

Cinderella And Her Beautiful Octuplets

Chapter 291

Chapter 291

He's not my father, my father is dead to me" she said as she gave him back the car key and then walked back inside the house angrily.

Brandon sighed softly and was about to walk inside the house when Arianna's car drove inside the compound.

The octuplets who had seen Brandon from inside the car, rushed out of the car and ran toward him.

"Daddy" They called and all hugged him at once.

"Sweethearts" Brandon smiled as he ruffled their hairs one after the other and they all giggled.

"Hey mom" Brandon muttered to Arianna who was now standing in front of him.

"Brandon, did you buy a new car?" Arianna asked and Brandon nodded with a weird look on his face.

"Oh, Uhm kids, go to your room now. I'll call you guys for dinner shortly" Arianna said and the kids nodded and ran inside the house happily.

"What's wrong? And why is there a new car here?" Arianna asked the moment the kids left.

"I bought the car for Hannah but she rejected it because she thinks I bought it for her to convince her to give her father a chance," Brandon said and Arianna scoffed. "Did you just say her father?" Arianna asked again to be sure of what she had just heard and Brandon nodded in response.

"Oh my goodness! When did all this happen?" She asked, looking curious.

"Today turns out her father is the business partner we had gone to meet up with today," Brandon said and Arianna sighed.

"Hannah had already told me about her father in the past and I know how much she hates him. It would be difficult for her to forgive or even give him a chance-

"I know, I could see the hatred in her eyes when she saw him. Maybe you could talk to her " she said and Arianna paused for some seconds and then sighed softly.

"I'll talk to her, you should apologize to her too and let her know you didn't get the car for her because you want her to give her father a chance. Maybe you should prepare dinner for her" she said and Brandon nodded. Arianna gave him one last glance before walking inside the house.

Brandon then walked inside the house and walked inside the kitchen.

"Sir, do you need anything?" Alex the butler asked the moment Brandon walked in.

"I want to prepare dinner for my wife"

"But sir..."

"Alex," Brandon called and Alex nodded.

"Okay sir, if you need anything, I'm willing to assist-"

"Okay first off, I need an apron," he said and Alex pulled out an apron and gave it to him.

Meanwhile, Hannah is seen in her room sitting on the couch staring into nothing.

"He met with my father behind my back and now bought a car to convince me into seeing him, never," she thought and then sighed.

Just then she heard a knock on the door and the door opened revealing Arianna.

"Mom" Hannah called the moment she saw her.

"Hey sweetheart," Arianna said as she walked fully inside the room and closed the door behind her.

Hannah stood up and went to hug her.

"I missed you," she said as she hugged her so tight and Arianna smiled.

"Okay, okay don't choke me. We talked this morning, how come you missed me?" She said as she pulled away from the hug and they both sat on the chair.

"I saw him today-"

"Your dad, I know," she said and Hannah stared at her with a look of curiosity wondering how she knew.

"Your husband told me everything," Arianna said and she muttered an oh.

"So you are here to talk me into seeing him?" Hannah asked.

"What? No. Whatever you want to do is your choice, I'm not going to tell you what to do but if you were to ask for my opinion, I would suggest you hear him out.

I understand how you feel because he abandoned you, and whatever he does can never make up for those times he left, although I do not know your father and have never seen him or know what he looks like, just hear him out. Please, honey. I'm sure that's what your mother would want if she was still here with you.

Think about it" Arianna said and Hannah sighed softly.

"You should go get something to eat in the kitchen," Arianna said

"But I'm not hungry-"

"I insist, go get water so you can digest all I have said, and then think about it," Arianna said with a smile on her face and Hannah nodded and stood up.

She gave Arianna one last glance before going to the kitchen to get water.

She walked down the stairs and then walked inside the kitchen only to see Brandon putting on an apron and cutting some onions and Alex was standing a few feet away from him, watching him. Brandon was so focused on trying to cut the onion and didn't notice the presence of Hannah in the kitchen.

"What are you doing Brandon?" Hannah asked and Brandon turned to her.

"Preparing chicken soup for you, so you can have it for dinner. I know it's one of your favorites. I know you are wondering how I knew, the kids had told me before" Brandon said and Hannah bit her inner lips. "Chicken soup is not my favorite," she said as she walked towards the fridge and brought out a bottle of water.

"Then what's your favorite? Tell me, I will prepare anything you want" he said as he dropped the knife, removed the hand clothes he was wearing, and walked towards her.

"Nothing, just let me be, Brandon Colby," Hannah said and Brandon felt his heart shattered at the fact that she called him by his full name.

She glared at him and saw the pain in his eyes when she called him Brandon Colby but she cared less.

She was about to walk away from the kitchen but then Brandon was fast and he stood in front of her blocking her way.

"Get out of my way Brandon"

Chapter 292

"Get out of my way Brandon-"

"I'm sorry alright, I'm sorry. I get it, I was selfish and stupid wanting you to see your father when you do not want to. Although He told me he would sign with our company on my terms and he wanted me to talk to you but.."

"And you accepted," Hannah said in response,

"I told him I would try, but that wasn't the reason I bought the car. I paid for it a few weeks back, it just arrived today.

I felt you needed to hear him out, he's still your father no matter how you try to deny it. Sooner or later you would have to talk to him. He just wants to talk to you that's all, but it's your choice, I'm not forcing you to. Whatever you decide, I'll support you" he said and she stared at him for a few seconds and then looked away.

"Fine, I forgive you, just stop doing that eye thing you do all the time. Same thing the octuplets do all the time" she said trying to avoid his gaze and he smiled. "What eye thing?" He asked in a whisper as he moved closer to her leaving no space between them. He grabbed her waist and pulled her close to himself. "N.. nothing," she said as she swallowed into nothing. He smirked when he noticed she was trying so hard to avoid his gaze.

He raised her chin with his finger and made her look at him straight in the eyes.

He stared at her beautiful eyes, almost feeling lost in them.

"You know you drive me crazy right?" He moved his lips closer to her ear as he whispered. Hannah felt her heartbeat increase as her breath became erratic.

"I want to bend you over the kitchen counter and fuck you hard, so the rhythmic sound of your moans can fill the air and sound like a melody to my ear," he said and Hannah felt her face flushed in embarrassment. "Brandon stop, someone is watching!" She said as she raised her head and her eyes came with Alex who was staring at them but then quickly looked away and bowed his head.

"I was just teasing you," Brandon said as he pulled away from her. Hannah whose cheeks were still flushed found herself smiling like a two-year-old who was given a toy.

"You could join me and prepare dinner for the whole family tonight," Brandon said as he put back his hand glove and went back to cutting the veggies.

"Sure, Alex, could you please get me an apron?" Hannah asked.

"Yes ma'am," he said and gave Hannah an apron. She put on the apron and walked towards Brandon.

"Uhm, so what should I help you with? Remember you are the one cooking, I'm just helping" she said and Brandon chuckled.

"Uhm, you should rinse the chicken and put it in the pot, sweetheart," he said and Hannah's cheeks flushed again.

She quickly looked away from him and kept on smiling.

"Oh my goodness! Why can't I stop smiling!" She muttered to herself as the thought of Brandon filled her mind.

She turned and stared at Brandon with pure love in her eyes. Brandon, who was also thinking about Hannah, raised his head and stared at Hannah.

Their gaze came in contact but then Hannah quickly looked away.

"You know what, come cut the veggies, I would fry the chicken, I don't want you going close to the fire or hot oil," he said as he moved towards Hannah.

"No, it's fine, I can do it," she said and he raised his eyebrows waiting for her to leave. She sighed and finally went to cut the veggies, leaving Brandon with the chicken,

After Brandon was done marinating the chicken, he put the hot oil in the pot and put the few chicken meat inside waiting for it to fry but then she heard Hannah wince in pain. He turned at once and rushed towards her.

"Damn!" He muttered when he realized she had cut her finger with the knife.

"Lemme see," he said as he stared at the finger which was bringing out blood.

"I'm fine, it's just a small cut, I'll be fine, you should go continue what you were doing"

"It's not a small cut, how can you be so careless, I'll get the first aid" he insisted.

"I'm fine Brandon. I just need to wash the blood off and it would be okay" she said and he sighed as he stared at her pretty face to the bleeding finger.

He then did the unexpected, he put her finger in her mouth and licked off the blood from her finger leaving Hannah speechless.

"Oh my goodness! Why would you do that? Are you a vampire!" She muttered as she pulled her finger away from his mouth.

"What? You are my wife, we share the same bed, we share kisses and share everything, and I do kiss your coochie, sharing blood with you isn't bad" he said with a smirk on his lips. "Oh my goodness! You pervert! You realized we are not the only one in this kitchen right?-"

"I don't care, you are the only one I see here. I could send him away if you want-"

"Brandon stop being a pervert. We've never shared the same bed and you've never kissed my coochie. You haven't even seen it or know what it looks like-"

"I saw it this morning and I know exactly what it looks like. I could tell you how beautiful it is" he said and Hannah swallowed into nothing as she felt her cheeks turn red.

She stared at Brandon's eyes and the look on his face made her feel like she was going to explode. He was doing his sexy eye thing again while he stared at her with love and lust in his eyes. "Sir" Alex called and Brandon sighed. He hates when someone disturbs him when he is in the middle of an important thing.

"Alex, leave the kitchen, I and my wife want some privacy-"

Chapter 293

"Alex, leave the kitchen, I and my wife want some privacy-"

"But sir...."

"Alex, I said leave the kitchen-" he said as he turned to Alex who had a fearful look on his face.

"Brandon..." Hannah called and Brandon turned to her.

"Yes honey," he said but then paused when he saw the look on Hannah's face, while she was staring at a particular place.

"The chicken is on fire" Hannah yelled and Brandon turned swiftly only to see the pot of oil and chicken on fire.

"Oh my God!" Brandon yelled as he ran to switch off the gas while Hannah quickly covered the pot thereby putting them off the fire. Alex quickly opened all the windows.

Hannah and Brandon started coughing, as they walked out of the kitchen.

They both stared at each other and burst into laughter and suddenly they both stopped laughing and stared at each other.

Hannah sighed.

"How can you forget the chicken was on fire, the house would have caught fire," Hannah said and Brandon shrugged.

"I would have gotten a new one," Brandon said and Hannah rolled her eyes.

He chuckled and moved towards her and grabbed her by her waist.

"You were the one who made me forget I had put the chicken on fire. You are my weakness Hannah" he said as their gaze locked with their faces moving closer to each other about to kiss when they heard a voice from behind making them stop.

"Oh my goodness! Where's this smoke coming from? Is the house on fire?" Lucas, who had just entered the house, said as he saw smoke coming out of the kitchen. Hannah rolled their eyes.

"I'm going to kill you for interrupting this good moment," Brandon thought as he clenched his fist. Lucas stared at both Hannah and Brandon who were staring at him like she was some kind of ghost.

"Why is there smoke everywhere?" Lucas asked and Hannah shrugged and turned to Brandon.

Lucas stared at Brandon, it was then he noticed he was putting on an apron.

"Oh my goodness! Don't tell me you were trying to cook. And I'm not surprised.

You have the money, you could buy a new house when you burn down this one" Lucas said and then gave Hannah and Brandon one last glance before walking away. Hannah and Brandon both stared at Lucas and then smiled.

Just then they saw Alex walk out of the kitchen.

"Sir, do you want to continue cooking, or the maids should take over?" Alex asked.

If you're loving the book, nel5s.org is where the adventure continues. Join us for the complete experience all for free. The next chapter is eagerly waiting for you!

"Yes I...."

"No, I would do the cooking. Brandon would assist or sit and watch me" Hannah said and Brandon hummed.

"Yeah, I don't want the house to catch fire again and please this time, keep your distance from me and don't distract me," Hannah said with a bossy look on and Brandon chuckled. "Anything for you my Lady," Brandon said and then bowed his head Hannah smiled and rolled her eyes before walking inside the kitchen with Brandon trailing behind her.

Meanwhile, Arianna stood by the staircase upstairs watching Hannah and Brandon from upstairs.

She knew the day he sent Hannah to Brandon, it was the best decision he had ever made.

Hannah was the best decision for her son, Brandon. And if there's one thing she knows, Hannah and Brandon may fight, argue, or disagree with each other but at the end of the day, they would fight for each other because their love is so strong.

A wide smile crept onto her lips.

She sighed and then turned to leave when she saw Lisa walking towards her.

"The Devil's Mistress," Arianna said as she stared at Lisa from head to toe with a look of irritation on her face.

"I know you don't like me, and I do not like you too but this time I come in peace," Lisa said and Arianna smiled.

"Can you leave in peace now?" She asked in response, forcing herself to smile and Lisa rolled her eyes.

"You sound so much like Hannah or should I say she sounds like you. Sometimes I feel like you should be her mother instead of Brandon's. No offense, it's just that the both of you look so much alike in so many ways and all" Lisa said and Arianna stared at her without saying a word.

"Okay don't give me that killer look. I'm only doing this because of my daughter.

I know we didn't start on the right track, and I'm sorry if I ever did any wrong to you. I know I didn't do anything but I just want to apologize for not doing anything to you" She smiled and Arianna stared at her looking confused. "I'm just trying to apologize for....." she paused and then continued.

"I do not know what I'm apologizing for but I'm sorry. I hope you can start liking me now" she said and Arianna sighed.

"I thought you were going to say something important. You just wasted two minutes of my time only to hear you say gibberish" she said and was about to walk away but then she paused and turned to Lisa.

"I don't hate you, I just hate the fact that you turned my sons against each other. If you are willing to change, you should make up for all the things you did,"

"And how do I make up for all the bad things I have done because if I know I have done a lot of bad things," she said and Arianna shrugged.

"You sure you want to make up for all the things you've done?" Arianna asked with a serious look on and Lisa nodded in response with a smile on her face. "Hmm, you can start by packing your things and leave this house," Arianna said and the smile on Lisa's face disappeared.

"But I don't have anywhere else to go?-"

"You can sleep on the street, we all know you belong there"

"But I don't have anywhere else to go?-"

"You can sleep on the street, we all know you belong there," Arianna said and with that, she walked away.

Lisa stared at her looking speechless.

Guess I was wrong, she's nothing like Hannah who is soft-hearted.

Whatever! I'm not apologizing anymore. I don't even know why I apologized In the first place when I did nothing, she thought, and then walked out of the house, going to the swimming pool area, to chill in the pool. Meanwhile, Jessica who had left the house is seen in a bar looking wasted when her worst nightmare suddenly approaches her.

It was no other person than Jeff.

He scoffed the moment he saw her.

"Look who's in the bar all alone and wasted. Where is your brother, or your gigolo husband, he's not here to save you" Jeff said and Jessica stared at her and looked away.

"I'm talking to you Jessica," Jeff said as he frowned. He gripped her hand and she winced in pain.

"Let go of me Jeff, let me go," she said as he pulled her up and dragged her out of the bar.

"Your brother isn't here to save you, and neither is your gigolo husband. Go on scream, no one would come to your rescue" Jeff said as he dragged her towards his car while she kept struggling to free herself from his grip.

But then Jeff, who had gotten to his car and was about to push Jessica in the car, when he heard a voice from behind.

"Let the girl go," a young man spoke with so much authority.

He turned and saw a strange guy standing behind him with his hands tucked in his pocket.

"And who are you to tell me to let her go" Jeff said and the guy raised his eyebrows and then smirked.

"I hate talking, just give me the girl and go your way, I want peace and no trouble," the guy said Jeff scoffed and made to punch him but the guy dodged the punch.

Jeff was surprised by the way he dodged his punch. He tried punching him again but then he dodged it.

"Please don't make me do what I'm about to do, I already have a rough day, just let the girl go and we are good," the guy said Jeff frowned and tried punching him again but this time, the guy caught the punch in the air and punched Jeff on his eyes and pushed him to the side.

He stared at Jessica who was looking washed and moved towards her.

"Hey, Miss, are you okay?" He asked but Jessica didn't say a word.

"Can you walk, miss?" He asked but still no response. He then carried her from the ground in a bridal style.

The moment he carried her in his arms, Jessica managed to open her eyes which were closed and then she saw a strange face.

"Who are you?" She managed to ask.

"I'm Humphrey, you do not know me, I'm taking you home," he said and Jessica nodded and then closed her eyes.

Humphrey has been in the club watching Jessica drink herself to a stupor, although he does not know Jessica in person but he knows she's a Colby.

He was going to take her home.

The whole family is seen sitting at the dining table including Lisa and Mellisa, while Hannah and the maid serve dinner.

"I hope Brandon didn't prepare this?" Lucas asked and then took a spoonful of the food in his mouth and hummed.

"It's delicious," he said with a shrug and continued eating. Lisa rolled her eyes as she ate her food quietly.

Lucas stared at her. He was surprised that Lisa was unusually quiet today, the Lisa he knew would have picked a fight out of nothing in this place already. "Are you okay Lisa?" Lucas asked and everyone stared at him.

"We have nothing together, I'm just surprised she hasn't said anything yet," Lucas said and everyone looked away from him and focused on their food.

"She's a changed woman. She decided to be good. Isn't it Lisa?" Arianna asked and Lisa sighed.

"Can we please eat in peace? I'm enjoying this food. Kudos Hannah, I must confess, you did a great job. You would have to teach me how to cook this, so I can start cooking here-" Lisa said and Lucas burst into laughter. "Seems like you want to poison everyone in this house," Lucas said and Lisa frowned.

"Of course, Lisa, whenever you are ready, I will teach you," Hannah said with a smile on her face and everyone at the dining table raised their head as they stared at both Lisa and Hannah, who were looking peaceful and smiling at themselves. "Okay, I think I'm missing something here-" Lucas said and Hannah raised her eyebrows confused, wondering what he was talking about.

"I mean you and Lisa," Lucas said and Lisa smiled and responded.

"Oh, you didn't know, I and Hannah are now friends," Lisa said and Brandon almost choked on his food.

"Here," Hannah said as she passed the glass of water to him.

"What? When the hell did you guys become friends?" Arianna asked as she turned to Hannah who smiled.

"Oh my goodness! Lisa has bewitched Hannah. This is one of her plans again" Lucas said and Hannah rolled her eyes.

"She didn't bewitch me. I know Lisa has done a lot of bad things in the past, she's willing to change, so I'm giving her a second chance, every human deserves it." Hannah said with a smile and everyone went silent and didn't say a word. "Same way I'm going to give my father a chance. I would hear him out and hear what he has to say, not like I'm forgiving him" Hannah said and Brandon smiled.

"That's a bold step," Arianna said and Hannah nodded and smiled.

"Has anyone seen Aunt Jessica?" Jayden asked and then everyone stared at each other. They hadn't seen her since morning, they wondered where she had gone. Just then they heard a knock on the front door.

Chapter 295

Just then they heard a knock on the front door.

"Alex, please get the door," Arianna said and Alex nodded and rushed to the door. He opened the door only to see a strange guy carrying Jessica in her arms. "This is Colby's mansion right?" Humphery asked and Alex nodded.

Arianna and Lucas stood up when they heard a male voice ask if this was Colby's mansion.

"Who's at the door, Alex?" Arianna asked as they got to the door and to their surprise they saw a strange guy holding Jessica in his arms. Jessica was unconscious.

"Oh my goodness! What happened to her?" Arianna asked as the look on her face changed at once.

"She was drunk and I brought her home" Humphrey quickly explained leaving out the part where Jeff tried taking her away.

Lucas stared at Humphrey and then carried Jessica from him.

"Uhm, I'll be on my way now," Humphrey said but then paused when Arianna spoke.

"What's your name?" Arianna asked.

"Humphrey," he said and Arianna nodded.

"Thank you, Humphery," Arianna said and he nodded and smiled.

"Would you love to join us for dinner tomorrow? So I can thank you properly for bringing my daughter home" Arianna said and Humphrey nodded and smiled and with that, he walked away. Alex then closed the door.

"Did you have to invite him for dinner?" Lucas asked.

"What did you want me to do? I just want to thank him properly for bringing Jessica home safely " Arianna said and then Lucas rolled his eyes.

"What happened to her?" Hannah and Brandon who had seen Jessica looking unconscious in Lucas's arms asked at once with a worried look on their faces.

"She's drunk, someone just brought her home-"

"And who brought her home?" Brandon asked.

"A strange guy whose name is Humphrey and mom invited him for dinner tomorrow. I'm sure you would see him" Lucas said and Arianna turned to him.

"Take her to her room. I'll get some drugs and a towel" Arianna said and Lucas nodded and carried Jessica upstairs to her room.

"She's just drunk, she's going to be fine. She's going through a heartbreak right now, she will be okay" Hannah said to Arianna who then nodded and walked away.

Hannah sighed and then went back to the dining table.

"Kids, it's time to go to bed," Hannah said and the octuplets stood up.

"Good night Daddy," they said to Brandon.

"Good night sweethearts," Brandon said and smiled at the kids.

"Mommy, can I spend the night in their room?" Mellisa asked Lisa.

"Sure, if Hannah is okay with it"

"Of course I am, come along Melissa," Hannah said as she and the kids went upstairs. Mellisa nodded and then smiled.

She rushed towards Brandon and hugged him.

"Good night Daddy," she said and Brandon kissed her lightly on the cheeks.

"Good night honey," he said and she smiled before going upstairs to the octuplets' room.

Lisa sighed softly and stood up from the dining chair.

Brandon stared at her and looked away.

"Are you gonna keep avoiding me or talk to me?" Lisa muttered but Brandon didn't say a word.

"Okay, you can keep ignoring me," she said and he sighed and turned to her.

"I don't know what you are planning by pretending to be friends with Hannah, but when I found out, you would be done for. Just so you know, Mellisa is the reason you are still in this house" he said and Lisa rolled her eyes and scoffed before walking away.

Meanwhile, Lucas had just dropped Jessica on her bed when Arianna walked in with a bowl of water and a towel.

She was looking so worried as she moved towards Jessica and sat beside her. She put the towel in the bowl and squeezed it then put it On her forehead.

"She's going to be fine, you don't have to worry much. You should go to sleep" Lucas said and Arianna turned to him and nodded.

"I'll sleep in her room, she will need me when she wakes up," she said and Lucas nodded and gave her one last glance before walking out of the room. Meanwhile, Hannah who had put the kids to sleep walked out of the kid's room, closing the door behind her.

She sighed as she decided to go to sleep. It was a long day and she was tired.

She needed enough rest. She walked inside her room and saw it was dark.

She wondered who switched off the light. She tried locating the switch, which she finally did, after which she switched the light on.

She took a deep breath as she stared at the bright room. She then decided to go take her bath before going to sleep.

She removed her clothes and tied her towel around her chest.

She walked towards the bathroom and heard the tap running.

"Oh my goodness! Did I forget to lock your tap?" She thought to herself as she rushed inside the bathroom but then she paused and her breath seized immediately.

She opened her eyes wide with what she had just seen. Brandon standing under the shower naked, taking his bath.

She swallowed into nothing as she stared at his naked body, down from his head to his toe.

She felt her legs become jelly and couldn't move.

Brandon on the other hand hadn't noticed Hannah's presence yet.

Hannah kept swallowing into nothing as she watched him standing in the shower, water streaming down his body.

He tilts his head back, water cascading over his face and down his neck.

He brushes his hair back with his hand, the wet strands sticking to his skin. The light catches the droplets of water as they fall, creating a dazzling effect. Suddenly, he turned his face and saw Hannah staring at him. At first, he was surprised but then a smile appeared on his lips.

Chapter 296

"Come over here," he said and then winked at her. Hannah blinked twice and her senses came back to normal.

She then ran out of the bathroom. She felt her heart palpitating.

"Calm down Hannah, calm down" she kept saying to herself as she kept reminiscing about what she had seen in the bathroom.

She quickly put on her clothes and was about to walk out of the room when Brandon suddenly called her name and then she suddenly froze.

She turned and then opened her eyes wide when she saw him standing by the bathroom door.

He steps fully inside the room, water still dripping from his hair and skin.

He's wrapped in a towel, which is cinched around his waist, leaving his broad shoulders and muscular arms exposed.

His hair is mussed from the shower, and the water glistens on his skin, accentuating the contours of his body.

She swallowed into nothing as she stared at him.

How can someone be so handsome, hot, attractive, irresistible, sexy, and wealthy at the same time?

Oh my goodness!!

"Where are you going?" Brandon asked as he brushed his hair backward and moved towards her.

"Uhm, I... uhm, I..." She paused and then swallowed into nothing as he moved closer to her, leaving no space between them.

He put his hands on her waist and pulled her closer to himself.

Their gazed interlock. Hannah felt butterflies in her stomach.

"Why did you put on your clothes, you could have joined me in the bathroom, I would have willingly bathed you myself," he said calmly as he drew his face closer to hers, feeling her breath on her skin. Hannah's face turned red immediately and looked away trying to avoid his look.

"Brandon, I... uhm," she paused as her breath became intense.

"Yes," he muttered as he put his hands on her chin and made her look him in the eyes.

"Go on, what did you want to say?" He asked as he stared at her beautiful eyes and then at her lips. He tilted his head, staring at her pink lips, he moved his lips closer to her.

"I mean you should put on some clothes-" she stuttered and then he smirked.

"Why? You just saw my nakedness in the bathroom, what does it matter if I put on my clothes or not, I'm wearing a towel" he said and she bit her lips.

Oh my goodness!! Brandon, she said in her head as she stared at his lips and then swallowed into nothing again.

"Everything you saw in the bathroom, I know you love it, it's all yours, I'm all yours and you are all mine," he said and Hannah's breath intensified.

"Brandon, I can't breathe," she said, struggling to breathe.

"Is this one of your tricks again? I'm not falling for it" he said with a smirk but then paused when he saw the look on her face and how she was struggling to breathe. "Oh my goodness! What's wrong?" He asked with a worried look on his face.

"I... I d...not know, I think I'm having a heart seizure" she managed to say as she felt sweat dripping off her forehead.

"The room is cold, why are you sweating?" He asked, feeling confused, thinking of what to do.

"I don't know, the room is too hot-"

"But the AC is on, Hannah"

"I don't know Brandon, I don't know what's happening to me-"

"Hannah, take a deep breath-" he said and she took a deep breath.

"It's not working," she yelled and Brandon stared at her thinking of what to do to make her calm but then suddenly, he kissed her.

The moment he kissed her, she became calm Instantly.

He pulled away from the kiss and then stared at her. She looked calm and shy.

"Are you okay now?" He asked and she nodded. Her cheeks flushed immediately and she looked away from him.

He heaved a sigh of relief.

"You scared me for a moment," he said and she smiled.

"Uhm, I'll go sleep outside, you can use the room," she said and turned to open the door but then he placed his hands on the door.

"Since when did you start leaving the room for me to stay?" He asked and she laughed Nervously.

"Since I decided to spend time with the kids," she said and Brandon chuckled.

"Common Hannah, we are a couple, we should start acting like one.

I want to sleep with you" he said and she opened her eyes wide with what she had just heard.

"You want to sleep with me?" She asked.

"Yeah, there's nothing wrong with that," he said as he tried reading the look on her face. He paused when he realized what she was thinking.

"Hannah, you are misunderstanding me. I mean I want us to sleep together, like sleep beside each other and you know, cuddle each other. I didn't mean sex" he said and she heaved a sigh of relief.

"But we could still have sex if you want us to," he said and she frowned.

"I'm not having sex with you," she said with a frown and he chuckled.

"Okay, but whenever you need it, I'm ready. Anytime, anywhere. I'm all yours" he said and she rolled her eyes.

"So, let's go to sleep," he said and she frowned at him.

"I'm not sleeping with you on that bed, Brandon. I'm going to spend the night with my kids, so let go of the door so I can leave" she said and he stared at her for a few seconds and then nodded and moved away from the door. She stared at him wondering why he moved away from the door. Is he truly gonna let her sleep in the kid's room? she thought and then frowned.

She turned to open the door when suddenly, Brandon swept her off her feet and carried her in his arms.

"What are you doing Brandon?" She yelled and he chuckled.

"Doing what I should have done long ago" he said as he placed her on the bed and suddenly came upon her.

Oh my goodness, he's going to have sex with me.

Chapter 297

"Doing what I should have done long ago" he said as he placed her on the bed and suddenly came upon her.

Oh my goodness, he's going to have sex with me, she thought as she opened her eyes and then quickly closed it. Brandon chuckled and laid beside her staring at the ceiling, with a smile on his lips.

Hannah never ceased to amaze him. When he thought he already knew everything about her, She came up with a new, different thing, he thought as he kept on smiling.

Hannah on the other hand opened her eyes when she didn't hear the sound of Brandon again.

She wondered where she had gone.

She turned and saw Brandon lying beside her. Brandon turned and their gaze interlocked. She quickly looked away and closed her eyes, making Brandon laugh.

"Seriously?" He muttered as he chuckled while staring at Hannah's beautiful face.

Hannah opened her eyes and then saw Brandon staring at her. She felt her cheeks turn red immediately.

"Has anyone told you how beautiful you are? You are uniquely beautiful" he said and she found herself smiling while she blushed.

"You blush like a little girl," he said and she looked away while she kept on smiling. Just then she blinked and then shook her head.

The expression on her face turned into a deep frown. She wondered why she was acting so crazy whenever she was with Brandon and she felt confused when he came closer to her.

She wondered what had come over her. She's been feeling butterflies in her stomach since and there were still strange feelings running through her. It was excitement, happiness, and joy, mixed with love.

"What's wrong? Did I say something you didn't like?" He asked when he noticed the look on her face.

She stared at him for a few seconds before she finally responded.

"No, Uhm, I'll sleep on the couch," she said and he furrowed his brows. She stared at him and looked away.

She made to stand up from the bed when Brandon held her and made her lie on his chest, pinning her to his body.

"Brandon...-"

"Shhh, don't move," he said as he caressed her hair gently.

She tried moving away from his grip but he was too strong. She had to give up.

She sighed and then closed her eyes while she inhaled his scent. He smelled so nice, she smiled as she positioned her head properly on his chest.

She loved the fact that she was Lying on his chest, she had wanted to do this a long time ago. She closed her eyes and then drifted to a deep sleep.

"I love you so much Hannah, I'm so much in love with you. I think of you everyday and every second that passes by, you are my life and my everything" he muttered waiting for Hannah's response. He stared at her and then noticed she was asleep.

She was looking so peaceful while she slept on his chest. He smiled.

It was morning and Hannah had woken up only to meet breakfast in bed.

She wondered who had put the breakfast beside her. She stared at the bed and noticed Brandon wasn't in the room anymore. She had slept on his chest last night and she dreamt about the both of them.

She wondered where he had gone. She then decided to eat her breakfast. She was extra hungry.

Whoever brought in this food, thank you, I love you, she said out loud as she ate the food.

While she ate, she heard the bathroom door open and she saw Brandon coming out of the bathroom with a towel tied around his waist with his body looking wet.

She swallowed into nothing and quickly looked away from him.

"Good morning sweetheart," he said as he moved towards her and kissed her softly on her cheeks.

"Good morning" she muttered as she felt a butterflies in her stomach.

"I hope you like your breakfast?" He asked and she raised her eyebrows.

"Did you-"

"Yeah, who else do you think would bring you breakfast in bed? Of course it's me" he said as he dried his hair and Hannah stared at him and looked away while she continued eating her food. When he was done drying his hair, he took his clothes from the wardrobe and put them on.

"I'll wait for you outside and Mom will take the kids to school, so when you are done, meet me downstairs, so we can go to the company together," he said and then winked

at her and walked out of the room leaving Hannah all alone. The moment he left, Hannah quickly rushed her food and then stood up and rushed to the bathroom to take her bath and get dressed for the company.

After she was done, she walked out of the room.

Brandon is seen downstairs pressing his phone when he sees Jessica climbing down the stairs, with her hair looking rough and scattered.

"Are you okay Jessica?" He asked as he stood up from the couch he was sitting on.

"Of course, I'm okay," Jessica said and he sighed.

"You came home unconsciously drunk last night-" he said and Jessica stared at Brandon and looked away. She still wasn't herself yet, her head was pounding and she was feeling so hungry. She needed to get some food, she thought as she walked to the kitchen.

Brandon sighed softly and just then he saw Hannah climbing down the stairs in her elegant dress. She was looking so pretty.

He walked towards her and smiled at her.

"You look beautiful," he said and she smiled and muttered a thank you.

He brought out her car key and gave it to her.

"You can drive your new car to the company today, it's yours," he said and she stared at him for a few seconds and then took the keys.

"Ride with me to the company," she said and Brandon hummed and nodded in response.

Chapter 298

"You can drive your new car to the company today, it's yours," he said and she stared at him for a few seconds and then took the keys. "Ride with me to the company," she said and Brandon hummed and nodded in response.

They both walked out of the house and went to the car. Hannah hopped inside the driver's seat while Brandon entered the passenger seat. Hannah stared at Brandon while they both put on the seat belt.

Hannah ignited the engine and then zoomed off.

Meanwhile, Hannah and Brandon are seen inside the car, while Hannah drives. A lot of cars behind her were blowing horns because she was too slow and was causing traffic.

"Is this how you drive to work when you are by yourself?" Brandon asked and Hannah turned to him and then turned to the road.

"What?" she asked.

"You are too slow. You are driving 20 kilometers per hour, Hannah. The car is barely moving" he said and she sighed.

"I'm trying not to be too fast. This is a new car Brandon and it should be handled with care" Hannah said and Brandon chuckled.

"Hannah, please drive fast or we are going to be late for the office," Brandon said and Hannah sighed and then decided to drive faster:

She increased it to 120 kilometers per hour.

Brandon felt his spirit leave his body when Hannah drove too fast. The speed she was driving was too high.

He swallowed into nothing as he stared at Hannah and got out of the car.

Hannah stared at him and then smiled, and then moved her eyes back to the road.

"You are going to get us killed Hannah" Brandon yelled and Hannah laughed.

The car came to a stop in front of the company.

Brandon heaved a sigh of relief and then alighted the car. For some seconds he thought he was going to die.

"You are going to ride back home with me right?" Hannah asked and Brandon furrowed his brows and chuckled.

"No, Liam will drive me home," he said and Hannah laughed as they both walked inside the company side by side.

"Really, please drive with me. I can't drive alone. I promise I won't be fast this time" she said and he stared at her for a few seconds and looked away.

"Okay fine, if you drive too fast I will have to drop halfway," he said and she smiled.

Meanwhile, the employees kept staring at both Brandon and Hannah with admiration in their eyes.

"They look so cute together. They are the perfect couple" one of the employees said as she blushed while staring at them.

"I can't wait to meet the man of my dreams, I want him to look exactly like Brandon," the employee said as they kept smiling.

Hannah and Brandon on the other hand entered the elevator to the last floor.

Ding! The elevator came to a stop and opened.

They both walked out of the elevator.

"Hannah" Brandon called and she turned to him and raised her eyebrows waiting for him to speak.

"Have a nice day" he said as he kissed her on her cheeks and pulled her into a hug.

"Brandon, we are in the office, what if someone sees us" Hannah said as she tried pulling away from the hug.

"I don't care, Hannah, you shouldn't care too, besides we are a couple," he said as he pulled away from the hug.

She hummed and tried moving away from him but then he held her by her waist and then pulled her close to himself, leaving no space between them, while their gaze locked.

"I'm going to miss you," Brandon said as he stared at her lips and then at her eyes.

"Brandon, I'm not traveling, my office is just close to yours," she said and he nodded and sighed.

"I know. I just want you to be by my side all the time, so I can be watching your beautiful face" he said and she felt her cheeks turned red.

She was blushing again.

"Hannah" he called and she stared at him.

"When are you going to tell me?" Brandon asked and Hannah raised her eyebrows as she stared at him with a confused expression on her face. "When are you going to tell me you love me?" he asked and she moved away from him immediately.

"Uhm, I have some work to do at the office, Brandon," she said and turned to leave but then Brandon called her name making her pause.

"I know you feel the same way I feel about you, Hannah. I know you love me as much as I love you but you just do not want to accept it.

You keep lying to yourself that you feel nothing for me" he said and she closed her eyes for a brief second and then opened it and turned to him.

"What are you trying to say?" she asked.

"I know you love me, say it. You don't have to be scared of admitting how you feel about me, I promise I will never hurt you" Brandon said and Hannah chuckled.

"Did I give you the impression that I'm in love with you? Brandon, I.... I'm not in love with you, alright? Us sleeping together on the bed last night meant nothing. And you bought me a car means nothing" she said and he paused as he stared at her.

"What do you mean you are not in love with me? We know that's not true, you love me" he said and she scoffed.

"Why do you always feel all the females love you? Because different girls chase after you and find you attractive, do you think i would also chase after you or what?

I do not love you Brandon and I do not find you attractive" she said and Brandon stared at her looking confused.

"Where do you get this impression from? And where are the ladies who are chasing after me because I see none.

What is wrong with you Hannah? What is the problem?" Brandon asked and Hannah scoffed..

"I do not love you, so leave me alone"

He stared at her for a few seconds and nodded. He felt a surge of anger rush through him.

"Fine, I will let you be. I won't chase after you anymore. You can do as you please and I promise I will stay away from you as you want"

"Fine, I will let you be. I won't chase after you anymore. You can do as you please and I promise I will stay away from you as you want-"

"Yes, please do stay away from me" Hannah looked away from him and was about to walk away when he spoke, making her pause.

"I hope you are ready for the war you just started" Brandon muttered with no expression on his face.

"Yes, the battle line has been drawn " Hannah glared at him for a few seconds and walked inside her office.

Brandon on the other hand walked away angrily.

The moment Hannah got to her office, she sat on the chair. She wondered what war Brandon was talking about.

She sighed and then decided to work, throughout the time she was working, she kept thinking about Brandon.

The thought of him filled her heart. Memories of how the house had almost caught fire because Brandon had forgotten he put the chicken in hot oil because of her, came running to her head.

She could remember how she slept so peacefully on his chest last night and then breakfast in bed. She found herself smiling and lost in thoughts. He was so romantic.

The thought of Brandon makes her heart leap in joy and makes her feel a butterflies in her stomach.

Just then she heard a knock on her office door, jolting her out of her thoughts.

She quickly replaced the smile on her face with a frown, wondering why she was thinking about Brandon so much.

Oh my goodness! What is wrong with me? I think I'm going crazy, she thought.

"Come in," she said and the door opened revealing Liam.

"Hello Ma'am"

"Hey Liam" Hannah muttered wondering what brought him to her office.

"The board meeting has started, everyone is waiting for you," Liam said and Hannah raised her eyebrows confused.

"Board meeting? I didn't know we would be having one today" Hannah stood up as she picked up her phone and some files on the table.

"Mr Colby had just called for one," he said and Hannah nodded and they both walked out of the office to the board room.

The moment she entered the board room, Brandon didn't waste any time and started the meeting immediately.

Throughout the meeting, Hannah kept stealing glances at Brandon but he wasn't staring at her. He was focused on other members, the files in front of him, and his computer.

Hannah hummed. On a normal day, he would stare at her a million times before the end of the meeting but it was different now.

Finally, the meeting ended and every member left the board room excluding Liam, Hannah, and Brandon.

Hannah stood up and walked towards Brandon.

"This is the file from the....."

"Give it to Liam, I'll go through it when I'm less busy," Brandon said, cutting off her speech. His eyes were still on the laptop in front of him. Hannah nodded and gave the file to Liam. She stood in front of Brandon looking for what to say but words weren't coming out of her mouth. Brandon raised his head when he noticed she hadn't left yet.

"Do you need anything else?" Brandon asked with no expression on his face Hannah sighed and nodded and with that, she walked away angrily, to her office.

She felt hurt by the way Brandon was treating her. He doesn't look at her and he talks to her professionally like there's nothing between them.

Is this the war he was talking about? she thought.

"You've just drawn the battle line, Brandon," she said to herself with a frown on her face and decided to distract herself with work. But still, she just couldn't stop thinking about Brandon.

Meanwhile, the moment Hannah left the board room, Brandon stood up and walked to his office with Liam trailing behind him. "Sir, is everything okay?" Liam, who had noticed the way he talked to Hannah, asked my t hmm

with a worried look on his face.

"Yeah, you would be going with Hannah to see the client by noon," Brandon said and Liam nodded in response.

"That would be all, I'll call you if I need anything, " Brandon said with no expression on his face and Liam nodded and walked out.

The moment he walked out of Brandon's office, he went to Hannah's office to let her know they would be going to see a client together. Hannah wondered why Liam was going with her. On a normal day, Brandon was supposed to go with her.

She then stood up and decided to go to Brandon's office.

She barged into his office and met him searching for some files on his shelf. Brandon sighed as he sensed Hannah's presence. He knew it was her.

"What do you want, Hannah?" Brandon asked as he picked up the file from the shelf and opened it, reading through it.

"Why would you tell Liam he would be coming with me to see the client by noon? Ain't you the one who's supposed to go with me?" She asked and Brandon sighed as he raised his head and stared at her. "I'm busy Hannah and I have a lot of things to do at the company. Liam will take you there" he said with a cold expression on his face and then looked away from her.

"Is this the war you are talking about?" Hannah asked as she felt hurt because Brandon was so cold towards her.

"What are you talking about?" Brandon asked as he flipped another page of the file open.

"The war you talked about. You are not even staring at me when I speak" Hannah said and Brandon raised his head and stared at her.

"You are giving me distance and I do not like," she said and he took a step forward.

"I'm I close enough?"

"You are still far from me-""

He sighed and took another step forward and this time he was so close to her, as there was no space between them.

"Have you figured out what you want yet?" he asked as he stared at her eyes and then her lips.

She didn't say a word, all she wanted at that moment was for Brandon to kiss her.

"Do you want me to kiss you?" he asked and she nodded and closed her eyes and lifted her face a bit, waiting for him to kiss her.

He smiled and then pulled away from her.

"You are not ready, when you figure out what you want, and how you feel about me, I will know," he said as he walked to his chair and sat on it.

Hannah frowned and walked out of his office angrily. The moment she got to her office, she locked the door behind her.

She clenched her fist and then sighed. She wondered why Brandon was torturing her.

He's acting so cold and suddenly has a change of attitude towards her. She sighed softly wondering what to do.

"Do you love him?" A voice spoke in her head

"What? Love? I don't know how I feel" she said out loud.

"You know how you feel Hannah, search your heart and you will know you love him. Just tell him how you feel already" another voice spoke in her head and she closed her eyes and yelled. "Shut up, you know nothing about love or how I feel," she said and then opened her eyes when she realized she was talking to herself.

"Oh my goodness! I think I'm going crazy"

Meanwhile, Arianna, who had dropped the kids at school, immediately went back home to see Jessica. She was still asleep when she left with the kids.

She walked through the front door and saw Lisa and Mellisa eating breakfast. She climbed upstairs and went to Jessica's room.

She planted a soft knock on the door and then pushed the door open and walked in. There she met Jessica lying on the bed, going through her phone.

She was looking better than she was when she woke up.

"Mom" Jessica called as she stood up and hugged Arianna.

"Honey, I was so worried about you. You were drunk last night" Arianna said as they pulled away from the hug.

"Yeah, I remember being drunk although I do not know how I woke up in my bed"

"A guy named Humphrey brought you in. I invited him for dinner today, you will see him" Arianna said and she nodded.

"What happened honey? You've changed a lot and getting a drunk is unlike you. Is it because of Matthew?" Arianna asked with a worried look on her face.

"Mom, I'm fine. You don't have to worry about me-"

"No, you are not. What if you were kidnapped last night? Thanks to Humphery, the toy came in whole" Arianna said and Jessica smiled.

"Mom, I promise I won't get drunk again. Since you invited Humphery over for dinner, why don't we go prepare dinner? I can't wait to see the guy who saved me last night"

Jessica said and Arianna nodded. They both stood up and walked out of the room to the kitchen.

They climbed down the stairs and saw Lisa at the dining table.

"Oh, look who survived last night, I thought you were dead when they brought you in," Lisa said the moment she saw Jessica and Arianna rolled her eyes.

"I thought you said you've changed?" Arianna asked and Lisa sighed.

"A wolf will always be a wolf, Mom. Lisa is a wolf and there's no way she would be able to change from her real form" Jessica said Arianna chuckled and they both walked inside the kitchen. Lisa rolled her eyes and turned to Mellisa who was staring at her.

"What? Don't give me that look, I'm now a changed woman" Lisa said and Mellisa rolled her eyes.

Meanwhile, Hannah who is seen in her office was looking so distracted. She just couldn't get Brandon off her mind.

She took her phone and decided to call him but then she had a change of heart. She wasn't going to call him.

She then texted Liam that they should reschedule the meeting with the client as she wouldn't be able to go.

Brandon wasn't going, she wouldn't be going either. She needed to go with Brandon.

She stood up and decided to go to Brandon's office.

She walked inside his office and met a pile of files on his table, while he was standing by the window making a phone call. He turned and saw Hannah staring at him.

"I'll call you back," he said and hung up.

"Liam told me you asked him to reschedule the meeting?" Brandon asked and Hannah nodded.

"I won't ask why. You can go whenever you want" he said as he dropped his phone on his desk.

"I need to talk to you Brandon, there's something you need to know," she said with a nervous look on.

"What's wrong? Are you okay?" Brandon asked as he saw the look on Hannah's face.

"I'm fine..."

"Oh, I was worried for a second. What do you want to tell me!" He asked as he moved closer to hear.

"I have never felt this way before..." she paused as their gaze locked. Brandon raised his eyebrows waiting for her to continue.

"Okay,-"

She kissed him.

Brandon felt his heart leap in joy when she kissed him. He gripped her by her waist and pulled her closer to himself while he kissed her passionately.

Just then Hannah pulled away from the kiss.

"I love you so much, Brandon," she said and Brandon smiled. He felt his heartbeat increase.

"What did you say? I didn't hear you?-"

"I love you so much Brandon," she said and he smiled and hugged her.

Brandon pulled away from the hug and then stared at her beautiful eyes and her lips.

"Why did it take you so long to say it?" Brandon muttered as he stared at her lips.

"Because I love you too much," she said in reply as she smiled.

He moved his lips closer to her ear and whispered.

"I love you more, Hannah. I love you with my life and everything I have got" he muttered and then kissed her.

Just then the door to the office opened revealing someone they didn't expect.
