

## Master Pei's Wife is a Devil Concubine

### Chapter 19: Popular in the Whole Universe

In the courtyard, Wang Zhicheng put his hand on his eyebrow and looked out. "The car that sent the elder miss back looks like a Rolls-Royce?"

Beside him, Aunt Zou was holding a pair of shears. With a snap, she cut a small branch off. "Hmph, I've never heard of anyone using a taxi app to ride in a Rolls-Royce."

Wang Zhicheng was also very confused. As far as he knew, she had no friends at all. She even had to take a taxi when she went out to work.

It seemed that he was wrong.

As soon as Su Ji entered the room, she felt that something was not right. Su Cunyi, Ning Lihua, and the idiot twins were all in the living room. When they saw her enter, they stopped talking for a moment, and their expressions became more and more twisted.

In the past, Su Ji would immediately hide in her room when she saw this kind of hostile scene, but now, Su Ji walked into the crowd and calmly poured herself a cup of cold tea.

Su Qianrou's gaze followed her for a while, but seeing that she had no intention of leaving, she continued, "dad, I really want to go to Jingyang Art School. Just promise me, Su Ji is also studying in Jingyang. Why can't I go if she can?"

Su Qianrou scored 589 and Su Junye scored 393.

At first, Ning Lihua was very satisfied with her daughter's results, but on the way home, she suddenly said that she didn't want to go to a normal university. Instead, she wanted to go to Jingyang Art School.

On the other hand, his son, who had not passed the first tier, was asking them to get him into a top university.

Ning Lihua tugged at Su Qianrou's arm and whispered, "Rourou, your sister enrolled in an art school because her grades were bad. You can get into a good university with your grades, so why do you want to go to an art school? Don't tell me you want to be an artist? You're the second miss of the Su family!"

“Since the Su family already has a daughter in the entertainment industry, it doesn’t matter if I join her,” Su Qianrou said, then she leaned over to Ning Lihua and whispered, “Song Heng is the director. He’ll definitely make me famous...”

In fact, she had been jealous of Su Ji ever since she entered the entertainment industry two years ago. However, it was fine because Su Ji never became popular.

However, when she saw Su Ji’s dazzling performance at Old Master Pei’s birthday party yesterday, that feeling from before resurfaced, and her heart was filled with resentment.

Especially when she thought of the way Song Heng looked at Su Ji...

She didn’t sleep all night to make this decision. She must become popular!

With her looks and connections, she would definitely be popular in the whole universe!

She would step on Su Ji for the rest of her life!

Ning Lihua did not know when her daughter’s thoughts changed. She glared at her son who was still playing games. “You really want to anger me to death!”

Su Junye’s gaze shifted from phone and he said with a stupid look, “dad, mom, I’m going to inherit the Su family’s company in the future. How can I not study Business Administration at a top university?”

Su Cunyi was too lazy to pay attention to his son, and his expression was very solemn.

Su Qianrou rolled her eyes and brought the attention back to her “dad, if I can go to the same university as Su Ji, we’ll be able to help each other...”

As she spoke, she was about to hold Su Ji’s arm to pretend to be close to her. Who knew that Su Ji, who had her back facing her, would take a perfect step forward.

Su Qianrou’s hand froze on the spot as she missed.

“Su Ji, you know more about the entertainment industry. Do you think your sister is suitable for it?” Su Cunyi looked at Su Ji.

Su Ji sipped her tea, her beautiful dark peach-shaped eyes raised. “She’s so good at acting, of course she’ll be good at it~”

## **Chapter 20: Learning Her Own History?**

Since she offered herself up, then as her sister, Su Ji had no reason to push her away.

Su Qianrou's face turned purple with anger. Of course, she knew that Su Ji was mocking her, but she could only remain calm in front of Su Cunyi. Her smile was ugly, "that's right, dad. She said I'll be good at it..."

Su Cunyi sighed. "In that case, Rourou, you should learn more from your sister. She's more experienced than you. I remember that enrollment is in the beginning of August every year. You have to hurry up and prepare."

Su Qianrou was overjoyed, "don't worry, dad! I'll definitely make it!"

In the master bedroom, Ning Lihua was still sulking. Before Su Qianrou entered the room, she took the fruit platter from Aunt Zou and placed it on the dressing table in front of Ning Lihua. "Mom, are you still angry? I cut up some fruits for you. "

After a few seconds of silence, Ning Lihua turned around and said, "what were you thinking? Didn't you say that you want to go to the best university and study abroad? Why did you suddenly..."

"Mom, as long as I'm doing well in the entertainment industry, it won't affect my life. Don't worry, I won't fail like Su Ji."

She wanted everyone to admire her and envy her.

"When the time comes, Song Heng will be a famous director and I'll be best actress. Everyone will say that we're a perfect couple."

"Celebrities earn a lot of money. Then, we can have all the limited editions each. We don't have to worry about our credit card blowing up and that dad will be upset..."

Ning Lihua seemed to be moved by her words and could not help but laugh.

"You're..." She smiled, "a good child."

In Su Ji's room upstairs, Su Ji had just taken a bath and was lazily lying on the bed. She suddenly felt nauseated.

There was something unclean in this house.

After drinking the wolfberry juice, Su Ji lay back down. It was a hot summer, so she put on a thin nightgown. The shoulder straps hung on her thin shoulders, and her body was as fair and smooth as a boiled egg.

At this moment, she was crossing her feet and searching for something on her phone.

“The Wild History of Concubine Su and the 108 Princes”

Su Ji suddenly leaned forward when she saw something.

“Note: this book involves 108 male characters, but the plot revolves around the two most powerful men in the Shang Dynasty. Read how Concubine Su plays the two powerful men, and holds the Shang Dynasty in her hands.”

The first chapter had an eye-catching title.

“Chapter 1: Two Dragons and a Pearl.”

“ ... ”

The corner of Su Ji’s eyes twitched. When she entered the palace, it was already the king’s 60th birthday, where did the two dragons come from?

She looked at the door silently. Seeing that the door was closed, Su Ji swallowed and clicked on the first chapter.

However, there was a popup on the screen the next second.

She became even more curious. Other than the king, which other man could have such a relationship with her?

She really did not know that such a person still existed.

Su Ji made up her mind.

So she placed an order...
