

## Claiming His Tempting Mate novel chapter 21

Savannah's POV

"Why did you do that?" I asked as soon as he put me down on the ground.

"Did what?" He looked at me giving his innocent look.

"Why do you have to create such a big drama before everyone? What would they be thinking now?"

He frowned slightly "why would I care about what they think? Does that matter?"

I blinked several times. Is he really serious? What he did before everyone was really embarrassing. Okay, I get that he is my mate but still the PDA was something too much to handle.

"Do you need to show PDA all the time?" I crossed my arms around my chest.

Hardwick followed my action and his gaze fell on my chest and his eyes lingered there. I frowned at him as I looked down only to find my breasts pushed up giving a good view. I bit my lips shaking my head inwardly. Hell, I forgot about this. This man is too horny to make a single move. Before I could remove my hand I found myself being engulfed in a strong pair of arms.

My whole body caged in his strong muscular arms as he raised his lips giving me a sexy smirk "if you think you can seduce me like that then you are totally right" he said as he dipped his head and whispered in my ears "I am so fucking turned on baby"

My eyes widened. When did I seduce him? And how come I never knew of that?

"What are you trying to do?"

"Baby, you are the one who was seducing me like hell. Now, what do you think I am doing?" He chuckled then dropped wet kisses on my neck. My body immediately tingled with every touch. No matter how much I try to control myself, his touches always make me go crazy.

"No, wait..." I trailed my words but at the end it came out like a moan. I gasped when his teeth nipped on the base of my neck.

"Hardwick.." I moaned out. My hands moved and grabbed his shoulder to support myself.

"I am so fucking turned on baby" Hardwick whispered against my skin "so hard that it's hurts".

“Oh ..god, please stop” I moaned loudly.

“Shh.... Lower your voice love. Others will hear your scream though I have no problem with that” he chuckled teasingly.

God, this man will be the death of me. He still has the gut to tease me like this. But I could not control my body nor its reaction. It's like it's going on its own accord without my constant.

“You ...” I bit my lips trying to stop my moan.

“Touch me” he commanded suddenly. My eyes wide open when his words fell in my ear.

“Wha...what?”

He smirked then moved a little “touch me” he said again.

At first I couldn't understand what he meant but when he pulled me towards him forcefully and his erection pressed on my belly, my heart gave a jump. Does he really.... Before I could come into any conclusions he grabbed my hand and placed it directly on his erected bulge.

I gasped loudly. My eyes traveled down to her, my hands were touching his erection. The jeans he was wearing could not hold back his huge bulge as it's clearly visible. My heart raced as my hand came in contact with his private spot. But my shock became his pleasure as he let out a sexy groan.

“Fuck, feel me love. See how you are making me go crazy” he pressed my hand on his erection harder.

“You are responsible for this baby and now you are going to take care of it” he said again.

“What-”

“Kneel”

I looked at him “what?”

He smirked, “I said kneel. You are going to take care of it. Now kneel down” this time it's not just a statement but it's more like a command.

I hate being dominated but when it comes to him it feels like my body wants to agree to whatever he wants. To give in to whatever he asks. Before I knew it, I was already kneeling before him. My face came near his bulge and I gulped down my saliva.

“Open it baby, see what you are doing to me” he said softly.

With shaky hands I reached to his belt and undid it then pulled his pants zipper down. His hand reached down and removed his pants leaving him standing before me in his tight boxers only.

“Come on baby, feel me” he said again. I don’t know what I am doing or how I am going to do it. But along with the nervousness my heart is somehow excited. I was never so intimate with any males but the person before me was not anyone but my own mate, my better half. The destined person who was only made for me. Shakily I reached out and pulled his boxers down and immediately his erection sprang out in front of me.

I gasped again when I saw his size. It was simply huge. How will this thing even fit?

I heard him chuckle “don’t worry sweetheart I will take care of you when the time comes. Now suck it and tell me how much you wanted it”

I bit my lips as I did what he asked. His dick was already hard like iron. I slowly hold it in my grip and my fingers around it feel smaller. His tip was glistening and I don’t know why but I suddenly felt like kissing it. So I learned to put the tip in my mouth. He hissed.

“Ah...yes baby, suck me like that. It’s so fucking good” he groaned.

I licked the tip then ran my tongue around his size making him groan. I felt him fisting my hair in his hand as he let out a groan.

“Yes baby...do that ..just like that...” He moaned then pushed his dick in my mouth, almost choking me. I gagged but he didn’t stop. He pulled it out then slammed again while his hand gripped my hair.

“It’s so...good baby. Your mouth fits so well for my dick. Yes take it baby, take all of me” he continued to talk dirty while fucking my mouth with his dick. My hands reached to grab his ball, massaging it slowly while his cock was making its way in my mouth.

“Oh fuck ..” Hardwick cursed again as he pushed harder, making me gag again. I am damn sure my mouth will hurt after this.

“Yes.... I am cuming love” he groaned loudly before I felt his sticky cum releasing inside my mouth.

“So fucking good” he moaned before pulling his cock out. The tip of his cock was glistening with his cum. I was about to spit but suddenly he kneeled in front of me and held my jaw.

“No baby, you are not gonna spit it out. You are going to swallow it to taste it, to remember it”

He wants me to eat his cum? I looked at him with wide eyes. My mouth was already paining because of his huge size and now that he was holding my jaw I could not help but do as he said. With difficulty I forced myself to swallow down his cum because I know he won't let me spit it out. Though it sounded so dirty, my body felt excited inside. What kind of traitor body have I got?

He smiled when he saw me gulping down "sweet girl. You are so fucking sexy swallowing my cum like that"

Before I could say anything he leaned and claimed my lips which still have his cum lingered on.

=====

I yawned when stretching my arms. I looked around and found myself alone in my tent. There's no sign of Hardwick. I frowned but the scenes of yesterday flashed in my mind. My cheeks warmed up again. He made me do that? I shook my head, oh my god. I am really going insane. This man is making me do things that I have never done before. I haven't even imagined in my dream. Pushing those thoughts I got up from bed and grabbed my new clothes to get ready.

When I walked out of the tent I saw the ground was already full. I remember yesterday the elders declared that the game would start today. Turning my head I spotted Shiny whom I have not seen after the breakfast incident. I walked towards her and tapped on her shoulder lightly. She jumped before turning around. She sighed when she saw me.

I raised my eyebrows "what happened?"

"Uh...nothing" she shook her head.

I sighed "are you still thinking about yesterday?"

She looked up "it was my fault. I should not have done that" she shook her head.

"It's fine, Hardwick was too..." I don't know how to describe that.

"Don't. I know he is Alpha and I should not have said such foolish words before him. I was totally embarrassed besides Jion gave a earful lectures afterwards" she pouted.

I laughed out loud "Hardwick is also arrogant" I shook my head "are you excited about the game. Today it's official opening I guess"

She nodded "yes, I am. I am looking forward to the game and its rules". Shiny looked around before leaning near my ear " and don't forget to tell me when your mate is near. I really don't want to see him" she whispered at the end.

I raised my eyebrows before giggling. It's funny to see her like this. Looks like Hardwick's threats really did affect her so much that she wants to hide herself from him.

"Why is that? Are you scared?" I asked, suppressing my laugh.

Shiny pursed her lips "your mate is really scary. Last time he looked like he would really do what he said. I would have died with heart attack if that really happens"

I shrugged "who knows?"

But I know it clearly that what he said, he would do without any hesitation. For a person like Hardwick, he will do anything he says because he does not joke.

"I will-" Shiny stopped at once as her eyes fell behind me. I frowned at her. What happened to her suddenly?

"I will see you soon" then she turned around swiftly and almost ran away from me while I stood there confused. This girl, what happened to her just now? It was like she had seen some ghost. My question was answered when the scent of patchouli hit me hard. My body felt relaxed as I knew who this smell belonged to.

"I thought you were still sleeping" his voice landed in my ear.

I turned around and looked at him "you left me alone"

He smiled "you were sleeping so soundly. I couldn't find the heart to disturb your beauty sleep"

"So you thought about leaving?"

"I had some words with my pack members"

"Giving instructions huh?"

He shook his head "more like warning"

I frowned "why are you always so serious? I mean you even take jokes as a serious matter"

"Jokes?" He chuckled "I don't do jokes love. Besides, being too warm brings troubles. It's better to let everyone know about their own boundary and also make them understand the consequences of crossing the line"

His tone is quite harsh and strict. It felt like Hardwick had good control over the members of his pack. Looking at his features he doesn't seem like a person with a gentle heart but a devil who will cut the throat if anyone tries to cross his path. Suddenly

I felt a shiver run down my spine. I don't know what it would feel like living in the Dark Forest Pack.

"What happened? You look like out of this world" Hardwick flicked his finger on my forehead causing me groan.

"It's painful" I glared at him.

"What were you thinking? When I am here, your focus should only be me"

"Yeah, I can't see anyone other than you" I mocked.

"Good" he nodded, making my jaw drop. Seriously? This man. He really took my words seriously. Yeah he doesn't joke. I rolled my eyes at the thought.

"Let-" Hardwick was about to say but stopped when his phone started to ring.

"One minute" he gestured before walking away.

I turned to look at the stage. But there's no one. I haven't even seen my brother and Tanea since I woke up. Where did they go?

"Savannah"

I turned my head to meet a familiar figure. Avan stood there looking at me. Not wanting to deal with him I tried to leave but he was in front of me in an instant.

"We need to talk"

I raised my head throwing a hard glare "there's nothing to talk about"

"There is" his voice become hard "don't you think you should explain about the man you are with"

Huh, who the hell does he think of himself to question me like this? I narrowed my eyes on him.

"What does it have to do with you?" I asked tilting my head at side "besides I don't think my private matters should concern you"

I jaw his jaw clenched as he looked at me with a hard glare "don't use such a tone on me Savannah. I have all the right to know about you"

"No you don't. You lost all the right when you thought to cheat behind me. You know what Avan, actually you never had any right on me because you never thought of me as your mate. It was I, who was too blind to see the truth at that time and wasted my

precious efforts on you. And I am glad that I rejected you or my life would still be so miserable to look at” I gritted my teeth as I spat every word. My blood boils whenever I think of my past. Even if I try I could not forget it matter what.

“You are picking up that matter again?” Avan looked frustrated. “Reese and I were attracted to each other at that time so we got lost for sometime. But that doesn’t mean I never cared for you. You know that right? I have done everything you wanted but you are still not satisfied?”

I looked at him. He is still trying to point out that he is reasonable? Is this man for real? I still can’t believe I was blindly in love with this man who was so narrow minded that a small piece of sanity could not enter there. He did everything I asked for? Is he joking to himself?

I chuckled “really? You did everything I asked you. If that is true then tell me why you didn’t show up at the date night we planned together? I was waiting for you for 5 hours, sitting alone and tolerating the mocking gazes of others. Why? And when I reached home I found you having dinner with your family and Reese”

His eyes moved. He looked guilty as he sighed ” I am sorry about that day. Reese suddenly arranged for a family dinner so I could not leave like that”

Hearing his reason I couldn’t help but laugh “yes, I was such a fool” I shook my head before fixing my gaze on him “you really know how to butter anyone Avan. I was such a fool to believe in every word you said. Now I realize that that’s all fake. Reese suddenly arranged family dinner yet you can’t leave but you also could not call me to inform that? So that I can also join the dinner too. All of them knew that I was your mate, still you couldn’t say that I was waiting for you but you choose to hide it and enjoy your time with them” I huffed “if you forgot that I was still the member of family yet you didn’t bothered to tell me but give a lame excuse to prove your point? Wow, isn’t it so amazing” I clapped my hands. A sudden feeling is disgust raised in my heart.

“You know what Avan, you are not only a cheater but a selfish being who only thinks about himself”

Avan’s expression changed slightly. I have never cursed him like this but I was not the one whom I used to years ago. I gritted my teeth in anger as I looked at him straight in his eyes. Then I said something which gradually changed his whole expression.

“And I refused to have such a self centred bastard as my mate”
