

## Chapter 57

Axel let go of Hazel's lips just as she finished unbuttoning his shirt. He knelt right in the middle of her legs and grabbed her by the hip.

He pulled her closer to his face. Hazel's breath seemed to hitch even though she was still breathing heavily. She could feel his hot breath caressing her ass cheeks.

She knew what he was about to do to her and she anticipated it badly, making her even wetter. She was expecting his tongue first but he pushed a finger inside of her tightness first, making her wriggle her waist as more moans dropped from her lips.

He loved her moans so freaking much and more, he loved the scent of her, the scent of her juices leaking for him.

Wriggling his finger almost out of her, he pushed two fingers back inside of her wetness, wishing he could push his dick inside of her the same way. Hazel's back arched in the pleasure of the moment. She could feel herself dripping more juices but more was to come as his tongue latched right onto her pussy.

"Axel!!" She almost screamed as she arched her back, almost pulling herself up from the bed totally.

His thick tongue pushed into her tightness making her writhe on the bed. He sucked her juices into his mouth, giving her a long lick that had Hazel's legs losing all stamina.

He was the one holding her now and without his firm grip on her, she would not be able to keep her legs up. He lapped at her juices but she just continued oozing out more of it.

Axel let his tongue wander off to her clit, giving the small sensitive hole a tease that sent her legs bucking wildly.

Hazel's hip pushed forward, as she lost herself in the pleasure of his tongue. She sent her hands into his hair, pulling him further down onto her pussy.

She did not want him to stop it, especially not now that she felt so close to her orgasm.

Axel teased her clit once more before pushing his tongue back into her tightness, as far as it could go. The warm, wet tongue of his against the sensitive folds of her skin had Hazel screaming in pleasure.

"Oh my!! Please continue! Go... Go on! I love you!" She cried out as she felt herself getting closer to the verge of her orgasm.

Her legs had gone numb and she knew that the approaching pleasure was going to make even her brain numb.

Axel's tongue licked up to her clit once more, where he sucked the sensitive bud into his mouth and began to tease her pussy with two of his fingers.

Hazel's back had lifted completely from the bed at this point as her fingers remained buried in his hair while her mouth continued to make noises that she would not have believed it could make.

His fingers pushed hard inside of her and that was how far Hazel could take it. Her moans turned into gibberish and then into a loud, long scream of pleasure as her numb legs began shaking and trembling heavily, her body was more like in a convulsion.

Her orgasm wrecked through her body, freezing her body and yet, the next second making her tremble and shake down to her deepest cores.

As she rode through her orgasm, squirming and writhing her body around on the bed, his fingers never left inside of her as he continued to push in and out of her contracting pussy. More screams, more moans left her lips.

After what seemed to be like forever, Hazel's body fell back into the bed, her body still trembling but lightly now.

She could feel his fingers leaving inside of her.

As soon as his fingers left her, however, it was replaced by his eager tongue as he began to lap at all the juices that she provided.

“God!! Good heavens Axel! You are taking my life away!” She screamed as another orgasm ripped through her body.

Before she could climb down from that orgasm, Axel had pushed down his trousers and boxers, kicking it off to the floor with the urgent need to cum himself.

He laid in between her legs and kissed her sweaty skin softly.

“Good thing my room is sound proof, can't imagine what your ears would have been passing through” he whispered and a shy smile spread her lips.

He kissed softly on her lips.

“Do... Do you want me to help you get off too?” She asked him.

“Don't worry, I will get off myself” he assured her and kissed her neck.

Hazel's eyes widened as she felt his hard, huge dick at the entrance of her pussy. Several sensations and sweet feelings rippled through her body as she felt the head of his dick being coated in her ever flowing juices.

“Axel” her breath turned significantly heavier.

“Are you going to f\*\*k me now?” She asked and it took some seconds before Axel could give his response.

“No. Anything and everything but sex itself” he reminded her but his hard d!ck was still rubbing her bare p.ussy.

It would take just a push for him to be inside of her tightness.

Hazel let her body relax and react to the caress of his hard d!ck. Each time it brushed her folds, her body would shiver.

Axel took hold of the base of his d!ck and rubbed it around her entire slit before going back to her entrance.

Stopping himself was getting harder as his breath turned heavier, his l\*\*t and want for her taking over his mind totally.

He wanted to pull away to stop himself but he felt glued to her too much that to be able to pull away from her anymore.

With his d!ck rubbing at her entrance while she let out soft m0ans, Axel could no longer take it.

He damned whatever consequences his actions would be bringing to anyone. He damned the fact that he had not found a way to solve Hazel’s identity or even tell her about it.

“F\*\*k it all!” He grunted and rammed inside of her with one deep, hard thrust, breaking through her restrictions, with the aid of her wetness.

“Axel!!!!” Hazel screamed out loud as his huge member tore through her. She could feel her skin tearing as he pushed hard into her.

Her arms wrapped around him tightly as she felt pain and pleasure coursing through her body.

Axel leaned in closer to her, quite disappointed in himself that he could not hold himself back but it had been done and the only thing next was for them to make their first sex as pleasurable as possible.

“I... I am sorry” he breathed heavily into her ears, apologizing for pushing his d!ck inside of her without informing her about it.

It was not like he even had enough time to inform himself about it.

He remained inside of her, being overwhelmed by the feeling of his hard d!ck being squeezed by her w. et, warm tightness while he gave her time to adjust to his d!ck inside of her.

He was only half way inside of her but he knew that he had to be a little bit gentler. She was not just any slut that he wanted to use as a pleasure tool, she was his woman.

He k!ssed her neck softly as his fangs emerged from his mouth, getting ready to mark her and make her his woman without a care about any other thing in the world.

“Axel” her voice came out as a m0an.

“Axel, make love to me” she whispered, enjoying the feeling of being full as the pains reduced.

Axel pulled almost all the way out and pushed back into her, making her take more of his length than the first time. Hazel’s back arched and her fingers scratched his bare back as he pushed inside of her.

Axel’s fangs grazed her neck but all of her focus was on the d!ck that was now slowly giving her more pleasure than pains. With another soft graze of her skin with his fangs, Axel sank it into her neck and she let out another loud m0an, her fingers scratching his back harder as both pains and pleasure ran through her body.

He had mated with her and he had marked her, she was now his and he... Was hers.
