

Conqueror 3201

Chapter 3201: Mysterious Magician

When Xue Jian saw that the Sixth Princess had arrived in time, his expression sank. He didn't think that she would be able to arrive so quickly. It seemed as though her power of space had already reached the major completion stage!

Zeng Ying's strength had already surpassed his expectations.

"Sixth Princess." Xue Jian greeted her, but he didn't seem respectful in the least. "According to the rules of the celestial empire, I have every right to search anyone who enters the sacred land. I wonder why Sixth Princess plans to stop me..."

In the Blazing Dragon World, in the three celestial empires, there were only a handful of people capable of speaking so disrespectfully to Zeng Ying. Xue Jian was one of them, and as the strongest marshal in the Extreme Heaven Celestial Empire with control over the entire army, he definitely had the qualifications to do so.

"The Purple Lightning Young Master is my guest. I'll take responsibility if he does anything untowards the celestial empire!" Zeng Ying muttered with a nonchalant expression.

Turning to the generals and troops Xue Jian brought along with him, she sneered, "According to the rules of the celestial empire, none of you are allowed to plunder any resources when you inspect newcomers. Xue Jian, do you really think that you can violate the rules of the celestial empire with your status as the grand marshal?"

Zeng Ying might have said that with a straight face, but the generals serving under Xue Jian were terrified.

Xue Jian was able to stand his ground in front of the Sixth Princess, but they were mere pawns in the game of chess! All of them were not as fearless as Xue Jian!

"Plunder resources?" Xue Jian sighed. "I didn't see anything like it? Are you referring to the spiritual herbs? Are you able to prove that we obtained it from him?"

Xue Jian's shamelessness was on a whole new level. He knew full well that she saw everything that happened on the Purple Lightning Peak.

He personally supervised them as they grabbed everything they could when searching through the Purple Lightning Peak, but he was lying to Zeng Ying's face about it.

He was even daring enough to question her about it!

Zeng Ying widened her eyes in shock and it was true that she couldn't prove that the herbs belonged to Huang Xiaolong.

Before she could speak, Huang Xiaolong shook his head and chuckled in amusement. "There's no need to worry about it. These low-levelled herbs are of no use to me. These beggars can just have them, anyway, they don't cost too much."

Zeng Ying stared at Huang Xiaolong with a look of astonishment.

In stark contrast, Xue Jian's expression fell.

Beggars?!

Zeng Ying chuckled in response after composing herself. "Young Master is really generous. Why don't we take our leave?"

"Alright." Huang Xiaolong nodded his head and followed her into the Extreme Heaven Sacred Land.

After thinking about it, Xue Jian didn't stop him from leaving. After all, the Sixth Princess had personally shown up. Even if he tried to stop Huang Xiaolong with brute force, it wasn't as though he could defeat the princess.

His expression turned serious when he saw their leaving figures. The Sixth Princess' strength was no longer something he could match up to. The single attack she used to stop him earlier allowed him to feel the difference in their strength.

As the two of them disappeared, Xue Jian waved his hand and snorted in anger, "We're leaving too!"

In an instant, the entire army soared through the air and left.

The experts standing around ready to watch the fight between Huang Xiaolong and Xue Jian were disappointed. They couldn't help but sigh as they left the area.

...

After entering the Extreme Heaven Sacred Land, Zeng Ying brought Huang Xiaolong directly over to her palace.

Along the way, she apologized profusely to him. "Young Master, I am extremely sorry that you ran into trouble the moment you entered the celestial empire."

"I'll compensate you for all the herbs they stole from your mountain peak..."

Huang Xiaolong laughed in response. "Sixth Princess is too kind. The herbs they stole were useless to me, and they won't be worth much."

"Alright. I won't be polite then." Zeng Ying revealed a brilliant smile, and it was a smile that could soothe everyone who saw it. At the same time, she exuded a trace of nobility and charm.

The two of them quickly arrived at Zeng Ying's palace, as the princess who wielded the greatest amount of power in the celestial empire, her palace failed to meet Huang Xiaolong's expectations. Huang Xiaolong felt that her palace would be the grandest one among everything he had seen, but from the outside, her palace was as simple as could be. It was built so simply it gave off a minimalistic feeling.

Of course, the entire structure might look ordinary, but it was built with the rarest spiritual stone in all the lands.

Zeng Ying invited Huang Xiaolong into the palace, and Huang Xiaolong quickly noticed that everyone in the palace was female. There were tons of beauties, and all of them were experts who had comprehended absolute powers.

Huang Xiaolong couldn't help but sigh in shock. In the Huang Long World, a creed would consider themselves high above the rest if a single expert who comprehended any element of absolute power appeared. In the Sixth Princess' palace, everyone he saw was an expert at that level. There were even some who had comprehended five to six elements strolling about in the palace.

Zeng Ying couldn't help but laugh at Huang Xiaolong's reactions. "I used a ton of effort to gather so many experts. I went around the universe, and accepted them into my faction. Compared to you, all of them might seem talentless..."

Huang Xiaolong chuckled in response, "Princess is too humble. All of them have extraordinary talent. One day, they will turn into peerless experts."

Zeng Ying giggled softly, and the two of them entered the main hall.

As soon as they entered, Huang Xiaolong saw three people seated and waiting for them.

One of them was a young man clad in silver robes, another was an old expert who had jade-green eyes. Finally, there was a middle-aged man who looked extremely well-built. All three of them exuded a terrifying aura, and it was clear they were no ordinary experts.

When he looked at them, Huang Xiaolong was visibly stunned.

Along the way, he had only seen female experts in the palace. Now that there were three men sitting in front of him, he couldn't help but feel surprised. However, the three of them stood up as soon as they saw Zeng Ying and Huang Xiaolong enter the hall.

Zeng Ying explained, "These are the experts I have invited over to help me accomplish the task. What we are going to do will be extremely dangerous, and we will need to work together."

After speaking, she introduced everyone to Huang Xiaolong.

The silver robed young man was called Hao Yi, and his title was the True Silver Monarch. The jade eyed elder was called Xu Fu, and his title was the Jade Mist Old Man. The middle aged man was the Undying Monster, Bai Xugang.

Out of them all, Huang Xiaolong had only heard of Hao Yi. In the Blazing Dragon World, it was said that his strength was comparable to the Golden Bamboo Old Ancestor and the Mysterious Pool Black Devil.

As for Xu Fu and Bai Xugang, Huang Xiaolong had never heard of them before. They were probably not from the Blazing Dragon World, but they should be people of status if Zeng Ying bothered to ask them for help.

The three of them cupped their fists when they saw Huang Xiaolong. "We have long since heard of the Purple Lightning Young Master's reputation."

Huang Xiaolong returned their greeting before chatting with them for a little while.

When they finally took their seats, Zeng Ying ordered everyone else to leave before addressing the four of them.

"Dao Emperor World?!" Hao Yi gasped in shock. "Sixth Princess, are you planning to look for the Dao Emperor's Sword?"

The Dao Emperor World was no secret to everyone in the hall, and with their status, they had long since heard rumors about it.

Zeng Ying shook her head. "No. I only managed to obtain a piece of map, but the map doesn't lead to the Dao Emperor's Sword." She quickly made the four of them swear an oath to not speak of any matter

she was about to tell them before she continued, “The map I obtained contains the location of the Mysterious Magician’s Immortal Cave!”

“What?! Mysterious Magician?!” Other than Huang Xiaolong, the three of them yelled in shock.

Huang Xiaolong was shocked, but he wasn’t too surprised. The Mysterious Magician might not have reached the God of Creation Realm, but he was an expert who stood at the top of the power chain. He was only weaker than God of Creation Realm experts, and it was said that he had reached the perfection level in all thirteen elements a long time ago!

It was said that the Mysterious Magician had one foot in the God of Creation Realm, and he would be able to step through the gates and enter a higher level with a flash of inspiration!

Chapter 3202: Towards the Dao Emperor World!

One step into the God of Creation Realm!

Huang Xiaolong could easily understand what level the Mysterious Magician was at.

He might have reached perfection level in twelve elements, but he knew that he was still at an extremely far distance from entering the God of Creation Realm. One could only imagine how strong the Mysterious Magician was!

Zeng Ying wasn’t surprised when she saw their reactions. No one would be able to remain calm after hearing about the Mysterious Magician’s immortal cave. After all, that was where the Mysterious Magician’s treasury was!

Experts who had comprehended all thirteen elements to perfection level were under the God of Creation Realm. However, they were also split into stronger and weaker experts! The Mysterious Magician was someone at the very top of the power bracket, and he was a super expert!

One could say that the treasury of the Mysterious Magician was extremely tempting, even to someone who comprehended all thirteen elements to perfection level. There was no need to mention Huang Xiaolong and those present, who hadn't even reached that level!

Zeng Ying continued, "The treasury is surrounded by fifth rank universe level formations. We need five experts who are adept at the art of formations to open them. Moreover, they have to be experts who have reached the peak of the art of formations!"

Huang Xiaolong was shocked.

Hao Yi was a super expert at the level of the Golden Bamboo Old Ancestor, and his achievements in the art of formations was known throughout the Blazing Dragon World. Wouldn't that mean the other two...

Wait, there was another person in the room, and Huang Xiaolong looked towards Zeng Ying. Could it be...

Zeng Ying chuckled in amusement and explained, "That's right. All three of them are experts who have reached the peak level in the art of formations. The Purple Lightning Young Master might not have reached the peak of the art of formations, but your subordinate has. With me in the picture, we will have five experts at that level!"

Indeed, his guess was right! Zeng Ying was also an expert who had reached the peak level in the art of formations!

Huang Xiaolong was shocked. In terms of strength, Zeng Ying was already stronger than Xue Jian of the celestial empire! With her accomplishments in the art of formations, her strength would be unfathomable!

However, it seemed as though the news of Zeng Ying's accomplishments in the art of formations hadn't spread through the lands. There was no doubt she was keeping it a secret.

Huang Xiaolong didn't bother clarifying the fact that he was also someone who had reached the peak level in the art of formations. After all, they probably only knew about He Zhen. After so many years of

comprehension, Huang Xiaolong's understand of the art of formations was no weaker than the Myriad Formation Devil himself! Moreover, he had already reached perfection level in the power of space!

Whatever the case, he didn't bother the four of them as they spoke about the details of entering the treasury.

The Mysterious Magician's treasury might have been located by Zeng Ying, but she allowed them to take anything they were capable of obtaining when they entered the treasury.

Of course, there was a demand she had to state upfront, and it ensured that everyone had to assist her in the event where she ran into danger.

Other than that, she wanted to obtain the All-Magic Flying Ship and she was willing to pay anyone who obtains it one hundred trillion dao coins.

Looking at each other, none of them had any objections.

As such, Zeng Ying decided to leave in three days, and all of them quickly found a place to stay in the palace.

In the manor Huang Xiaolong was allocated, Yuan Tianyi whispered to Huang Xiaolong, "Do you want me to beat the herbs out from Xue Jian?"

After five hundred thousand years of seclusion, Huang Xiaolong managed to reach perfection level in twelve elements. However, he wasn't the only one who improved. Yuan Tianyi comprehended his ninth element to perfection level, and his strength took a huge leap forward.

For someone like Yuan Tianyi who had comprehended all thirteen elements with nine of them at perfection level, he would be more than capable of dealing with Xue Jian after he transformed.

"Let's not bother about that now." Huang Xiaolong shook his hand and he snorted casually.

All the herbs Xue Jian had his men plunder were nothing to Huang Xiaolong, and that was the reason he was letting Xue Jian get away with it.

Of course, Huang Xiaolong wasn't a saint. He didn't plan to deal with Xue Jian as it wasn't along his way!

When he got back, it wouldn't be too late to take care of the man.

In the next three days, Huang Xiaolong cultivated peacefully in the manor assigned to him. He would study the pill dao, or the art of formations. Zeng Ying came over to visit him once in the three days, but she didn't bother him as she left after a short while.

Three days passed in the blink of an eye and the entire group left for the Dao Emperor World.

Even though Huang Xiaolong had the Purple Lightning Peak, he chose to remain on the Nine Phoenix Flying Ship with Hao Yi and the others.

The Extreme Heaven Celestial Empire had three pseudo-creation level flying ships, and Zeng Ying's Nine Phoenix Flying Ship was one of them. With ancient flames surrounding the ship, not a single creature dared to venture close.

Even extremely powerful fierce souls wouldn't dare to do so.

After all, the flames that covered the ship were phoenix flames. It was the natural counter to anything evil under the heavens.

Huang Xiaolong sent all the fierce souls into the Sun Moon Furnace, and with the protection of the furnace, the spirits weren't affected by the flames.

As the matter of them searching for the Mysterious Magician Treasury was a grand affair, Zeng Ying brought a whole legion of experts along with her. The Silver Haired Old Men were present, and more than a dozen other experts were present. A good half of them were female cultivators, and all of them were experts in their own right. Looking at them, none of them were weaker than Li Shuo. There were even four of them comparable to Hao Yi on board.

Huang Xiaolong wasn't the only one who was taken aback by the luxurious lineup of experts. Even the other three couldn't believe the power Zeng Ying wielded.

As the strongest princess in the Extreme Heaven Celestial Empire, it was no wonder she could command so many terrifying presences.

Moreover, they didn't seem to be all the experts under her command...

As the flying ship soared through the skies, Huang Xiaolong was slightly surprised to realize that it was a tad bit quicker than his Purple Lightning Peak!

However, it wasn't something he didn't expect. The Purple Lightning Peak might have been born during the formation of the world, but the Nine Phoenix Flying Ship was also crafted from the material obtained from an Ancient Nine-Headed Phoenix. After the tempering from countless experts, it wasn't weird for the Nine Phoenix Flying Ship to be faster than his Purple Lightning Peak.

Huang Xiaolong might have used countless treasures to refine the Purple Lightning Peak, but the amount of time he spent on it couldn't be compared to the time the Extreme Heaven Celestial Empire spent on it.

After experiencing the speed of the Nine Phoenix Flying Ship, Huang Xiaolong set his mind to refining the Purple Lightning Peak after they got back. At the very least, it had to travel as fast as the Nine Phoenix Flying Ship

The Dao Emperor World might be said to be close to the Blazing Dragon World, it would still take them a hundred years in order to arrive!

In the hundred years, Huang Xiaolong, Yuan Tianyi, and the others continued to cultivate under the Tree of Origin. He would occasionally discuss the dao with Zeng Ying when she came over to visit him.

Her understanding and view of the dao thoroughly astounded Huang Xiaolong. It was no wonder she was the most talented disciple in the Extreme Heaven Celestial Empire.

After many years of interacting with each other, their relationship increased by leaps and bounds.

Before Huang Xiaolong and the others could arrive in the Dao Emperor World, a piece of shocking news reached their ears. In fact, the news shook the entire Blazing Dragon World. Someone said that they managed to feel the sword qi of the Dao Emperor's Sword!

As soon as the news started to spread, countless experts started to swarm towards the Dao Emperor World.

Zeng Ying frowned when she got the news. People pouring into the Dao Emperor World wasn't any good news for them.

"Is the Prince of the True Dragon Celestial Empire also planning to head over to the Dao Emperor World?" Light flashed in Huang Xiaolong's eyes and he asked Zeng Ying, "I wonder if Sixth Princess knows which prince of the True Dragon Celestial Empire plans on heading over?"

Chapter 3203: Fu Luosen

"The Sixth Prince of the True Dragon Celestial Empire, Huang Rong, the Fourth Prince, Huang Ji, and the Second Prince, Huang Shengdao are all headed to the Dao Emperor World!" Zeng Ying replied.

Huang Rong!

When Huang Xiaolong heard that Huang Rong was on his way over, a trace of happiness flashed in his heart. However, it was replaced with a frown when he heard Huang Shengdao's name.

The True Dragon Celestial Empire's greatest and strongest genius was Huang Shengdao!

Many years ago, Huang Shengdao had already comprehended all thirteen elements, with twelve of them at perfection level!

As for the man's true strength, no one was able to learn of it. There were rumors going around that he reached perfection level in the final element as the old ancestor of the True Dragon Celestial Empire had already named him as the Son of Creation!

"Yes... Huang Shengdao..." Zeng Ying stared at Huang Xiaolong with a complicated expression.

Huang Shengdao wasn't just the number one expert in the True Dragon Celestial Empire, he was also the strongest genius in the young generation of the Blazing Dragon World! He ranked first among the geniuses in all three celestial empires, and no one even came close to challenging his position!

The reason behind the weird expression on Zeng Ying's face was because she rejected his marriage proposal once before.

Ordinarily, she would be more than willing to marry a genius at his level! However, Zeng Ying couldn't help but feel a sense of danger whenever he approached her.

Her heart was extremely uneasy every time she looked at him, and it was also the reason behind her refusal.

When Hao Yi and the others heard that Huang Shengdao was also headed over, they couldn't help but feel a sense of fear rising in their hearts.

There was no one under the heavens who could remain emotionless when faced with the monster that was Huang Shengdao.

Zeng Ying reassured all of them when she saw the look of shock on their faces. "There's no need to worry. The Dao Emperor World is large, and even if Huang Shengdao arrives, we might not run into him. Moreover, he's there for the Dao Emperor's Sword. We're there for the Mysterious Magician's treasury and we're not going for the same thing! Moreover, there won't be a need for us to fear him if we join hands."

Zeng Ying released her aura completely, and Hao Yi and the others could only nod their heads reluctantly.

Soon after, Huang Xiaolong learned that even the First Prince of the Extreme Heaven Celestial Empire, Zeng Ying's oldest brother, Zeng Tianchong was headed for the Dao Emperor World! He even brought along Xue Jian with him!

Di Xiaolong and other princes of the Blazing Dragon Celestial Empire were also rushing over as they spoke.

Other than Huang Shengdao, Zeng Tianchong, Xue Jiao, Di Xiaolong, and a few others, a ton of old freaks and patriarchs were headed for the Dao Emperor World. Freaks like the Extreme East Old Man also had their sights set on the Dao Emperor World.

Even You Ming, the Palace Master of the Nether Spirit Palace, was bringing the massive army he commanded over towards them.

Unless one was already a God of Creation, there was no way they wouldn't be tempted by the Dao Emperor's Sword.

Soon after, Huang Xiaolong and the others left and returned to their manors.

"Your Highness, who would have thought that the Main Pavilion Master of the Mystical Pavilion, Huang Rong, would also come?" Li Shuo gasped in shock.

Huang Xiaolong nodded his head slowly.

Back in the Huang Long World, Huang Rong managed to escape by the skin of his teeth. It had been seven hundred thousand years since Huang Xiaolong last met the man, and he wondered how far Huang Rong progressed. In the past, Huang Rong had already comprehended twelve elements with seven of them being at perfection level. He had to have improved... right?

Yuan Tianyi growled in anger, "When we run into the Extreme East Old Man in the future, hand him over to me!" Anger burned in his eyes as the desire to battle raged in his heart.

In the past, the Extreme East Old Man injured him during their last battle. He couldn't forget the shame no matter how hard he tried.

A hundred years passed, and the Nine Phoenix Flying Ship arrived before the Dao Emperor World.

If the Blazing Dragon World was a world that was like a sun that lit up the universe with its aggressive light, the Dao Emperor World was a world that emitted a faint and calming glow as sword qi swirled around the air.

Right before they could enter, another massive flying ship started to fly towards them, and the insignia of a giant hammer could be seen on the flying ship.

Zeng Ying's expression turned serious when she looked at the flying ship. "It's the members of the Excessive Darkness Celestial Empire!"

The Excessive Darkness Celestial Empire was created by the God of Creation, Fu Li, and they were a force to be reckoned with.

There were more than thirty great worlds in the universe, and the Blazing Dragon World was ranked on top! The Excessive Darkness World was ranked second, but the strength of the Excessive Darkness Celestial Empire was something even the Blazing Dragon Celestial Empire had to be wary of.

When the flying ship of the Excessive Darkness Celestial Empire flew past them, it slowed for a second, but they didn't stop. In a flash, the flying ship entered the Dao Emperor World.

Huang Xiaolong could see that when the ship slowed down previously, there were many eyes on them. It was clear that the other party was evaluating their strength.

The dao soul that tried to estimate their strength was extremely strong, and Huang Xiaolong knew that none of his dao souls would be a match for it individually.

“Who would have thought that the experts of the Excessive Darkness Celestial Empire would arrive too...” Xu Fu gasped in shock. “I wonder which prince from the celestial empire came... If it’s the Fourth Prince, we’ll be in trouble!”

The Fourth Prince of the Excessive Darkness Celestial Empire was also one of the strongest geniuses under the heavens.

In the universe, there were five great Sons of Heaven. They were hailed as the strongest geniuses in the younger generation of the universe, and Huang Shengdao was one of them! The Fourth Prince of the Excessive Darkness Celestial Empire, Fu Luosen was also ranked among them.

Those could be named alongside Huang Shengdao could only be absolute geniuses, and one could only imagine how strong Fu Luosen was.

“Let’s enter.” Zeng Ying’s voice turned serious. “When we enter, let’s not clash with the experts of the other factions.”

Soon after, the Nine Phoenix Flying Ship entered the Dao Emperor World.

At the same time, there were several dozen experts seated in the main hall of the Excessive Darkness Celestial Empire’s flying ship. Fu Luosen was precisely the person sitting there, and he was someone who exuded an aura of majesty.

“Fourth Highness, that should be Princess Zeng Ying’s Nine Phoenix Flying Ship.” Someone reported.

A smile formed on Fu Luosen’s face, and he chuckled, “She’s pretty good...”

A sense of interest could be heard in his voice, and a marshal of the Excessive Darkness Celestial Empire quickly followed up, “I tried probing them previously, and the youngster beside her is a true expert.”

The person who scanned Huang Xiaolong and the others was precisely the marshal who just spoke, and he was called Chen Tingwei. Among the marshals of the Excessive Darkness Celestial Empire, his

strength ranked in the top three. He was comparable to Xue Jian of the Extreme Heaven Celestial Empire.

Of course, the youngster he was talking about was Huang Xiaolong.

Fu Luosen dismissed it quickly. "It's just an ant. He hasn't reached perfection level in all thirteen elements." However, an amused expression soon appeared on his face. "I've heard that Huang Shengdao will be coming too. I wonder how strong he has grown after all these years."

It had been a million years since the two last came to blows.

"Your Highness, you should be the strongest individual in the younger generation of the universe. Huang Shengdao is a little lacking compared to you!" Another marshal roared with laughter in response.

Fu Luosen chuckled, and he didn't deny what he said. Soon after, his tone changed, "We are definitely going to obtain the Dao Emperor's Sword this time. We'll kill everyone who gets in my way!"

Chapter 3204: The Encounter with the Palace Master of the Nether Spirit Palace

After the Nine Phoenix Flying Ship entered the Dao Emperor World, they didn't stop as they headed straight for the Black Gold Holy World.

Indeed, the Mysterious Magician's Treasury was located in the Black Gold Holy World.

As one of the most famous holy worlds in the Dao Emperor World, it was located on the south frontier. With their speed, they would be able to arrive in five to six months.

Just as they were about to make their way over, Zeng Ying received a piece of news that caused her expression to sink.

Huang Xiaolong and the others found her sudden change in mood a little weird, but she quickly explained herself. "I just received news that the Saint Xuankong who reported the appearance of the Dao Emperor's sword discovered it in the Black Gold Holy World!"

As such, it was more than likely everyone was headed to the same place as they were!

Huang Xiaolong and the others couldn't help but gasp in shock.

A frown formed on Zeng Ying's face. Ordinarily, that would be something to celebrate. However, there was no point in doing so any longer! Many people who have learned of the news, and they should be rushing over as they spoke!

When they looked for the Mysterious Magician's Treasury in the Black Gold World, it was more than likely they would run into the experts of the other factions! The chances of running into Huang Shengdao, Di Xiaolong, and even Fu Luosen increased by a huge amount!

No... In fact, they were practically bound to run into someone they knew!

Huang Xiaolong sighed, "The Black Gold Holy World is large, and even if all of them came together, they wouldn't obstruct us from obtaining the treasury."

"Let's hope so." Zeng Ying sighed. Her mood was dampened so much that she could no longer laugh about it.

Give months later...

The Black Gold World was in sight, and along the way, they ran into a ton of experts. However, nothing much happened as no one wanted to antagonize a competitor for nothing.

"That's Black Gold Holy World." Zeng Ying pointed at the giant world before them and he introduced.

Everyone turned to look at the Black Gold Holy World, and their vision was filled with a warm dark light that contained flashes of gold.

“The Black Gold Holy World is basically made out of Black Gold.” Xu Fu said. “There are Black Gold mines everywhere throughout the mountain ranges, and there are even genesis level Black Gold Ores present. However, obtaining one is harder than you might think as the Black Gold Mountain Veins are able to change their positions.”

It seemed as though Xu Fu was extremely familiar with the Black Gold World.

Huang Xiaolong couldn't help but gasp in shock, “Moving mountain veins?!”

That was the first time Huang Xiaolong had ever heard of something like that happening.

Zeng Ying nodded in agreement. “The Black Gold Mountain Vein is an extremely special mountain range in the universe. When it reaches a certain level, it would transform into a liquid type form. It will be able to travel through the ground without exposing its traces. Its speed is frighteningly fast, and even experts who had reached the major completion stage in the power of space wouldn't be able to capture it easily!”

The Undying Monster, Bai Xugang, chuckled, “The universe contains too many mysterious existences... “

It was also his first time hearing of the Black Gold Mountain Vein.

As they were chatting, a massive flying ship that was jet black in color came charging towards them. When Zeng Ying saw the insignia on the ship, her expression fluctuated a little. It was the flying ship of the Nether Spirit Palace, and she didn't expect to run into them so early on.

She turned to look at Huang Xiaolong, as she knew that he had sown some seed of hatred with the Nether Spirit Palace in the past.

However, Huang Xiaolong looked completely unperturbed.

When the Nether Spirit Flying Ship arrived beside the Nine Phoenix Flying Ship, it stopped suddenly.

A giant group of experts disembarked in an instant, and everyone could see that there were several dozen thousands of them! One could only imagine how serious the Palace Master was about obtaining the Dao Emperor's Sword.

Huang Xiaolong quickly noticed You Wuyi who was standing in the crowd.

The only difference between this time and the last was that You Wuyi wasn't standing in front of everyone else!

There was a black robed, red-eyed, and well-built old expert standing at the very front, and he was without a doubt, You Ming, the Nether Spirit Palace Master!

His eyes were cold, and he swept his gaze across those in the Nine Phoenix Flying Ship. When his eyes landed on Huang Xiaolong, he paused for a second. Huang Xiaolong could feel the killing intent hidden in his eyes.

"Princess..." The corners of You Ming's lips arched upwards. "Nice to see you here."

His attitude spoke otherwise.

Zeng Ying nodded slightly and muttered indifferently, "Palace Master You Ming is too kind."

You Ming didn't care about her greeting, and his gaze turned to Huang Xiaolong. "Are you the Purple Lightning Young Master? Were you the one who killed several hundred disciples of my Nether Spirit Palace?!"

In the auction previously, the disciples of the Lightning Yang Race and the Nether Spirit Palace launched an attack on Huang Xiaolong and were devoured by his fierce souls. The only people who managed to escape were You Wuyi and Lei Qinghai.

“That’s right.” Huang Xiaolong didn’t plan on hiding anything anyway.

With his pupils constricting, a ray of black light and a ray of red light shot towards Huang Xiaolong.

“Why aren’t you kneeling before me to atone for your sins?!” A roar left You Ming’s lips, and his voice caused the surroundings to tremble heavily. Spatial cracks started to form all around, and the two rays of light appeared before Huang Xiaolong in an instant.

Without Yuan Tianyi stepping in, Huang Xiaolong casually shattered both rays with a swing of his arm.

When Zeng Ying finally reacted, she glared at You Ming and growled, “What’s the meaning of this?”

A roaring laughter left You Ming’s lips. “Hahaha! This is a personal grudge I have with the brat. I don’t intend on offending you, and I hope Princess Zeng Ying will refrain from interfering with our grudge!” A terrifying aura of twelve elements at perfection level started to emerge from You Ming’s body.

Even Princess Zeng Ying was unable to contain her shock when she realized You Ming’s newfound strength. It was the same for everyone else on the ship.

“Twelve elements at perfection level!”

That was right! He comprehended his twelfth element in seclusion!

Five hundred thousand years ago, You Ming entered seclusion after receiving the news of the events that happened during the auction. He said that he would need a million years in order to comprehend the twelfth element to perfection level, but he lucked out and gained inspiration at the last second, allowing him to break through before obtaining the news of the Dao Emperor’s Sword!

It was also the reason behind his casual attitude towards Princess Zeng Ying.

A light flashed through Huang Xiaolong’s eyes when he realized that You Ming had already comprehended twelve elements to perfection level. It was the gaze a hunter would use when looking at

his prey. Since You Ming reached his current level of strength, he should be no weaker than the Extreme East Old Man!

Seeing Zeng Ying's reaction, You Ming was slightly delighted in his heart. He continued, "Princess, I do not plan to make things difficult for you. I only wish to kill this brat, and as long as you chase him out of your ship, there shall be no hatred between us. When I kill the brat, I will thank Princess Zeng Ying."

Hao Yi and the others quickly turned to Zeng Ying. They were obviously unwilling to clash with someone of You Ming's level.

Zeng Ying stared at You Ming, and she muttered slowly, "The Purple Lightning Young Master is my friend."

Her meaning couldn't be more clear.

Everyone stared at her in shock, and You Ming's expression sank.

Chapter 3205: Someone is Here!

You Ming glared at Zeng Ying. However, the four experts of the Extreme Heaven Celestial Empire whose strength were comparable to the Golden Bamboo Old Ancestor and the Mysterious Pool Black Devil released their auras and locked onto You Ming.

Zeng Ying didn't plan to hide her strength either as the cosmos energy in her body started to emerge.

Even though she was the Sixth Princess of the Extreme Heaven Celestial Empire and You Ming would be stupid if he dared to kill her, she had to prepare herself for any accidents.

Yuan Tianyi didn't remain idle either. A cold light flashed through his eyes as he glared at You Ming.

The only person who could remain calm was Huang Xiaolong.

As the air around them started to solidify, the smell of gunpowder drifted through the air.

A booming laughter from You Ming broke the silence. "Since he's Princess Zeng Ying's friend, I'll spare his life on your behalf!"

"Many thanks to the Nether Spirit Palace Master."

Turning to Huang Xiaolong, You Ming sneered, "You're lucky the princess is here to protect you. Next time, you won't be so lucky!"

"Let's go!"

The Nether Spirit Flying Ship tore through the air after the members of the Nether Spirit Palace returned.

Before they left, You Wuyi turned to stare at Huang Xiaolong with a mocking gaze.

"Your Highness should we..." Yuan Tianyi turned to look at Huang Xiaolong.

Shaking his hand slowly, Huang Xiaolong decided to let the members of the Nether Spirit Palace run free a little longer. They were there to look for the Mysterious Magician's Treasury, and before they opened it, there was no need to look for trouble.

Huang Xiaolong turned to Zeng Ying and chuckled, "Many thanks to Princess Zeng Ying for the timely assistance."

Even though he didn't need her help at all, he decided to remember the favor she did.

Zeng Ying chuckled in response. "There's no need to stand on ceremony. After all, you're my friend."

The two of them laughed, and the Nine Phoenix Flying Ship continued on its way into the Black Gold Holy World.

They met a ton of experts on their way, but luckily for them, they didn't run into anyone from the True Dragon Celestial Empire, Blazing Dragon Celestial Empire, or the Excessive Darkness Celestial Empire. Neither did they run into the members of the Lightning Yang Race, the Extreme East Old Man, the Mysterious Pool Black Devil, or the Golden Bamboo Old Ancestor.

Nothing happened along their way, when those standing around saw that it was the Nine Phoenix Flying Ship, they quickly made way. Not everyone was as crazy as You Ming.

Regardless of whether it was the Extreme Heaven Celestial Empire or Princess Zeng Ying herself, no one wanted to antagonize them. After all, they were existences who possessed extreme power.

Huang Shengdao and Fu Luosen might be the five greatest Sons of Creation in the universe, but Zeng Ying was also a force to be reckoned with. She might not be comparable to the five, but she was ranked right below them!

Several days later...

The Nine Phoenix Flying Ship stopped in the air above one of the random sacred lands.

When they arrived, Zeng Ying heaved a sigh of relief. They were finally there! The Mysterious Magician's Treasury was located somewhere in the sacred land, and she was extremely afraid of attracting any wrong attention. They finally arrived without any mishap!

When she thought of the treasury left behind by a peak-level expert like the Mysterious Magician, she couldn't help but feel a sense of excitement burning in her heart.

Huang Xiaolong and the others might not know how precious the treasury was, but she knew!

The Mysterious Magician wasn't just someone who had one step into the God of Creation Realm! He was also a pill master! He was someone obsessed with the pill dao, and he reached a shockingly high level in it!

It didn't take long for them to locate a sea of fire in the sacred land, and one couldn't even see the ends of it from the Nine Phoenix Flying Ship. The fire that filled the sea was extremely mysterious, and it was made up of many different types of flames. There were dragon flames, phoenix flames, and even the flame from the core of the world...

Hao Yi, Xu Fu, and Bai Xugang gasped in shock.

The flames might not be something precious to people of their level, but it was the first time they saw such a combination of flames gathered together!

It was said that there were ten thousand different types of flames in the universe, and it seemed as though there were several thousands gathered in the sea itself!

Huang Xiaolong was also taken aback.

The only person who remained indifferent was Zeng Ying, and she quickly explained the background of the sea of flames. "The sea of flames didn't contain too many flames to begin with. The Mysterious Magician traveled the universe, and he gathered all sorts of flames himself. With a special restriction, he gathered all of them here. As the Mysterious Magician is extremely adept in the art of refining pills, he needs them to refine all sorts of pills!"

Everyone felt a lightbulb going off in their heads when they heard her explanation.

Opening the Nine Phoenix Grand Formation, Zeng Ying directed the Nine Phoenix Flying Ship into the sea of flames.

She brought out the map of the treasury and started to chart out a path while they tore through the flames.

Huang Xiaolong discovered that the power of the flames grew stronger the deeper they went. There was even the Grand Dao Flame, the Nether Frost Flame, and the Extreme Light Flame present in the sea! All of them were powers barely weaker than the power of absolute flame!

As they went deeper, everyone saw countless pill furnaces floating around them!

That was right! There were countless pill furnaces drifting through the flames!

Counting the number of furnaces, they realized that there were exactly ten thousand of them!

Zeng Ying stared at the pill furnaces with a serious gaze and she muttered, "In order to open the treasury, we will need to break three great formations. The Ten Thousand Furnace Formation is the first one, and the final one is the Five Directions Grand Formation. We will need five experts who reached the peak of the art of formations to open it!"

"Let's join hands to shatter the first formation!"

As soon as she spoke, she waved her arm to summon countless phoenixes. All of them contained the power of absolute flame, and they were created with the power of a phoenix bloodline flowing through the veins.

Hao Yi, Xu Fu, and Bai Xugang made their moves too. When He Zhen noticed that Huang Xiaolong had nodded his head slightly, he got to work.

After leaving the Origin Holy World, He Zhen cultivated diligently. With Huang Xiaolong's help, he reached perfection level in the power of earth, and he comprehended the power of space, nirvana, absolute blaze, and radiance. His strength was no longer the same as before, and with the power of space supplementing his understanding of the art of formations, his strength increased by at least three times.

Very soon, the first formation was shattered under the combined power of the five experts. The second formation was much harder than the first, and the five of them took five whole days to shatter it.

Finally, they arrived at the third formation, the Five Directions Grand Formation!

Zeng Ying's expression turned to one of absolute seriousness and she explained, "The Five Directions Grand Formation might not be able to enter the top ten formations in the universe, but it comes close. The formation can create five separate worlds, and every single one of them contains a hidden killing mechanism. All of you have to be careful when you try to break the formation from inside the five worlds!

Hao Yi and the others nodded solemnly.

"Enter!" Zeng Ying yelled as the five of them charged into the Five Directions Grand Formation.

However, the moment they entered, Huang Xiaolong's gaze turned serious and he turned to stare in the direction of the outside world.

"Someone's here. Someone entered the sea of flames." He decided to caution everyone standing outside the formation.

Everyone stared at him in shock, and the Silver Haired Old Men released their dao souls instantly. "Purple Lightning Young Master, are you sure? We didn't detect anything."

Everyone looked at Huang Xiaolong suspiciously. It was clear none of them felt anything.

Casually looking at them, Huang Xiaolong explained, "You won't be able to detect him, he's an expert who reached perfection level in the power of space!"

Everyone widened their eyes in shock. Power of space at perfection level?!

Huang Xiaolong turned serious. Could it be an expert of the Dragon Race?! What if he was from the True Dragon Celestial Empire?

Chapter 3206: Working With The Excessive Darkness Celestial Empire

Huang Xiaolong's dao souls locked onto the other party.

Too fast!

Even Huang Xiaolong was shocked by their speed.

The other party had to be someone who also reached perfection level in twelve elements!

If he didn't use the Huang Long Cape, his speed should be comparable to the other party!

Soon, the other party somewhere above them.

If their entry to the sea of flames was coincidental, their current location gave it away. They had a way of locating Zeng Ying's party, and they should also know about the Mysterious Magician's Treasury!

Was there a traitor?!

That was the first thought in Huang Xiaolong's mind.

When Huang Xiaolong was still thinking of the possibility, the other party remained above them without moving in the slightest.

A sneer formed on Huang Xiaolong's lips when he noticed what they were doing. The other party was definitely waiting for Zeng Ying and the others to break the Five Directions Grand Formation before swooping down for the kill. They would be able to obtain an easy victory against someone who spent all their energy shattering the formation.

"Purple Lightning Young Master, where are they now?" Chen Zhengong, one of the experts protecting Zeng Ying, asked.

He was one of the four super experts she brought along with her, and he was the strongest among the four.

He couldn't help but ask when he noticed that Huang Xiaolong chose to remain silent after saying that people were approaching them.

In fact, he was also suspicious about Huang Xiaolong's claim. Even though his understanding of the power of space wasn't at perfection level, it was at the large completion stage! With his strength, he felt that no one would be able to escape his detection if they entered the sea of flames. He made several checks previously, and he failed to detect anyone.

A sense of suspicion formed in his heart when he looked at Huang Xiaolong.

Glancing at Chen Zhenghong from the corner of his eye, Huang Xiaolong muttered, "They're right above us. However, they're probably planning to make their move after the formation is destroyed."

Zhu Wuxing, another one of the four experts, frowned. "Making a move after we break the restriction? How do they know we're destroying the formation?" He turned to stare at Huang Xiaolong doubtfully. Even though no one said it, they felt that Huang Xiaolong was the one who notified the other party.

Hua Xingfeng, another one of the four, looked at Huang Xiaolong and sneered, "How would they know of our location?"

Every single expert on Zeng Ying's side locked onto Huang Xiaolong's group instantly.

Yuan Tianyi couldn't help but snort in amusement when he looked at them. "One of you betrayed your princess, and now you're trying to push the blame onto someone else? Are you stupid?"

"Do you really think His Highness is some sort of pushover you can blame as you like?"

Yuan Tianyi released his aura as soon as he spoke.

The experts serving under Zeng Ying exclaimed in shock when they noticed his strength.

“Nine elements at perfection level!”

During the auction, Yuan Tianyi had only comprehended eight elements to perfection level. That was well-known to everyone, but now, there was another element!

The difference between someone who reached perfection level in eight elements and nine elements was huge!

The atmosphere instantly turned stale.

The smell of gunpowder was in the air, and the two parties seemed to be ready to come to blows at any time.

One of the Silver Haired Old Men stood out and tried to diffuse the situation. “Alright. There’s no need to get so worked up. There’s no need to suspect anyone here. The Purple Lightning Young Master is a friend of Her Highness, and there’s no way he will betray us. We’ll talk about it when Her Highness emerges!”

As the five of them were focused on breaking the formation, none of them knew about the situation going on with Huang Xiaolong and the rest.

Finally, the experts on Zeng Ying’s side backed down. However, they remembered to keep their guards up against Huang Xiaolong.

Chen Zhengong growled, “We’ll definitely talk about this when Her Highness emerges! If I discover anyone who betrayed us, I’ll kill you whoever you are!” It was clear he referred to Huang Xiaolong.

Yuan Tianyi snorted and the urge to beat Chen Zhengong up rose in his heart. Luckily for Chen Zhengong, Huang Xiaolong stopped him.

“We’ll talk about it after they emerge.”

Something fishy was definitely going on.

According to logic, Chen Zhenghong and the others were working for Zeng Ying. There was no way they would betray her. Otherwise, she wouldn’t dare to bring them along anyway.

However, if they weren’t the ones who did it, who else could it be? Could it be Hao Yi, Xu Fu, or Bai Xugang?

However, all of them swore an oath before starting on the journey.

According to logic, they would be punished by the grand dao if they violated their oath!

Unless...

As they needed more than a month to shatter the restriction, Huang Xiaolong and his party decided to cultivate peacefully. He didn’t think much about Chen Zhenghong’s outburst previously.

Even though they were pretty strong, Huang Xiaolong could get rid of them in several breaths of time if a fight broke out.

The only reason he didn’t slap all of them into oblivion was because of Princess Zeng Ying. otherwise, all of them would be beaten up so bad their parents wouldn’t be able to recognize them.

Half a month passed in the blink of an eye.

Huang Xiaolong’s eyes snapped open all of a sudden and a ray of frosty light flashed through them.

He detected another group who entered the sea of flames, and they were headed straight for them!

Getting to his feet, Huang Xiaolong could feel that the newcomers were much stronger than those who arrived half a month ago.

“Your Highness?” Yuan Tianyi frowned when he saw Huang Xiaolong’s behavior.

“An expert is here.” Huang Xiaolong wasn’t careless this time. He even reminded Yuan Tianyi and Li Shuo that the newcomers were strong.

When they heard what Huang Xiaolong said, they knew that the person who arrived was no weakling. Anyone Huang Xiaolong was wary of was definitely a supreme expert.

“Get ready for battle.” Huang Xiaolong muttered.

Replying softly, the two of them started to circulate the energy in their bodies.

When Chen Zhenghong failed to detect anyone, he sneered, “Stop being pretentious.”

Several days later, Huang Xiaolong’s pupils constricted. This time, a giant flying ship was making its way over!

Chapter 3207: Fu Luosen Makes His Move

Huang Xiaolong looked at Chen Zhenghong and the others who surrounded him and he growled, “Get lost! Otherwise, I’ll cripple all of you here and now!” He might not be loud, but those standing around him felt a thunderclap going off in their minds.

All of them retreated hastily, and their expressions changed when they looked at Huang Xiaolong.

A look of fear could be seen in their eyes, and Chen Zhenghong was taken aback. He thought that he wouldn’t be on the losing end if he were to take Huang Xiaolong in a battle, but from Huang Xiaolong’s

sudden revelation earlier, he knew that the man's strength was something that completely outclassed him.

Li Shuo glared at them and continued, "If not because of Princess Zeng Ying, all of you would be seriously injured!"

Zhu Wuxing sneered, "How dare you! Do you really think that we should be thanking you for sparing our lives after you betrayed us and worked with the Excessive Darkness Celestial Empire?"

"That's right! All of us here are loyal to the princess! We went through life and death together and we're her trusted subordinate!" Chen Zhenghong snorted in anger. "As for Hao Yi and the others, Her Highness has known them for a long time! None of us will work with the Excessive Darkness Celestial Empire!"

There was only a single person left.

Yuan Tianyi's expression sank when he heard what they were implying.

Huang Xiaolong waved his hand to stop Yuan Tianyi from doing anything rash. He released his three dao souls to observe the flying ship that was flying towards them and the two who entered.

The two of them who entered clearly didn't expect the flying ship to head towards them as a trace of shock flashed through their eyes. The space they were hiding in fluctuated a little.

When the Excessive Darkness Flying Ship reached the space above Huang Xiaolong and the rest, a voice boomed through the air.

"The Mysterious Magician's Treasury is mine! I, Fu Luosen, will kill anyone who stands in my way! After that, I'll exterminate your entire clan!"

The entire sea of flames heard his cry, and the faces of Chen Zhenghong and the others changed instantly.

“Fu Luosen!”

Someone screamed in terror and revealed an expression of extreme fear.

Even the two experts who entered the sea of flames previously were shocked.

Of course, no one could blame them. Fu Luosen’s reputation was too terrifying! He was one of the five strongest Sons of Creation in the entire universe!

There wasn’t any need to talk about the princes of the various celestial empires. Even the celestial emperors would feel fear when standing in front of any of the five!

“The two little ants hiding there, scram!” Fu Luosen’s voice rang through the skies again. The sound wave was like knives that stabbed into the space around him, and he forced them out of hiding.

Anger flashed through their eyes when they appeared in front of everyone present.

“Fu Luosen, other people might be afraid of you, but I, Huang Ji, am not!”

A chuckle left Fu Luosen’s lips. “Who would have thought that the Fourth Prince of the True Dragon Celestial Empire would be here too!”

The first person who entered the sea of flames was none other than Huang Ji!

Among the princes in the True Dragon Celestial Empire, Huang Ji was only weaker than Huang Shengdao. Even though he couldn't be compared to then, he was no weaker than You Ming of the Nether Spirit Palace.

“Evil Wind Patriarch.” Fu Luosen continued.

That was the second person who entered the sea of flames.

Huang Xiaolong was slightly taken aback.

Evil Wind Patriarch?

He was someone of extreme fame in the Dao Emperor World! Moreover, his fame was no less than You Ming in the Blazing Dragon World! In fact, he could be considered a little more famous than You Ming!

The Evil Wind Patriarch was one of the ten strongest experts in the Dao Emperor World!

A chuckle left the Evil Wind Patriarch's lips. "Your Highness has a good eye. I didn't expect anyone to recognize me after so many years."

When Chen Zhenghong and the others noticed the appearance of Huang Ji and the Evil Wind Patriarch, their expressions started to change. They were strong, but they were far too lacking when compared to either of the two! As for Fu Luosen, there was no need for them to even think about it!

"Fu Luosen, it's impossible for you to swallow the entire treasury yourself." Huang Ji sneered. "Right now, Zeng Ying is breaking the Five Directions Grand Formation, and when she's done, let's split up the treasury. What do you think?" According to his plans, he would split the treasury in half with Fu Luosen.

As for the Evil Wind Patriarch and Zeng Ying, he didn't bother adding them into the deal.

Zeng Ying might be the Sixth Princess of the Extreme Heaven Celestial Empire, but as the Fourth Prince of the True Dragon Celestial Empire, he really didn't give too sh*ts about her.

The Evil Wind Patriarch might be strong, but if he could ignore Zeng Ying, he was nothing in his eyes.

The old face of the patriarch changed a little when he heard what he said. "All of you better not forget that this is the Dao Emperor World! All I need to do is to make a single announcement for everyone to learn about the Mysterious Magician's Treasury!"

Fu Luosen chuckled. "Alright. We'll split it three ways." However, his tone changed all of a sudden. "We have to deal with all of them first in case they leak the news."

Huang Ji frowned. "All of them are pretty easy to deal with, but Zeng Ying might be a little troublesome."

Fu Luosen sneered. "There's no need to worry. I already laid down several supreme formations to prevent them from escaping. Leave her to me."

"Other than Zeng Ying, kill everyone present!"

Fu Luosen announced their deaths like he was ordering food for lunch, and their lives were clearly beneath him. A terrifying power enveloped the space around Huang Xiaolong and the others, and the faces of Chen Zhenghong and the others changed. The weight of a mountain pressed down on them, and they found it hard to even breathe.

A casual probe from Fu Luosen had already exceeded their expectations!

"Prepare for battle!" Chen Zhenghong roared. He pushed himself to the limit, and the four supreme experts on Zeng Ying's side released their full strength. Chen Zhenghong was someone who comprehended twelve elements with ten of them at perfection level, and the others had comprehended eleven elements with ten of them at perfection level. As for the rest, there were some who only had three elements at the perfection level.

Huang Ji couldn't help but sneer at their pitiful strength. He reached out and suppressed everyone with his twelve elements, and the Evil Wind Patriarch sent a punch tearing through the void. A massive hole was blown in the sea of flames with Huang Xiaolong and the others in the middle.

The Evil Wind Patriarch's punch was stronger than Huang Ji's sudden attack, and the space around Huang Xiaolong shattered.

With the three supreme experts acting in unison, an aura of death filled the air around them. Chen Zhenghong and the others couldn't help but feel a sense of helplessness.

Chapter 3208: We'll Split Huang Xiaolong's Corpse Equally!

A terrifying pressure descended on the entire group when Fu Luosen and the other two made their moves.

Boom!

The sound of something popping could be heard, and one of the female experts serving under Zeng Ying exploded.

The sounds soon followed, and a look of despair could be seen on the faces of Chen Zhenghong and the others.

Finally, Huang Xiaolong released a snort. Golden light surrounded him all of a sudden, and it was as though a supervolcano that remained dormant for several thousand years erupted.

Boom!

As soon as he released his aura, the entire sea of flames shook.

Even the space around them started to tremble as the flames shook with ever increasing intensity.

A shocking amount of power emerged from Huang Xiaolong's body, and it caused the entire sacred land they were in to shake. Several sections of the sea of flames exploded as flames filled the air.

A sense of destruction filled the world as the faces of the three changed instantly.

Chen Zhenghong and the others were sent flying by Huang Xiaolong's sudden outburst.

The Yin and Yang shattered as the world exploded. Time started to flow in reverse as Huang Xiaolong unleashed everything he had.

With his fists flying towards the combined strike of Huang Ji, the Evil Wind Patriarch, and Fu Luosen, the world seemed to come to standstill.

In that instant, Chen Zhenghong and the weaker experts felt as though the world returned to its original state as everything turned to nothingness around them.

Huang Ji and the Evil Wind Patriarch were terrified, and they took several steps back in fear. Their bodies shook uncontrollably, and Fu Luosen was the only one who could keep his footing. Despite that, a sharp pain shot through his arm.

The formations laid down by Fu Luosen around the sea of flames shattered instantly.

Everyone around the sea of flames, or even in the various sacred lands around it felt the commotion.

Fu Luosen's expression sank.

"WHO?!" Huang Ji and the Evil Wind Patriarch stared at Huang Xiaolong with fear in their eyes.

Under Chen Zhenghong's shocked gaze, Huang Xiaolong took a step out and stood right before Huang Ji and the Evil Wind Patriarch. He formed a fourth front between the alliance of the three.

The four of them released their aura, and the stormy sea of flames calmed down instantly.

Huang Ji's heart sank and he stared at Huang Xiaolong in suspicion. "Who the hell are you?!"

He didn't think that Zeng Ying would bring an expert at Huang Xiaolong's level with her!

As for the other two, they glared at Huang Xiaolong as they waited for his reply. According to the strength he displayed, there was no way he was an unknown figure in the universe.

“I’m the Purple Lightning Young Master.”

A stunned expression could be seen on two of their faces as they had never heard of him in their lives.

Even though Huang Xiaolong grew famous in the battle after the auction, he was only able to shake the Blazing Dragon World. The Evil Wind Patriarch and Fu Luosen weren’t residents of the Blazing Dragon World.

Surprisingly, Huang Ji gasped in shock when he heard Huang Xiaolong’s title. “You’re the Purple Lightning Young Master!”

Huang Xiaolong’s battle made its way into Huang Ji’s ears in the past, and so did his purchase of the creation level dragon corpse.

However, Huang Ji was shocked to discover Huang Xiaolong’s strength. Wasn’t he said to have reached perfection level in eleven elements?! The strength he revealed a second ago wasn’t something he should be able to!

“Go and investigate his identity.” Fu Luosen ordered one of the subordinates behind him.

Bowing and retreating from the hall, the battlefield changed once again.

Another massive flying ship tore through the leftover formations and charged towards them.

It was clear their battle attracted the attention of those around them.

Looking at the insignia on the ship, it belonged to the Nether Spirit Palace!

Of course, they weren't the only ones.

Another massive flying ship with the emblem of a giant dragon followed closely behind.

“Emperor Dragon Flying Ship!”

It was a flying ship that belonged to the Blazing Dragon Celestial Empire!

Soon after several figures charged towards the sea of flames.

“Extreme East Old Man!”

“Mysterious Pool Black Devil!”

“Golden Bamboo Old Ancestor!”

They were part of several dozen experts who rushed over.

Fu Luosen’s expression fell when he noticed their arrival.

It was clear that things had already gone out of control.

However, Huang Xiaolong was also shocked at the sudden change. He didn’t expect the exchange to lure so many people over.

Moreover, a ton of them were people he was familiar with. Even the Lightning Yang Flying Ship was starting to make its appearance.

When You Ming arrived, he was shocked to discover Huang Ji and the others. However, he quickly looked at Huang Xiaolong as a sinister smile formed on his face. “Brat, who would have thought that we would meet again so soon...”

The Extreme East Old Man glared at Huang Xiaolong and sneered, "Brother You Ming, let's split this brat in half. We'll split his corpse evenly, how about it?"

You Ming roared with laughter. "Alright! Since Brother Extreme East is so interested in him, we'll do it as you say!"

In the Lightning Yang Flying Ship, Lei Qinghai gloated, "Father, that's him! That's the Purple Lightning Young Master!"

Lei Bao glared at Huang Xiaolong and roared, "I'm taking his head! Please excuse me!"

The Extreme East Old Man chuckled in amusement, "Sounds good to me."

Even though You Ming didn't speak, it was clear he consented.

The experts in the surrounding area were shocked to discover that the three of them were planning to form an alliance to kill Huang Xiaolong.

Huang Ji and the Evil Wind Patriarch couldn't help but look at each other with a trace of amusement in their eyes. It was clear none of the newcomers knew how strong the brat actually was.

Fu Luosen didn't speak a word as he looked at the scene playing out before him with a smile on his face.

The Extreme East Old Man stepped forward all of a sudden and snorted, "Brat, where's the doggy slave of yours? Call him out right now! I'll deal with all of you at once!"

Huang Xiaolong sighed. "There won't be a need for that. I'm going to deal with you personally. Killing you won't require the assistance of my subordinate."

Killing you?!

Huang Xiaolong's words shocked everyone present. Those who didn't know who he was thought that they had heard wrong.

The Extreme East Old Man's laughter boomed through the skies. "Killing me?! Hahaha! Brat, do you really think you can do that with your strength? What a joke!"

Chapter 3209: Two Types of Cosmos Energy?!

Huang Xiaolong wasn't angered in the slightest when he heard what the Extreme East Old Man said. Instead, a chuckle left his lips. "All three of you should come at me at once."

Three on one?!

The Extreme East Old Man, You Ming, and Lei Bao were stunned for a solid second.

By the time the three of them realized the meaning behind his words, anger burned in their eyes.

The three of them had been cultivators who stood at the peak of the universe for such a long time, yet, the brat in front of them was asking them to join hands against him! It was a blatant attempt at humiliating them!

They felt as though Huang Xiaolong was doing it on purpose now that he had nowhere to run.

"You're asking for death!" You Ming roared in anger and he released his aura completely. Twelve different elements swarmed around him as he punched towards Huang Xiaolong.

When the various experts standing around noticed his strength, they were shocked.

"Twelve elements at perfection level!"

“He broke through so quickly! It’s no wonder the Nether Spirit Palace dared to bring their full strength over... It seems like they’re a new player on the board!”

The members from the Blazing Dragon World felt a sense of fear gripping their hearts.

When everyone was gasping in shock at You Ming’s strength, his fist had already appeared before Huang Xiaolong. A mocking smile formed on Huang Xiaolong’s face as he returned the punch with one of his own.

When his fist shot out, it was as though thirteen mini suns formed around him.

Boom!

No one managed to react when the two fists slammed into each other. There was no suspense as You Ming’s arm was blown apart as Huang Xiaolong’s punch landed on his chest.

“Pfft!”

Everyone saw Huang Xiaolong’s fist landing on You Ming’s chest, and it blew a hole directly through it! They weren’t mistaken! A giant hole was formed in You Ming’s chest, and even the armor he had on his body was shattered into a million pieces! As for You Ming himself, he was sent flying and when he slammed into the Nether Spirit Flying Ship, the palaces located on the ship broke into tiny little pieces.

The Nether Spirit Flying Ship was stained with blood, and it came from none other than the Palace Master himself!

“What?!” Di Xiaolong, the Mysterious Pool Black Devil, and the Golden Bamboo Old Ancestor gasped in shock.

You Wuyi and the various experts of the Nether Spirit Palace stared at their place master in shock.

As for the Extreme East Old Man and Lei Bao, they didn’t dare to believe their eyes.

Even Huang Ji and the Evil Wind Patriarch couldn't help but stare at Huang Xiaolong in amazement.

Fu Luosen's pupils shrank when he looked at Huang Xiaolong.

"Thirteen elements with twelve of them at perfection level!" Someone stuttered.

Moreover, his power of time was infinitely close to the major completion stage!

Silence descended on the lands, and Huang Xiaolong remained completely impassive.

"You... Two... Two types of cosmos energy?!" Someone yelled in shock.

When Huang Xiaolong unleashed his strike earlier, many people were shocked by his achievements, and they failed to notice that he used the power of two small worlds! Of course, there were those who were sharp enough to capture the face, and they were shocked to their core.

How could something like that be possible?!

Wasn't possessing two small worlds only the stuff of the legends?!

It was a miracle that someone could produce two small worlds themselves!

"What?! The cosmos energy from two small words?!" Several experts who weren't paying attention to the battle snapped back to reality and they stared at Huang Xiaolong as though they were looking at a monster.

"How can anyone create two small worlds?! Not even the five strongest Sons of Creation managed to form two small worlds of their own! No, not even the Gods of Creation managed to achieve such a feat!"

“But he definitely used the power of two small worlds!”

They were right. When Huang Xiaolong unleashed his power earlier, he used the power of two small worlds.

That was also the reason he managed to send You Ming flying with a single punch!

Huang Xiaolong turned to look at the Extreme East Old Man and Lei Bao, “Are you two planning to come at me together? Or are you going to remain stubborn and rely on yourself?”

Their expressions were unsightly, and panic started to set in their hearts. Even though the brat before them hadn’t reached perfection level in all thirteen elements, his strength when he used the cosmos energy of two small words, had far surpassed someone who had.

“Since you’re not planning to move, I’ll do it myself.” Huang Xiaolong charged towards the Extreme East Old Man as soon as he spoke.

Previously, there were many people who laughed when Huang Xiaolong wanted to kill the Extreme East Old Man. However, none of them were laughing now.

When the Extreme East Old Man saw Huang Xiaolong heading for him, he quickly escaped in the direction of the Excessive Darkness Flying Ship.

“Brother Chen Tingwei, please save me!”

“Chen Tingwei?! Isn’t he a marshal working under Fu Luosen?!” Someone gasped in shock.

Chen Tingwei was someone who remained extremely low key, and he managed to obtain Fu Luosen’s trust. As such, he was one of the three great marshals of the Excessive Darkness Celestial Empire.

Turning to look at Chen Tingwei, Fu Luosen raised a single eyebrow. “The Extreme East Old Man helped me in the past, and it’s something I’m eternally grateful for!”

Nodding slightly, Fu Luosen passed down the order. "Allow him to board the ship."

"Yes, Your Highness!" Chen Tingwei bowed before opening the formation around the ship.

When the Extreme East Old Man saw that they were willing to save him, he was overjoyed. It was too bad Huang Xiaolong's body appeared before him and a punch was sent straight into his chest.

With an expression of extreme fear, the Extreme East Old Man stared at the incoming fist. However, a snort left Fu Luosen's lips when he saw Huang Xiaolong's actions. Sending out a punch into the void, it slammed into Huang Xiaolong's strike.

Boom!

The heavens trembled as the sea of flames erupted from the shockwaves.

Many experts standing around were sent flying from the shockwave of the blast, and even the Emperor Dragon Flying Ship, the Nether Spirit Flying Ship, and the others failed to keep their footing.

Huang Xiaolong was also sent retreating several thousand miles before he came to a stop.

"Humph. Brat, you had better f*ck off from where you came from. How dare you set your sights on someone I'm ready to protect? If you dare to approach my flying ship, I'll kill you!"

Fu Luosen's voice rocked through the entire sea of flames.

By the time the dust settled, the Extreme East Old Man boarded the ship and heaved a sigh of relief. "Extreme East thanks Your Highness for the act of grace!"

Muttering softly, Fu Luosen sighed, "You can relax. As long as you're here, no one will dare to touch you!"

As soon as the words left his lips, Huang Xiaolong changed at the flying ship with fire spewing from his eyes.

Those standing around couldn't help but roar in shock.

"Is the brat crazy?! How dare he challenge His Highness?!"

Huang Xiaolong might possess the cosmos energy of two small worlds and was the first existence in the history of the universe to do so, but Fu Luosen was one of the five strongest Sons of Creation! If the two of them fought, it would be the battle of the century!

Even Huang Ji and the Evil Wind Patriarch eagerly awaited the battle between them.

Of course, many people felt that Huang Xiaolong bit off more than he could chew. Even though he was a marvel of the universe, but Fu Luosen had reached perfection level in all thirteen elements countless years ago! His strength was unfathomable, and there was no way he would lose to a nameless brat!

A sneer left Fu Luosen's lips when he saw Huang Xiaolong approach. "Brat, do you really think I won't be able to do anything to you with your two small worlds?! I'll show you right now that everyone who hasn't reached perfection level in all thirteen elements are nothing but ants!"

Chapter 3210: Delusional!

Fu Luosen got to his feet, and he stepped out of the flying ship with a single step. In an instant, his aura covered the lands and the power of thirteen elements at perfection level came gushing out from his body. It surrounded him, and everyone felt as though a mountain had descended on their souls.

"Thirteen elements at perfection level!"

When those standing around saw Fu Luosen's revelation, they screamed in shock.

The experts who comprehended all thirteen elements to perfection level in the universe were few, and anyone who did had the power to shake a major world!

As long as a God of Creation didn't appear, an existence who had comprehended all thirteen elements was a god!

In an instant, the experts standing around got to their knees as they paid their respects to Fu Luosen.

Even Huang Ji and the Evil Wind Patriarch felt a sense of pressure pressing on their hearts.

The difference between someone who reached perfection level in twelve elements and someone who had reached perfection level in thirteen elements was as large as the heavens and earth!

It was said that even twenty experts who had comprehended twelve elements to perfection level wouldn't be able to stand up to a single existence who had comprehended all thirteen elements to perfection level!

Even though it was a little exaggerated, one could imagine how strong they were!

Fu Luosen was like the ruler of the lands as he stood high above everyone present.

"Father, the Purple Lightning Young Master is basically asking to die!" Lei Qinghai laughed with glee as he addressed his father, Lei Bao. "With Fu Luosen's strength, he can definitely kill the little b*stard!"

With a weird light flashing in his eyes, Lei Bao growled, "His Highness, Fu Luosen, doesn't seem to be at perfection level for all thirteen elements..."

Lei Qinghai stared at him in shock.

Sucking in a cold breath, he whispered, "Could it be... The grand perfection level?!"

As there were differences between cultivators who reached perfection level in all thirteen elements, a new term was coined and the strongest among them was said to have reached the grand perfection level in all thirteen elements!

When they comprehended all that there was to the thirteen elements, entering the grand perfection level was a matter of time!

Only then could only be considered one of the strongest existences under the God of Creation Realm!

“That’s right...” Lei Bao nodded solemnly as he looked at Fu Luosen with a gaze full of fear.

An existence at his level had already reached an unbeatable level.

With Lei Qinghai’s ability, there was no way he would be able to observe Fu Luosen’s true strength. However, Lei Bao was different. He was much stronger than Lei Qinghai.

Lei Bao wasn’t the only one as the Extreme East Old Man and the others noticed Fu Luosen’s true strength.

Rejoicing in his heart, the Extreme East Old Man knew that he was saved!

Huang Xiaolong’s gaze turned serious when he looked at Fu Luosen.

“If you get to your knees now and admit your mistakes, I’ll spare your life!” Fu Luosen’s gaze was chilly. He glared at Huang Xiaolong as Huang Xiaolong’s strength was something even he was wary of. After all, he was the first of his kind in the universe!

Huang Xiaolong’s expression sank. “You only barely entered the grand perfection level! Spare my life? You’re not qualified to speak of the matter.”

Fu Luosen roared with laughter.

“I’m not qualified?!”

“I’ll show you my qualifications right now!”

As soon as he spoke, his figure blurred and he appeared in front of Huang Xiaolong. His speed was unmatched, and no one present saw how he moved.

Of course, Huang Xiaolong had long since prepared for battle. Raising his fists, he welcomed Fu Luosen’s assault.

Boom!

The two of them were sent flying in an instant, and both parties retreated after a single strike.

The Extreme East Old Man and the rest saw how Fu Luosen used his complete strength, and they were shocked by the power Huang Xiaolong displayed.

Even Fu Luosen couldn’t believe it.

“Seems like I’ve underestimated you.” Fu Luosen snorted, “However, that’s the last time I will do so.” As soon as he spoke, the rays of light surrounding him expanded once again. The world lost its color and Fu Luosen became the center of all power.

Everyone felt like an ant in front of Fu Luosen, and the skies around them seemed to expand infinitely.

When it reached its limit, everyone felt completely suppressed, and they were nothing more than grains of cosmic dust in the face of power!

“The power of a great world!” The Evil Wind Patriarch cried out in shock.

The power of a great world!

When someone reached the grand perfection level in all thirteen elements, the small world in them would experience a transformation and they would be able to wield the power of a great world! In other words, they could use grand cosmos energy!

It was the same type of energy wielded by Gods of Creation!

That was also why experts at the perfection stage were so scary!

According to the legends, God of Creation Realm experts were unable to kill experts who had reached perfection level in all thirteen elements. However, that only applied to experts who had reached the grand perfection level!

In order to kill experts at their level, it would take the God of Creation a little more effort due to their ability to wield grand cosmos energy!

Just a moment ago, Fu Luosen used his grand cosmos energy to push the power of thirteen elements he wielded to the next level!

With the power of grand cosmos energy at his disposal, Fu Luosen was able to suppress everyone present!

Indeed, everyone felt like little tiny specks of dust when standing before Fu Luosen, and it was also why he said that anyone who had failed to reach perfection level in thirteen elements were nothing but ants!

Raising his fists, he started to walk towards Huang Xiaolong. "I gave you a chance earlier. It's too bad you chose not to treasure it. Right now, you'll die even if you beg for mercy!" Killing intent was laced in his voice as it rang through the air.

Since he decided to kill Huang Xiaolong, he knew that he had to go all the way.

No matter how mysterious Huang Xiaolong's identity was, regardless if he had a God of Creation backing him up, Fu Luosen could no longer be bothered. After all, the Excessive Darkness Celestial Empire was behind him!

They would be able to take on any consequences if they killed him!

When he grabbed Huang Xiaolong's dao soul after he killed the brat, he might even be able to learn the secret of forming two small worlds!

With the power of two worlds, Fu Luosen knew that he wouldn't be afraid of God of Creation Realm experts even if he ran into them in the future!

Huang Xiaolong didn't move as he remained where he stood. It was as though he lost all ability to protect himself after Fu Luosen revealed his strength.

When Fu Luosen arrived in front of Huang Xiaolong, he sent a punch flying towards the man's chest.

As grand cosmos energy backed him up, the power of thirteen elements were pushed to the extreme.

However, Huang Xiaolong's right fist flew towards Fu Luosen's strike right before it could land on him.

When Fu Luosen saw Huang Xiaolong's 'desperate' attempt, he sneered loudly, "You're delusional if you think an ant like you can shake a tree..."
