

## Claiming His Tempting Mate novel chapter 56

Savannah's POV

"What? Are you shocked?" Daisy smirked. Her smirk was like a mocking laugh. "Do you think you can hide it well? Look at you, you had a mate yet you weren't satisfied with him. So now you are pretending to be all innocent and seduced Master. How could you be so shameless? You not only seduced our Master yet you ruined my sister's life. You are such a bitch that only knows how entice men with an innocent looking face"

My fist clenched as I walked towards Daisy. She was standing there all proud. Like whatever she was saying is reasonable and she has all the right.

"Come again" I gritted my teeth.

"Don't think just because Master shows his care for you I will be scared. How dare you ruin my sister's lifelong wish and put her in such a miserable state? Who do you think you are? A two faced person like you is never qualified to be entitled as Luna of our pack. It was always my sister who deserved such a position. But you had to come and ruin everything. Do you know how much she suffered just to make the Master look at her?" She glared.

"How? By offering her own body even when Hardwick was not in his senses?" I asked her.

Daisy's eyes widened as her face turned red with anger "It was a mistake at a young age. Besides there's no wrong for them to sleep when they have affection" she said through gritted teeth.

"You are still so pointless?" I frowned. I really can't understand what's the actual problem of these sisters. One was so infatuated that lost all sanity and now the other is seeking justice with unreasonable points.

"Can't you and your sister see clearly that the man whom you both were placing as being ruined by me was not interested in this matter at all? Delaney knows it clearly but she is not ready to accept this truth because she is scared, she has the heart of a coward who can't accept the truth but chooses to believe in her false imagination to live on. And now you are doing the same, thinking your sister is all innocent and making her the great victim"

"She is the victim of your schemes" Daisy yelled "she would have had Master's lov-"

"No she won't" I cut her in the middle. "If there's any feelings in his heart then your sister would already be the Luna of this pack and I would have never existed here at all. But look at me, I am here standing right before you. Do you want more clear evidence?"

“Don’t try to distract me with your words. It was you who destroyed their relationship. How could you even say that? Don’t you feel guilty for ruining my sister like that?”

“Guilty is when there’s something wrong but as far I know I have never done anything to feel guilty. Neither for myself nor for anyone. And I think you know this too”

She looked at me for a moment before letting out a hysterical laugh “you think you can stop me with all those words? Do you take me for a fool?” Her eyes turned dark “don’t think that just because my sister is gone you will be happy. As long as I live I will make your life a living hell. Because of you my sister is gone and I will be never be able to see anymore and I won’t let you live well too”

“Have you ever thought about what would happen to your sister’s real mate? She never tried to find her real mate yet chased after the man who was not her mate. Whether you and your sister accept it or not but the truth is the truth and no one can change it. I am here because Hardwick is my mate, even if we stay away from each other, our bond will connect together” I tried to explain to her. She is so reluctant that she is not letting herself understand the fact.

Daisy laughed “mate? Are you kidding me? You already had one in your ex-pack. After being slut for so many years you turned your mind here. Why did you left that previous pack? Couldn’t Alpha Avan satisfy your need? She smirked.

“You better watch your tongue,” I warned.

Daisy just smiled “are you angry because I said the truth. You also know it right. You were just a slut born by another slut-” her words stopped in the middle when I grabbed her neck.

“What did you say?” I gritted my teeth.

“Yo-u b-it-c le-t me-go” she struggled to free herself from my clutch.

“You really have a huge gut to insult my mother who has nothing to do with it. You really dared to drag her in this mess, didn’t it? Like your sister you are also a fool who couldn’t see what truth is yet went around fooling yourselves. Are you that blind that I can’t tell the clear truth? I had enough of your insulting words” I growled “if you dare to drag my mother in this....” I pinched her neck and her face turned pale and blue. “I will make sure you will never able to talk again”

Daisy’s eyes widened as her skin started to change its original colour. Her body became still and her struggle stopped. She was looking at me with wide eyes. Gritting my teeth I pushed her on the ground and glared at her. She rolled ok on the ground then coughed. Her hand was rubbing her neck as if trying to soothe the pain.

She raised her head as she looked at me with wide eyes. She opened her mouth and tried to say something but nothing came out. She tried again and again but couldn't speak at all. Then shock plastered on her face as if she realised something. She got up trembling then ran away as fast as she could. I watched her leaving then rolled my eyes.

"Mistress, what happened to Daisy? Has she lost her vocal power?" Jenny asked.

I shook my head "no, it's temporary"

I wish I could make it permanent.

=====

In the evening Hardwick returned home. He looked exhausted when he entered the room.

"How long have you were reading the book?" He asked as he removed his blazer then strode towards me.

"It's just an hour"

"Are you tired?" He asked, frowning.

I laughed "shouldn't it be my line?"

He chuckled "yeah may be"

"How's things go in there?" I closed the book and focused all my attention on him. He sat on the bed and smiled.

"There's obstacles but I will always manage to get my goal"

"What happened?"

"The elders were angry. They want me to forgive her and accept her in the pack again" he shrugged.

"The elders looks supportive of her"

"They are but that doesn't mean they can paster their fucking reason on me. I am the Alpha and no matter what they have to obey me and my rules" Hardwick clenched his fist.

"What did they actually say?"

He sighed "She has been there for 7 years so the elders are attached to her. They even forgave for what she did years ago. Today when I went there, those elders tried to persuade me to let her go. Some even said that I am being too cruel to punish her like that. They said since it's already so many years about matter I should let it go and move on so there's no need for punishing her again"

"They were that supportive?" I frowned "I never knew Delaney could really win the hearts of elders"

"She is a sweet talker, and would do anything to take the situation in her advantage"

"What about their father?"

"He is here nor he knows about what his daughters are doing" he shook his head "ever since Delaney got discovered he didn't show up himself. At this time I don't even know if he is alive or not"

"It's so strange that his daughters are rebelling yet as their father he is totally out of line unaware of everything" I rolled my eyes. I really want him to look at how raised his daughters.

"What happened? you seem a little off today? He scooted closer to me as he asked.

"Today Daisy came to confront me"

"She what?" Hardwick frowned.

"I think she was not satisfied with what happened to her sister so she came to me"

"What did she do?" I can see Hardwick clenching his jaw. I put my hand on his face and smiled.

"You are thinking too much. Why are you so angry?"

"Why can't I? She is creating trouble again just like her sister. Are both sisters made for ruining others' lives?"

I laughed "may be they feel happy when they does that"

"I will never let them harm you" he hold my hand and his eyes softened "they are becoming dangerous but don't worry they won't be able to snatch you away from me"

I sighed "I think we need to keep an eye on Daisy. The way she behaved today, I think there will be lots of problem in the future"

"Don't worry leave her matter to me"

I nodded. I was about to say something again when he suddenly stood up and pushed me on bed. I was surprised by his sudden act and looked at him with wide eyes.

“What are you doing?”

He smirked “we have discussed much about others. Now it’s time to talk about us”

“What do you want to talk about?”

“In which position are we going to make love tonight?”

My eyes widened in shock. This man. Is he even serious?

I glared at him “I am still sore”

He smiled “I know, but you don’t have to worry about that, today I will be gentle”

I rolled my eyes “does that make any difference?”

“Of course” he replied as he started to unbutton his shirt “tonight I will let you take the liberty”

“What?” I frowned.

He chuckled as he removed his pants along with his boxers. His glorious huge cock sprang free and stood proudly before my eyes. Huge, thick and fat. It looked so ready to ravish me. I blushed and turned my head to the other side. He chuckled again and slowly hovered over me.

“Tonight I will let you ride me darling” he whispered in my ear.

“What do you mean-” he stopped me by crashing his lips on mine. All my questions melted in his mouth and I found myself moaning. His hand reached out and tugged my dress and in a second it was torn. God this man only knows how to tear my clothes.

I pulled back and glared at him “do you have to tear my clothes?”

He grinned “I will buy you more”

I rolled my eyes. He kissed me again before I could say more. This man will never let himself stay in disadvantage. He is really expert in what he does and before I knew it my bra and panties had been thrown on the floor leaving me all naked for his eyes.

“I love it when I see the marks on your body darling. Look how beautiful you look” he traced the hickies on my body that he left last night. “Today I am gonna give you more”

“Are you planning to cover my body with bite marks?”

Hardwick chuckled when I asked him. He kissed my neck, tracing his tongue all over my skin. I felt shiver in delight and couldn't restrain myself from moaning in pleasure. I cried out when he stopped over my breast and bit my already hard nipple.

“Yes, I am planning to do this baby” he whispered back before playing with my breast with his mouth and hand. He rolled his tongue over my hard bud then latched his lips and sucked her. He nipped it erotically making me moan louder.

“Fuck, holding back is so hard” he cursed before he grabbed my waist and suddenly flipped me over. He straddled me on his waist as he sat leaning his back on the headboard of the bed.

“You look so fucking sexy” he gazed at my body with lust. Though I have been naked for him once, the way he was looking at my body like it was his favourite food and about to devour me whole it made my heart jump and I blushed. I can't help but feel shy when my body was fully exposed before his eyes.

“Tonight you are going to ride me sweetheart. I want to see that sweet cunt of yours eating my fat big cock” he said as he bit my neck. I cried out in pleasure while my pussy soaked with juices. His dirty words making me even wetter and he knows it well.

Hardwick grabbed my hips and pulled me up a little. I let him do whatever he wanted as I felt the tip of his fat cock rubbing against my entrance.

“You are so fucking wet baby. I can't wait to get inside of you” he whispered huskily. He positioned his cock then he pulled me down again making his cock slip inside me in one thrust.

“Oh god” I threw back my head and moaned loudly. A sudden feeling fullness filled me as he was buried deep inside. So deep that it could reach my heart.

“So good,” he groaned, “ride me sweetheart. Tell me how much you crave for my cock. Show me how much that sweet cunt of yours loves my cock to invade her deeply”

“Hardwick” I moaned as I started to rock my hips.

“Yes just like that sweetheart, rock that pretty butt of yours” he groaned and let out a sigh of pleasure. His hand was still on my hips keeping it firm hold while I ride his fat cock.

“Faster baby, I want to see how your sweet breasts bounce with each thrust” he said she started to take his dominance and hold me tightly before thrusting hard. I hold his shoulder for support. He is too fast and I can't even match his pace.

“Ah....” I moaned when I felt his balls were slapping my asshole while he kept thrusting hard and hard. The sound of skin slapping echoed in the room but we both were drowning in the sea of pleasure and careless to think about it.

His thrusting became wild as he made my body bounce with each thrust making my breasts jump before his eyes. I closed my eyes and kept moaning.

“You look so fucking beautiful baby. The way your breasts were bouncing only making me even harder baby”

“Hardwick, oh my god” I moaned as my body jumped with his thrust. He has such deep balls inside me that my body shivered in delight. He reached out and rubbed my clit, adding fuel to the fire in.

“It’s so hard....oh god” I moaned loudly.

“You are making me do this baby, it’s your fault that you have such a beautiful body that’s driving me crazy and making me forget all my sanity” he rocked hard thrusting wildly.

Our actions were so vigorous that I could hear the crack sound of bed.

“Hardwick” my walls started to clench around his fuck cock which was fucking me so hard and deep.

“Come on baby, clench that sweet little pussy of yours. Let me feel how eager you are to cum on my cock” he bit me shoulder while still thrusting hard and fast.

“Oh god ..... I am cuming”

“Yes baby, cum for me. Let’s cum together” he encouraged as he thrust even harder. After a few more thrusts we both moaned in pleasure and screamed our names together. After I cum, he released his seeds inside me. Our bodies were sweaty but there was a content smile on our face. Our wild passionate love making left us without any energy.

Hardwick pulled to his chest but he was still inside of me. Instead of removing he let me straddle and kept me close.

“It was so fucking good baby. I don’t even want to pull myself out of your warmth”

“Hardwick” I raised my head and looked at him.

“Yes love”

“Do you think whatever happened to Delaney was an injustice?”

He shook his head “it was her own choice. She knows clearly that she and I have no future yet she still believed in her imagination and ruined herself along with me. Every wolf is destined to meet their own mate. But she was declining the natural rules and tried to harm others for her own selfish means. She could have lived a good life if she was sensible enough”

“But-”

“There’s no but. You shouldn’t talk about her at this moment” he frowned.

I chuckled “fine, I won’t talk about her anymore”

“That’s good. Now where are we were?” His face turned playful again.

I blushed “you are still inside me”

“And I want to stay forever that way” he hugged me tightly.

I couldn’t deny the fact “then stay like this forever”

“Forever” with that he kissed me again.

And that’s when I realised with him I am complete in every way possible.

## **Claiming His Tempting Mate novel chapter 57**

Savannah’s POV

“Hi mom, how are you?” I asked as I put the phone between my ear and shoulder.

“I am good, how are you my dear?”

“All fine mom. What about Tanea? I haven’t heard from her for such a long time”

It’s already been two months since I last met her in the crowning ceremony. After that I was quite busy myself and never got a chance to call her.

“She is fine but she is craving for weird things”

“What weird things?” I frowned. I put the dress down then hold the phone in my hand. I was only wearing a bathrobe and choosing a dress for myself.

“Did you forget she is pregnant? Hm....that girl!” I heard mom sighed “last night she cried the whole night because she wanted to eat Porchetta in the middle of the night. Where are we going to find a fine piece of pork to make the dish so suddenly? Devak was so anxious when she kept crying”

“Oh god, is her craving going wild already?”

“It happens,” mom chuckled. “It’s a trace of pregnancy anyway. During this time the would-be mom craves for things that she never had before. And Tanea is no exception”

“It happens” I nodded then sighed. Devak must be feeling so nervous. That man is scared to death if anything happens to Tanea. And since she is about to become a new mom I guess Devak is going to live in pain till Tanea gives birth to the baby.

“Who’s it mom?” I heard Tanea’s voice in the background.

“Savannah”

“Oh god, I want to talk”

I chuckled when I heard her excitement. Before mom could reply I heard Tanea’s voice on the other line “hey Sav”

“How are you my girl?” I grinned widely.

“Fantastic” she laughed “how are you?”

“Good” I grabbed the dress which was on the bed then removed my towel. I put the phone on speaker as I was wearing my dress.

“How’s everything going in there?”

“Peaceful” I replied as I tied the knot of my dress on the waist.

“Why do you sound so dull?”

“Nothing” I sighed, grabbing the phone and turning off the loudspeaker.

“Come on Sav, I can hear your sad sigh from here”

I rolled my eyes “since when have you become omnipotent?”

“Haha, funny. Now tell me what happened to you?”

“It’s about Hardwick”

“What happened? Did you two quarreled?”

“What are you thinking about?” I rolled my eyes “where did you get such an idea?”

“I just guessed. The way you sound I thought you two had argument”

“No, for your kind information we don’t have any argument”

“Then what happened?”

“It’s just He has been so busy these days. When he got back at night he looked exhausted. I wanted to do something for him. To make him happy”

“Oh so that’s the problem” she laughed.

“What’s so funny?” I frowned.

“You said you want to make him happy?”

“Yeah, so what?”

“Since you are so eager to make your mate happy then I have a way”

“What way?” Does she really have one?

“But it will depend on you darling. If you can do that then I must say your mate will be more than happy”

“Now, I am getting scared you know”

She laughed “oh come one. Don’t be so cowardly. It’s all about your mate isn’t it. You have to take care of him too”

I rubbed my temple “what do you want to say? Let me hear about your idea first”

“Before I tell you, darling you need to know that this will make your mate super happy and even active so think about it twice”

“Do I need to?”

“Yeah”

Hardwick was always so passionate when he was showing his love. But everytime it was always him giving me surprises and planning for dating. Where I just enjoyed his love and care. I should also give him some in return. I just want to make him happy.

“Fine, I will do it. Now say what is it?”

“Are you sure?”

“Hm...”

“Then let’s start with shopping” Tanea squealed loudly.

What? Shopping?

Avan’s POV

“Do you think it will work?” I frowned looking at the file.

“That’s all I got. They are too secretive so there’s no major information leaked” Ben shook his head.

I threw the file on the floor “fuck it. What the hell do those bastards think?”

I couldn’t control my rage. It has been a week since Bright Shine had a war with another pack. The war ended with some conditions at the end. Since our power and position were the same, it’s hard to win over them and for them to win over us. At the end dad proposed a peace treaty to end it. But the condition they put in was higher than they deserved.

“I fucking won’t agree to this point” I growled again. I asked Ben to try to find any weakness or loopholes in their past activities but those bastards were quite smart to hide it well.

“Master Alpha had already agreed to the conditions” Ben informed.

“Fuck” I cursed again. Dad just wanted this to end but how can I agree to the conditions?

“Master Alpha said it’s better to agree to their condition because in return he is going to propose for another agreement”

I turned to look at him “what agreement”

“Since they want the valley land then we can ask them to give fighting weapons. It was a deal that Master Alpha wanted me to inform you”

“Weapons in return for land?” I frowned. Though we really don’t need weapons to fight, keeping weapons will always give you advantages. Since this is what dad wants then let it be.

I nodded “fine, if that’s what decided already”

“I will inform Master Alpha then” Ben nodded.

“Go ahead” he left immediately.

The past months are too difficult to handle. The problems are arising one after another then when it gets solved it takes something in return. I leaned back on the chair and my headache. When can I get some peace? The matter of Reese has ended with the death of my unborn child. After that day I never saw her again. It felt like she had disappeared. Though I knew I wanted her to stay away from me, what she did was quite unexpected. She didn't bother me nor showed herself in front of me again. Even her mother Salina didn't know about her. But it's fine with me. Because I have so many things to deal with and Reese was the last one I wanted to deal with.

My thoughts went towards someone who has purple eyes. Those beautiful orbs always haunted me in my dream and I couldn't forget no matter what I did. Only if she was here. I sighed. I should have kept her and never let her go. I was such a fool to let her leave that night. I should have caged her so that she could never run away from me. I should have.

There was a sudden knock on the door. Then one of my men walked in "Alpha there's someone who wants to meet you"

"Who's that?"

"I don't know. Looking at the person I don't think she is from our pack"

"Rogue?" I raised my eyebrows.

"No, she is here willingly"

I frowned "she?"

"Yes"

"Send her in" who could it be?

He left, then the door opened again. I looked at the figure walking in. She was wearing a hoodie so I couldn't see her face. Once she stood in front of me I asked.

"Who are you?"

"Does that matter, Alpha Avan?"

"I am asking you again, who are you?" I asked again.

She chuckled "I am someone who can help you achieve what you want. But I don't know if you are willing or not"

I frowned. Who is she? She said she can help me achieve my goal?

“You seem to know about me well”

“Of course. I know about you and also the person you want to get”

My expression changed suddenly and my eyes turned dark. How did she know about it?

“Who are you?”

“You don’t have to doubt on my intention Alpha Avan. I only want to help you”

“What will you get in return?” There’s no free meal in this world. Since she wanted to help me then of course she wants something in return too.

“Before I tell you that, do you promise to make a deal with Alpha Avan?”

“I will deal if the I find it beneficial”

“Oh, don’t worry it will be beneficial for you in every way” she chuckled again.

“How is that?”

Suddenly she removed her hoodie and my eyes widened as I saw her face. Isn’t she?

“You don’t have to be so shocked Alpha” she laughed and sat down on the chair “do you want to make a deal?”

“Are you taking me for a fool?” I asked her.

She laughed “how could I dare that? I am not here to deceive you. I am here just to make a deal with you”

“Since you are so sincere in making a deal with me then what’s your price at the end?”

“We have the same goal, Alpha Avan. And that goal is Savannah” she leaned in smiling.

My jaw clenched “what do you want to do with her?” I asked through gritted teeth.

“I don’t want to do anything to her. I can assure you of this. What I want is her”

“What’s your deal?” I looked at her coldly.

“Oh finally you are on the right point, Alpha Avan. I am glad you are willing in this deal. Since you asked me I won’t hide it from you. I know you want Savannah and I also want Savannah. Our goal is the same so I thought it would be better to work together isn’t it?”

“I don’t like puzzles. You better come to the point or you can just get out”

“You don’t have to be so angry, Alpha Avan. What you want is Savannah to stay with you and what I want is Savannah to stay away from Dark Forest. So we can work together. It will help you get her and me to keep her away from the Dark Forest. I don’t want to see her in the pack. So you can just keep her here” she gritted her teeth.

“Why are you hostile towards her? I never thought that the member of her own pack is plotting against her?” I raised an eyebrow.

“She is a two faced woman. Because of her my sister’s life is ruined. How can I tolerate her in the pack when she is the reason behind our pain. Since you want her you can keep her to you. Just don’t let her come in the Dark Forest again”

“You are so sure about your plan? If it get disclosed then the one who will be facing death is you”

“You don’t have to worry about me. Just think of a plan to get her. The faster the better. I don’t want to see her face in this life”

I observed her closely. She is a pretty girl and there’s a slight finger mark on her neck. Though she was wearing a scarf to hide her neck, I could see it clearly. Who did that to her? Savannah? Fuck it. Since she is so eager to make this deal then I am in. This is such a golden opportunity and I will never let it slip from my hand. As soon as I get Savannah I am not letting her go ever. A sudden excitement rushed in my body.

“Since you are willing I will make a deal. What’s in your mind?” I asked.

She looked at me and smiled “something that will make us get what we want”

Savannah’s POV

I stared at the cloth spread on the bed and sighed. Is this what Tanea want me do. She forced me to buy it and now all the other stuff. How did she come up with such an idea? Though it seems good, I am still nervous.

“Do you think it will work? I mean don’t you think it’s too much?” I frowned.

Tanea rolled her eyes “you are such a dumb”

Currently we are video calling so that we can talk face to face. In the Afternoon I went shopping and Tanea helped me pick the stuff that I needed for tonight. In the end she forced me to buy lingerie which was too revealing.

“Look at me darling, the best way to help your mate relax is to seduce him. I guess it must be Hardwick who has been trying hard. Now it’s your time. And that sexy lingerie will add fuel to the fire” she chuckled, making me blush.

“Shut up”

“Come on, don’t be shy now. Since you already taken the initiative then you have to complete the task”

“I know you don’t have to remind me every two minutes” I rolled my eyes.

Tanea chuckled “come on, come on. Start the decorations” she clapped her hand.

“You look more excited than me,” I said as I pulled out the scented candles.

“Of course I am. This is the first time I am seeing you so eager to impress someone. How can’t I be excited?”

“Yeah” I shook my head. I put the fresh flowers in the vase then placed the candles on table, on the side of the bed, each corner of the room and lastly in the middle of the room where small rounded glass table was kept. I used flower petals to decorate the candle. Tonight there will be no light but it will be all these scented candles. I have never tried to impress a man but I want to do it for him, my mate. I just want him to be happy.

“Wow, it will look really beautiful when you lit it up. And yeah don’t forget the robe and your special dress” Tanea winked.

“Do you really need to speak about it so loudly?” I narrowed my eyes.

She laughed “don’t worry there’s no one to hear it. Besides, do you still remember what I told you? You can’t forget that. That’s the main point”

“Don’t talk about it. I am still thinking”

“What are you thinking? You need to do that if you want to make him more happy”

“Shut it. I am busy now. I will call you later”

“Hey don’t hang-” before she could say I cut the call.

I bit my lips when I thought about what Tanea said.

~ You should consider it. It will make him happy ~ Red said in my mind.

~ Now you are also joining her? ~

~ Why not? He is so busy these days that I couldn’t even meet him. If we can make him him happy tonight it will strengthen our bond ~

~ Don't talk about it ~

~ But I- ~

~ I have works to complete so don't disturb me ~

I blocked her before she could say anything. God what I am going to do now? Oh god this is so embarrassing.

## Claiming His Tempting Mate novel chapter 58

Hardwick's POV

"These elders, I never thought they would behave like a cavalier and even dared to plead for a cunning minx like her" Ryan narrowed his eyes as he spoke.

"They don't have work to do so of course they will do something that can keep them entertained for days" I replied lazily.

"Seriously? What's the end of it?"

"What do you think? Delaney is doomed forever"

"That's good. That woman is dangerous. She could even spill nonsense with perfection. I guess if it was other woman in the place of Luna, she would have run away"

I glared at him "you seem too free this days"

"Don't go there. I would like to live with Jenny peacefully" he raised his hand stopping me.

"That's the point. I never knew you got involved with her. Since when?"

"It's a hard story and I don't want to waste my time narrating it. So I will tell you in shortcut" he suddenly grinned "I always thought why I never got my mate when most of the males in the pack already found one. I was so angry at the moon goddess as well as at myself too. But nearly two months ago I sensed something strange. A faint smell, it was so powerless that if I didn't examined it closely I would have never got my mate. So I traced it hard, then I found it was from Jenny"

"Why does she have such a weak scent?" I frowned.

"Her wolf is weak. She said she couldn't shift in her wolf form except the time she shifted for the first" he shrugged.

"Is it?"

He nodded, confirming.

“You have no problem with that?”

“Why would I? Fuck even if I couldn’t see her wolf form but I can feel her. It does not matter whether she is human or wolf. She is my mate and will always be staying mine. No compromises needed in between” he replied proudly.

“I never knew you have such a kind heart”

“Hey! How could you say that? Are you mocking me?” He narrowed his eyes “forget about mine. Let me tell you there’s something strange on Bright Shine side” he smirked.

“He is trying to take action?”

“Minus the ‘trying’”

“Fuck” I shook my head “that bastard still had the gut”

“You can’t underestimate your enemy”

“Believe me I never did. It’s just I didn’t expect him to be this fast” though I knew he is still trying to get chance to land his hand on my mate but I never thought he will be taking action so soon. What made him so confident that he could snatch my mate from me?

“What about that woman? What’s her name Rosie?” I frowned.

Ryan rolled his eyes “seriously? Can’t you even remember a name?”

“Do I look like I care about a woman’s name?” I raised an eyebrow giving him a challenge “besides whatever their name is it’s their problems. I have nothing to do with it”

“It’s Reese for your kind information” Ryan forced a weird smile.

“Thank you” I nodded.

“Avan is not in contact with that woman. In the past Reese was obsessed with him. But recently she got miscarriage and then the relationship between them ended suddenly” he informed.

“Miscarriage? That fucker got her pregnant yet he is still chasing after my mate. That motherfucker once I get my hands on him I will fucking show him what it’s like real pain”

“Come down. Even if you want to kill him, you need a proper reason. You can’t just kill him without any evidence”

“I don’t need any fucking evidence to kill an ant like him” I glared at him.

“You are so cold blooded my buddy. Don’t forget it’s a clan rule and as an Alpha you can’t break it. Are you trying to wash off all the conditions that were made during the formation?”

“I don’t care about a fucking formation. If he dares to touch my mate he is doomed to die no matter what he is. Alpha or not” I gritted my teeth. Just the thought of him touching my beautiful mate made my blood boil. I couldn’t wait to tear him apart.

“It’s not about him this time. I have another news”

“What is it?”

“Saw someone sneaking out of the pack during the night. Using the secret emergency path to escape the border” he threw some photos on the table. My gaze fell on the figure in the photo.

“Her gut is really strong. She won’t be giving up soon” Ryan said seriously.

I smirked “since she is so interested then let her be. I would like to see what she is up to”

“You sure?”

“This is the only chance to end everything in one move. I know there’s must be some risk that I don’t want to take yet I have to if I want it to end once for all”

“Fine, since that’s what you want I will help you. I will inform my men to give a good check from far of course. But we also need to hurry up”

I nodded “our enemy is making arrangements then how can we stay behind? Since they are so eager to get what they deserve, who am I to deny it? I will happily grant their wish. Anyway, any news about Ajim?”

“Not yet. It’s like he doesn’t exist anymore” he shook his head.

“Delaney’s betrayal shook him really badly. He left like that, leaving his pair of daughters alone. It’s really strange that as a father he seems don’t really care about them” I frowned.

"Maybe he thinks it's a better option" Ryan shrugged "his daughters are all minx. Couldn't understand the truth yet lives in their own imagination. What kind of perfect sanity they got, I am amazed really" Ryan showed a mocking smile.

"Place the order, I need to make arrangements fast"

"Got it"

"I am off now" I was about to get up Ryan frowned.

"What do you mean you are off? You said you will be checking around the patrolling area" he smirked.

I checked the time and it's 9 pm. I raised my eyebrows at him. He is doing it deliberately.

"Unless you want me to send you to the patrolling are-"

"It's late, I think you should take some rest. Jenny must be waiting for dinner. I need to go" then in a second Ryan disappeared from the room. I shook my head. That man. Smiling, I got up from the chair and walked towards the door. Finally I can meet my mate.

My smile tarnished the moment when I reached my room. My eyebrows creased when I saw Luina standing at the door. When she saw me coming she bowed with a stiff smile.

"What are you doing here?"

"I....Master that...." She stammered.

"What are you saying? Say it clearly" I frowned.

"Master I am here because Mistress asked me"

"She did?" Shaking my head I was about to step but Luina stopped me.

"Master you can't go in"

"Why?" I almost growled, making her jump.

"Because it's the Mistress's order," she quickly added.

"What kind of order is that? I can't even go in my own room?" I frowned. This doesn't make any sense. What's that woman playing again?

"Master, I am not willing but Mistress said you can't go in "

“And you are going to stop me?”

“I ....” Luina hesitated. I folded my arms around my chest glaring at her.

“Looks like you are obeying your Mistress so much that you forgot who’s the master here?”

“Master, it’s nothing like that. Mistress said repeatedly not to let you in”

“And why is that?”

“That I don’t know. She didn’t inform me of anything other than saying that.

“This is ridiculous. I am already tired and want to rest for a while. Are you still planning to stop me?” I used my Alpha tone.

“Master, please forgive me” Luina shook her head.

“Then move,” I ordered.

Luina looked at the door then hesitated for a while but then moved away from the door Boeing her head. I glanced at her before turning the door knob and pushing the door. A sweet scent filled my nostrils as soon as I opened the door. I was quite surprised at first because this kind of smell is too sweet and this is the first time that I am smelling it in my bedroom. I walked in and my jaw almost dropped on the floor.

What the hell is this?

I looked around the room. Suddenly a smile appeared on my lips. The room light was dim and I can see the whole room was illuminating through the candle lights which was beautifully decorated in the room. The bedcover was changed into a blue one with a blue silk duvet. There was also a wine bottle and two glasses on the table. I felt like I had entered into a different world. It was sweet and exclusive.

Is this why She wanted Luina to guard the door? If this is the reason then I am totally impressed.

“Did you like it?” A sweet voice sounded from behind. I turned around swiftly and found my mate smiling at me. Under the light of candles her skin looked resident and she was looking even more beautiful. She was wearing a coral coloured silk robe which radiated her skin more.

“You did all these?” I smiled at her. She nodded.

“Why?”

“I wanted to give you a surprise. You have been so busy these days and whenever you are back you look so tired and exhausted from work. So I thought to decorate our room a little to make you relax” she bit her lips looking down.

My heart jumped in excitement as I heard her. She did all these for me. To make me happy?

I sneaked my arm around her waist and pulled her to me. Her soft body pressed on my hard one as I looked at her beautiful purple orbs. How come I become so lucky to have this girl as my mate? What good things I have done that the Moon Goddess blessed me with her presence.

“It’s all for me?”

She nodded and smiled “did you like it?”

“Like? It’s more than that, my love. I love everything you do”

Before she could say I dipped my head and captured her sweet lips. God, after such a hectic day getting the sweet taste of her lips made my body relax and content. I nipped her bottom lips then rolled my tongue on her lips before pushing it inside. Invading every inch of her mouth I tasted every corner. Her tongue tried to fight with me but at the end she gave into my force and melted in my arms.

“You are such a sweet baby. I can never get enough of you” I whispered after I pulled away from her.

Savannah hooked her arms around my neck and smiled charmingly “I love you so much”

I grinned “I love you more” I reached out to untie the knot of her robe but suddenly I was pushed away.

I looked at her with wide eyes. What happened just now? Did she just push me?

“Nah, nah, not so fast Master” Savannah gave a sexy smile. I raised an eyebrow with an interest.

“Do you have something in mind darling?” I asked as I gave her a meaningful smile.

Savannah chuckled “oh believe me dear Master,. I have lots of things in my mind” she walked to me and traced my chest “a lot more that will make you so happy”

“Really?” I am fucking looking forward for her action. Fuck I can’t wait anymore.

She smiled then pushed me again. This time I landed directly on the bed. Under the dim candle light she looked so beautiful as she stood near the edge of bed.

“I promise you will be in heaven”

“I can’t wait to see that baby” I chuckled.

Savannah hovered over me and straddled herself. She poked her fingers on my chest and leaned down “do you know how handsome you look?”

Fuck she looks so sexy, all ready to be fucked. Just thinking about it, my little friend down there suddenly came into life.

“Am I?” I smirked. Does she find me handsome?

“Yes” she packed my lips then kissed my neck. Her sweet lips touching my rough skin made my heart race and I felt myself becoming hard. She went down and stopped just above my cock. I looked at her frowning. She smirked then traced her hand over my cock.

Fuck. I cursed down. I am already hard and with her hand touching it, it’s making me painfully hard.

“Oh, you are already hard huh” she chuckled then started to undo the zip of my pants.

“What are you doing?”

“Something that will make you happy” she replied and tugged the zip down.

“Savannah, stop, you don’t need to do that,” I hold her hand. If she is thinking that I am not happy with her and she needs to do that to make me happy then she is totally wrong. I will never let her do something she is not willing to do in the first place.

She looked at me. I smiled at her.

“You don’t have to do that just to make me happy. I am already happy with you. Your presence is enough for me. You don’t need to go through such a thing” I tried to assure her. If she thinks that Just because of this I will be happy then she is so wrong.

I tried to get up but she pushed me down again “No”

I looked at her with surprised look “Love-”

“Stop” she put her hand on my mouth “you are not going to say anything. If you think that I was forceful to do this then don’t think in that way. I am doing this because I want to do this. I want to make you happy”

"You always make me happy. You don't have to do that" I shook my head.

"No, I want to," she smiled. "I wanted to do it . It was just I didn't know how to do it" she suddenly blushed making me smile.

"Are you sure?"

"Yes" she grinned happily.

"Just enjoy tonight" she added before she pulled my pants down along with my boxers. My already hard cock sprang free. It was already hard, fat and huge.

Savannah gasped and I chuckled. Looks like I am really gonna enjoy today.

## Claiming His Tempting Mate novel chapter 59

Hardwick's POV

I stared at the sexy woman who was kneeling on the edge of bed and looking at my hard cock. Just from her stare I can feel my cock twitch as it becomes more hard if possible. God I can just cum just staring at her innocent face. I know it's her first time to do this and I never expected her to take the initiative to think of this idea. It's not like I am complaining. I am happy and good as long as she is here with me. As for my pleasure it doesn't matter when I can touch her and love her all night everyday.

"Are you okay baby?" I smirked. She blushed then nodded shyly.

"Baby you really don't have to do anything if you are uncomfortable. I am already happy the way you decorated our room"

She shook her head "no, I want to do it"

I couldn't say anything as her soft hand touched my hard shaft. My eyes rolled back in pleasure at the contact. God it feels so good to feel her hand touching my cock. Her slender fingers wrapped around my fat cock massaging it slowly in a sensual manner.

"God, yes just like that baby" I couldn't help but moan. I never thought her hands would be this magic. It almost made me cum. But held back, I don't want to cum right now. I want to cum in her mouth, spilling all my seeds in her sweet mouth.

She massaged my cock few more times before she took it in her mouth. When her tongue rolled over the top of my cock I groaned in pleasure.

"Fuck"

She licked my long and huge cock running her tongue down to up while her fingers kept massaging it. Her other hand grabbed my balls and gave a light squeeze. Onyx groaned in my mind. I can feel his pleasure and fuck I am feeling the same. The way our mate sucks and plays with the cock it's making us wild. I can't sit still and run my hands through my hair.

"Fuck baby your mouth is so damn good"

Savannah looked at me while she was still sucking. She looked so sexy. Just like a sex goddess appeared to give me pleasure for eternity. I can't hold back anymore.

"Yes baby, you are doing so good. Now be a good girl and take my cock in your mouth. I fucking want to fuck that sweet mouth of yours"

She did as I said and put my cock in her mouth. My cock was already huge so she could only take half of it. She massaged and sucked hard, rolling her tongue over and over again. I held her hair which was falling on her face as I watched how my fat big cock disappeared by half in her mouth.

"Good girl" I groaned as I took the liberty and pushed my cock in her mouth. She gagged at first but didn't protest. Moved my hips and stayed to fuck her mouth slowly. I really want it wild but I have to take care not to hurt her. I want her to enjoy whatever we do. Suddenly she moaned and increased my pace.

I thrust in her mouth while I closed my eyes in pleasure. fucking her mouth was so good that I don't want to pull back. After a few more thrust I cummed in her mouth. It was pure bliss, I sighed in content.

I smiled and pulled her up "you are such a good baby. I am so proud of you"

Savannah bit her lips then looked down shyly. I chuckled at her action. I tugged her hand and pulled her towards me. She fell on my chest and I caged her in my arms.

"You are so beautiful, do you know that?" I kissed her cheeks. I tugged the knot of her robe. The robe parted slowly and my eyes widened in shock. She was wearing a beautiful sexy lace micro striped lingerie. Fuck is this what her real surprise is? She looked so beautiful beyond imagination. I never thought she would wear something like this. I smirked as I traced the strap of her bra.

"Are you trying to seduce me darling?"

She looked up giving a small smile "is it working?"

I laughed "you know baby, you really don't need to do that. All you need is to look at me with that sexy seducing eyes of yours then I am done for good"

She chuckled, "Do you like my surprise?"

"Like?" I raised an eyebrow "it's beyond imagination my love so the 'like' far from the truth"

"I am glad" she smiled shyly.

I couldn't wait anymore as I pulled her more closer and kissed her hard. This is fucking so good. I kneaded her breast and squeezed it making her moan in my mouth. I pushed her on the bed and kissed her again.

I traced my fingers on her body and pulled the thin cloth that was hiding her beautiful hard nipple from my view. Pulling myself from her mouth I latched it on her hard bun. Sucking it hard I rolled the nipple with my tongue. Savannah moaned, arching her back which pushed her breast more into my mouth. I moved to the other breast and sucked it hard. Fuck she taste good. I bit her nipple making her moan loudly.

"You are so fucking sexy baby. This dress is making me crazy" I whispered then kissed her. I love the way she is lying under me half naked and under my mercy.

"Tell me this is all for me baby" I said in her air as I fully removed her bra.

"It's all yours" she moaned then cried out suddenly when I pinched her nipple.

"I love it when you cry with pleasure. I love it because I am the reason behind your pleasure and pain"

"Hardwick" Savannah arched her back. I traced my hand down and rested on her paties. Her panties were almost revealing and it didn't take time to remove them. My cock twitched again as I felt how fucking wet she is.

"Are you so wet for me baby?" I pushed one digit in her soaking pussy.

"Mmmm..." Savannah moaned.

"You are already so wet for me baby. Do you know how hard you made me today? It's so fucking hard that it's painful" I added another digit.

"Oh please" She moaned again. Her hips rolled and pushed herself more into my hand.

I chuckled "do you want me to give you more baby? You are so eager to have my fat big cock in your warm little cunt?"

"I want you please," she said, almost whispering. She coated my finger with her milk, making me chuckle.

“You cumed in just two thrust?”

“Please” Savannah clutched my arm “I want you please”

“Since you want me so much, I will let you have me” I smiled as I removed my clothes and threw them on the floor. Looking at the beautiful woman lying on the bed all in my mercy. So beautiful like a sex goddess and all made for me. Her pink nipple stood proudly trying to get my attention and her sweet little pussy waiting for my huge fat cock.

“Are you ready baby?” I asked as I stood near the edge of the bed.

Savannah looked at me with her seductive purple eyes. There was so much eagerness that made my heart jump. Taking her look as yes I grabbed her ankle and pulled her towards me. Raising her legs over my shoulder I pulled her cunt near my cock. I rubbed my hardness at her entrance and we both moaned. Savannah tried to push herself more. I smirked at her action. Grabbing her hips I pulled it a little higher. I slammed my aching cock in her warmth.

“Oh god....” She moaned loudly.

“Ah ...it’s so fucking good baby. You are still so tight” I thrust in her tight cunt vigorously. Fuck it has been two months yet she is still so tight like first time. Her tightness made my cock even harder.

“Hardwick” Savannah moaned, almost screaming when I increased my pace. I thrust hard, making my balls slap against her skin. I reached down and rubbed her clit sensually.

“Oh god .... Hardwick” Savannah screamed “ahm...please harder”

“Yes baby, roll your hips a little” I said as I thrust harder.

“Fuck baby....” I groaned. I rocked my hips and thrust again and again.

Suddenly I felt her clenching hard around my cock and I groaned. God this feeling I can’t describe in words.

“Yes baby, clench your little cunt as hard as you can. Squeeze my cock so hard baby”

“Ah.... Hardwick I am cuming”

“Yes baby, cum on my cock. Tell me how much you love it. Tell me how much you want me” I said and slapped her ass hard.

“Ah ...Hardwick ....” She screamed loudly as she cummed on my cock.

“Yes sweetheart, milk my cock with your juices” I groaned and thrust hard. I clenched my jaw and increased my pace before I finally released myself in her sweet cunt. Sweats dripping from my back but I fucking love it.

Savannah panted closing her eyes. I hovered over her and kissed her lips.

“Are you alright?” I asked. She nodded weakly.

“Thank you”

She opened her eyes and looked at me frowning “what?”

“I said thank you,” I smiled.

“For what?”

“For making this night so special. I never expected it but I loved every moment of it”

“I love you” she hooked her arms around my neck pulling me closer to her.

“I love you more” I replied then kissed her.

Avan’s POV

“Ah.....”

“Ummm.....”

“Ah....”

The woman beneath me screamed as I thrust into her hard and fast. Her boobs were bouncing with each thrust and I am enjoying the great view of her body. I reached out my hand and grabbed her bouncing breasts before squeezing it hard.

“Oh, god.....yes Alpha please do that ....ah ...” Alicia screamed again. Her seductive face flushed with redness as she clutched the bedsheet.

“You want more?” I smirked squeezing her boobs and pinching her nipple “I like it when your nipples are this hard baby”

“Ahm..... I am hard for you Alpha...”

“Beg me baby” I grabbed her hair.

“Ah.... Please Alpha, please fuck me hard. I want to cum”

“Fuck where?” I growled “say it” I tugged her hair hard.

“Ah....fuck my pussy. It’s dripping for you Alpha please fuck me so hard”

“You want my cock?”

“Yes, I want it. I want it so much”

“You want to cum?”

“Yes, yes. Please fuck me. I want to cum on your cock Alpha. Please fuck me hard”  
Alicia screamed.

“As you wish” I turned her over making her in four before slamming my cock in her pussy from behind.

“Ah ....oh god .... It’s so good. Oh my god, yes Alpha please fuck me harder”

I used my thumb and pushed it in her asshole. It slipped inside easily.

“Fuck” I growled as I thrust inside her harder. Our skin slapping each other and the sound was echoing in the room.

“Ah ... my Alpha I am so close\* Alicia’s eyes rolled back and she moaned.

I felt her clenching against my cock. I increased my pace and slapped her butt “don’t cum”

“Ah ... Please let me cum” she pleaded.

I slapped her butt hard “I said don’t cum” I rubbed her red butt as I slammed myself deep inside her pussy. Her body jerked forward with each thrust. Her pussy was clenching hard, making the walls squeeze my cock harder.

“Ahm...fuck” I cursed and slapped her butt again. “You are so fucking good” I slapped again while she kept moaning.

I reached down and rubbed her clit while my other hand was still resting on her but and my thumb was still inside her asshole pumping hard.

“Oh ....my god.... Please let me cum” Alicia pleaded again.

I increased my pace and slammed inside her vigorously fucking the hell out of her.

“Ah .... Cum with me you slut” I gave another hard slap on her butt as I ordered.

“Ah ....Alpha.....” She screamed in her top lungs.

I turned her over and before she could speak I pushed my cock inside her mouth and fucked her mouth. Alicia was a good girl and took it happily. She rubbed my balls making me groan again. I slammed inside her mouth hard and fast making her gag. After a few more thrust I spilled inside her mouth and sighed in content.

Fuck that was hot.

Alicia drank every drop of my cum then smiled seductively “it was so good Alpha. If you need me again then I am all yours” she smirked “my pussy will always be wet for your cock Alpha” she added seductively.

I smirked and grabbed my robe “get out”

She slid away from the bed and grabbed her lingerie before slipping it in slowly showing her curves before me. Once she was dressed she grabbed her purse then walked towards the door “I will be waiting to serve you again Alpha” then she turned around and left.

I light the cigarette looking at the closed door. Fuck Alicia was a sexy woman. Whenever I see her I just couldn't control myself but just tear her cloths and fuck her hard. Her pussy was always so ready and sleek that I didn't even need any preparation before burying myself in her cunt.

There was a knock on the door then Ben walked in “That lady sent a note” he said as he walked and handed me the white paper.

I nodded “what about the things I told you to prepare?”

“It's all done and just waiting for your order”

“Don't let anyone know about it. Not even dad. I don't want anyone to know about this matter. We can't take risk at all”

“Don't worry no one will know this” he nodded.

“Good” I opened the paper and smirked. Looks like it's going to be soon. I just can't wait anymore. I am fucking excited about it.

“When are you going to take action?”

I looked at him then turned my attention outside. Gazing at the full moon in the sky I smiled.

“This eclipse”

And after that no one can stop me from having her. Get ready baby. You will be mine soon and mine alone. No one will be able to separate us anymore.

## Claiming His Tempting Mate novel chapter 60

Hardwick's POV

I walked inside the study and loosened the button on my shirt. Sitting down on the chair I grabbed the first file placed on the table. Last night was a wild one. I couldn't ignore the flashing scenes in my head.

Fuck. I shook my head. What the hell is happening? My mind is clouded with the thoughts of my mate. And besides that I couldn't think of anything.

~ We should not have left her like that ~ Onyx said in my mind.

~ Can't help it. We have works to do ~

~ She looked so sexy last night. I almost thought she is kind of fairy who was sent here for us ~

~ Hm....feelings are mutual buddy ~

I flipped the pages running my eyes through the content.

~ Our mate is beautiful and she is ready to get the title officially ~

I frowned. Onyx is right. It has been over months and now it's the perfect time to crown her as Luna officially. Though the whole pack knows about her identity but East Side doesn't know much about her. I guess they haven't seen her at all. So I can't take more time and delay the ceremony. I need to arrange it fast.

"Finally you are here. I have been looking for you in the whole pack" Ryan walked in with a sigh. I looked up and found him sitting on the chair with thud.

"What happened?"

"I thought you went out for a jog"

Jog? I just woke up and even missed jogging time. With Savannah in my arms I don't know how long I have slept. With her I don't have any idea of time.

"I missed jogging," I replied.

"Missed?" Ryan frowned at first then he suddenly smiled "do you mean you were busy doing 'that'?"

“You really have free time to talk about it?”

“I am just curious. You never miss your scheduled activities you know” he shrugged.

I closed the file and threw it aside “forget about it. What’s the news about them?”

“Avan is not resting. I heard he is planning quietly this time. Even his father doesn’t know about it. It seems he want to sneak attack”

“He is a coward so he will definitely use that way. Since he got another helping hand then how can leave this matter. After All he has been so eager to step in for such a long time”

“This is not the only thing. There’s some other news too”

“Like?” I raised an eyebrow.

“Like he made a peace treaty recently with a more beneficial conditions”

“With whom?”

“Red Hunt Pack” Ryan pushed a few photos towards me “the meeting was held 3 days ago. Our informers took these photographs. The condition under which the two pack agreed to have the peace was Red Hunt will get the land beside Valley while in return Bright Shine will get half amount of Red Hint’s weapons”

“What a good treaty!” I rolled my eyes. “Red Hunt is shrewd. They couldn’t wait to get their hands over the property”

“But Avan didn’t lose anything I guess. The valley land has not been active for so many years. So even if Red Hunt wanted to make it as their main base or something they need to work a lot on it. It’s not easy to build some in such a wasteland so suddenly without preparation” Ryan shook his head.

“What weapons are they trading?” I asked, folding my arms around my chest.

“I heard years ago Red Hunt got a special stone called ‘Corela’ . I don’t know how true it was but the stone can harm the wolf tribe severely. So Red Hunt has been making weapons using this stone”

“Stone?” I frowned “I have never heard about it. Is that why that bastard wanted to deal with them?”

“Who knows? It’s not proven yet”

I slapped the table “I don’t care about their fucking deals. What I want is for him to stay fucking away from my mate”

“Avan is a really ambitious person. He won’t let it go so easily. Besides Luna was his ex mate and since D-”

“I know that. You need to pay more attention to them. I don’t want them to take advantage of any small things”

“Don’t worry. I will check on them from time to time” he nodded.

“I want to discuss about something important matter”

“Wait” he smirked and leaned a little “is it about Luna?”

I narrowed my eyes at him “looks like you are more attentive to my mate”

“Of course not. It’s just Jenny is close to Luna so I can hear some of their gossips” he tried to defend himself.

“I never knew you are also interested girl’s gossips”

“Hey, don’t be like that. I need to keep harmony with me mate”

I rolled my eyes “I am not interested in your gossip”

“So is it about Luna?” He wiggled his eyebrows.

“Hmmm...”

“What about it?”

“It’s high time that I should organise a crowning ceremony for Savannah” I said with a smile.

“What?” Ryan looked surprised “are you sure?”

“It’s already long enough. Though the whole pack knows but I want to make it official for every other person to know it”

“That’s great. I was also thinking about it. After that you can get married”

“You more excited than me”

“Of course” he smirked “once you get married then I can follow the rule”

I rolled my eyes at his words.

Savannah's POV

"So how's the night?" Tanea's happy voice rang in the phone.

"Good," I replied curtly.

"Just good? What the hell? Didn't he like the arrangements?"

"He did"

"And then?"

"Do you want a detailed description now?" I asked as I looked at the phone rolling my eyes.

"Of course not. I just want to know whether you tried what I said to you or not"

"That ..." I blushed when the last night scene flashed in my mind. How am I going to say that?

"What? I am waiting. Have you done that?"

"Hm..."

"What hmm.. just tell me. Did you give him blowjob?"

My eyes widened "what the hell? How could you say that so loudly!" I scolded her.

"Who will hear it?" I can feel that she is rolling her eyes.

"Does it matter? You really don't need to shout like that"

"Oh come on Sav. Don't be shy now. There's nothing to hide anymore. Men like it and when their partners put in the effort to do it perfectly it makes them happy. Really, really happy"

"Oh my god, Tanea you are so shameless" I shook my head.

She chuckled "what's there to be shameless? All man likes a good blowjob no matter what"

"Okay stop it, I have heard enough" I rolled my eyes.

“So you did it don’t you” Tanea said again. Looks like she won’t stop until I tell her everything.

“Fine, I did,” I said, gritting my teeth. This woman really knows how to irritate anyone.

“I knew it” she squealed suddenly “I knew that you will definitely do it”

“You were so sure?”

“Of course” she laughed “I know you wanted to do it. And I am really glad. At least you tried it”

“Stop it you are just-” suddenly my head felt dizzy. I held my head and rubbed my temple. What happened so suddenly?

“Sav are you okay?”

“Sav?”

“Yeah, I am fine don’t worry”

“Oh thank God, I thought something happened to you”

“No, I am fine” I replied but I still felt like my head was spinning. God, what’s all these? I was all good this morning. What happened so suddenly?

“My god tell me did he like your job?”

“You are still hanging on that topic!” I frowned.

“Come on. I just need to know if the plan worked or not”

“It worked now stop your interrogation” I shook my head rubbing my temple.

“See, I told you. Man are more happy if you can satisfy them in bed using sexy trucks” I rolled my eyes.

“Satisfying who?” I heard Devak’s voice on the other line.

“Ah...when did you come?” Tanea squealed suddenly.

“Forget about it. What are you talking about? You want to satisfy a man?” Devak asked.

I smirked. Poor Tanea, now she is going to face something interesting.

"I was not talking about myself" I heard her sigh "it's about Sav and yes don't you dare to startle me like that again. You could have frightened our baby"

"What about Sav? Is she okay? Is that fucker troubling her?" Devak growled.

My brother... I rolled my eyes. He is always against my mate. God, how am I going to manage this man?

"Why are you holding a grudge against Sav's mate? What did he even do to you?" Tanea scolded him.

"Why can't I hold a grudge? That man took my beautiful sister so far. Do you think I could be happy?" Devak barked back.

My eyes widened. Is this why he is always moody when he sees Hardwick? Oh my god, my brother he is..... Such a cutie pie.

"Seriously Devak just because of that?" I can feel Tanea rolling her eyes.

"What?" Devak asked.

"You also took her here from my own pack, didn't it?" Tanea asked.

"Why can't I? You are my mate and you should be living with me, fuck that you should stick to me like a glue" he replied.

"In that case Sav is also Hardwick's mate. So obviously he would want her to stay with him. How can you hold your grudges against him when you and him are in the same condition?"

Devak didn't replied for a moment then he suddenly cursed loudly "FUCK"

"I am sorry Sav, your brother is sometimes really-" she sighed.

I chuckled "don't mind him. But I am just happy that he loves me so much"

"Of course he does. And I can say that he is sad about you leaving the pack"

"I know. I miss you guys so much"

"Me too" she laughed "Okay since everything is cool in there I will be hanging up"

"Okay, take care"

"Same here honey"

I hung up and sighed. Tanea's plan of seducing Hardwick and making him happy worked well. I never thought I would be doing these things one day. It's like a dark fantasy which just happened in reality. I am glad even though I was nervous I could perform well after all keeping him happy is my first responsibility.

When I walked inside the kitchen I saw Jenny was sitting in the dining area writing something in the paper.

"Busy much" I said as I walked in.

She looked up and smiled "not really, I am just making list for tomorrow's goods"

I nodded "can I get a cup of coffee? My head is aching"

"Of course, please wait a moment"

I tapped on the white table as I waited for my coffee. Jenny comes back holding a steaming cup of coffee.

"Here you go" she placed the cup on the table with a smile.

"Thanks" I nodded and held the cup. Just as the smell of coffee hit my nostrils I felt like puking. I gulped down, hardly trying to control the urge that was rising with each passing second.

"Are you okay?" Jenner frowned at me.

"Yeah" I pushed the cup little far from me "um...it's still hot"

"Oh" she smiled.

"So what happened? I mean Ryan was about to meet your dad right?"

"He did," Jenny chuckled.

"Already?" I was surprised. I remembered Ryan was preparing to meet Jenny's dad officially.

"What did your dad say?"

"Dad was angry, really really angry. He scolded Ryan for being a playboy in the pack. He even accused Ryan saying he couldn't keep me happy because he has many girlfriends in and out of the pack and one day they will come troubling around"

I shrugged "your dad is right though"

Jenny nodded “that’s what I feared also. Though he is my destined mate, he has many outside relations with uncountable women. I don’t know how to react when one day I will meet one of them. I couldn’t even fight much because my wolf does have such power” she laughed at the end.

I held her hand and smiled, “Ryan knows about it, doesn’t it?”

She nodded “yeah”

“Then leave it to him. He knows what he is doing and definitely he would know what he will do too” I assured her. Even though I don’t know Ryan much, I have heard lots from Hardwick and since Hardwick believes in him so much then Ryan is definitely a good guy. As for his playboy ways.... I rolled my eyes. Men are always like that. So no comments on this point.

“Anyways, did your dad agree?”

Jenny shook her head “dad is angry with him. He said he will never accept Ryan as his son in law. But dad can’t deny the fact that he is my mate and we are fated together. So he didn’t said anything about us”

“He will definitely agree wholeheartedly when he sees how good Ryan is. Don’t worry as a father he will definitely want his daughter to be happy so at the end he will know what should be done”

Jenny nodded “thanks Mistress” then she looked at the cup “your coffee is getting cold”

I eyed the coffee and I couldn’t hold back the urge. I don’t know why I suddenly feel like this. This is my regular favourite coffee but today it seemed so different.

“I will-”

“You are here” I looked up and saw Hardwick coming in followed by Ryan. What’s he doing here?

“Why are you here?” I frowned.

“Can’t I come here?” He raised an eyebrow.

“I didn’t mean that” I shook my head “it’s just I didn’t expect you to be here. These days you were so busy so I thought you must be in work”

He waved his hand and smiled “I am not busy today” he reached out his hand “come with me”

I looked at his then took it “where?”

Hardwick pulled me up swiftly and sneaked his arm around my waist "I have something to show you"

"Really? What is that?" I asked excitedly.

He chuckled "you are that curious?"

"Of course I am. This is the first time you are showing me something"

"Oh is it?"

I nodded.

"Then we should waste time. Let's go" he led me towards the door. From the corner of my eyes I saw Ryan pull Jenny in his arms. I shook my head and paid all my attention to my mate who was pulling me to somewhere only he knows.

"Why don't you tell me where you are taking me? Are you trying to kill me with curiosity?" I frowned. We already walked out of the kitchen but this man is not telling me anything. I suddenly felt annoyed.

"Wait for a moment baby" he chuckled.

"This is not fair. Just tell me"

"You want to know?" He looked down at me.

"Yes" I nodded.

He leaned down and whispered in my ear "sorry babe, it's surprise"
