

Chapter 69

That night

Hazel had just finished taking a shower and was dressed in nothing but her bath robe.

She had nothing underneath it as she was ready to have a good night with Axel.

Axel had been pushing her away for the past few days, insisting that they needed to heal up completely from their injuries and now, she was more than sure that the both of them had healed up from their injuries completely.

She walked into the room from the bathroom and found Axel who was seated on the edge of the bed, punching into his phone.

He stopped as soon as he noticed her presence and dropped his phone to the table.

He looked up at her and how beautiful she looked after the bath made him gulp down with desire and the wish to take her and make love to her but he could not do that.

He quickly looked away from her to avoid being way too mesmerized by her beauty to the extent that he would not be able to hold himself back.

The look on Hazel's face fell as she saw him look away from her but she wasn't willing to give up.

She pushed the bathrobe off her body and let it fall to the floor with a soft sound that Axel noted.

He gulped down the heat building inside of him as she felt her approach him more and more.

“Axel” she called softly in the most seductive voice that she could create but she did not even have to try making her voice seductive because her voice to Axel was naturally seductive.

She took a finger to his jaw and lifted his face up so that he could take a look at her.

His eyes roamed around her naked body and he felt a familiar throbbing in between his legs.

“Axel” She called his name once more, seeing him gulp down as his eyes roamed around her body.

Hazel gave her body a small jiggle that sent her boobs jiggling their want for attention from the man seated on the bed.

“You are healed up already and I am more than healed up too, don’t you want to.... Have a good, long night?” She asked, dropping onto his thighs.

Axel gulped down once more as the softness of her a*s pressed against his thighs, desire for her body running through his body but he knew what he had to do forward before the l*t for her body.

He loved her and he was going to let love take over before anything else.

Hazel slowly leaned in to k*s his slightly parted lips but Axel quickly pulled away.

“Not tonight, Hazel” he carried her off his thighs and dropped her on the bed.

“No Axel! I want it now, I want you” she crawled back to him and tried kissing him again and this time she was quite successful.

Their lips sucked into that of the other partner, tasting the sweetness of their k**s. She slid her tongue into his mouth, sucking his tongue as they kissed but Axel pulled away from the k**s.

“Stop it for now Hazel”

“What is wrong with you, Axel?” Hazel grumbled.

She looked down at his crotch and found a tent in his trousers.

“Take a look at that! You are hard for me. You want me as much as I want you so what is wrong?” She asked him.

“Nothing is wrong.... Nothing at all. I... I am just not in the mood right now...”

“Your hard-on is not telling me the same thing!” She insisted.

“Only listen to what I say. My hard-on has no brains and it also has not mouth to tell you anything. You should only listen to what my mouth says”

“I do not want to listen to it. I want you, Axel” she pushed her body to him, making her boobs brush his shoulders.

“And I know you want me too” she added.

“Not tonight, okay?” He held onto her shoulders but it was obvious that Hazel was not in for that.

“No. It is now, tonight” she grabbed a hold of his belt.

“Hey, you’re gonna rape me?” Axel asked.

“I... I am not raping you! I just....” A mischievous look ran across her face and she got up from the bed.

Axel watched her sexy body as she walked over to the drawers. He felt his hard-on getting harder with every step she took that made her a*s jiggle.

“Gosh” he threw his head backwards and ran his hands through his hair.

“Let’s see if you can avoid me after this” he heard her say.

Axel looked back at her and saw that she had a pill in her hands, ready to take it down her throat.

“What pill is that?” He asked, his brows arching.

“An aphrodisiac! I am going to use it and see if you can push me away when my body wants you the more” she replied.

“Don’t be silly, Hazel!” He warned and got off the bed.

“What? I want to be silly.”

“You have been avoiding having s*x with me for the past few days? Why? You... You think my body is no longer sexy or pretty for you?” She asked him, instant tears filling her eyes.

“What? No! Take a look at my e*****n. Would it happen if you are not attractive to me?”

“Then why don’t you want me? Why don’t you want to....”

“You know what? Forget about it!” She threw the pill into her mouth.

“Damn it!” He cursed, reached out and grabbed her by the arm, pulling her closer to him in a quick k**s.

He plunged his tongue into her mouth and sucked out the pill before she could swallow the pill but he could not stop himself from swallowing it incidentally.

He pulled back from the k**s and let out a heavy breath as he realized that he had just taken in the aphrodisiac.

“F**k” He cursed and ran out of the room.

He rushed over to another room, an empty one. He opened the door and locked it from behind.

He threw the keys out of the window and crashed onto the dusty bed in the room. He wanted to badly make sure that no matter what happened, he did not get to sleep with Hazel and he knew that would be impossible if the both of them got in contact with each other.

Throwing the key out of the window was his best bet. He would rather struggle with his own desires and jerk himself off a thousand times.

“Axel!” Hazel knocked on the door of the room but he gave no response.

“Axel! Open the door up! How are you going to spend the night alone after taking that pill?!” She asked, banging on the door but the only thing that she could hear was a g***n from the room.

“Axel!” She banged harder on the door but he still gave no response.

“What.... what’s going on, Axel? Why are you refusing me? Why are you choosing to jerk yourself off over my body? Is... Is there something wrong with my body that you are not telling me? First, it was my wolf side and you have not told me what is wrong with my wolf side till date... I do not disturb you over that because... Because I believe that you are doing it all for me.... and now? It is about my human side... Why don’t you just tell me everything, Axel?” She cried, wanting to know everything about herself.

“I feel like you do... Do not trust me at all. I feel like you think of me as a weakling who will not be able to handle herself. If not, why don’t you tell me anything about myself? About my wolf side? About why I have to hide it? About who wants to kill me? And why you don’t want to have s*x with me now when you clearly want me. Tell me! I want answers Axel! I am tired of being ignorant about my own life” she cried harder.

“Just tell me, please.”

“Tell me everything, Axel!”
