

# Chapter 14

Seth's POV

As we walked up to what I assume is their house, I see a lot of people on the front porch looking distressed. Most of them males.

I guess the young one wasn't kidding about the search party. As we get closer everyone's eyes turn towards us.

I know I am a vampire, but I have to say that is a bit intimidating.

The rest of my friends slow down to make sure we stick together, just in case. Strength in numbers.

Four men, a boy, a dog and a lone wolf start to make their way towards us before one of the older men pulls the boy back.

Elijah's POV

I went upstairs and saw that the girls are not in the house any more. A er an hour it started getting dark and I started to worry about them.

It was such a long day, why would they do this to me? Why did I have four children? Trying to keep up with all of them is like constantly trying to keep up with the sun. ↩

They know they are not allowed to stay out to late if they didn't tell us where they were going beforehand.

I started to mindlink but I couldn't get through to either of them, they have a wall up made of steel.

Daisy sat outside the house not looking too bothered with their disappearance, calm as a cucumber. ↩

All of the men in the family came over, ready to go out and search for them when everyone turned and saw them walking up to the house.

With six vampires! ↩

One was carrying my baby girl. Did something happen to her?

Ace, Elliot, Xay and I started to make our way towards them. I heard Noah struggling with someone, groaning "I want to go too!" ↩

Elle and Daisy came running up to Liley rubbing their fur against her. She put something with huge ears of Daisy back. Is that a Fox? ↩

Where does she always find these things? I hope she didn't give this thing a name because we are not keeping it! ↩

I was pulled out of my thoughts as I heard Malia whispering something to the vampire carrying her.

He reluctantly set her down and I can see the dried tears on her face, but they can't be the vampire's fault because she doesn't look scared of him, quite the opposite. ↩

I slowly walk to her cupping her cheeks "what happened baby, are you okay?"

She gives me a genuine, big smile. The kind I don't think I have ever seen on my baby, and it warms my heart.

She nods her head dreamingly saying "I met him daddy, Liley took me to the woods to meet my mate."

I look up past her to the vampire that was carrying her. She is mated to a vampire? I lower my voice whispering "that is great sweetheart, but why were you crying?"

"I met my mate daddy" she whisper shout in desperation. Is that an explanation? Am I supposed to know what that means? ↩

Why couldn't my pups have just stayed, young, tiny and uncomplicated?

"I thought he was going to reject me, but he didn't. I've always wanted to meet my mate and I finally did, it is tears of joy" she explains seeming to catch on to my confusion.

Right tears of joy. ↩

"Well you can get to know each other more inside, because no one is going anywhere in the dark and you and Miss Lilah are in big trouble for going into the woods late and almost giving your daddy a heart attack." I say walking to my mate and burying my face in her neck needing that intoxicating scent.

"Your dad meant to say congratulations" Lana says combing her fingers through my hair relaxing me and earning a long content sigh.

I didn't really mean congratulations or I would have said that. That man just stole my oldest daughter. I don't even know his name! ↩

Like reading my mind, Malia pulls me out of my mates warm embrace and towards her mate.

"Seth the is my dad Elijah, and daddy this is Seth." she goes further to introduce me to his friends and Seth to everyone, even Daisy and Elle.

I cut them o a er I heard the name. "Vampire? What is your intentions with my daughter?"

He turns his attention back to me as Malia start to scold me.

Without missing a beat he says "to love and protect her sir." I look into his eyes finding nothing but sincerity. ↩

"Well Seth, I'm sorry to say this but Mal is going to be living under my roof until she is at least eighteen. If you and your friends want to live here you are going to have to make a oath that you will help protect us and that you won't be a danger to anyone in the pack, and follow our rules. There is a open house on the other side of the pack house where you guys can stay. But no funny business with my little girl. How old are you anyway?"

He looks young, but vampires hide their age well. ↩

He was about to answer when Xander cut him o . "Alpha Anders called, their pack was attacked, they are asking for help. They would also need a place to stay while they rebuild. They ask if we can send a few people to help with the injured and to help with the damages." ↩

I nod my head in understanding making my way towards my o ice. I have been hearing about more attacks lately, not really hearing too much details, but the attacks are getting closer, which means the will become more of a problem. ↩

Hope you enjoy the new chapter! ↩
