

Chapter 49

Riley gasped. She felt goosebumps all over her body when Adrian cupped her breast. He quickly inserted his big hand beneath her satin sleeping dress, and he gently squeezed her bosom.

Adrian did not spare her a second to moan because the next thing she knew, his mouth was covering hers again, and their tongues danced together.

The air was filled with the sound of their smacking lips and passionate sighs, and Riley could hear nothing more. She felt Adrian's fingers play with her nipple. Often, he would lightly pinch it or let it roll on his finger. His actions stirred Riley thoroughly that her body waved and her hands moved unwittingly, pressing against every muscle of his upper body.

Adrian was so toned. His chest was hard, and his stomach was lean. Riley enjoyed every second while she felt him.

With the way that Adrian was eating her out, Riley's lips became numbed in no time. Her lips, moist from his kisses, felt incredibly satisfying.

Soon, Adrian alternately massaged both her breasts, and eventually, he lowered the halter of her dress so that both her mounds were fully exposed to him.

He pulled away from their kisses to stare at her, his eyes moving down her chest. Adrian had that look in his eyes that screamed of lust, and it fired up Riley's wanting too.

Riley took deep breaths, accentuating the curves of her breasts. It made Adrian gulp. He cupped one breast and sucked the other with his mouth.

"Aaah. Adrian!" A loud moan escaped her lips. A jolt of satisfying

electricity ran through every inch of her body, and Riley threw her head back with closed eyes. She enjoyed every second of it; how Adrian suckled on her bosom, his tongue played with her nipple, and how the tips of her mounds felt wet and warm.

The best part was how Adrian pleased both her mounds, giving them good stimulation. Riley was so drowned in desire that she squirmed. Her legs repeatedly raised, accidentally feeling Adrian's stiff rod.

Having felt it again suddenly reminded Riley of what Leni Eros said. She scoffed inside, 'Erectile dysfunction? Adrian's dick is as stiff as a cucumber!'

Riley was willing to go to more lengths to prove it!

"You taste so good, Riley," Adrian remarked. He was done devouring her breasts, and now, he was back to sucking the life out of her once again.

Adrian kissed her. He nibbled her lips thoroughly before pushing his tongue into her mouth. They made out again, fervently and carelessly.

When they paused to breathe, Riley declared, "What about me?"

Adrian still had that lustful look in his eyes. Hearing her, he raised a brow and clarified, "What about you?"

Riley bit her lip. She could feel her face becoming warm, most likely blushing at what she was about to ask. She traced his chest with the tip of her finger and said, "Am I also allowed to misbehave?"

Adrian's adam's apple bobbed, clearly swallowing air down his throat. His eyes became hooded with a glint of passion. He asked, "What did you have in mind?"

"They say curiosity killed the cat, but would it truly be the end of her if she tested the capabilities of his manhood?"

Riley did not respond. Instead, she showed him. While looking at Adrian, she traced his body with her finger. When she reached his abs, she took her time until her hand made it to his groin. Still outside his pajamas, Riley gently grabbed his member.

"Oh, my god!" She immediately pulled her hand back, shocked by what she discovered. She reddened as she bashfully admitted, "It's - it's bigger than I thought."

But it wasn't just the size, really. When Riley touched his length, it twitched on her!

Adrian chuckled at Riley's reaction. He gave his manhood a brief massage, and then, with a mischievous tone, he said, "Well, Riley, it isn't going to shrink anytime soon. You know that, right? It's been deprived for so many years."

"It did feel like it wouldn't shrink until tomorrow," Riley teased.

"It's going to need a lot of help," The man suggested before retaking her lips.

This time, Adrian's hands explored her lower body, caressing her legs and cupping her butt cheeks.

All of Adrian's touches sent tingles down her body that Riley writhed, and she unknowingly pressed her frame against his, her breasts brushing his muscular chest. Their upper bodies were practically skin-to-skin as they made out.

"Riley," Adrian said in a sensual tone. He pressed his lips into her ear and

asked, "You make me go crazy. Can I have you?"

Just the thought of Adrian burying his rod made Riley clamp her legs. Her underwear was so damp she was worried her arousal was filling the air!

With Adrian, Riley was willing to throw away all defenses. Her heart, mind, and body trusted him. So, Riley pecked Adrian and offered, "I'm yours. Take me."

When Riley said that, Adrian held on to the remainder of her sleeping dress. He tugged it down with her underwear and threw it on the floor. Next, his fingers easily found Riley's bottom crack.

"Ahh. Adrian!" Riley sensually called his name the second his fingers came in contact with her rose. While two of his fingers settled in between her clit, Adrian moved them in a gentle circular motion. "Oh, god. Help me!"

Yes, Riley felt she was, at some point, hyperventilating from the multiple orgasms she was experiencing. She never knew any man could do this to her. Riley was... burning with desire!

Adrian often kissed her lips and left love bites on her neck. While his right hand pleased her peach, his left hand periodically fondled her nipple.

Riley thanked the heavens her new man could multi-task! Not only that, he was doing an awesome job!

Slowly, Riley was drowning in full bliss. Something potent was building up inside of her, and she was about ready to explode!

Holding her breath, Riley tried to prolong the gratifying feeling. Her hips were waving, and her body was twitching. She tried hard to control the

sensation against Adrian's fingers, but eventually, the man kept hitting the right spot, and the inevitable happened.

"Aaah!" Riley came. Her body quivered, and her eyes shut while she mildly convulsed.

Riley was still savoring the moment when she felt Adrian hold her knees and pin her legs down. When she looked down between her thighs, the man was already holding his long and thick shaft, palming it.

Adrian confirmed, "You are mine, right, Riley?"

"Yes." When she nodded, Adrian aligned his member into her peach, and not a second longer, he entered her.

"Aaah!" Riley thought it was so satisfying!

Stars.

Butterflies.

Her toes curling, and her legs were shaking!

All that good feeling surged throughout her body.

Riley felt completely filled by the man's sex, yet, Adrian's penetration caused no pain because she was so damn soaked!

Adrian lowered himself onto her until their bodies were touching. He captured her lips once more before he finally moved to and fro.

"Aaah!"
