

Chapter 60

Axel woke up, feeling better than the previous night. A long, deep sleep had definitely done him well in recovering his lost energy.

He looked towards the window from where the sun shone into the room, illuminating it. Hazel was standing by the window, her hair swung to one side of her neck, her back facing him.

She was not particularly dressed up, she was just in one of his shirt, a white one, through which he could notice that she was wearing black panties.

He got out of bed and walked up to her. Hazel smiled as he hugged her body to his body from the back, holding her warmly to himself and making his lovely scent fill her nose.

“Good morning, pretty head” He kissed on her neck.

“Good morning Axel” she turned in his arms, making him wrap his arms around her waist while she wrapped her arms around his neck as she looked up at his beautiful face while he looked at hers.

Their eyes roamed each other’s face adoringly for some seconds before Axel did his usual tap on her forehead.

“Hey! You are never going to stop this, are you?” She whined, her lips forming into a small pout.

“I am never going to” he responded stubbornly and tapped at her forehead yet again.

One of her hands around his neck reached in and pinched his skin hard.

“Hey” Axel’s brows furrowed as he felt the skin at the back of his neck turn red.

“Turning all feisty and taking revenge?” He asked and she nodded with a proud smile on her face.

“I feel really strong this morning” she twirled out of his grip and walked a few steps away.

“I always feel strong but this morning is really different from the other times” she beamed and then turned towards him.

“Don’t you think you should give me some training now? So I can get even stronger and better and be able to defend myself”

“If that’s what you want, you’ll get it but of course, I will be your personal trainer” he replied and she nodded her head in affirmation, glad that he had at least consented to get request.

“How are you feeling now? Better than last night?” She walked towards him.

“Yeah, very much better.”

“Coming to think of it, are you leeching off my energy? You feel stronger while I feel drained” he joked.

“Perhaps that’s the case” she giggled softly.

“Then....” He drawled.

“Do you want to get stronger by leeching off my energy once more?” He questioned.

“Maybe” she looked away from his eyes and took hold of his right hand.

“But why don’t you find that out yourself?” She asked and Axel chuckled at how shy she looked while saying that but he knew all of that shyness would be gone soon enough.

He took his right hand under the shirt, in between her legs and cupped her mound, giving it a squeeze that threw her face into that of pleasure.

He gave her another squeeze before pulling down her panties. Hazel pushed the panties out of her legs and hastily got out of it.

He took his hand back in between her legs and teased at her slit with his hands. Hazel m****d and leaned in towards him, resting her head on his chest as she let play with her.

“Seems like you want to leech off my energy so bad seeing that you are so wet for me” he whispered hotly in her ears.

“Yeah... And no teasing please, Axel, Sana would soon....”

“Oh yeah!” Her words turned into a m**n as a finger of his pushed into her and slowly began f*****g her.

“Sana... Would soon be awake” she breathed out her words heavily, letting him know it would be better if they got straight to what they wanted to do, after all, she was dripping wet already and he was rock hard already.

“Hungry for what’s yours already?” He questioned as her hands began to pull down the shorts he was wearing.

“I want what’s mine, inside of me” she demanded and leaned in for a k**s which he willingly gave. Their lips smooched against each other while he continued to ram his fingers inside of her, increasing her ache for his d**k to replace it and stretch her, making her full like she had been the previous day.

His other free hand grabbed her boobs from the shirt and gave them each a squeeze that had her moaning in his mouth. He pulled away from her a few seconds later and carried her in his arms.

He dropped her to the bed and Hazel quickly readjusted herself on the bed, ready for him to push his d**k inside of her and she did not have to wait for long as he got in between her legs and rubbed her wetness with

his hardness making her breath shorter and heavier as the anticipation for his d**k increased.

He pushed inside of her, hard, making her take a little bit more than half of his length.

“Gooood! I feel so full!” She literally screamed as her fingers clawed at his back.

Axel began slowly pushing his d**k inside of her to get more of his length inside of her while she squirmed with pleasure underneath him.

Her eyes subconsciously fell onto his d**k pushing into her p***y and seeing that glorious sight only made her ooze out more juices making the journey deeper inside of her easier for Axel.

He pushed deeper into her tightness until she could take it no more. Her body shivered as a mini Orgasm threatened to take over her body.

“I... I can take no more”

A smirk appeared on Axel’s lips. He leaned in and kissed the spot where he had marked her the previous day. Making do with his length inside of her, Axel began to slowly f**k his d**k inside of her, increasing his pace by the second as she adjusted to him stretching her so good.

“It feels.... Heavenly!” She m****d into his ears, kissing softly on his earlobe as he continued to go in and out of her, providing her with the pleasure that her body had been pleading for since she first had his d**k inside of her.

“Yeah! I love it! Goosh! I love you and I love this!” Her words drawled as he slammed into her.

Her head threw sideways as he pleased her with his fuck tool. All of a sudden, he rammed his entire length inside of her making her scream out loud.

“F**k! Axel!!!” She screamed as she got into a row of never ending Orgasms with his d**k touching her c3rvix.

But at the pleasure point, at that point where her contracting p***y was providing him with so much pleasure as if trying to milk out his cum which it would soon do, Axel felt something.

Again, he felt weak, he felt like energy was being sapped away from him. Perhaps, if she had been his first woman, he would have blamed it on his s****l prowess but he knew this wasn't about that.

This was about something else, something inside of her that seemed to be sapping out the energy inside of his human and wolf side.
