

Deep affection honey come back to me

Chapter: 531

Just A Guess

Vicente couldn't stand it anymore. He raised his head and smiled, "Sorry, I don't want to remind you either, but... Your marriage certificate doesn't count."

As the saying went, "The attacker focuses on the fatal point." the marriage certificate of John and Nina did not count. It had always been like myocardial infarction for John.

Vicente's focusing on the fatal point was fair, and John's expression instantly cracked.

As expected, the aura of anger did not appear. At that time, John just put the marriage certificate away with a straight face, and his deep eyes were sometimes bright and sometimes dark, which was hard to understand.

His calmness gave Vicente a bad feeling. 'Is it the prelude to a trouble?

Poisonous and hoarse?

Or throat sealing?'

Vicente swallowed and touched his neck, sweating for no reason.

He wanted to redeem it in time. "I mean you can get a new marriage certificate."

John didn't say a word and didn't mean to be angry. No one knew what he was thinking.

Before Nina could finish her words, she was interrupted by John. "I will marry you back to Lexingport

.

In the basement, as Nina expected, Demi didn't commit suicide or go on a hunger strike.

After all, there was nothing to eat. She only had three glasses of water every day, and she was much thinner.

Demi hadn't eaten anything for three or four days in a row. She was so hungry that she lay on the ground and slept to resist hunger.

The bodyguard opened the door. Hearing the noise, Demi opened her eyes slightly. She was so hungry that she only saw a few people, but she smelled the food.

Demi struggled to sit up and looked at the man in front of her with her hair disheveled.

"Cali." Nina called. Cali walked to Demi with a bag and took out a bowl of hot porridge, two eggs, a bottle of hot milk and a small cake.

"Eat first." Cali stood up and looked at Demi with mercy.

Demi was so hungry that she grabbed the cake in her hand regardless of the etiquette.

As soon as she put it to her mouth, she was stopped.

"Wait!" Nina stood in front of Demi and said, "If you want to eat, you must answer our questions."

Demi looked up at Nina and said weakly, "I know you are not so kind."

Demi Has Excellent Psychological Quality

Nina just smiled, "Then you can also refuse to eat. If you want to eat, let's sit down and have a talk."

"Talk?" Demi smiled, "Do we need so many people talking? That's right. The more people is, the lively it is."

Demi put the cake into her mouth and mumbled, "What do you want to know? I can answer some simple questions. If it's a complicated question, let me go and I'll tell you."

Even though Demi was dizzy and her voice was weak, she still maintained her brain sober and negotiated with Nina.

This shocked Nina. 'Demi is really unusual.'

"Demi, you worked as a commercial spy around Count Nangong. You have leaked a lot of secrets to your boss. It's against the law, you know?" Nina said in a cold voice, "It's against the law for you to take away my children, understand?"

Demi didn't look into Nina's eyes. She took two sips of hot milk and said slowly, "Princess Nina, the law requires evidence. I haven't revealed any secrets. I didn't intend to abduct the children. I just wanted to get the DNA from the chi

and dared not roll her eyes. Her legs were slightly backward, forming a form of self-protection.

"There was a gas explosion six years ago..." As soon as John finished speaking, Demi opened her eyes wide and looked at him. Then she lowered her head in panic.

So he continued, "In this accident, one was dead and the other was injured. The one who was dead was Darleen, the other who was injured was Jett. Because of Jett's special identity, this accident was not recorded. It took us a lot of time to investigate, but you suddenly disappeared, about a year."

Hearing this, Demi held her knees tightly with her hands, and her fingers were as white as paper.

When John was about to continue, Demi gritted her teeth and blurted out, "Stop!"

Her eyes were red and her lips were trembling. It seemed that she had been stimulated a lot.

"You don't have to tell me this!" Demi roared. Her voice was hoarse and painful. "Jett and I are lovers. You can't get anything related to Jett. I'm just his lover. My boss is not him."

Half true And Half fake Past

Demi looked a little crazy. Before they could ask who her boss was, she answered by herself.

"I won't tell you who my boss is. Now I'm blind. My boss won't want me anymore. I'm useless now. No matter you send me to prison or whatever, I don't care."

Vicente opened his mouth slightly. Since Demi had answered this question, he had to ask another question.

"You and Jett are lovers, but do you know nothing about what he has done secretly? He dotes on you very much. He personally made the incense for you and gave you the precious sapphire necklace."

"He is just atoning for his sin." Demi closed her eyes, tears streaming down her cheeks.

She took a deep breath and said, "You have investigated what happened six years ago. Did you trespass into my house? You wanted to restrict me with the law, but you broke the law yourself. It's ridiculous.

If you didn't break into my house in Moon Bay, you won't be able to find out the past of these years in such a short time." Demi laughed at herself, "I can be the mistress of Jett. He is so k

much since he was a bodyguard of the royal family. When he was in Lexingport City, it didn't matter whether Nina could hold his hand or not.

But she couldn't get close to him now. Nina was afraid that she would not know where he was if she was not careful.

She came up with an idea.

Nina cleared her throat and said in a serious tone, "Mr. Sean, I hope you can say more. Please give me your comments on the story Demi just told."

'Since I couldn't get close to him, I should listen to his voice more.'

John gave her a deep look and said, "Okay."

"Yes, yes. Mr. Sean, you are a very powerful person. Please analyze what Demi said to us. Is it true or not?" Cali turned around and looked at the person she liked with a bright smile.

Vicente, who was suddenly ignored, was speechless.

He said crossly, "I'm analyzing with you, aren't I?"

Cali drew back her neck and begged Vicente with her eyes. 'Now I just want to listen to Mr. Sean.'

Vicente seemed to have discovered something and was shocked. He muttered, "Oh my God?"

Run Away After Flirting

Cali stood to John's side, but she didn't dare to get too close. She carefully maintained a distance. Their shadow fell on the ground, like a couple snuggling up to each other.

Seeing the shadows on the ground, Cali smiled happily.

It seemed that their distance was an invasion to John. When he saw Cali staring at the shadows on the ground, he immediately frowned.

"Demi hates Jett. Why did she help him by saying she had another boss instead of him?" John spoke out the first question and then came to the side of Vicente. "What do you think, Count Nangong?"

In fact, he wanted to go to the other side of Nina, but as a bodyguard, it was unreasonable for him to squeeze between Vicente and Nina, so he had to go to the side of Vicente.

Right now, Cali was next to Nina, so there were two people between the two of them.

Cali was a little disappointed, but she couldn't be shameless to go there.

It was reasonable for John to do that. Even Nina and Cali didn't notice anything else ear.

"I knew you would like it..."

Before she could finish her words, John wanted to turn around and put his arms around her waist, but was stopped by Nina.

"Shh, don't turn around and don't stretch out your hand. Only in this way will others not doubt you. They will only think that I am secretly ordering you to do something.

But I don't want to order you anything. I just want to tell you that my body wash smells the same. Do you want to smell it...?"

Nina's breath was long and warm.

John's Adam's apple bobbed, and his eyes lit up in the sun.

With a gentle smile, Nina took a big step aside and walked ahead with a smile.

It was not the first time that Nina had done such a thing. John closed his eyes and grinded his teeth. When John opened her eyes again, the desire in her eyes had already dissipated.

John said gently, "Thank you, Princess Nina. I not only want to smell, but also want to eat."

Nina was speechless.

Nina staggered and her ears turned red.

Deal

The next day, before Noah and Leon brought any news about Demi, Jett came.

Jett contacted Nina and made an appointment with her in a teahouse.

Nina went to the appointment. Cali was worried that she would be in danger alone, so Cali had to go with her anyway.

The teahouse, which used to be the most prosperous one, was very quiet today. Not only were there no customers, but also few employees.

Jett cleared up the site and only treated Nina. Cali was stopped outside the teahouse and was not allowed to approach.

"Princess Nina, you can't go there alone. What if Mr. Jett do something bad to you?" Cali held Nina's hand and didn't let her in.

Nina took Cali's hand away and comforted, "There are so many people watching me enter the teahouse. You know that I was invited by Jett. If anything happens to me here, he must have something to do with it.

Don't worry. He not only doesn't dare to hurt me, but also can guarantee my safety." Before Nina entered, the guards at the door wanted to confiscate her mobile phone. But Nina didn't allow it and handed it to Cali.

She went in alone and was taken to the two floors.

Cali couldn't see wh

uth, he was scolded by Jett angrily. "Get out of here. Don't come up again."

Then he pointed at Nina angrily, "You made her eyes blind. Nina, I won't let you go. Wait and see. I'll immediately expose this paternity test report to the public."

Nina's amber eyes rolled two times. 'Through the series of reactions of Jett just now, I have basically confirmed the relationship between Demi and Jett.

When he heard that Demi was his mistress, he got angry. But when he heard that Demi was blind, he couldn't control his anger.

Demi is not a mistress at all. She is the one Jett cared about most.'

"Wait!" Nina called him calmly.

"Humph, it's too late." Jett picked up his phone.

Nina looked up at him and said, "Jett, if you really do this, Demi will be blind with another eye."

Sure enough, Jett took back his phone and stared at her with a livid face. "What do you want? I have something on you. If you dare to hurt Demi a little, you can have a try."

"Calm down." Nina looked at him with a faint smile. "I also have something on you. You love Demi very much, you love your ex-wife very much."

Hearing this, Jett's mind was in a mess.

Reach An Agreement

Nina had the upper hand and took the initiative.

Seeing that Jett was filled with resentment, Nina added more. "Demi told me that she hated you because you married Ruby."

Jett's eyes turned from resentment to guilt.

"Demi was going to kill Cali. Attempted murder would be sentenced to intentional homicide." Nina raised the teacup in the air and toasted Jett. When the teacup touched her lips, she stopped and added, "She said that she didn't know what you had done, and that her real boss was not you. She said that she was blind and the boss wouldn't want her, and it didn't matter if she was sent to prison.

She is also stupid. She was betrayed by her husband and used as a spy. She has to protect this person without hesitation." With a strong sneer at the corners of her mouth, Nina drank up the tea in her cup.

Nina's words were like a thorny hand grabbing Jett's heart and even repeatedly crushing it.

Jett was almost out of breath because of the pain. His face was as pale as a piece of paper, as if the tide was surging back.

Jett sat down again and almost lowered his head to compromise. "I'll d

rong, he couldn't ask Nina directly, so he had to go to other places to contact Nina through his phone.

"Mr. Sean, where are you going?" Looking at his back, Cali felt a little regretful. "If only we could walk a little longer."

"That's good. How long do you want to walk?" A maid appeared behind Cali mysteriously, which almost scared Cali to have a heart attack.

Cali turned around and saw an acquaintance. She took a deep breath and asked, "Ivy, don't you make any sound when you walk?"

Ivy looked at her with an ambiguous look. "I'm not walking without any sound. Actually, you're so obsessed with Mr. Sean."

"Ivy, don't talk nonsense." Cali said shyly.

"Why are you blushing?"

"No, I didn't." Cali touched her face. It was indeed a little hot.

She felt more embarrassed. "Anyway, don't talk nonsense. Mr. Sean will be angry if he hears it."

"Really? I don't think so." Ivy said, "Mr. Sean has always been wearing the same expression. It's hard to tell whether he is angry or not."

Cali didn't answer, but Ivy bumped into her and asked, "Is there anything wrong between you and Mr. Sean?"

What Does It Mean To Enter A Man s Room

"I hoped that there was something happened." Cali felt helpless.

"You did." Ivy insisted, "Mr. Sean must like you, but you don't know. You see, he never cares about others, but only you. He doesn't get close to others either. You two have just walked a long way.

And he saved you and beat someone for you. He likes you. You are lying!" Ivy asked in disbelief.

Biting her lips, Cali's eyes were as bright as the stars at night. She held Ivy's hand and asked, "Really?"

Ivy patted her chest and promised, "Trust me, Mr. Sean will definitely like you."

For a moment, Cali felt as sweet as honey.

She held Ivy's hand tightly as if she was holding support. She said excitedly, "What do you think I should do? Am I going to confess my love to him? But shouldn't we let boys come to confess their love?"

"You have to act according to the actual situation." Ivy looked around and went to a hidden place with her hand in hand. "Let's go there and say that in case of we are caught slacking off, I'll be doomed."

As soon as they arrived at a place where they could talk, Cali couldn't wait to ask, "How can we act according to the actual situation?"

"Is Mr.

ese roses." Nina said and left.

She knocked on the door of John's room, and soon the door opened.

"I knew you were in your room. If others are angry, they will slam the door and go out. Only you will hide in the room." Nina smiled fawningly at him, revealing her white teeth.

'My little girl with bright eyes and bright teeth always made people unable to be unhappy.' At this moment, John sighed helplessly in his heart and remained calm on his face.

"I'm not angry." John leaned towards the door and looked at her with his deep eyes. "Didn't you say that you should keep a distance from me?"

'Why did you say that you were not angry with me by acting like this?'

With her heart beating fast, Nina looked at him aggrievedly. "There are no servants living here, but can you let me in first?"

"Are you sure you want to come in? Do you know what it means to enter a man's room?" John looked at her leisurely and said.

Nina thought, 'Of course I knew.'

"Yes." Nina pushed him into the room and closed the door with a bang. She pulled his tie with her right hand and kissed him on tiptoe.

The whole process went smoothly in less than two seconds.

The Real Demi Was Dead

The moment his lips touched hers, Nina blushed again.

Nina's red face was as green as a girl who had never experienced sex. However, she was already the mother of two children, and her skills had long been taught to the point of perfection by John.

When kissing, Nina liked to close her eyes. On the contrary, John liked to open his eyes and looked at his little girl.

Her long and thin eyelashes fluttered gently like elf feathers, and her cheeks were flushed. Her breath was so close as if it was carved in his own bone and blood, which could make his blood boil.

The fragrance of rose tea lingered in her nose. She touched it in the evening. Her hair and clothes were all stained with the fragrance of roses, as if even her mouth was filled with the sweetness of roses.

'My little girl must be a fairy made of roses, which only belongs to me.'

John smiled and enjoyed her initiative.

Nina also smiled. She pressed her lips against his and said, "Hmm, you're too tall. It's so tired to stand on tiptoe."

"Let me help you." John reached out and wrapped his arms around her waist, gently lifted her up and turned around.

With her back against the door, Nina naturally wrapped her legs around his stron

n she disappeared for a year. She went to see a psychologist. We continued to investigate and found that the psychologist was also a plastic surgeon."

Nina stopped what she was doing and said, "Sure enough, Demi is not Demi."

"You mean..." Vicente was shocked.

Leon took over the words, "The real Demi is dead. The current Demi is actually Darleen, the unknown ex-wife of Jett.

So I made the right bet this afternoon. Vicente, did you win the project today?" Nina said happily.

"I just wanted to share this with you this afternoon." Vicente asked in surprise, "Did Jett come to you this afternoon? You made a deal with him with Demi, right?"

"Yes, Congratulations!" When Nina raised her glass to celebrate, her hand was suddenly held by John and changed into juice for her.

Nina bit her lips and said, "A little, okay?"

"It's useless. Drink some juice." John insisted not to let Nina touch alcohol. 'I still don't know whether alcohol is harmful to her body.

If she didn't drink before, I would coax her to drink. When she was drunk, she would obediently crawl into my arms and had sex.

Not now. She is not in good health.

The doctor hadn't given me the result yet, so I have to be careful.'

The Best In The World

At last, Nina had to drink juice obediently.

As an elder brother, Leon was particularly gratified. 'The love John had for my sister is not pampering, but sincerely for the good of my sister.'

Leon looked at John, wondering if John had dealt with his father now.

'Forget it. They could solve the problem between the two of them by themselves. My own relationship is still in a mess.

Two days ago, when I went to the Feng family's house, I heard from Bryant Feng that Valerie had a hard time with that man.

At that time, Valerie insisted on leaving me and eloped with that man. The Feng family helped them secretly, but they were afraid of my identity as a prince, so they made a clean break with Valerie and didn't offer any help in private.

Bryant was Valerie's cousin, and Valerie had the best relationship with him in the Feng family. Now Bryant said that she was having a hard time outside. Is it true?'

Although Leon was worried about Valerie, he didn't go to inquire about her in private. Leon had his own pride. It was Valerie who abandoned him.

But it was true that he was worried about her.

With mixed feelings, Leon raised his gla

nd my thin body is like a candle in the wind.

No, he should deserve a better woman, not me, this despicable woman now.'

Demi lowered her eyes and walked away.

Sitting in the car, Jett seemed to have guessed what she was going to do. He got out of the car without thinking too much, held Demi's waist and pulled her into the car.

The car door was closed with a bang. Jett whispered to her, "I shouldn't have listened to you! I shouldn't have listened to you changing your identity with Demi; I shouldn't have listened to you marrying that shrew woman; I shouldn't have sent you to that hypocrite Vicente; if I hadn't listened to you, so many things wouldn't have happened. Do you know how miserable I am now? Let Jett suppress me, you know?"

Demi weakly nestled in his arms and struggled to get up. "I failed. Let me go."

"No way!" Jett held her waist tightly to prevent her from moving.

Burying his head in her shoulder and neck, he said in a muffled voice, "I will cure your eyes. It doesn't matter if we can't cure them. Besides, I will divorce Ruby."

Tears welled up in Demi's eyes. She turned around and hugged him, choking with sobs.

Chapter: 540

Nina s Amazing Memory

Within half a month, the news that Jett wanted to divorce with Ruby spread in the circle.

Ruby felt humiliated. In order to take revenge on Jett, she deliberately exposed a lot of dirty things. In the end, Jett was notorious and nobody knew where he went.

They were fighting against each other in a group. Vicente sat there and took advantage of the situation. At the same time, he was very powerful under the guidance of John. He became the only person on C Island who could compete with Prince Leon.

Vicente had fulfilled his promise and put the interests of the royal family of C Island above everything else. Although the undercurrents in C Island hadn't subsided, it seemed to have reached a stable balance, but it was still very subtle.

Even without Jett, there would be another Jett. Everyone had different pursuit, and there were people pursuing fame and fortune everywhere.

Vicente couldn't let down his guard. He was more than two times busier than before.

Vicente often appeared on the cameras and newspaper covers of major media, and frequently appeared in the banquet of toasting, attracting the attention of tens of thousands of people.

Mrs. Nangong's condition was also under corresponding control. Occasionally, she would wake  
n he smiled, "Yes, exactly. But what I want to ask is which page is this paragraph on?"

"One hundred and one pages." Nina blurted out again, which made her stunned.

Professor Kevin was overjoyed and couldn't wait to ask, "Which line?"

Everyone's eyes were focused on Nina.

'After reading a book in ten minutes, she could accurately pick up the content of it and tell which page, which meant she had a good memory, and how could she remember the first line?'

Nina didn't immediately answer. She closed her eyes and thought for a moment before slowly saying, "The ninth, tenth, eleventh line of the positive count."

She opened her eyes and didn't know if she was right.

All eyes on Nina turned to Professor Kevin. This time, she looked at herself.

Professor Kevin put the book he opened on the table in the middle of Nina and Leon and said, "You are right, Princess Nina."

All of a sudden, the people in the meeting room showed an incredible expression, and even the members of the expert team did not expect that.

Leon took the book and read it. It was true, but he was not happy. There was still worry on his face.

"My sister doesn't need such an amazing memory, and she doesn't need to be too smart. I want her to be healthy."
