

Chapter 73

At Marriot Hotel's Presidential Suite.

'I'll fill your pink hole until all you feel is me.' Riley's nipples were hard, remembering her husband's goal.

Having Adrian inside her was always so satisfying. It wasn't just his size, though; There was something about the way he wanted her that always made her feel sexy and loved.

She was in the shower, preparing herself, when all these thoughts permeated her mind.

Riley hurried her bath, and after making sure she smelled heavenly, she put on one of the underwear she and Zia had bought the other day.

She wore a black butterfly thong and a see-through bra that barely did the job of holding her breasts. After checking herself in the mirror, Riley covered herself with a red satin robe. Next, she went to the bedroom.

Adrian was waiting for her. He was leaning on the headboard, completely naked. His member was up, and his hand was stroking his length. That scene, combined with his perfectly sculpted body, broad chest, six-pack abs, and tall figure, was enough to make her cum.

"Come here," Adrian instructed, his lust showing through his narrowed eyes.

Riley posed next to the bed and lazily removed her robe. When she showed Adrian her bra, the man hissed. His tone was possessive as he commanded, "That bra should be worn only for me."

"Yeah?" Riley bit her finger. She suggested, "Wait till you see this."

She dropped her robe and revealed her butterfly thong. Afterward, she turned around and flashed her well-rounded ass. "Aaah! Adrian?"

Adrian slapped her behind. He suggested, "I'm going to bite that. Get over here."

Riley climbed on top of him, and while straddling Adrian, he pulled her into a kiss, and his warm tongue quickly invaded her mouth.

Stars!

It was always the same. Riley felt Adrian's kisses were heavenly.

While their flavors exchanged, Adrian's left hand was on her breast. His right hand was squeezing her ass. He massaged her left bosom before lowering his face and tenderly biting her nipple through her bra.

"Mmmm." Riley's skin formed happy bumps at Adrian's actions. He did the same with her other nipple before littering kisses all over her chest.

It did not take long for Adrian to push her bra aside. By doing so, the bra pushed up her mounds so that they looked bigger.

"Wow," Adrian remarked. He cussed before taking one breast into his mouth and then the other.

Yet again, Riley was on cloud nine. She was so stimulated at that point that she was grinding on his bare rod.

"Adrian," Riley called. She could feel him getting bigger as her wet core was humping on his girth. At any second, his sex could potentially slide into her.

"Later," Adrian suggested, having read her mind and her need. "I'm

going to lick every part of you, remember?"

Adrian lay her on her back. Then, he kissed her again before slowly going down on her.

He kissed her cheeks, ear lobes, and neck. Riley felt so ticklish that she giggled! When Adrian moved to her chest, the excitement returned. He left many love bites there before going for her abdomen. Then, he flipped her over so that Riley was lying on her stomach.

"Mmmm. Adrian!" Riley gasped. It was the first time that Adrian was kissing her back. It was giving her happy goosebumps!

He was sucking her skin. At the same time, his hands were carelessly grazing Riley's body. His hips writhed against her legs, and she could feel his stiff member brushing against her thighs.

Eventually, he arrived at the spot that he wanted the most. He grabbed a handful of her right ass and bit it softly.

"God, I love them," Adrian said. He bit the other ass, declaring, "They are so firm and soft."

Adrian sat up and purposely rested his shaft in between her bottom cheeks. Riley was so shocked she turned to him. She watched as her husband moved his girth to and fro in between her two-round flesh.
