

Concubine 40

Chapter 40: You have a Problem?

The director was speechless.

The assistant was speechless.

The host was speechless.

...

Only Pei Huai cast a look of approval at Su Ji.

To be honest, if Pei Huai had not been present, Chen Jing could have killed Su Ji with her gaze.

However, even though the last segment of the interview did not go smoothly, it did not affect the explosiveness of the episode.

During the intermission, even the celebrities who came to promote the idol drama gathered in front of the screen to admire Pei Huai. From time to time, they would let out an exclamation.

"How can there be a man like CEO Pei who looks both good and evil, both decent and sexy!"

"His shoulders are so broad. I would have fainted if he had kabedonned me!"

"Wow look at that... Ah, I'm sorry, it's his phone instead..."

"Su Ji is so beautiful! The boss is so handsome!" Pan Lian had almost forgotten that she was going to perform later. She was behaving like Su Ji's fan.

She had wanted to ask her how her skin became so good in just one summer break?

"Xuefang, I really recommended you, but they insisted on Su Ji..." Chen Jing comforted her.

This time, Su Ji had won without doing anything.

Chen Jing knew that Zhou Xuefang was feeling very upset.

Unfortunately, her words of comfort did not seem to have any effect. Zhou Xuefang's face turned even paler after she heard the story.

"Fallen Note, it's your turn to go on stage in a while!"

This sentence broke the awkward atmosphere. Zhou Xuefang collected her thoughts and prepared to go on stage.

The second half of the recording began with their performance.

It was a dance song composed by Meng Na and Zhou Xuefang.

The three of them moved in unison. Zhou Xuefang was definitely in the center position.

Su Ji nimbly peeled an almond with the tip of her tongue. She felt that something was missing while watching their performance.

Pei Huai glanced at Su Ji and said, “your team.”

Su Ji gave a very flat “hmm.”

As if to stir up her non-existent competitive spirit, he added, “they didn’t ask you to go.”

Su Ji turned around and met his gaze. “Thank you for your concern.”

In the second half of the show, Su Ji was obviously hungry, and the rate at which she ate the nuts on the table was getting faster and faster.

Pei Huai even helped her hold the sign so that it was more convenient for her to eat.

The rest of the program went smoothly, and it ended half an hour earlier than expected.

The director went on stage to check the recording and suddenly noticed that the boss was holding his own sign in the second half of the show.

He already looked upset during the interview. How could Su Ji be so insensible?

If she angered their sugar daddy, they wouldn’t be able to bear the consequences.

The director was also a hot-tempered person, so he got angry and looked around in the crowd.

“Su Ji!”

Su Ji turned her head, and her beauty was dazzling.

The director shook his head. He pointed at her nose and scolded, “what are you doing? Are you the boss? Who told you to give your sign to the sponsor?”

“I did.” He was halfway through his sentence when the sign blocked his outstretched fingers.

Looking up, he saw their sugar daddy.

The director froze.

Pei Huai looked at him coldly, and said, “you have a problem with me holding my own sign?”
