### **Chapter 11: How Did You Advanced To First Order?**

“Even if Huang Wei possesses a grade ten martial spirits, Dad’s action is too partial to him!” Su Yan said in a dissatisfied manner: “Could it be at the end of the year’s Clan Assembly our Xiaolong will really...?!” The words stopped here as Su Yan’s eyes turned red.

“I’m going to have a talk with Dad!” At this moment, Huang Peng stood up in anger and said.

“No need, Dad!” Huang Xiaolong abruptly said: “It’s not necessary to look for Grandfather!”

Huang Peng and Su Yan turned to look at their son.

Just when Huang Peng opens his mouth about to say something, on his son’s body, he saw a burst of battle qi’s bright radiance.

“Battle qi, outward projection of battle qi?” After being dazed for a moment, Huang and Su Yan blurted out in shock, look of disbelief on their faces.

Outward projection of battle qi, then? A thought flashed through Huang Peng and Su Yan’s mind, First Order warrior! Only when reaching First Order warrior one can project battle qi outside the body even if successfully condensing battle qi are unable to project battle qi outwards.

“Xiaolong you, could it be that you have advanced to First Order?” Huang Peng asked in a trembling voice, although he witnessed it with his own eyes he dares not believe for it might turn out to be an illusion.

“That’s right, Dad, Mom, I have already advanced to First Order!” Huang Xiaolong nodded, he does not wish to see his parents continue to worry about matters related to the Clan Assembly that he decided to reveal part of his strength.

Hearing their son’s confirmation, Huang Peng and Su Yan finally believes the truth in front of them. Joy took over their faces, especially Su Yan after going through surprise and excitement she ran over and hugged Huang Xiaolong tightly: “Wonderful, my son finally advanced to First Order!”

Tears of joy rolled down Su Yan’s face.

Su Yan’s is quite voluptuous a woman, being hugged so tightly Huang Xiaolong feels like he was about to suffocate, he finally managed to break free with much difficulty. It is only the First Order, is it necessary to make such a big fuss? Huang Xiaolong thought dejectedly in his heart.

However, he can truly feel the love Huang Peng and Su Yan have for him.

Huang Peng and Su Yan gradually calmed down from their joy and excitement after some time.

“Xiaolong, how did you advance to First Order?” Huang Peng voiced out the doubt in his heart, with Huang Xiaolong grade seven martial spirits talent to advance to First Order would take at least a year or so.

Su Yan also turned to look questioningly at her son obviously she too has some doubts.

Instead of speaking, Huang Xiaolong withdrew two bright red fruit from his chest under the astonished gaze of Huang Peng and Su Yan.

The bright redness of the fruit bedazzles people.

“This, this is Yang fruit?!” Huang Peng and Su Yan exclaimed in surprised

“Yes.” Huang Xiaolong laughed. “One month ago, I accidentally found it in a valley at the back mountain, there were five fruits in total, and I swallowed three of them.”

There was in truth five pieces of Yang fruit in the beginning, but Huang Xiaolong only took one.

“Swallowed three fruits!” Huang Peng and Su Yan looked at each other. They finally understood the ‘real reason’ their son advanced to First Order.

“Good! Haha, Xiaolong unexpectedly you have such good fortune. Yang fruit is a wonder fruit, its benefits are no less compared to the Leirion Heart Grass that your Grandfather bought for Huang Wei.” Huang Peng laughed merrily: “It is also beneficial to your future cultivation.”

Even Su Yan is smiling from ear to ear.

“Dad, Mom, these two pieces Yang fruit, each of you swallows one and cultivate.” Huang Xiaolong said.

Huang Peng and Su Yan's smile stiffened on their faces and was about to refuse when Huang Xiaolong interrupted: "I have already taken three fruits, any more will only waste it and will not bring more benefits to me. It is better if Dad and Mom take it."

Huang Peng and Su Yan no longer say anything.

Moments later, Huang Peng nodded his head in agreement: "Fine." Taking the two pieces of Yang fruit from Huang Xiaolong's hand, he inhaled deeply looking at them, making an effort to suppress the excitement in his heart. He's stuck at late-Sixth Order for more than a year, with this piece of Yang fruit he's able to breakthrough to peak-Sixth Order in two months' time.

In truth, he really does need this piece of Yang fruit.

Looking at the Yang fruit in her palm, Su Yan's expression differs not from Huang Peng's, with this piece of Yang fruit there is hope for her to advance to Sixth order.

"Xiaolong, about your breakthrough to First Order, for the time being don't let others know." Huang Peng said to his son after regaining some clarity, continues: "Although you breakthrough to First Order after swallowing Yang fruit, you still need to make an effort in your practice, strive to reach mid-First Order by the end of the year."

In Huang Peng's opinion, as long as his son breakthrough to mid-First Order even if Huang Wei is late-First Order at that time, to cripple both of his son's hands is difficult.

The gap between mid-First Order and late-First Order is negligible.

“Dad, Mom, rest assure that I will not disappoint you.” Huang Xiaolong said.

Huang Peng and Su Yan were comforted with those words.

A short while later Huang Xiaolong left the Eastern Courtyard hall back to his small courtyard, and directly went into practice mode. After advancing to Third Order, the double-headed martial spirits speed absorbing netherworld spiritual aura has again increased, the battle qi inside his body grew ever more powerful.

Almost on every other day basis, the battle qi inside his body becomes thicker and more powerful.

The small courtyard Huang Xiaolong resides in is located at the easternmost part of Huang Clan Manor, that’s why apart from his parents and his sister Huang Min, rarely any people passes by which is all the more convenient for Huang Xiaolong to practice.

With Huang Xiaolong practicing in a crazed manner regardless day or night, his battle qi and internal force increased exponentially.

Peak early-Third Order, mid-Third Order, peak mid-Third Order, late-Third Order!

By the time three months have passed, Huang Xiaolong’s battle qi has reached peak late-Third Order, at any moment he can breakthrough to Fourth Order, and there is only less than two weeks till end of the year’s Clan Assembly.

However, Fourth Order is a dividing line, the fourth order’s barrier is much thicker compared to the previous second and third order, the difficulty is incomparable.

In Huang Clan Manor there are disciples possessing grade seven martial spirits stuck at peak late-Third Order more than two years unable to breakthrough to Fourth Order, even those possessing grade eight martial spirits spends more than one year's at peak Late-Third Order before advancing further.

Two weeks passed quickly.

With the approaching Clan Assembly, Huang Clan Manor is in a lively, festive atmosphere because two days after the Clan Assembly will the New Year Festival, the entire Huang Clan Manor was decorated lavishly. In contrast with the rest of the Huang Clan Manor, Huang Xiaolong's small courtyard seemed gloomy and lonely, only silence.

"Tomorrow's the annual Clan Assembly." Huang Xiaolong left his room after more than a dozen days of hard penance, eventually countering bottleneck at peak late-Third Order the looks of it, it will take a while before he can cross over to Fourth Order.

Huang Xiaolong walked out from the small courtyard.

"Tomorrow's the Clan Annual Assembly, did you hear, this time Old Manor Lord will make an appearance!"

"This year is Young Lord Huang Wei first time participating in the Clan Assembly after awakening his martial spirits, of course Old Manor Lord will be joining the gathering. Not only that, I heard that Old Manor Lord even invited the Li Family's Old Patriarch over!"

"Then it means the Li Family's Old Patriarch will be coming over?"

The Li Family and Huang Clan Manor are considered Canglan County's major forces, the relationship between Old Patriarch of the Li Family, Li Mu and Huang Xiaolong's Grandfather, Huang Qide, has always been good.
