

## Chapter 78

“You are back” Hazel smiled as she pulled open the door for Axel to step in.

“Yeah” He gave a soft smile back to her, burying his hands into her hair and giving it a ruffle.

“Hey” she squeezed her face into a tight frown.

“You are ruining my hairstyle” she grumbled.

“I could ruin it in another way that you would not argue so much about” he teased, his hands cupping her face.

“Wh... what do you mean?” Her face flushed.

“Sana is asleep, right? We could just pull through, but you would have to be quiet, there’s no sound proof here” his thumb grazed on her lips.

Hazel gulped down but got control over herself as soon as possible.

“You remember that I will be sapping off energy from you, right?” She asked, her face turning slightly sad.

“I know that but then I always regain my energy after some time” he pulled closer to her, his eyes on her lips as he spoke.

“Are you sure about that?” Her voice turned soft and thin as she enjoyed him gazing at her lips.

“Not as sure as I am sure that I want you” he replied and slid his hands to her waist, jerking her closer and pressing his lips softly against her lips.

His lips smooched against her own lips as they kissed softly while his hands remained on her waist.

Hazel raised her hands up and locked it around his neck, kissing him back, slowly responding to the kiss.

His hands journeyed into the top that she was wearing while his lips continued with hers.

Her lips parted, letting his tongue in as they tongue kissed passionately.

Axel jerked her up and made her wrap her legs around his crotch, while keeping his hands on her waist.

He broke the kiss for a second, enjoying seeing her eyes fill with want for him as much as his own eyes filled with want for her.

The both of them went for each other's lips, kissing hard and fast while the want and desire for each other quickly built up inside of their bodies.

Axel could feel his dick getting harder by the second and with just the passionate kiss, Hazel could feel a patch of wetness on her panties.

She pushed herself to his body, grinding her boobs against his hard chest as her tongue pushed into his mouth, deeper.

Axel broke the kiss and had his right hand caressing her face.

“You know what I want to do?” His voice was husky, just the way she loved it, it made her wetter to hear him.

“Sexy head, I wanna fuck you against the wall”

She felt a streak of hotness running down her body as he said those words.

“Then do it, do whatever and anything” she whispered and almost immediately, his tongue jammed with the skin of her neck, giving her a long lick that made her moan in soft pleasure.

With his strong arms holding her in place firmly, Axel walked the few steps to the wall and made her back slam against the wall where he let her drop from his arms.

He sucked on neck, on the exact spot where he had marked her, enjoying sucking the proof of her being his.

His hands pulled her gown up in a quick and almost desperate attempt. He huddled it up at her waist and sent his fingers to her panties but he did not pull away her panties.

Instead, he let his fingers gently and softly graze her from the soft and wet fabric.

Each graze of his finger sent jolts all over her body.

Hazel's arms wrapped around his neck as she pulled into another k!ss.

“Fuck this! Touch me, make me feel your fingers please” she pleaded, breaking the short lived k!ss.

“You asked for it”

In an instant, he ripped off her panties making her gasp but her gasp could not even be completed as his middle finger pushed into her tightness.

Hazel's eyes shut tightly as her mouth opened in a moan. Her back arched as pushed her back almost off the wall entirely.

“Feels...feels so good” she moaned and threw her head backwards.

Axel worked his finger in and out of her, enjoying how wet she was for him. All wet and prepared for his hard d!ck to slide inside of her and fuck her just the way he wanted to.

Leaning down to her chest, Axel pulled her left nipple into his warm mouth and her moans increased.

“Yeah Axel...”

“Tell me, do you love this?” He mumbled, his lips moving on her boobs, giving it a warm and sensual feeling that made her feel light headed.

“I love it! I love it so... Much!!” Her voice increased as he suddenly rammed three fingers inside of her.

Her eyes went wide at the suddenness of it. Axel only smirked and wiggled his fingers around her pussy, while she kept on oozing out more juices from her pussy, all for him.

Taking his lips off her boobs, he moved back to her right ear and kissed on it softly, biting on her earlobe before sending his tongue into her ear once more.

Hazel’s fingers clawed at his back as a cry of pleasure tore through her mouth.

“You have to keep it low, Sana is sleeping. You won’t want to wake her up and let her see her mommy making a baby sister, right?” He whispered.

Breathing heavily, Hazel clasped one of her hands over her mouth, muffling her moans as he kissed down until he got to her belly button. He kissed on it like it was her lips and Hazel could not believe how good it was.

She could feel her legs bucking as he did so, his thumb now caressing her clit.

With every second, it was getting harder for her to keep her moans low and she knew that what was building up inside of her would definitely not be quiet.

Axel went lower and her pussy oozed out more juices, in anticipation of his tongue and his lips and she did not have to wait too long as he kissed softly on her pussy lips.

“Fuck!!!” She literally screamed, her hands entangling with his hair as she felt her juices gushing out of her with just the feel of his lips.

Her hands clenched tightly on his hair as she pulled his face to her pussy tighter, riding through the waves of her orgasm powerfully.

Her body bucked with her back completely off the wall with cries pleasure dropping from her lips with every second.

After what seemed to her like a long time of breathtaking pleasure, her body slowly eased up from the orgasm, with her legs still trembling but she had no time to relax from the orgasm as she felt his tongue giving her entire slit a long lick.

“Oh goodness!” Her lips trembled out a moan as he continued to lap at her juices sending her into another orgasm in no time.

“Good heavens” She cried out as her body shook against his mouth.

This time, she thought he would let go and finally stick his dick inside of her but she was wrong as she felt his fingers parting her pussy lips and before she could say anything to him, his tongue had buried into her pussy, tongue fucking her.

“Axel!” She screamed as his tongue burrowed into her wet and damp pussy.

He stopped for a few seconds, giving her clit a tease with his tongue in a way that had her body trembling with another impending orgasm.

“You are going to wake Sana up if you keep screaming so loud” he mumbled his words against the lips of her pussy, driving her more crazy.

“You... You would have to... To stop that... If you don't want me to scream” she told him in short breaths.

“No, I am not going to stop. You deal with your mouth instead, sexy head” he whispered and before she could give a response this time around, he had sucked her pussy lips into his warm mouth.

“Aaah.... Aaaxel” she drawled out his name as his tongue pushed into her pussy again.

“Fuck this! I’m... I am cumming again!” She half screamed and came yet again, gushing out her juices while he lapped them all up hungrily.

At this point, Hazel’s legs were like jelly and she could not hold herself up anymore. Her body fell limp on him as she shook, her b00bs jiggling as the orgasm ripped her body.

“Axel... Don’t do it again, you...” Her words were cut short by his fingers pushing into her. Her back arched.

He had his hands on her h!ps now, holding her in place to prevent her jelly legs from falling to the floor.

But just fucking her with his finger was not enough for Axel. He could not just stare at the juices that she was dripping for him. He took his mouth to her hard, engorged clit and teased at it.

“No... No”

“I... I am cumming again!”

It went on for minutes and it was now seeming like a punishment for Hazel, a pleasurable punishment. He had been licking and playing with her for long minutes and she could not lay count on how many orgasms she had had from the experience.

She had given up on telling him to stop. He was not listening anyways. But he finally stopped, getting up with his l!ps coated in her juices.

Holding her body against the wall firmly, he k!ssed her l!ps and she k!ssed him back, trying to bring her limp body back to life.

Axel undid his belt as they k!ssed sloppily, making her taste all of her juices that he had sucked off.

He finally pulled out his hard, throbbing c0ck. He was so hard that it was hurting him.

Grabbing her hand by the wrist, he took her hand to his d!ck and of course, she did not need to be told. She let her hands move up and down the length of his erection.

“Yeah, feels good” he m0aned throatily into her mouth and Hazel increased her effort in making him feel as much pleasure as he had been making her feel all of the while.

“Let’s get down to it, sexy head” his low voice could barely be heard as his m0ans of pleasure went into her parted l!ps.

Axel grabbed her by the h!ps and pulled her up to the wall, holding her firmly in place as he let his hardness rub her wetness, making her even wetter while lubricating his d!ck.

“Put it inside me, please” her voice was thin and barely above a whisper.

Slowly, he lowered her onto his d!ck and her l!ps parted into an o as his hardness impaled her in the best way it could.

Axel threw his head backwards as her back arched, pushing more of her onto his d!ck giving him the best sweet sensations ever.

“Now, let me fuck you, se.xy head” he whispered and pushed into her, making her back slam against the wall.

“Ouw... I love it, go faster please” she pleaded in between m0ans and Axel was more than willing to oblige her demands.

He went fast, pistoning his d!ck in and out of her warm, tight, wet pussy while her m0ans increased, filling the entire room.

Her arms were locked around his neck as he fucked her hard and fast making her b00bs jiggle in his face.

“Gosh! Put it all... I want all of you inside of me!” She cried out and without the slightest hesitation, Axel pushed inside of her, ramming his entire length inside of her.

“Fuuuck! I am cumming again!!” She screamed and her pussy walls contracted, tightening against his d!ck inside of her.

“I... Think I am going to do same!”

With m0ans of pleasure, the both of them came at the same time.

“I love you so much, Hazel Simons”

“I love you more, Axel”

\*\*\*

“You know where she is already?” Rex’s mother asked.

“Yes, mother. I am very certain that she is at the old cabin towards the borders of the pack. There is nowhere else that Axel could possibly hide her” Rex replied

“That’s good” his mother let out a smile and a smile broke out from his l!ps too.

He was glad that his mother was starting to look better than the first day he had seen her. She looked a bit more healthy from the social interaction with her son and with the healthy meals that she was getting from him.

“I will go for her soon and bring her b\*\*\*d back to you.”

“She is not just any white wolf, remember that. She is the chosen white wolf, not just someone that you can easily defeat”

“Then.... Any other way, mum?” He asked.

“The best thing is to take her into the hands of the one who she trusts not to kill her” she replied and Rex’s brows knitted together, wondering what his mother meant by her words.

“The only person that she trusts not to kill her has to be Axel and there is no way I can convince Axel to get rid of her. He would kill me if I even talk about getting rid of her in front of him” he replied and his mother let out a chuckle.

“Of course, with the things you have told me about him, he is really in love with her and would never give in to killing her but you do not need him to give in” a smirk appeared on her lips.

“Then what do I need?”

“You only need to be Axel in front of her.”

“Axel? In front of her? I do not understand what you mean by that, mother.”

“When you get to her, you will look like Axel”

“Look like Axel? We do not look alike that much and Hazel, after spending so much time with him would not mistake a twin of Axel for him.”

“Don’t be dumb” his mother frowned.

“You only need a potion that will make you look exactly like Axel in front of her.”

“Such a potion exists?”

“I created it years back” she grinned.

“Years back? Then how are we going to get it now? It must be gone and I cannot take you out of here yet, how would you make a new one?”

“I do not think I have to make a new one as long as the old one still exists. As a witch, I can always keep track of all potions that I make and that particular potion is not an exception. I only have to track it and you will go wherever it is to get it. “

“Once you get the potion, you will use it and when you get to Hazel. The one she will see would be Axel and not you. As Axel, killing her would be as easy as whatever.”

“The potion enables one to see the one he or she loves the most. As long as the one she loves the most is Axel, she will see you as Axel”

Rex let out a grin.

“That would be satisfying.” He thought carefully of it.

He could even have sex with her as Axel before getting rid of her. Getting into her love hole and breaking the ‘Axel as the only man’ policy would be a pleasurable thing for him to do before he got rid of her.

“I will try to track down the potion now”

“Yes mother”

He watched as his mother closed her eyes tightly, her chained down hands trembling and shaking as she seemed to go into a trance.

She began to mumble things that Rex could not understand. He watched her carefully as she continued saying things. It went on for long until she finally g\*\*\*\*\*d to a stop.

She opened her eyes, breathing heavily.

“It’s with a girl... She lives in the house of the present beta. That is all I could see”

“In the house of the beta? That has to be.... Clarissa?”
