

Chapter 74

"Wow," Riley said. All the more, her arousal intensified.

Adrian, however, did not linger there. He was clearly about to eat her peach when Riley commanded, "Lie down."

"What?" Adrian asked.

"Lie on your back," she repeated.

Adrian adjusted his frame and lay flat on the bed. Riley climbed over his body, her legs apart with Adrian in between. She gradually moved up until her rose was right before his face.

The man hissed instantly. Riley knew that only a string covered her sex, and she was practically bare down there.

"Mmm." Adrian hummed in approval. He pulled the string down and touched her soft bottom lips. Adrian blew his hot breath on her peach, making Riley shiver.

Without warning, Adrian crashed his mouth into her core, and he impatiently suckled her rose.

"God, Adrian," Riley called. She grabbed the bed's headboard and supported her stance because Adrian pulled her so abruptly.

His tongue was quickly licking her entire crack. Occasionally, he would spread her bottom lips as if he wanted to see more of her. Soon after, he sucked on her clit.

Soon, Adrian was tugging on her thong, nearly tearing it off, but suddenly he stopped. He said, "You look so fucking sexy in this; I want to

do you while wearing this underwear, if... it even deserves to be called one."

Riley chuckled. He probably was right. Her thong was no underwear, merely a catalyst to entice him, and it worked like magic. She would be happy to wear another thong in front of him if it meant getting eaten this way.

Adrian continued pleasuring her. She was slowly drowning in a sea of desire that she unwittingly ground on him. Her body was waving, her hands touching her breast.

"There, yes," Riley sensually directed. "That's it."

Then, she remembered their plan of eating each other out. She turned to Adrian's member with dreamy eyes and saw how fully erect he was. His length was like a slightly curved cucumber, stiff and tall. It was somewhat jiggling to and fro, calling out to her.

Slowly, she turned around, giving Adrian her behind. Her husband waited until she was settled in, straddling his face again.

"Fuck, Riley. You are turning me into a horny man," Adrian declared.

"As long as your horny for me, Honey," Riley said before finally grabbing his full girth. She fondled his length with her slender hand, and just as she was about to put his mushroom tip into her mouth, she felt Adrian lick her entire bottom slit.

Riley's face became frail as happy hormones spread through her body. For a fleeting moment, she felt weak, but very soon, she sensed her desire building up again.

Focusing on the man's angry shaft, she finally ate him, and it was

Adrian's time to make sensual noises.

Inside her mouth, Riley felt Adrian's rod twitching. She sucked him thoroughly, her cheeks hollowing as she did. And because Adrian was devouring her simultaneously, her urges were utterly inflamed. It did not take long for her to come undone in his tongue!

Riley let go of Adrian's rod. Her body trembled above him. Her hips were twitching, and her heart was racing. She should be ashamed about cumming on Adrian's face, but her husband sucked her heartily as if intoxicated by her love juice!

"Aaah!" Riley screamed. "Adrian!"

Her body shivered in delight as Adrian refused to let her go. He continued to stimulate her until she could no longer bear it. She screamed, "I can't - I can't!"

If Adrian continued to eat her, Riley deemed she would collapse from too much orgasm.

Riley rolled to the other side of the bed. She took deep breaths, trying to recover. Her chest was still heaving when Riley sensed Adrian had moved in between her legs.

Adrian pushed her thong aside and rubbed his mushroom tip on her opening. A gasp escaped Riley's lips. She did not know how to handle another orgasm. "Aaah!"
