating the floor boss. ]

Well, better than nothing, Myne thought looking at the cape in his palm disappointedly and putting it on Aisha.

"Yep, this suit you very well..."

"Is that okay? You have already given me one item," Aisha asked innocently.

"Haha, so you wanted that your husband wears this kind of girly cape? I know it, you are so evil Wifuu," Myne said playfully in Aisha's ears, making her very embarrassed, she thought about Myne

wearing a short golden cape on his back which only come to his hips, and indeed this is not good equipment for him.

Just as Myne and Aisha were joking with each other, suddenly a door that didn't exist before appeared in front of them.

"That door will bring us to a small room which is connected to the next level," Urged Aisha, and Myne opened the door and both entered it.

Myne thought for a moment about whether there might be traps or something, but Aisha told him that the door which appears after the boss is defeated doesn't have any traps, and can be considered a safe zone for challengers to take rest and recover their injuries before going further.

Just as Myne enter the room, the first thing that caught his attention is a large pink colour stone monument levitating in the middle of the room.

This should be the transfer stone about which Aisha mention before, if you touch it once you can instantly move to another stone monument connected to it.

This thing function is quite similar to my teleportation skill, and Aisha also said that there's one at the entrance of the dungeon, and now if we want we can immediately exit from the dungeon, Myne thought and after looking at the transfer monument of a while he and Aisha come to the stairs leading downwards on the opposite side of the stone monument.
