

Clan Cultivation 46

Chapter 46

At this moment, a woman came, wearing a white palace dress with a purple round neck. The round neck was surrounded by gold threads, and around her waist was a gold thread embroidered beaded ribbon with silver bells at the bottom. He wears red embroidered shoes on his feet and a white gauze hat on his head, with begonia embroidered on both sides of the hat.

There is a red gem in the center of the hat, a delicate step is inserted into the bun, and a small golden bell hangs on the phoenix tail. An ear protrudes from the temple, with an emerald earring on the earlobe.

Double ten years old, but bright eyes and white teeth, delicate facial features, a melon face, a perfect match, and a pair of bright eyes flashing arrogance and indifference.

She is graceful, slender and tall, she looks very skinny, her ***** are huge and she looks very tense, her skin is like frost and snow, and it is like a cream, which can be broken by blowing a bullet. Charming and intoxicating scent.

After Lu Xuanji lost his mind for a moment, he subconsciously looked away.

"Congratulations, fellow Daoist, the Lu family has given birth to two geniuses again."

The cold woman opened her mouth, smiling sweetly, with an indescribable charm.

"Fairy, your style is still the same."

The Great Elder laughed.

"You are getting old."

The cold woman said.

"Yeah, I'm getting old." The Great Elder said, a hint of sadness flashed.

They were of the same generation. They went out to practice together when they were young, and killed monsters together. They had a good friendship, but one joined the sect and the other stayed in the family, and gradually the relationship became a little cold.

"Xuanji, Xiaoxue, call Auntie... This is Fairy Qingxue."

The Great Elder said.

"aunt."

Ye Xuanji immediately called out obediently.

"aunt."

Ye Feixue was slightly taken aback, but she still called her aunt.

"Good, the two children are good."

Fairy Qingxue smiled, as if looking at her own child.

Because I mainly practice Taoism, I have never been married, but it is precisely because of this that I have a special preference for children.

"Xiaoxue is the second spiritual root. If you stay in the Ye family for a long time, let's join the Danyang faction." Fairy Qingxue said, her voice was soft and indescribably soft: "The environment and resources are very important, there is no good environment, no With abundant resources, genius may also be buried."

As he said that, he looked at the Great Elder, and his expression flashed a hint of pity.

"God's will, you are the Three Spiritual Roots and the Array Master. If you join the Danyang faction, you will already be on the ninth floor of the foundation building, and you will have two chances to hit the Purple Palace realm. But now, the Lu family's resources are insufficient, and the

Lu family has delayed you. At the age of one hundred and seventy, you can enter the ninth floor of the foundation building, and there is also a chance to attack the purple mansion."

"Xiaoxue is the second spiritual root. In the future, there is hope to become a Zifu, or even a golden core. But the Lu family's pond is too small to support this dragon. The best choice is to join the Danyang faction. The Danyang faction has four ranks. There are also rich resources in the medium spiritual veins."

"Not long ago, I said hello to Master, if Xiaoxue joins the Danyang faction, it is guaranteed that Xiaoxue will achieve the ninth level of foundation building before the age of 130, and there will be at least two chances to hit the Zifu period. There will also be a 50% discount. The discount will open the inheritance of second-grade alchemists. When you buy Ziyang Jade, you can get a 10% discount; when you buy Zifu Dan, you can get a 20% discount. If you don't have enough contribution points, you can take credit."

Fairy Qingxue sent out an olive branch and a solicitation.

This kind of treatment is very favorable, and the Great Elder's eyes lit up when he heard it.

Lu Xuanji was also slightly moved when he heard it.

On the fourth-grade middle-level spiritual veins, the bonus of establishing a cave dwelling for cultivation far exceeds that of the second-grade spiritual veins in Changyuan Mountain, and the training speed is at least 30% faster.

A 50% discount will open the inheritance of a second-grade alchemist, which means that you will have a stable income in the future.

Having a stable income and a cave dwelling with strong spiritual energy, this means that the cultivation speed is fast, and the ninth floor of the foundation building can be entered at a relatively fast speed, which is extremely beneficial to the achievement of the purple dwelling stage.

It is like a cultivator in the Qi training period. Before the age of sixty, his Qi and blood are strong, his spirit and spirit are complete, his life is at the peak, and he has a high success rate in the foundation building period; The success rate of impacting the foundation building period will decrease accordingly.

If he is over a hundred years old, he will surely die if he hits the foundation-building stage.

Similarly, it is best for a foundation-building cultivator to hit the Purple Palace Stage before the age of 200, when people's qi and blood continue to rise. At this time, the success rate is relatively high; The success rate of impacting the foundation building period will continue to decline.

Many Foundation Establishment cultivators attacked the Purple Mansion, but rarely succeeded once.

Instead, it is possible to succeed after two or three consecutive shocks.

It can be said that the sooner you enter the ninth floor of the foundation building, the greater the chance of becoming a purple mansion.

Similarly, in the process of exchanging Ziyang Jade and Zifudan, there are also levels. The first level is free exchange, without any spiritual stones and merit points; the second level can be credited, exchanged in advance, and repaid afterwards; the third level, If you need to pay spiritual stones and merit points on the spot, discounts can be given; at the fourth level, you need to pay for spirit stones and merit points on the spot, no discounts are given, and you need to queue up.

To give Ye Feixue the second-level treatment, com can say that Fairy Qingxue is very sincere.

Ye Feixue listened, but frowned slightly: "Brother, what do you think?"

"It's not what I think, but what do you think?" Lu Xuanji said, "Xiaoxue, you have grown up and can make decisions for your future!"

As if she felt that it was not enough, Fairy Qingxue continued: "Little girl joined the Danyang faction, not to betray the family, but to make the family better. After joining the Danyang faction, she will be able to give back to the family better. Without harming the interests of the sect On the basis of being in line with the rules of the sect, to provide some benefits for the Lu family, the sect is acquiesced."

"In the sect, if you develop well, it will be good for the Lu family."

When the Great Elder listened, his eyes seemed to light up.

Xiaoxue, joining the sect seems to be better for the Lu family.

The fate of the weak is determined by the strong.

It seems that a random order or policy of the Danyang faction may bring huge benefits to the Lu family, or it may bring the Lu family into a disaster. The strong do not need a knife to kill, just speak. In the Danyang faction, there are people from the Lu family in the middle and high level, which is good for the Lu family.

When Lu Xuanji heard this, he sneered.

After being sent to the sect, Ye Feixue grew up eating the resources of the Danyang faction, and was no longer a member of the Lu family.

After all, the Danyang faction worked hard to train her, not to train monks for the Lu family. In the end, they mostly broke up with the Lu family, and gradually their relationship with the Lu family faded.

Emotional feelings, spend more time with each other, naturally have feelings;

Also, after not seeing each other for a long time, the relationship is naturally weak.

There are traps and words in many words, which can be heard occasionally as chicken soup for the soul, spiritual victory, etc. But if anyone really takes it seriously, it is a fool.
