

Cinderella And Her Beautiful Octuplets

What the fvck

Chapter 23

A Black car screeched to a halt in front of BRC. co. Liam alighted the car and walked inside the company.

He entered the elevator that was going to the last floor. After which he entered Brandon's office and met him going through some files.

"How's she?" Brandon said as he raised his head and stared at Liam.

"She's okay and comfortable. You don't need to worry about anything. I'll make sure she gets everything she wants" Liam said and Brandon nodded in response, looking back into the papers that were on his table.

"Brandon!" Liam called out and Brandon hummed , his eyes still on the file.

"I know things haven't been cool since that incident had happened years ago but now we have found her, can you please forgive me for what I did in the past so things can go back to being best friends again?" Liam asked and Brandon raised his head and stared at him for some seconds.

He closed the file on his table and stood up fr the chair, he swelled towards Liam and did the un expected. He pulled him into a warm hug.

"Best friends for life" Brandon said and Liam almost felt tears coming out of his eyes. He valued his friendship with Brandon so much that he had lied to him. He just hope he doesn't find out the truth About Rhoda in the future, else, he's a dead man.

He knows how ruthless and heartless Brandon can be when he finds out he's been lied to. He just hopes and pray he doesn't find out about anything.

Brandon pulled away from the hug and stared at Liam and smiled at him.

"We are both good now. Be a good boy And try not to offend me in the future" Brandon said and checked his wristwatch.

"I need to go now, I have a business meeting with Mr Chang lee. He's back in Atlanta, I need to meet with him before he goes back to china again" Brandon said and Liam nodded in response.

"And another thing, make sure you go help Mrs Mackenzie pack her things, so she can move into the mansion by tomorrow" Brandon said and Liam nodded in response.

Just as Brandon was about walking away, Liam called out to him and he turned to him swiftly.

"Why don't we hang out together later, for a drink" Liam said staring at Brandon who didn't say a word, but the. He finally spoke.

"Okay, it's fine. I will call you when I'm free" Brandon said and with that he walked out of his office leaving Liam all alone.

Liam exhaled deeply. "Finally, things are now back to normal" he thought happily.

It was morning again and another day to be presided.

Hannah had woken up so early, and helped her kids get dressed for school, while the maids helped them pack some of their clothes.

Hannah had told the kids, the driver was going to take them to school and after they close from school, the driver would be bringing them to their new home.

After the kids had gotten dressed and eating breakfast, they left for school, while Hannah joined the other maids to pack some of her belongings.

Just then a knock came from the door downstairs. Since, everyone was busy, Hannah had rushed to check who's on the door and to her surprise, she saw a tall figure on suit smiling at her.

The figure looked so familiar, like she had seen him somewhere before buh she just couldn't recall where she had seen him.

"I'm Liam, Brandon's PA. I was sent to help you pack your things" Liam voiced out

"Oh!" Hannah muttered. She remembered his face, she had saw him in Brandon's office the day she had went to his office.

"Come in" Hannah said as she opened the door fully and Liam walked in.

"I'll go pack my remaining things, make your self comfortable " Hannah said and Liam smiled at her.

He sat on the couch in the sitting rooms and watch Hannah go upstairs to her room. He hummed as he stared at her.

"Damn!!! This woman is pretty as fuck" Liam muttered lowly. Who would think she's the mother of octuplets, yet she's looking so sexy and young.

Liam began to wonder where the Octuplets had gone to. They've probably gone to school, he thought silently as he scrutinized the sitting room, that was looking so glamorous.

Hannah is seen standing inside a big mansion staring at the interior design, while the maids in the house helped her pack her things inside the house.

"Wow, this is so big and well decorated" Hannah muttered as she admired the house.

"The maids will show you your room and that of the kids, upstairs. Make yourself feel comfortable, I'll be on my way now. If you need anything, you can ask the maids, they will show you around too" Liam said and Hannah nodded in response.

"And, the driver can help you pick up the kids from school" Liam said and Hannah smiled.

"No, it's fine. I'll go get them myself" Hannah said and Liam nodded and turned to leave.

Just as he was about leaving, he called him making him turn to her.

"What about Brandon?" Hannah asked

"He's at his office, he would be back later in the day" Liam said and Hannah nodded

"Is there any message you want me to convey to him?" Liam asked

"What? Hell, no!" Hannah said and Liam nodded and with that Liam left.

Hannah then followed the maid upstairs to check out her room and her kids room.

She walked inside her room and stared at it, it was looking so beautiful and well decorated.

She then went to her kids room, which was looking beautiful and well decorated too.

She then decided to arrange both rooms, with the help of the maids.

She removed her clothes from her luggage and placed it on the bed. She opened the wardrobe and then she saw some clothes in it.

"Whose clothes are this?" Hannah asked the maid

"Sir, Brandon's clothes" the maid said and Hannah opened her eyes wide in shock.

"Wtf!! Does this room belongs to him?" Hannah asked and the maid nodded in agreement.

"Then why did you guys bring my things here?, I thought I was supposed to have my own room?" Hannah asked

"It was an order from master Brandon, he asked us to bring your things to his room and this would be your room too"

"What the Fvck!!!"
