

Clan Cultivation 99

Chapter 99

"The upper layer controls advanced resources."

Lu Xuanji thought about it.

"That's it." The elder said: "The upper level will control the leakage of high-level resources rhythmically. Many rare resources are not only expensive, but also in small quantities, and they are simply out of stock at many times. Pure Yang Dan costs 100,000 spirit stones. Zifudan has 150,000 spirit stones, and Ziyang Jade has 200,000 spirit stones. Many times, the price is not high, but there are no goods at all. Even if there are goods, it will take ten or twenty years. It is difficult for the overhaul of the government to be born."

"When Lu Fuming's ancestor was able to enter the Purple Mansion, on the one hand, he was an Erling Root, and on the other hand, he obtained three Purple Mansion Pills in an adventure. Originally, my Lu family was in decline, and it was difficult to give birth to the Purple Mansion overhaul. It's difficult, but the appearance of Ancestor Jin is an opportunity."

"It seems that occupying Ziyang Mountain is indebted to my Lu family; secondly, in order to fight against the demon clan of Shiwanda Mountain, as well as some ancestors of the Danyang Sect, he also needs to support and cultivate the lower-level forces; finally, in order to check and balance the two counties. The Zifu Xiuxian family also intends to cultivate some forces."

"In this case, my Lu family was selected. This is the luck of the Lu family, and it is also your luck."

The first elder said with some joy.

The superiors use you, which proves to be useful.

If there is use value, there is a chance to climb up, and hesitant to turn the salted fish over.

If there is no use value, it may be a salted fish for life.

In many moments, choice is more important than effort.

Old Ancestor Jin arrived in Qingshui County and took charge of Beichen County again. It was because his power was relatively weak. In order to fight against some ancestors of Jindan, some monster clans, and to balance the major forces, he must choose to fight one faction and pull another faction.

Fighting one faction is mainly to fight local snakes and those disobedient cultivators.

In a specific case, he went to Baihu Mountain and directly destroyed eight immortal clans.

The La faction is mainly those weak foundation-building families.

Luckily, the Lu family became Old Ancestor Jin's ***** and a force in the La faction.

Can the Lu family refuse?

can not.

After refusing, the Lu family will be completely in decline.

It can become the chess piece of Old Ancestor Jin. In the future, the Lu family will become the Zifu family again, or even go a step further.

Of course, not everyone is qualified to be a pawn.

If this chess piece is not good enough, unqualified, or not up to standard, Old Ancestor Jin doesn't mind throwing away the chess piece and replacing it with a new chess piece.

The reasoning is not complicated.

The first elder just mentioned it, Lu Xuanji was enlightened.

When you are weak, it is not shameful to be a ***** of the strong.

"The marriage between the Ye family and my Lu family is based on my talent and aptitude on the one hand, and Old Ancestor Jin's face on the other!" Lu Xuanji said, "But will this make Old Ancestor Jin hate you!"

"No, because Ancestor Jin doesn't care!"

The first elder said, "Even if this old man enters the Purple Mansion, he can block Old Ancestor Jin with a few swords!"

Lu Xuanji was dumbfounded.

What about the Purple Mansion, Patriarch Jin killed it with a single sword.

It doesn't even need Old Ancestor Jin to make a move, a maid under his command can kill the Lu family.

"Just doing this, I'm sorry Xiaoxue!"

Lu Xuanji said, "I originally thought that I would be one person for the rest of my life, half-drunk, half-awake, half-floating, but who would want to compromise with reality?"

"Heaven and earth have their own laws, all things are not free, and no one has ever bowed their heads to reality."

The first elder said: "Cultivation of immortals is to be happy, but who is really happy, one can't be too selfish, when thinking about himself, he must also consider the family and the people. I don't ask you to become a great virtue. Kind people, I just ask you not to be too selfish."

Lu Xuanji sighed, acquiescing in his heart.

Life is not a Qiong Yao drama after all.

In Qiong Yao's drama, love is everything, and love is above everything.

As the saying goes, I cannot live without love.

But in reality, many things are above love.

"I'm sorry Xiaoxue."

Lu Xuanji said.

"You can't tell, I'll go and persuade her!" said the elder.

"No, I'll face it myself!"

Lu Xuanji said firmly.

I have to take the blame for myself, and there is absolutely no Great Elder to replace it.

Dongfuzhong.

Sitting on the bed, hugging her knees, Ye Feixue burst into tears.

Very aggrieved.

Like a poor little one!

Like an abandoned cat.

"Xiaoxue, I'm sorry!" Lu Xuanji stepped forward and said.

There are thousands of words, but when it comes to the mouth, there are only five words left.

Ye Feixue was still crying.

Lu Xuanji said, "If you feel wronged, you can cancel the Taoist partner's contract!"

"I do not want!"

Ye Feixue said angrily.

Lu Xuanji said, "It's my fault!"

"It's not my brother's fault, it's my fault!" Ye Feixue opened her mouth, crying while saying, "I should have thought about it earlier, my brother was born in the Ye family, so naturally I have to think for the Ye family. I'm so selfish."

"Back then, I was just a girl in the village. It was my brother who came there and saved me from suffering. Over the years, the Lu family has given me a lot of resources and exercises. The Ye family doesn't owe me anything, but I owe the Ye family a lot."

"For the sake of the Ye family, my brother naturally has to take more Taoist companions, concubines, and more children. How can he just guard me alone. It is impossible to have my brother alone. I have always understood this truth, but I have some fantasies. The elder's words shattered my illusions."

"The situation of the Lu family is not good. Marrying with the Ye family is of great benefit to the Lu family and to my brother."

"All of this is of great benefit to my brother, it's just that I haven't been awake!"

Speaking of which, Ye Feixue wiped away the tears on her face and said, "Brother, I want you to hug me!"

"Okay!"

Lu Xuanji stepped forward and hugged her directly.

"Brother, I want you to kiss me!"

Ye Feixue said.

"Okay!"

Lu Xuanji kissed his forehead and tapped lightly.

"Don't forehead, but lips!"

Ye Feixue said.

"Okay!"

Lu Xuanji kissed directly on the mouth.

Intertwined, entangled in entanglement.

In the lingering, Ye Feixue closed her eyes directly and was addicted to it.

Until she was out of breath, Ye Feixue said, "Brother, let's sleep together!"

"Don't make trouble, don't get angry!"

Lu Xuanji said.

"I'm not being angry, I'm telling the truth!" Ye Feixue said: "My brother's qualifications are a bit poor. It takes ten years to improve one level. If you encounter a bottleneck, it will take longer It will take hundreds of years to become a Building the ninth floor of the foundation is a matter of luck."

Lu Xuanji interrupted directly: "I've been promoted to one level in ten years, and my speed is fast. Not everyone is like you, who has the root of heaven and flies directly in the sky."

"Brother, I have a way to make you faster!"

Ye Feixue said.

"What way?"

Lu Xuanji asked curiously.

"I have practiced the great supernatural power [Yin-Yang Dao Seizing Technique] of the Hehuan Demon Sect, and it has been completed. If my brother and I are both yin and yang, I can reverse the supernatural power and instill a part of the origin of [congenital Dao fetus] into my brother's body to help. When my elder brother casts [Pseudo-Innate Dao Embryo], then my elder brother will have the power of having three layers of [Innate Dao Embryo]."

Ye Xue said.

"But this will damage your origin and cause you great harm." Lu Xuanji said.

"It's okay, just rest for a hundred years and you can recover!"

Ye Feixue said.

"Life is a few hundred years again!" Lu Xuanji sighed: "Not long ago, Old Ancestor Jin wanted to give me the [Pseudo-Undead Demon Body], but I refused. Guess why?"

Ye Feixue asked, "Why is this?"

"Just don't tell you!"

Lu Xuanji smiled.

Ye Feixue was exasperated.

Ye Feixue leaned in her arms and murmured: "Brother, do you really want to refuse? I am a stunning beauty, but I am a little younger. In the future, I will not be inferior to Old Ancestor Jin. I took the initiative to dedicate myself, but why are you? To refuse!"

"Xiaoxue, don't think about it."

Lu Xuanji said, "Girls have a heavy mind and like to think wildly."
