

Chapter 121

Axel slowly started pulling out and thrusting back into Hazel whose head was still resting on his chest.

Small moans were now coming from Hazel as he worked his d!ck slowly in and out of her and in no time, she had pulled back, arching her back in pleasure as he rammed his d!ck into her suddenly.

Her tired body sprung to life with just that one hard thrust and in a few seconds, Axel was thrusting upwards, ramming his entire length into her making her moans fill the entire room as she pushed down onto his d!ck too, wanting him as much as he wanted her.

Axel leaned forward and k!ssed on her n!pple.

“Suck on it” Hazel pushed forward into his mouth, letting him take her nipple into his mouth and play with it making more pleasure course through her body.

“Good heavens” she cried out as she felt another orgasm building up inside of her quickly.

“You are setting me on fire, Axel! I am going to c.um again!”

“Then do it! Cum on my dick, Sexy Hazel” he encouraged her and hearing him say that, she could not hold back anymore and came again, squeezing his d!ck as she did so but Axel continued to push into her tightness that was now tighter with her ongoing orgasm.

He fucked her through her orgasm, causing another mini orgasm to run through her body after which she collapsed onto his body once more.

“Tell me” he breathed out heavily.

“Do you think you can still go for more?” He whispered.

“I am tired, Axel but I need your d!ck to kick out that tiredness”

“Now, that’s a twist” he whispered and made her grind against his d!ck.

“Why don’t you make me cum, sexy head? And then we see to what we can do?” He asked and with renewed energy, Hazel pulled herself up and placed her both hands on his shoulders, bouncing on his hard d!ck giving herself and Axel the pleasure that they craved for.

It didn’t take too long before Axel came again and having him spill his seeds inside of her, Hazel too came again.

At this point, she was totally exhausted and laid on his chest, sliding his d!ck out of her lest he quickly got hard again and demanded for another round.

“Does my sexy head want to go to sleep?” Axel asked and with hazy eyes, she nodded her head.

Axel k!ssed on her forehead one more time and held her in his arms tightly.

“I love you.”

The next day

Hazel woke up under the sheets of the bed and she knew that it must have been Axel who tucked her in. The warm breath on her neck and his scent informed her that he was right behind her.

She gently turned in the bed, careful not to wake him up as she did so. She smiled gently as she tucked his hair off his face careful not to disturb his sleep.

She let her hands run over his nose and then his lips, she giggled softly as she remembered how his lips had kissed her the previous night.

She leaned in to kiss him but his voice stopped her.

“Do not do so if you do not want another round this morning”

“Gosh!” She was quite startled to find that he was not asleep but totally awake.

She was still feeling sore in between her legs and even though she wanted him back, she still wanted to see to Sana first.

“Don’t be so naughty” she hit his chest and he opened his eyes.

“I wasn’t the one crying out Axel, push it in so why am I the naughty one now?” He asked with a smirk and her face turned red.

“Good for you, you are making me flushed so early in the morning” she giggled out her words.

Axel leaned in and kissed her forehead.

“Good morning, pretty head”

“Good morning, love”

It was one of the best mornings of their life together, a morning when Axel did not have to wake up with his energy drained, a morning when he did not have to bother about his father chasing after Hazel’s life although it was sad that his father died, it was a morning when he did not have to be concerned about what Rex had up his sleeves, morning when he was not concerned about others finding out about her identity.

“Where was Rex buried?” He suddenly asked out of the blues.

“Uhm... Why asking?”

“Paying my last respects to him”

“Alpha Axel” Clarissa walked in, all dressed up in a black suit.

“Good morning beta Clarissa” Hazel greeted and Clarissa laughed softly.

“Good morning, Alpha Hazel” Clarissa replied in the same tone and the both of them laughed.

“Godmother” Sana smiled and hugged Clarissa.

“Hey, goddaughter.” Clarissa played with her hair for a few seconds before letting go of her and letting her get back into the arms of Hazel.

“Alpha” Clarissa looked towards him.

“Davis cannot be found” she announced.

“The entire pack has been thoroughly searched but he cannot be found. I think he has escaped to the other packs” she added.

“You’ve spread the information to other Alphas?”

“Yes, I have”

“Power is really something that will corrupt even the best of friends.” He mused.

“But Davis is never really something for me to bother about. He would either get killed as a rogue in other packs or he would come back to me... He can’t be so big of an issue, ever”

“Yes, come to think about it. Where is your mate?” Hazel asked Clarissa, recollecting that Clarissa had told her about finding her mate.

“He... He left” she replied.

“Left?”

“Yeah, to his pack” she shrugged.

“Don’t tell me Alpha Damien is your mate” her eyes widened.

“Well.... He is really my mate but... I guess it’s fine” she forced a smile out.

“He rejected me already” she added like it was nothing.

“I’m really sorry about that” Hazel mumbled.

“It’s nothing” Clarissa waved it off

“I and Hazel have decided. We will be merging our packs together and we will rule over both packs” Axel made known the earlier made agreement between he and Hazel

“Wow... that’s amazing” Clarissa’s eyes grew in surprise and amazement and just at that moment, her phone beeped with a message.

She removed the phone from her pockets and gasped.

“Davis has been found” she stated.

“But he was found.... Dead”
